### VOTING TAKES PLACE TODAY AT MONTREAL ON PROPOSED RAILWAY SHOPMEN'S STRIKE

Montreal, June 19.—Whether to await the United States award, or to strike in order to hasten negotiations with the Canadian Railway War Board, is a question of which the railway shopmen, whose strike, called for yesterday was postponed, will start voting today. This action was decided on at a meeting of the railway trades federation held on Tuesday night.

This action will mean that the responsibility for a strike, if one is declared, will rest upon the rank and file of the shopmen rather than upon the committee which has been representing them before the War Board. The crafts started voting this morning and the vote will probably not be complete for four or five days.

A copy of this resolution was wired to the Prince Albert Trades Council and the Secretary of that body replied: "Men here vote solidly to stand behind strike leaders and also endorse resolution."

## BOTH SIDES CLAIM VICTORY IN TELEGRAPHERS' STRIKE

**Companies say They are Handling all the Business Offering—  
Strikers Anxiously Awaiting Decision From Atlantic City—  
Operators in Brokerage Offices Urged to Go Out.**

Chicago, June 19.—With the ninth day of the Telegraphers' strike at hand, both sides today were claiming that "victory was in sight". It was hoped by officials of the Union that a decision would be reached today by the American Federation of Labor in season at Atlantic City, N. J., as to whether aid should be extended to the striking key men.

President Konenkamp, of the Commercial Telegraphers' Union of America, stated he was expecting word from Atlantic City, and he said it was possible that Samuel Gompers, President of the American Federation of Labor, would ask President Wilson to intercede in favor of the strikers.

Mr. Konenkamp also said that 1500 telegraphers of the Brokers' Branch of the union had been urged to hasten their referendum vote on the question of striking in sympathy with the commercial telegraphers.

Chiefs in the Chicago offices of the Western Union and Postal Companies stated that they were handling all business that came to them without inconvenience.

## Prepared for Action If the Huns Refuse to Sign Treaty

## BOLSHEVIST MONEY CAME FROM CHICAGO

**Sent to Winnipeg for Several Months—United States Authorities Active in the Matter.**

Chicago, June 19.—Bolshevism under the management of the "Committee of Five" is financially prosperous in Chicago. It was asserted yesterday in connection with the arrest at Winnipeg of R. B. Russell, that the Chicago Radicals, finding themselves with more money than they needed for local propaganda, sent \$25,000 through Russell and other sources to establish society rule in the Dominion.

Philip J. Barry, superintendent of investigation for the Department of Justice, verified the information, stating that the committee of radicals in charge had been sending money to Canada for several months. The funds were raised at meetings here for the purpose of converting Canada to Bolshevism.

"I am not at liberty to name the contributors or the amounts," said Mr. Barry, "but my agents are working on the case and have detailed information."

Mr. Barry indicated that although collecting funds to be used abroad for Bolshevism might not constitute a federal violation, criminal activities would be unearthed.

## CHAMPION ROBBER IS DISCOVERED

New York, June 19.—Two train robberies and thirteen bank holdups were the criminal record admitted today by Gordon Wyatt Hamby, alias J. B. Alfan, awaiting trial here for the murder of two men when he robbed the Brooklyn Savings bank. Seated in his cell, he told the remarkable story of his crimes in an impersonal and dispassionate tone, closing with a declaration that he had no further interest in life except to be executed as speedily as possible.

According to Hamby, he was born in Alberta, Canada, twenty-six years ago. He said he found holding up banks an easy way of making a living, and operated mainly through the central portion of the United States.

"I am wanted in Chicago, San Francisco and several other places," he said, "but the only time I was compelled to shoot during a bank job was here in Brooklyn."

Hamby complained about the necessity of going through a trial. He professed admiration for the methods of the Mexicans, "where they just put you up against a wall and shoot you. I don't want a trial. I know I am guilty and that is all there is to it."

#### TO DOCK FRIDAY.

Halifax, June 19.—Wireless advices from the Aquitania state she will dock at seven o'clock tomorrow morning.

