SIMPLE AS A. B. C.
TRY IT TONIGHT FOR
YOUR NERVOUSNESS

Worn out, tired in the morning, you
lack the energy and ambition to work
as of old. This means nerve decay—
nerves that are starved for the want
of good, rich blood.

It's blood nourishment that vital-
izes the nerves. Your blood is thin,
weak, watery. It's filled with poisons
that hang on because your kidneys
don't filter properly.

See here, fix up your kidneys, put
new life in your liver, and you'll feel
like new in a short time.

To do this you must use Dr. Hamil-
ton's Pills, they make life look bright
and pleasant because they restore
harmony and vigor to the organs that
need repair.

Dr. Hamilton's Pills warm the blood
and fill it with nutrition that's bound
to build you up, that's sure to lift your
weakness, that invariably does make
joyous, robust Good Health.

Think of it, youthful strength lots of
nerve force, plenty of red blood surging
through your veins—isn't this reason
enough for your using Dr. Hamil-
ton's Pills? Sold in 25c boxes by all
dealers.

THE WEATHER AFFORDS A NEVER
FAILING TOPIC OF CONVERSATION

(Toledo Blade)

Weather is the great universal con-
versational topic. Airplanes, war,
peace, politics, baseball, movies,—each
may have its day but the weather goes
on forever. It must have been the sub-
ject of daily speculation when Noah
and his family and his menagerie were
floating around over Asia Minor, and
quite possibly Adam opined to Eve
that it was quite as nice a day as
usual in Eden.

Anyway, all you have to do when
conversation is at low ebb is to remark
that it is warmer or cooler than the
ordinary for the season. Immediately
you strike a responsive chord. Father-
er's thoughts fly to the progress of his
garden; mother wonders whether to
get out early enough tomorrow morn-
ing to gain some benefits from the
bargains advertised for early shoppers.
Sister Susie thinks it will be a shame
if the weather isn't right for her best
beau to call in the evening with his
new runabout; Brother Bob wonders if
the home team will have dry ground
for tomorrow's game; grandpop speaks
out and says: "Well, I remember back
in May, '79—"

Why the universal appeal of the
weather? Possibly it is because for cen-
turies man depended so largely on
weather for his benefits. There was no

WOULD NOT BE WITHOUT
BABY'S OWN TABLETS

Once a mother has used Baby's Own
Tablets for her little ones she would
not be without them. The Tablets are
a perfect home remedy. They regulate
the bowels and stomach; drive out
constipation and indigestion; break
up colds and simple fever and make
baby healthy and happy. Concerning
them, Mrs. Noble A. Pye, Ecum Secum
N.S., writes:—"I have found Baby's
Own Tablets of great benefit for my
children and I would not be without
them." The Tablets are sold by medi-
cine dealers or by mail at 25 cents a
box from The Dr. Williams' Medicine
Co., Brockville, Ont.

JOHN UP AGAINST IT.

(Toledo Blade.)

John knows well enough why his
landlady's daughter, who for a year
has been "his girl," entertained an-
other roomer in the front parlor last
evening.

John spent Easter at his home and
his brother, who was also at home, had
two new silk shirts. John was allowed
to wear one back to his boarding
place with the promise to return it
immediately.

But the girl liked the shirt and so
did John, and when letters came de-
manding that he return it John decid-
ed to keep it a little longer. But yes-
terday a postcard came and on it was
written in large bold letters:

"Please return my silk shirt you
borrowed from me at Easter."

And the card of course was deliver-
ed at the boarding house and its in-
scription was no secret.

The shirt has gone to John's broth-
er and the girl to his room-mate.

SPECKS FLOATING
BEFORE HIS EYES

When specks start to float before
the eyes, when everything turns black
for a few seconds and you feel as if
you were going to faint, you may rest
assured that your liver is not working
properly.

The essential thing to do in all
cases where the liver is slow, lazy or
torpid, is to stir it up by the use of
a medicine that will clear away all
the waste and poisonous matter from
the system, and prevent as well as
cure all the troubles arising from this
accumulated mass which has collected
in the system.

Keep the bowels open by using Mil-
burn's Laxa-Liver Pills and you will
have no liver trouble of any kind.
They will clear away all the waste
and effete matter which has collected
and make the liver active and working
properly.

Mr. John R. Morrison, Grand River
Falls, N.S., writes:—"Several months
ago I was troubled with a sour stom-
ach, and had specks floating before
my eyes. I took five vials of Milburn's
Laxa-Liver Pills which cured and
cleaned my blood before any length
of time. I told my friends about it and
they got some, and they, too, find
themselves different since they took
them. I recommend your pills very
highly."

Milburn's Laxa-Liver Pills are 25c.

on receipt of price by The T. Milburn
Co., Limited, Toronto, Ont.

sire that this should be done in pre-
ference to closing down and making up

Headlights on Eastern Rails

JACK HARTNEY.

Showing how the name of note-
worthy engineers is being painted on the
insignia of C. P. R. locomotives.

NO new policy undertaken of recent years by the C. P. R. has received
such widespread expression of approval as that of naming passenger
locomotives after the engineers, who by reason of their fine service or
deeds of exceptional heroism have earned special distinction at the hands of
their Company. If the engineers themselves are pleased, still more so is
the general public, which realizes that an admirable system has been dis-
covered for paying due tribute to a splendid race of men who have hitherto
hid their lights under a bushel. The C. P. R. is displaying these names in
no niggardly fashion. They are incorporated on the newly adopted insignia
of the railway—a circular band enclosing a beaver mounted shield on which
is painted a Maple Leaf. The name of the engineer is shown in letters of
gold upon a blue ground, while the green leaf, the white shield and the
brown beaver afford a color combination exceedingly striking and effective.
This insignia is painted under the windows of the engineer's cab, the most
conspicuous, and at the same time most appropriate position that could
have been selected.

Jack Hartney, who runs the President's engine when the head of the
great system leaves Montreal for the West, has such skill in starting a train
that the passengers would not know it is in motion unless they looked out
of the window.

Arthur Charlebois has been forty-two years in railway service, and
comes of a family of engineers—his father, Pierre Charlebois, having been
the oldest conductor in Canada when he died. The tradition is being kept
up for he has a son a fireman on the C. P. R. to-day. Arthur Charlebois was
one of the founders of the Brotherhood of Locomotive Engineers in Montreal.
Tom Turner is well known and exceedingly popular at North Bay. He has
been in railway life since 1882, when he worked with an extra gang on the
Quebecville, Ottawa and Canada Central Railways. In 1887 he was promoted
to locomotive engineer, and in 1888 to run out of North Bay, where he is
still running.

The following is the first list of engineers on Eastern Lines who have
been selected for the honor of having their names painted on a locomotive:
