

Notice of Legislation

Notice is hereby given that application will be made at the next Session of the Legislature of the Province of New Brunswick, for the passing of an Act to enable the Town of Devon to fix the valuation for assessment purposes of any Company that may establish any manufacturing industry in the Town of Devon.

Dated February 24th, 1919.

(Sd.) GILBERT HENRY, Mayor.

Sd. WM. JAFFREY, Town Clerk.

FARM FOR SALE

The desirable farm property at Lower Caverhill, Parish of Queensbury, York County, owned and occupied by Henry Hallett, is now offered for sale. The farm consists of 150 acres, 125 of which are cleared and the balance is in woodland. The buildings include a nice dwelling house, three good barns and outbuildings. The farm is well watered and in a good state of cultivation. For further particulars apply to JOSIAH HALLETT, Millville, York Co., N. B.

Notice of Legislation.

Notice is hereby given, that application will be made to the Legislature of the Province of New Brunswick, at the next session thereof, for the passing of an Act authorizing and empowering the County of York, or certain parishes thereof, to unite with the Towns of Marysville and Devon for the purpose of establishing a Municipal Home.

Dated the twenty-fifth day of February, A. D. 1919.

AGNES O. GLEN, Sec.-Treasurer, County of York.

A. D. McPHERSON, Town Clerk, Town of Marysville.

WM. JAFFREY, Town Clerk, Town of Devon.

LOST—A bunch of keys with chain attached. Finder will please leave at the office of The Daily Mail.

The old reliable remedy for rheumatism, neuralgia, sore throat and sprains.

Best Liniment Made

MR. A. E. LAUNDY, EDMONTON, writes: "I fell from a building and received a very bad sprained ankle, and told me I was not 'walk on it' for three weeks. I got MINARD'S LINIMENT and in six days I was out to work again. I think it the best Liniment made."

Minard's Liniment always gives satisfaction. For any ache or pain, it gives instant relief.

Minard's Liniment Co., Limited
Yarmouth, N. S.

To find a valuable pearl in an oyster would be an excellent example of shell shock.

ALIENS TO BE PAROLLED

Washington, March 28—Attorney General Palmer disclosing today that about four thousand enemy aliens were interned during the war, said parols would be granted to some several hundred. Nine hundred dangerous prisoners would be held indefinitely, including about two hundred professed members of the I. W. W. organizations, whose cases would be referred to the department of labor with a view to their deportation.

AND SUMMER COMING, TOO.

Somebody sends up this clipping from the Kalamazoo, Mich., Gazette: "The normal school band uniforms will consist of cap and coat at first, with the probable addition of pants at a later date."

SPRING WEATHER HARD ON BABY

The Canadian spring weather—one day mild and bright; the next raw and blustery is extremely hard on the baby. Conditions are such that the mother cannot take the little one out for the fresh air so much to be desired. He is confined to the house which is often over-heated and badly ventilated. He catches cold; his little stomach and bowels become disordered and the mother soon has a sick baby to look after. To prevent this an occasional dose of Baby's Own Tablets should be given. They regulate the stomach and bowels, thus preventing or curing colds, simple fevers, colic or any other of the many minor ailments of childhood. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A LEAGUE OF WOMEN VOTERS

St. Louis, Mo. March 28—The national American Woman Suffrage Association will become a league of women voters following the national convention of the association in February 1920, the new name having been selected last night in the convention, in session here. It is assumed by the Association that the federal amendment will have been passed by that time.

TABLE OF WEIGHTS AND MEASURES.

4 teaspoons of a liquid equal 1 table-spoon.
4 tablespoons of a liquid equal ½ gill or ¼ cup.
½ cup equals 1 gill.
2 gills equal one cup.
2 cups equal 1 pint.
2 pints (4 cups) equal 1 quart.
4 cups of flour equal 1 pound, or 1 quart.
2 cups of butter, solid, equals 1 lb.
½ cup of butter, solid, equals ¼ lb. or 4 ounces.
2 cups of granulated sugar equal 1 lb.
2½ cups of powdered sugar equal 1 lb.
1 pint of milk or water equals 1 lb.
1 pint of chopped meat equals 1 lb.
10 eggs, shelled, equal 1 pound.
8 eggs with shells equal 1 pound.
2 tablespoons of butter equal 1 ounce.
2 tablespoons of granulated sugar equal 1 ounce.
4 tablespoons of flour equal 1 ounce.
4 tablespoons of coffee equal 1 ounce.
1 tablespoon of liquid equals a half-ounce.
4 tablespoons of butter equal 2 ounces or ¼ cup.

We have heard men complain that they were held back by circumstances, but we never heard any one say that he was boosted ahead by circumstances.

A Drop On a Touchy Corn

Instant relief! Then corn or callus lifts off with fingers.

Just think! You can lift off any corn or callus without one twinge of pain.

A Cincinnati man discovered this ether compound and named it freezone. Any druggist will sell a tiny bottle of freezone for very little cost. You apply a few drops directly upon a tender corn or callus. Instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can lift it right off.

Freezone is wonderful! It freezes instantly. It does not eat away the corn or callus, but shrivels it up without even irritating the skin.

Hard corns, soft corns, or corns between the toes as well as painful calluses lift right off. There is no pain before or afterwards. No soreness or smarting. Women should keep a tiny bottle on the dresser and never let a corn ache twice.