**Britain Has Made Naval Preparations—Airships on Test Cruises But Can be Used if Necessary—Berlin People Say "Sign"—Quiet at Weimar, the Seat of German Government.**

London, June 19.—Morning newspapers feature British naval and other preparations in the event of Germany refusing to sign the treaty of peace and print under big headlines several unofficial reports which were current during the night.

The Grand fleet has again been placed on a war footing it is reported, and ready to sail for German waters at a moment's notice. It is also stated that the dirigible R—34 has been diverted from her transatlantic trip, equipped with bombs and machine guns and has been sent or is going to the Baltic, while her companion aircraft, the R—33, similarly equipped, left Wednesday night for trip which will include the Kiel canal. A Telegram from Copenhagen reports the arrival there of a dozen British Cruisers and several destroyers prepared to enforce the blockade.

According to some reports the R—34, which is now over the Baltic, is neither armed nor loaded with bombs, but is undergoing a final trial preparatory to her Atlantic voyage. The Daily Sketch says the R—34 was over Berlin at four o'clock Wednesday afternoon.

#### ONE REPORT SAYS IT IS ONLY TEST FLIGHT

#### BUT CHANGE CAN BE MADE IF IT IS NECESSARY

Should Germany refuse to sign, according to one officer, the flight of the R—34 will be eastward instead of westward.

The airships which are now engaged in a demonstrative flight over Germany will return to their bases tonight and remain there until the German decision is announced.

"Bombs and machine guns were unnecessary in the present flight", said the officer. "Should they have to go eastward again however, these things may be needed."

#### "SIGN THE TREATY AND BE THROUGH WITH THE

#### AGONY" IS THE CRY OF THE BERLIN PEOPLE

Berlin, June 18—"Sign the treaty and be through with the agony", is the gist of the comment of the people of Berlin today.

After the wrath provoked by the indictment contained in the covering note of the Allied answer, the residents of Berlin seemed to have resigned themselves to the inevitable.

"Rather the end with terror than terror without end" was the way one small merchant put it today.

#### SITUATION AT WEIMAR WAS CALM THIS MORNING

#### BUT AT PUBLIC BUILDINGS GUARDS INCREASED

Weimar, June 18.—The special train bringing Count Von Brockdorff-Rantzau and his colleagues from Versailles reached Weimar and was run into a siding shortly after midnight. Government troops which were arriving to strengthen the city's protection, were marching through the dark streets to their quarters when the train rolled in.

The silence was broken by the chatter of machine guns. The origin of the firing was not known until it was known that Spartacan and Communist prisoners had attacked the castle where members of the government are quartered.

The casualties in the fighting were five Spartacans and one government guard, while twenty-eight Spartacans were captured. The men who attacked the castle had hidden a number of loaded rifles in the bushes surrounding it.

The situation was calm this morning, but at all the public buildings the guards were increased. The officials refused to give any information as to the attack.

## THE MENACE OF BOMB OUTRAGES STILL EXISTS IN UNITED STATES

Washington, June 18.—The menace of bomb outrages still hangs over the country, in the opinion of officials of the Department of Justice. William J. Flynn, chief of the department's bureau of investigation, said today that he believed there were "more bombs to come" but said it was impossible to say when the next attempt to create a reign of terror by explosions might be made. Supplementing Mr. Flynn's statement, the department tonight made public testimony of Attorney General Palmer before the House appropriation committee asking for a special fund of \$5,000,000 to carry on the hunt for radicals. The Attorney General told the committee, as the testimony revealed that government officials had been advised of a day set for another attempt by radicals "to destroy the government at one fell swoop."

Mr. Flynn said he knew of no plot planned for Independence Day and emphasized that every precaution was being taken by police throughout the United States. He expressed the belief that eventually those involved in the outrages would be brought to justice.

"We know the source from which the bomb operators have come," Mr. Flynn said. "The agitation is purely domestic and has no foreign connection although there may be some foreigners active in it. It will take some time to clean up the cases, but we are making progress".
