Delegates at Washington Will Visit the Dominion

Fraternal Gatherings Held at Washington Since the Opening of the International Labor Conference—Cordial Relations Exist Between the Delegates From Different Parts of the Empire—Details of Canadian Trip Being Now Worked Out.

(Canadian Press Staff Correspondent.)

Washington, Nov. 21.—The gathering of British Empire delegates with Lord Grey on Monday and the subsequent visit which the delegates propose to make to Canada are the culmination of a series of fraternal gatherings in progress since the opening of the International Labor Conference.

Between delegates from different parts of the Empire there have been the most cordial relations. If the labor conference achieves no other purpose (and none expect the proposed conventions to be fruitless) it will have served as an excellent rallying ground for discussion of economic difficulties, of labor problems and policies throughout the Empire.

RELATIONSHIP BETWEEN GROUPS OF EMPIRE DELEGATES ARE SAID TO BE VERY CORDIAL

Among themselves the British Empire delegates are known as the league of British nations, but there has been no evidence of that solid block against the rest of the world which caused so much tribulation of soul among hesitant Senators in Washington. Relationships between all groups from all parts of the Empire represented are of the best. Yet each preserves its autonomy. Canadian labor, for instance, opposed the 48-hour week, proposed by Mr. Barnes, of the British war cabinet. Canadian employers were unable to agree with the employees proposals on the same subject as submitted by Mr. Majoribanks, British employers' delegate, and Canadian government representatives voted against government representatives from Great Britain, India and South Africa, in favor of making the minimum age of employment of children in India twelve instead of nine years.

A MAJORITY OF THE EMPIRE DELEGATES HOPE TO BE ABLE TO VISIT THE DOMINION OF CANADA

The details of the trip to Canada are now being worked out. Pressure of engagements in England will probably prevent Hon. G. N. Barnes, British government delegate, and Right Hon. C. W. Bowerman, of the British labor delegation, from accompanying the party. But the majority of Empire delegates are hoping to visit the Dominion. The difficulties of making shipping connections both on this side and later in England, on the part of the South African and Indian delegates, are, however, factors to be considered.

It is likely that some of the more prominent labor men from continental Europe will also visit Canada and address meetings. John Jouhaux, secretary of the French Federation of Labor and one of the orators of the conference, has arranged to speak in Montreal on December 10.

THE POPE APPEALS ON BEHALF OF VICTIMS OF THE GREAT WAR

Rome, Nov. 22.—The Pope has addressed an important encyclical to the Catholic episcopacy of the world on behalf of persecuted victims of the war. He says he hoped that once the frightful conflict was over conditions in countries so cruelly treated, especially in central Europe, would improve.

"But hope in a great measure has been disappointed," the encyclical says. "From everywhere we hear the pitiful echo of indescribable sufferings through lack of food and clothing. Those who suffer most are weak and poor children, who do not know about the bloody struggle. They represent the future generation, which will suffer terrible consequences." The Pope declares he was comforted on hearing of the birth of a noble initiative to succor these children.

SCANDINAVIAN AT MONTREAL

Montreal, Q., Nov. 22.—Travelling up the river at full speed, the C. P. O. S. Liner Scandinavian arrived in port last night with a full complement of passengers, bound for various parts of Canada, and many for oriental and other pacific ports.

"I have been on this route for the past 22 years," said Capt. Griffiths, "and the thing that struck me most as we came up the Gulf and River for our last trip of the season, was the difference between present conditions and those prevailing when I started on this service. When we got into port the arrangements were as perfect as any commanding officer could desire. Whoever may be responsible for it, the port of Montreal today is about as fine a harbor as exists in the world and its accommodations for ships coming in are wonderfully good."

THE G. W. V. A. MAY TAKE PART IN POLITICS

Winnipeg, Man., Nov. 21.—It was announced today by officials of the G. W. V. A. that while members of the association in Winnipeg favor amending the constitution so as to permit of political organization a referendum on the question would be necessary before such a step could be taken.

Copies of the resolution adopted at Thursday night's mass meeting will be forwarded for consideration to all the branches of the G. W. V. A. in Manitoba. The nature of the report and the recommendations to the Dominion Committee will depend on the general sentiment expressed by the various branches. In the event of the mandate being unanimous, it is possible that a Dominion convention will be called.

WILL STRIKE AT MINTO ON MONDAY NIGHT

The coal miners at Minto had a largely attended meeting at that place last night at which the question of striking in accordance with the strike order issued by the U. M. W. of District No. 26 which comprises the Maritime Provinces. The decision of the meeting as announced to Mr. John Henderson manager of the Minto Coal Company was that unless the company meets the demands of the miners the strike will go into effect on the night of Monday the 24th inst.

Would Make No Comment
 Mr. Henderson over the telephone this morning stated that he would make no comment upon the intentions of the company with regard to the demands of the miners. It is believed however that the company will not give the employees what they ask.

Demands of Miners
 The demands of the miners as placed before the Board of Conciliation which considered them a short time ago are as follows: an eight hour day, recognition of the union, erection of scales at the tipples, ten per cent increase in wages.

William Hayes acted as representative of the miners in announcing the decision of the meeting to Manager Henderson.

