and PLOW SHOES

The Ideal Work Boot for the farmer and the man who works out of doors.

COMFORTABLE, WATERPROOF, DURABLE  
Get a pair from your local dealer.

Be sure they are stamped  
Moose Head Brand  
Manufactured by the

JOHN PALMER COMPANY LIMITED

Fredericton, N. B., Canada.

## Furs! Furs! Furs!

## Ship to us direct

The top market price paid and equitable grading made.

No delays at any point.

We are registered with and recognized by the United States War Trade Board and all of the Collectors of Customs, under license P. B. F. 30, and you can send your furs to us direct by our tag or any tag, changed to suit, if marked "Furs of Canadian Origin" and your furs will come right through.

## FAIR GRADING

The rules and ethics of the exchange do not permit of sending out alluring price-lists, yet we give you an exact and expert grading and pay you at a rate of five to twenty-five cents more on the dollar than the average advertising fur company, as we cut out all middleman's profit in dealing direct with you.

## ST. LOUIS FUR EXCHANGE

7th and Chestnut, St. Louis, Mo., U. S. A.

## Notice of Legislation

Notice is hereby given that application will be made at the next Session of the Legislature of the Province of New Brunswick, for the passing of an Act to enable the Town of Devon to fix the valuation for assessment purposes of any Company that may establish any manufacturing industry in the Town of Devon.

Dated February 24th, 1919.  
(L.S.) (Sd.) GILBERT HENRY,  
Mayor.  
Sd. WM. JAFFREY,  
Town Clerk.

## FARM FOR SALE

The desirable farm property at Lower Caverhill, Parish of Queensbury, York County, owned and occupied by Henry Hallett, is now offered for sale. The farm consists of 150 acres, 125 of which are cleared and the balance is in woodland. The buildings include a nice dwelling house, three good barns and outbuildings. The farm is well watered and in a good state of cultivation. For further particulars apply to  
JOSIAH HALLETT,  
Millville, York Co., N. B.

THE WINTER TERM  
OF THE  
FREDERICTON  
BUSINESS COLLEGE

Open on MONDAY, January 13, 1919.  
Descriptive literature of our courses of study will be sent to any address on request.  
Address FREDERICTON BUSINESS COLLEGE, Fredericton, N. B.  
The only School in N. B. affiliated with the Business Educators' Association of Canada.

COUGHED. COUGHED  
ALL NIGHT LONG

Terribly wearing on the system is the cough that comes at night and prevents sleep. Sometimes it is a constant cough, cough that will not be quieted. Sometimes it is a choked-up, stuffed-up feeling that makes breathing difficult, and sleep impossible.

Whatever kind of a cold or cough you have, Dr. Wood's Norway Pine Syrup is the remedy you need to cure it, for the simple reason that this valuable preparation combines all the lung healing virtues of the Norway pine tree with which is combined wild cherry bark, and the soothing, healing and expectorant properties of other excellent herbs and barks.

Miss Margaret Landy, Bristol, P. E. I., writes:—"I am writing to tell you the benefit I have received from Dr. Wood's Norway Pine Syrup. Last fall I took a severe cough and cold in my head. I was unable to do anything. At night I could not sleep, but cough, cough, all night long. A friend advised me to use Dr. Wood's Norway Pine Syrup, and before the second bottle was used, I was entirely cured, and I have found this best cough medicine I can buy."

Do not accept any other "pine" preparations when you ask for "Dr. Wood's". This remedy has been on the market for a quarter of a century. It is put up in a yellow wrapper; three pine trees the trade mark; price 25c. and 50c. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

SOME POINTERS  
FOR THOSE WHO  
RAISE PULTRY

The following are pointers taken from the report of the egg laying contest at Mountain Grove Missouri:

Poultry do their part oftener than the poultryman.

Hens know the attendant as well as the attendant knows the hens.

Early moulters often prove to be lazy loafers.

Nature stimulates in the spring.

Man should help in the fall.

Ninety eggs pay cost. The 150-egg hen is worth six 100-egg hens.

Males in pen reduce the total egg yield for the year.

Too much sunshine is just as bad as not enough.

The trapnass makes accurate pedigree records possible.

A sweet soil is just as necessary for poultry as for corn.

Medium weight hens of any variety are usually most profitable.

Early maturing pullets usually make good egg producers.

Reduction of yellow in shanks indicates egg production.

Color has little or no influence on egg production.

Incubation depends on the egg, incubator, building and operator.

The baby chicks is supplied with 26 hours food when hatched.

