MONDAY, JUNE 30, 1919

THE DAWN OF PEACE.

The state of war which has existed between Great Britain and her allies on the one side and the German Empire on the other, for nearly five years, was brought to a close on Saturday afternoon with the signing of the peace treaty at Versailles.

Separate treaties with the other enemy belligerents, Austria-Hungary, Turkey and Bulgaria, have been drawn up and the indications are that all will be duly signed in the course of a few weeks. The blockade against Germany maintained by the Allies since the beginning of the war will not be raised until the peace treaty is ratified by that country. This fact was made clear on Saturday when the Council of Four adopted the following resolution and presented the same to the German delegates:

"The superior blockade council is instructed to base its arrangements for rescinding restrictions upon trade with Germany on the assumption that the Allied and associated powers will not wait to raise the blockade until the completion of ratification, as provided for at the end of the treaty with Germany, but that it is to be raised immediately upon receipt of information that the treaty of peace has been ratified by Germany."

Under the terms of the treaty, William Hohenzollern, the ex-Kaiser, cannot very well escape from his many crimes against humanity. He is now a fugitive in Holland, but that country will likely be called upon to hand him over to an international tribunal for trial. This fiend in human form will probably be exiled to some remote corner of the earth, where it will be impossible for him to do further harm.

The great war brought about by the ex-Kaiser's lust for power and world domination was the most disastrous in the history of the human race. No less than eight million lives were sacrificed and it is estimated that nearly three times that number were wounded and maimed. The estimated cost of the war was from one hundred and fifty to two hundred billions of dollars. Practically the whole of Belgium and northern France were devastated by the Huns and it will take years to restore those countries to the condition in which they were before the war. Practically all of the belligerent nations, with the exception of Great Britain and the United States, have been rendered bankrupt by the great struggle.

The German Empire emerges from the war entirely discredited by all civilized nations. The Huns carried on a treacherous campaign all the way through and the blackest crimes in the history of the world have been brought home to them. Under the terms of the peace treaty which Germany has been forced to sign, she has been stripped of her prestige as a military power; the claws of the beast have been drawn, and will never again be able to fill the world with terror. The nations which won the great war can be counted upon to see to it that the terms of the treaty of peace are rigidly adhered to. The free nations

SPECKS FLOATING BEFORE HIS EYES

When specks start to float before the eyes, when everything turns black for a few seconds and you feel as if you were going to faint, you may rest assured that your liver is not working properly.

The essential thing to do in all cases where the liver is slow, lazy or torpid, is to stir it up by the use of a medicine that will clear away all the waste and poisonous matter from the system, and prevent as well as cure all the troubles arising from this accumulated mass which has collected in the system.

Keep the bowels open by using Milburn's Laxa-Liver Pills and you will have no liver trouble of any kind. They will clear away all the waste and effete matter which has collected and make the liver active and working properly.

Mr. John R. Morrison, Grand River Falls, N.S., writes:—"Several months ago I was troubled with a sour stomach, and had specks floating before my eyes. I took five vials of Milburn's Laxa-Liver Pills which cured and cleaned my blood before any length of time. I told my friends about it and they got some, and they, too, find themselves different since they took them. I recommend your pills very highly."

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers, or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

of the world must make sure that the millions of young men who sacrificed their lives that the world should be made safe for democracy, shall not have died in vain

The convention of the Liberals of York-Sunbury held here on Saturday afternoon to elect delegates to the National Convention was well attended, and the proceedings were characterized by harmony and good feeling. Three delegates were selected to represent the united counties at the National Convention, and it will be generally conceded that in Messrs. R. B. Smith, M. P. P., Peter J. Hughes and C. N. Goodspeed an excellent choice was made. Mr. N. W. Brown, who contested the county in the Liberal interests at the late election, is a delegate ex-officio.

The "whiskey runners" bringing contraband intoxicants into the District of Columbia are constantly inventing new schemes, the latest being disclosed by the arrest of a negro who was carrying a large clothes basket in which were stored four quarts of gin and two quarts of whiskey, the whole camouflaged with a big bundle of laurel, so that it looked as if the man was bringing in the laurel for the florists.

President Wilson sailed from Brest on Sunday on his return voyage to the United States. The steamer George Washington, carrying the Presidential party, steamed from the harbor at 2.20 o'clock in the afternoon. A despatch from Brest says: "The departure of the President from the soil of France caused scarcely a ripple on the life of this port."

Under the bill to amend the Judges Act, now before Parliament, the salary of the Chief Justice of New Brunswick is to be increased to \$8,000; Superior Court Judges are to receive \$7,000, and County Court Judges \$4,000.