STARTED ON LONG FLIGHT

London, Nov. 21.—The airplane "Kangaroo" under command of Captain G. H. Wilkins, and carrying a crew of four, left the Hounslow Airdrome this morning on the first leg of a journey to Australia.

Victory Loan Banquet
 About forty canvassers and others who had taken part in the Victory Loan Campaign were present at the farewell banquet which was given at the Queen Hotel at noon today. After the banquet "smokes" were passed around. The gathering then adjourned to the City Hall where a photograph of the assemblage was taken by C. E. McLean. The presentation of Honor Flags then took place in the Council chamber. The G. W. V. A. band was in attendance.

GERMAN BARK IN DISTRESS IN THE ATLANTIC SOUTH OF HALIFAX

Has Sent Out a Call for Assistance, But None Seems to be Available—Halifax Shipping Men Not Much Interested—Has Had an Unlucky Voyage.

Halifax, Nov. 22.—The German four-masted barque Paul is in distress 350 miles southeast of Halifax and is asking for a tow, from Halifax, but this, it was understood this morning, could not be supplied and a wireless message telling of her condition has been sent broadcast in the hope that some steamship will be able to render her assistance. It is realized at the same time that this will be difficult because of the fact that the barque is unequipped with wireless and is therefore unable to advise as to her position. The steamer Winnifredian fell in with the Paul and stood by for a time, but was unable to give her a tow, and has proceeded on her voyage. The following wireless message reached the Marine and Fisheries Department here this morning from the Winnifredian:

Sails and Boats Gone.

"Latitude 43.01 north, longitude 55.13 west. Winnifredian stood by four-masted bark Paul, of Hamburg, showing German colors; lost fore, main and mizzen-gallant masts; all sails and boats gone. Did not wish to abandon and asked for tow. Winnifredian could not tow and Paul asked that tug be sent from Halifax. Winnifredian proceeded on voyage. Bark appears to be in ballast. Standing to westward on tack."

C. H. Harvey, agent of the Marine and Fisheries Department here, stated this morning that he had endeavored to interest Halifax shipping men in the plight of the Paul, but there was apparently nothing available here for the purpose of bringing her to Halifax.

FLAVELLE DENIES RUMOR

Toronto, Nov. 21.—Sir Joseph Flavelle tonight gave an emphatic denial of the story published in a Toronto newspaper today to the effect that he had disposed of his interest in the William Davies Company to a Cleveland packing concern. The paper publishing the report, he said, was in error.

HOCKEY ON THE PACIFIC COAST

Vancouver, Nov. 22.—The champion hockey team of the Pacific Coast Hockey Association and the National Hockey League may meet on the coast next twinter to play for the world's series.

Pacific Coast representatives at their annual meeting today decided that in view of the uncompleted termination of the Seattle-Canadian series last March, the 1920 series should be played off on the rink of the coast club which carries off the season's local honors.

Mr. G. W. Upham of Woodstock is in the city today.

THE PRINCE OF WALES IS WARMLY GREETED AT PILGRIM'S DINNER

Guests in Attendance Numbered One Thousand—Chauncey Depew as Toastmaster—The Prince in Clever Speech Refers to the Friendly Relations Which Exist Between Canada and the United States.

New York, Nov. 21.—The Prince of Wales attended the Pilgrim's dinner, wearing the uniform of captain in the navy. More than one thousand guests were present. His appearance occasioned tumultuous applause. After the excitement had subsided, Right Rev. Charles Sumner Burch, Protestant Episcopal Bishop of New York, said grace. Chauncey M. Depew, President of the Pilgrim's Society, was toastmaster.

Replying to the toast, the Prince referred to the part played by the Americans in the great war.

THREE THOUSAND MILES OF FRONTIER WITH NO PHYSICAL BARRIER OR MILITARY DEFENCES

"There is one other thing to which I should like to refer tonight," he continued, "not only because it has impressed me with new force during my travels on this continent, but also because it is an actual and visible example of the objects and aims which the Pilgrim Society was formed to promote. I do not think anywhere else in the world except on the North American continent, will you find a frontier between two nations three thousand miles long with no extensive physical barriers, no military defences, no other division lines than a boundary determined by mutual confidence and good will. As a Britisher and as a Canadian, I take a high pride in that boundary, the international frontier between Canada and the United States."

for it seems to me to illustrate in a very striking and practical way the objects for which Americans and Britishers fought in the great war. Just think of it. The idea which appears so difficult of attainment elsewhere has been an actual and positive reality in North America for over a hundred years.

AMERICANS AND BRITISH HAVE THE SAME POLITICAL FAITH AND PRACTICAL IDEAS

I have asked myself how that idea had been attained here so much in advance of international conditions in other parts of the world, and I think the answer is quite clear. It has been attained because you, on your side of the international border and we British, on our side, have under somewhat different forms, the same political faith, the same human aims, the same practical ideas.

"These two self-governing peoples, living side by side, each confident in the goodwill of the other, have given this splendid example to the world."

The Prince was presented with a silver loving cup containing a bouquet of roses. It bore a suitable inscription attesting to the fact he had been elected an honorary member of the Pilgrims of the United States.
