NEW YORKERS HAVE OUTLINED A BIG PROGRAM OF ENTERTAINMENT FOR THE ROYAL VISITOR

New York, Nov. 9.—A program of entertainment for the Prince of Wales, who will arrive in New York November 18, was outlined tonight, which was reminiscent of the welcome given nearly 60 years ago to the Prince's grandfather, King Edward VII, who then had the title born by the present Royal visitor.

The Prince will occupy the same pew in Trinity church, it is said, in which King Edward sat when attending a service in his honor on October 14, 1860. VISCOUNT JELlicoe IS NOW ON LAST LAP OF HIS EMPIRE TOUR

Noted British Admiral Reached Victoria on Saturday—Was the Guest of an Official Dinner at the Empress Hotel—Praised Work of Canadians.

Victoria, B. C., Nov. 10.—With uniformed marines drawn up at attention and with the band playing stirring march music the battle cruiser New Zealand glided into Esquimalt Harbor at 2.30 Saturday afternoon, beginning Admiral Viscount Jellicoe's Canadian lap of his Empire tour.

Captain E. H. Martin, head of the Navy Yard, went to the vessel in a launch. Admiral Jellicoe stood on the deck and received the various official callers. Following Captain Martin came Major General R. G. E. Leckie, head of Military District No. 11. At 5.30 o'clock Lord and Lady Jellicoe went ashore and met Lieutenant Governor and Lady Barnard, with whom they drove to Government House for tea.

Admiral Jellicoe was the guest in the evening at an official dinner given him on behalf of the Dominion government at the Empress Hotel, Vice Admiral Kingsmill, director of Federal naval affairs, being the host.

Paid Tribute to Canada.

Viscount Jellicoe paid a high tribute to the part which Canada had played in the Great War, and spoke of the admiration of the navy for the Canadian Corps, with whose name he coupled that of Sir Arthur Currie, whose qualities of leadership, he said, had been so ably proved.

In an interview, Viscount Jellicoe took exception to cabled despatches from Australia, which intimated that he had mapped out a plan for naval co-operation between Great Britain and the dominions in the Far East. He had been invited by several dominions to consult with them on the question of naval defence, but it was far from his purpose to lay down any hard and fast rules whereby that would be accomplished.

Farm Changes Hands

Alfred Burley & Co., Ltd. report the following recent sale of a farm property: "The Brown farm, owned by Nelson W. Brown, 175 acres with fine built-up, in the St. John Valley, at Middle Southampton, York County, has been purchased by James Gibson, a Scottish farmer who has been farming eleven years in Alberta and just arrived here with his wife and three young boys. Mr. Gibson has taken over the farm equipment including fifteen head of cattle, team of horses, flock of sheep, crop and machinery, and has started plowing in preparation for next season's crop, and hopes to effect a lot of improvements. Mr. Gibson says in the district he came from, eighty miles north of Edmonton, most of his neighbors have had very little crop for two or three years, and have been compelled to procure dairy herds in order to get on. In July, 1918, crops for miles were frozen or ruined."

Anti-Bolshevik Press Indignant Over Intimations in a Speech Made by Lloyd George on Saturday of an Attempt at Negotiations With the Bolshevik—Idea is Denounced as "Shaking Hands With Murderers."

London, Nov. 10.—A hint of an attempt to negotiate peace with the Bolsheviki in Russia in a speech Premier Lloyd George delivered at the Guild Hall Saturday night has created a stir here. The anti-Bolshevik press is indignant over the suggestion.

The Daily Mail scouts the idea as "shaking hands with a murderer," and generally denounces the suggestion, which it says, caused great amazement in political circles. The Telegraph and the Morning Post are also hostile to the proposal.

Referring to the passage of the speech dealing with the possibility of peace with Russia, the Chronicle special champion of the Premier, declares it is not free of obscurity.

"Some may see in it," the Chronicle continues, "a suggestion of returning to the pinkipo policy. We do not, however, need it in quite that sense."

LLOYD GEORGE ACCUSED OF INCONSISTENCY IN ALL OF HIS DEALINGS WITH THE RUSSIANS

The Daily News which is antagonistic to the premier and strongly in favor of making peace with the Bolsheviki, accuses Mr. Lloyd George of inconsistency and insincerity in all his dealings with Russia. The newspaper contends the terms which the Soviet government is known to be willing accenduate essentially reasonably. It declares a sincere attempt at peace ought to be successful, though, "if the Bolsheviki meet with military successes, they may be tempted to put the price of peace higher than they are putting it today."

"The determination of labor to end intercession in Russia has at last taught the Premier that labor is more to be feared than a reactionary press", says the Herald, labor organ. The Newspaper calls upon labor to force the government to make peace on Soviet terms.

The discoveries resulting from raids on Soviet quarters in the United States are said by anti-Bolshevik papers to be proof of the danger of dealing with the Bolsheviki.

HARVARD AND PRINCETON IN DRAWN GAME

Princeton, N. J., Nov. 8.—When the Palmer Stadium was bubbling over this afternoon with riotous enthusiasm over an impending Princeton victory Harvard's battered football eleven rose on the wave of a desperate rally and fought the tigers back in an irresistible drive which carried the crimson up on even terms with the Orange and Black and ended one of the most spectacular gridiron battles of the season with a 10 to 10 score. For more than three periods Princeton outplayed Harvard, and the crowd of 35,000 which looked down from the concrete tiers of the vast amphitheatre was overjoyed at the rejuvenation of the Tiger team.

In the closing minutes Harvard played as only a team can play when it faces defeat. The realization of impending disaster instilled the crimson with new life. With undefiable fury they rushed on towards Princeton's goal line and finally crushed Princeton's hope of victory when Felton tossed a forward pass to the fleet Eddie Casey, who galloped over the line with a touchdown.

The Princeton crowd, was shocked into silence. A dead depressing calm came over the great crowd as Churchill kicked the goal and tied the score.

PRINCE MAY SOON RETURN TO CANADA

Ottawa, Nov. 9.—Because the Prince of Wales said in Toronto, Montreal and Ottawa, that when he leaves Canada it is "au revoir" and not "good-bye," and that he will return soon, in official circles here there has been growing talk of another astounding possibility in this age of precedent-breaking, the possibility that the status of Canada as a sister nation with Great Britain, Australia, New Zealand and South Africa, will be further crowned and recognized by the coming of the Prince of Wales to Canada in a year or two as Governor General and Vice Regent. It is expected that another year will be consumed by visits of the Prince of Wales to other dominions, and that after that he will begin immediate service as preparation for his destiny as the Empire's future king by holding successively posts as governor general in the various overseas nations of the British Empire.