Popularity is the Best Guarantee of Quality and Value.

LEGISLATURE OPPOSED TO DAYLIGHT SAVING

Resolution by Mr. Smith, of Albert, was Unanimously Adopted—Brief Speeches by Premier, Hon. Mr. Tweeddale, Mr. Mersereau and Mr. Murray—The Budget Debate Resumed by Mr. Michaud—Mr. Potts Again Heard From.

Assembly Chamber, March 28, 1919.

The House met at three o'clock.

MR. BURCHILL presented the report of the committee on Standing Rules.

MR. LEGER (West.) rose to a question of privilege. He said that he noticed his name was omitted from the division list of the vote of yesterday as published in the morning papers and he felt that he should call attention to the matter. He had cast his vote against the amendment and for the resolution.

Notices of inquiry were given as follows:

By MR. MURRAY (Kings) As to the assessment made on the municipalities last year for the Patriotic Fund; as to the amount assessed and collected and as to municipalities, if any, which did not pay the assessment.

By MR. SMITH (Carleton): As to road expenditures in the Parish of Peel, Carleton County.

By MR. SUTTON: As to a road surveyed in the Parish of Brighton, Carleton County.

By MR. TILLEY: As to expenditures on the road leading from Memramcook West and other roads in the same Parish.

By MR. LEGER (West): As to the estate of W. J. Saunders of Moncton.

MR. SUTTON introduced a bill to amend an act relating to the Town of Woodstock.

MR. DYSART presented the petition of the Municipality of Kent for a bill to amend an act authorizing temporary loans.

MR. CAMPBELL introduced a bill in amendment of an act relating to rates and taxes in St. John.

HON. MR. VENIOT introduced a bill to amend the theatres and cinematographs act.

MR. BURCHILL introduced a bill to amend the Church of England Act 1912.

MR. McGRATH introduced a bill to amend an act relating to the Town of Newcastle.

HON. MR. MURRAY submitted the annual report of the Miramichi Natural History Society.

MR. SMITH (Carleton) gave notice of motion for Tuesday next, that the report of the Minister of Public Works on the Shippegan Road inquiry be made the order of the day for Thursday next.

Daylight Saving

MR. SMITH (Albert) pursuant to notice moved his resolution protesting against the adoption of daylight saving. He said that he brought the matter to the attention of the House at the request of officers of the Farmers and Dairymen Association. He had hoped that the matter would be brought forward by the Hon. Minister of Agriculture but he not having done so the speaker felt it his duty to place the matter before the House for an expression of an opinion. The fact that his hon. friend from Sunbury was seconded of the resolution showed that it was not a party question. He trusted that hon. members would give an expression of their views.

MR. MERSEREAU indorsed the remarks of the previous speaker and thought it would be a shame to have daylight saving imposed on the province when 75 per cent of the people were opposed to it. It gave him pleasure to second the resolution and he hoped it would have the honest consideration of every hon. member.

HON. MR. TWEEDDALE said he thought a remark made by the mover of the resolution reflected upon himself as it intimated that he was neglecting to look after the interests of the farmers. The Farmers and Dairymen Association had passed a resolution on the subject and had forwarded the same to him (Tweeddale) with a request that he indorse it and transmit it to Ottawa. He had carried out that duty and had received a reply saying that it was doubtful if the question came up in Parliament this session. Knowing the sentiments of the farmers of the province he felt there was a strong objection among them to daylight saving. Mr. Donald Fraser the largest employer of labor, had in conversation with him (Tweeddale) expressed strong views against it. Men hired to work on farms worked a stipulated number of hours and had a much shorter day than their employers. The farmer who had sons of his own could make money but one who

had to hire his help derived little profit. Organized labor he considered, a good thing if not carried to extreme. He noticed that there were complaints in some quarters of the price of butter. But if the farmers who produced it did not work much longer hours than men in towns and cities, the price would be double. He wished to say that he was in favor of the resolution.

HON. MR. FOSTER said that some years ago there had been an agitation for daylight saving and an act to provide for it and been placed on the Statute Book. There was no doubt that it was a good thing for men like himself and those he employed but they were in the minority. The majority of the people were farmers and with them daylight saving was not popular nor was it popular with other people whose work required them to rise early in the morning. If the cities and towns of the province wanted to adopt it there was no reason why they should not do so. But they should be prepared for some inconvenience in regard to train arrangements. He was in favor of the resolution.

Mr. Michaud

MR. MURRAY (Kings) said he noticed that daylight saving had been defeated in Parliament and that might make some difference in New Brunswick. He realized that there was a strong feeling against it among the farmers of his own county. New Brunswick time was already ahead of the sun and it seemed ridiculous to change it and work a hardship on the rural sections of the province. He would support the resolution.

The resolution was unanimously adopted.

MR. MICHAUD on the order of the day being called, resumed the debate on the budget. He complimented the Hon. Provincial Secretary Treasurer on his able exposition of the finances and expressed gratification at the successful manner in which the govt. was administering the affairs of the province. Thus far hon. members opposite had apparently found very little on which to base their criticism. The Hon. Provincial Secretary Treasurer had made no attempt to camouflage the issue but had presented a plain and honest statement. In that respect he seemed to have departed from a long standing custom.

In the Department of Lands and Mines he noticed that there was a large increase in the revenue from stumpage while according to the report the lumber cut was much smaller than in former years. A fair and