Water is worth just as much as feed in egg production.

The price of feed does not tell its value in making eggs.

A large red comb indicates health and egg production.

Birds neither eat nor drink at night. Feed in daylight.

Feed, water and shade will keep hens in a yard.

Never sell poultry or eggs you would not use at home.

The broody hen works 24 hours per day. So do the others.

High producing hens are often wedge shape with point in front.

A hen's temperature is 106½; man's 98 3-5. Don't house them alike.

Hens go broody oftener in dark secluded nests filled with eggs.

The biggest part of the poultry business is in the egg.

Never give hens medicine unless they need it.

Guessing the disease and guessing the remedy bring uncertain results.

The loss from lice and mites is more than their weight in gold.

Half blue ointment and half lard or tallow makes a good louse killer.

## TIME FOR BAKING.

Beans—8 to 10 hours.

Beef—Sirloin, rare, per lb., 8 to 10 minutes; well done, per lb., 12 to 15 minutes; rolled rib or rump, per lb., 12 to 15 minutes; long or short fillet, 20 to 30 minutes.

Bread—Medium loaf, 40 to 60 min.

Cake—Plain, 20 to 40 minutes.

Biscuit—10 to 20 minutes.

Sponge Cake—45 to 60 minutes.

Chickens—3 to 4 lbs weight, 1 to 1½ and a half hours.

Cookies—10 to 15 minutes.

Custards—15 to 20 minutes.

Duck (tame)—40 to 60 minutes.

Fish—6 to 8 lbs., 1 hour.

Gingerbread—20 to 30 minutes.

Graham Gems—30 minutes.

Lamb—Well doe, per lb., 15 min.

Mutton—Rare, per lb., 10 minutes; well done, per lb., 15 minutes.

Pie crust—30 to 40 minutes.

Pork—Well done, per lb., 30 min.

Potatoes—30 to 45 minutes.

Pudding—Bread, rice and tapioca,

BILL TO AID IN SETTLEMENT  
OF SOLDIERS ON LAND

The Measure Provoked an Interesting Discussion in House—

Opposition Were Unable to Pick Any Flaws in the Measure

—Small Farms to be Provided for Disabled Soldiers—The Government to Spend \$50,000.

The bill to provide for the settlement of soldiers on the land was further considered on Thursday afternoon. Following is the synopsis report of the proceedings:

MR. BAXTER said that he was in accord with the principle laid down. He thought that truck farming in New Brunswick was capable of great development, and would assist materially in building up the province.

MR. CROCKET asked if the provisions of the Bill would apply to soldiers from outside of New Brunswick. HON. MR. TWEEDDALE said that the legislation would apply to all British subjects. That was the rule adopted by all the provinces.

Section 2 of the Bill and the two following sections were agreed to.

MR. TILLEY on Section 5 wanted some information with respect to the lien to be taken by the government.

HON. MR. TWEEDDALE said that in case of failure after a term of years if the Soldiers' Settlement Board should decide to dispose of the land, the lien would become effective.

MR. BAXTER said that the hon. Minister had not answered the question asked by the hon. member for St. John.

HON. MR. TWEEDDALE said that he would not attempt to answer a question to the satisfaction of the Ex-Army General. He thought that hon. member had been discourteous to him in some remarks which he had made previously.

MR. BAXTER said that he had not received the information he had asked of the hon. minister. If hon. members on his side were to be punished by a ramble of words every time they asked a question it would be better for them to let the bill go through and do without the information.

MR. YOUNG wanted to know if the soldier made a success of his farm, if the lien would be removed. He was anxious to know just how matters would stand.

HON. MR. TWEEDDALE said that the soldier made the terms with the Soldiers' Settlement Board, and when those terms were satisfied the lien would come off.

HON. MR. VENIOT pointed out that the Dominion Government would advance money to the soldiers to be repaid in twenty years. The soldier could not get rid of his lien until he had paid the loan.

MR. TILLEY wanted to know when the plans of the land it was proposed to set aside for soldiers would be placed on file with the Settlement Board. He said a number of soldiers had already returned, and would soon be making their applications.

HON. MR. TWEEDDALE said it was rather difficult just now with snow on the ground to make a selection of land, but just as soon as possible the Forestry Department would make the selection. He said that he

had submitted the bill to the soldiers Settlement Board, and also to the authorities at Ottawa, and they had approved of it. He considered it superior to the legislation enacted in other provinces.

MR. MCGRATH asked why the Board should be located in St. John.