THROUGH OUR SIEVE

They signed.

No scrap of paper this time—a bound book.

It's time for kultur to go to work and clean up the mess it made.

Some men are more afraid of being reformed than of being shot.

And yet there is not much danger of either happening.

Rain falls alike on the just and unjust. But our neighbors grow radishes while we grow tops.

Not many golden weddings are celebrated by people who took up matrimony as an escapade in their young lives.

Time flies and the world moves forward; but there is no change in the squeak of porch swings.

"If we had nothing else to make us happy," remarked the Man on the Car, "we could still rejoice that warts do not grow on the human nose."

Up to the time he reaches the voting age a young man is pretty well satisfied with the government. Then he begins to exercise his kicking privilege.

Praying for the sweet simple things of life and the spirit of humility that goes with them will bring more happiness than the kind of prayers that ask for ten-story office buildings and limousines.

RACING CHIEF DOMINION DAY ATTRACTION

Many Visitors Expected—Fine Cards for Tuesday and Wednesday—Fishing Parties Active.

Dominion Day will be celebrated in Fredericton tomorrow chiefly by the horse racing which will take place at the trotting park. A large attendance of spectators from outside Fredericton is expected as the fields in the various events are the best which have raced in Fredericton in some years. Wednesday's card also is attractive, the free-for-all with its fast entries being expected to be one of the greatest races ever seen in this section of the country. The first day's racing is being run today.

Other attractions are not numerous but it is expected that many will take the opportunity to spend a day in the woods whipping the trout streams. The water is low now and trout-fishing is reported to be at its best.

On Fishing Trip. Mr. E. Pepperell Wheeler, of New York, arrived today on his way to the Miramichi woods, where he will spend several months. Mr. Wheeler is a son of the late Dr. E. Wheeler, who was killed while serving with the American army in France. His mother will join him in the woods early in August.

Sold Out Business. It is reported that George Apostolos has sold his business on Queen Street to Mr. Fred Timms of this city for a sum in the vicinity of \$3,000. Mr. Wesley Hamilton has been engaged by Mr. Timms to run the business for him.

Arrested on a Warrant. A man who was arrested on a warrant charged with a serious crime came before Police Magistrate Limerick and was remanded until Saturday morning when he again appeared. He pleaded guilty to the charge against him and was sentenced to the county jail pending settlement of the charge laid against him.

Assault Cases in Court. On Saturday a Hebrew belonging to the city was arrested on a warrant charged with assaulting another Jew. He appeared before Police Magistrate Limerick and the case was set for hearing at a later date. A Norwegian who was charged with assault on his wife was remanded until Wednesday.

Died at Devon Reserve. Gabe Joe, aged sixty years, an Indian who has been living for some time at the Devon Reserve was found dead on Saturday morning in his bed as a result of a lengthy illness of tuberculosis. He was buried on Sunday at Sunnybank Cemetery. Gabe moved to Devon some time ago from Woodstock where he was born and as far as can be ascertained his nephew is his only surviving relative.

Held Reception at Prince William. A reception was held on Saturday evening at the home of Mrs. Belle Rosborough, Prince William, in honor of her son Mr. George F. Rosborough and bride nee Miss Edith T. H. Chappell of this city. A number of friends were gathered to receive them and many friends and relatives went to Prince William from this city to take part in the reception. A large number of presents were received by the bride from her many friends and relatives.

Mrs. Harry Hoben and Miss Ella Babbitt are spending this week in St. John.

Mr. Willard Thompson, son of Rev. and Mrs. Sterling Thompson of Halifax is in the city today.

Miss Marion Gibson has returned home from Campbellton where she has been teaching school.

FOR SALE—One lady's wheel, "Peerless," almost new. Apply W. Daily Mail Office. 31

Kill the Germs of CATARRH

By Acting Today You Can Quickly Cure Catarrh and Avoid Bronchitis, Perhaps Consumption.

Most Agreeable and Surest Cure is Catarrhazone, Which Cures Every Curable Case.

Catarrhazone proves especially good in those chronic cases where mucous drops down the throat, sickens the stomach, and pollutes the breath. When the nostrils are stuffed, only a few breaths through the inhaler are needed to clear the passages, and where there is coughing and sore bronchial tubes, the soothing, healing properties of Catarrhazone act almost as magic.

Once you stop taking medicine into the stomach and get the healing oils and pure balsams of Catarrhazone at work you can be sure of quick and lasting cure for nose colds, catarrh, weak lungs, bronchitis, and speaker's sore throat.

The complete \$1.00 Outfit of Catarrhazone is sufficient for two months' treatment, and is guaranteed.
