MINERS AND OPERATORS MAY REACH AGREEMENT

Demand for Thirty-four Hour Week and Sixty per cent Increase in Wages Has Been Abandoned by the Men—Secretary Wilson Trying Hard to Bring the Parties Together—An Embargo Placed on Anthracite Coal.

Washington, D. C., Nov. 21—An embargo effective today on export of anthracite coal except to Canada was announced tonight by the United States Fuel Administration.

Abandon Stand

Washington, D. C., Nov. 21—Bituminous coal miners today abandoned their demands for a thirty-hour week and sixty per cent increase in wages. In a counter proposal to the operators in conference here they said they would accept a forty per cent wage increase and a seven hour day.

The proposal evoked a spirited debate in the wage scale committees and it was said a decision probably would not be made at least until tomorrow. The operators have not indicated any willingness to amend their offer of fifteen cents a ton and twenty percent increase for day wage labor with the working hours as at present. Secretary of Labor Wilson stepped to the front again in an effort to bring miners and operators together after a proposal by each side had been rejected and the slate was wiped clean.

Mr. Wilson is said to have formally presented a definite proposal for settlement of wage disputes which would send bituminous coal miners back to work before the country was in the throes of a coal famine, but its nature was not disclosed. It was generally believed he suggested a wage increase of about thirty-one per cent. Both sides united in asking him to join the joint sub-scale committee and after the miners had definitely rejected a twenty per cent wage increase, and the operators had finally refused to agree to a counter proposal from the workers for a forty per cent increase a seven hour day a six day week with half holiday on Saturday.

Slate Clean

When the conference adjourned after a six hour session, Thomas T. Brewster, chairman of the operators, declared that their offer had been withdrawn and that the slate was now cleaned.

Secretary Wilson said that progress had been made and that he would meet the sub-committee again tomorrow afternoon.

Comparative debate on increases in the cost of living and wage advances to miners since 1914 was submitted by Mr. Wilson, who declined to make public his proposition. It was said he proposed an increase of approximately thirty-one per cent the difference between the cost of living and wage increase figures announced by the secretary at the opening of the conference last week.

An ultimatum served by the operators that their offer represented the maximum was reaffirmed tonight by Mr. Brewster who declared it could not be increased unless "the government says we should do it."

Suggests Seizing Mines

Indianapolis, Ind., Nov. 21—Any attempt on the part of the governors of states affected by the strike of bituminous coal miners to seize the mines might complicate the negotiations now under way between the miners and operators at Washington and for that reason Governor Goodrich of Indiana does not favor such a move at this time.

The Indiana executive made this reply to a telegram from Governor Harding of Iowa, who suggested that the governors of coal producing states unite to seize the mines, Governor Goodrich suggested that it would be better to await the outcome of the conference in Washington before taking any drastic steps.

Y. P. S. Held Pageant

The Young Peoples' Society of the George Street Baptist Church had a very interesting service last evening. The King's Reserves provided the program the subject being "Canada for Christ." Miss Lilly Machum in costume represented Canada as a Queen. She was ably supported by Misses Annie Vail, Minnie Gould and Nina Gregg. Miss Louise Kinghorn was leader of the meeting and took charge giving a fine address. Charles Boore, Max Hunter and Austin Jonah answered questions concerning Canada after which a fine pageant was presented by Messrs Swan, A. Jones, J. Dunlap, A. McQuarrie, R. Stevens. A large audience enjoyed the splendid pageant.

GREAT INTEREST TODAY IN YALE VS. HARVARD GAME AT CAMBRIDGE

Cambridge, Mass., Nov. 22.—Approximately 50,000 football-mad spectators streamed out to the Harvard Stadium today to witness Harvard and Yale in their first contest since 1916. Both teams were reported fit by trainers and coaches. Although experts declared that analysis of previous efforts could show no reason for giving Harvard odds, the Crimson entered the game as the favorite. The results against Princeton showed Harvard the stronger, but Yale's admirers believed the Blue was due for a big come-back. Squad statistics showed the Harvard men taller than their opponents, but one pound lighter in the average weight. Weather conditions appeared to favor the spectators, as the day opened fair and mild.