HON. MR. FOSTER replied that he had suggested Fredericton as near the Crown Land office and the District Discharge Depot but St. John had been selected because it was thought to be more easily available for a large number of soldiers.

MR. BURCHILL said that if a change to Fredericton should be suggested a delegation from St. John would at once go to Ottawa.

MR. SMITH (Carleton) said the prospect of granting lands for agricultural purposes in New Brunswick was not very alluring. The Blue Bell tract already was almost all taken up.

HON. MR. TWEEDDALE "There is still good land there. The Anderson Road is all vacant."

MR. SMITH (Carleton) said he doubted if there was any land available for truck farming near a city that could be bought for \$25 an acre. The hands of the commission were tied unless a change should be made.

HON. MR. FOSTER said the arrangement would work out all right. The sum of \$25 per acre could be paid toward the purchase of a farm near a city.

MR. SMITH (Carleton) "Someone must put up the difference."

HON. MR. TWEEDDALE "The Soldiers' Settlement Board is authorized to make the expenditure."

MR. ROBICHAUD suggested that all farms in the hands of the Farm Settlement Board be made available for soldiers.

HON. MR. TWEEDDALE said they were now available.

MR. SWEENEY asked how this bill would effect timber lands.

HON. MR. TWEEDDALE said that in that connection another concession to returned soldiers had been made. As soon as an application for land already under timber license is approved of, the timber lease will expire. The matter of cutting the timber on the lot will rest absolutely between the soldier-settler and the Soldiers' Settlement Board. To the hon. member for Kent, (Dysart) the Minister said that a soldier could go on a timber lease only when the land was classified as agricultural and the application approved.

MR. BURCHILL said the forest must be carefully guarded. Under the Labor Act much land unsuited for farming had been taken up. He knew of one tract of fine black spruce much

LOOK AT A CHILD'S  
TONGUE WHEN CROSS,  
FEVERISH AND SICK

Take no chances! Move poisons from liver and bowels at once.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

of which had already been granted. One Crown Land official had condemned that land as unsuited for agriculture and another had declared it well suited. Besides the disadvantage of destroying a fine timber growth there was the danger of fire in clearing operations. Many farms had been taken up in timber areas merely for the pulp wood on them and much care should be exercised. This act was altogether too wide.

HON. MR. TWEEDDALE said no man knew anything about farming land would select a black spruce area as it was nothing but gravel and a man would starve on it.

MR. BURCHILL "Departmental officials classed it as agricultural."

MR. YOUNG "I am afraid agricultural land was not what was wanted in that case."

HON. MR. TWEEDDALE said the concession given to the soldier regarding timber was not very great.

MR. DICKSON said he did not wish to throw cold water on the bill for he took his hat off to the soldier, but the present generation would not go into the forest and hew out a home. Improved land should be given otherwise it was only a waste of time.

HON. MR. TWEEDDALE "The soldiers asked for land of this kind. I know of a returned soldier who went to the Crown Land office under existing regulations and applied for land. No soldier is compelled to go on forest land."

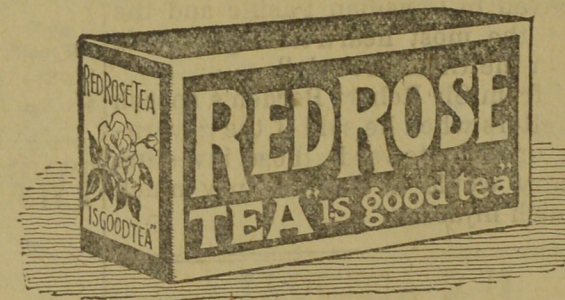

MR. SMITH (Carleton) said there was grave danger of valuable portions of Crown Lands being taken up under this act. It should not be possible to have timber land mangled and devastated.

HON. MR. TWEEDDALE "The Blue Bell tract is pretty well mangled now."

MR. SMITH "But this says any Crown Lands."

MR. TILLEY said that under this

(Continued on Page Six)

HERE'S a welcome to the returned soldier and his bride. May their wedded life be a long and happy one.

If she is a "British Bride" she will be very fond of tea—and good tea, at that.

She will first be attracted to Red Rose Tea by the name which will remind her of the "Red Rose" of "Old England".

And when she tries it she will again be reminded of the "Homeland", for she will find Red Rose Tea the same kind of Tea that she has used at home—a rich, full-flavored blend, consisting chiefly of ASSAM teas grown in British-owned plantations in northern India.

Red Rose Tea is sold always in sealed packages.

RED ROSE  
TEA "is good tea"

Red Rose Coffee is as generously good as Red Rose Tea
