THE AUSTRIANS HAVE PRESENTED A NOTE TO ALLIED PEACE MISSION

Claim That Austria-Germany Will Collapse if the Economic Burdens Imposed on Her by Peace Treaty are Not Lightened—Children are Perishing for Lack of Meat and Milk.

Copenhagen, Aug. 7.—A summary of the Austrian note presented to the Allied Peace Mission at St. Germain, France, yesterday, has been received here from Vienna.

"If German-Austria's territorial demands are fulfilled to the minimum extent maintained in the appendix to the note," says the summary, "German-Austria will make efforts to believe she can live independently and in peace in this territory. She expects the League of Nations will hear her in her hour of distress. On the other hand, German-Austria still is firmly convinced that the economic burdens imposed upon her by the peace treaty cannot really be carried out, and that if they are not substantially lightened she is bound to collapse."

WANT NECESSARY CREDITS IN ORDER TO

OBTAIN RAW MATERIALS AND FOODSTUFFS

Dealing with the economic and financial clauses of the peace treaty, the note continues: "It will be impossible for the next few months to deliver milk in cans, and German-Austria's children are perishing for lack of meat and milk. German-Austria must allow herself to be placed under the Entente powers' financial control, but she expects the reparation committee will act with the consideration demanded by her desperate position and grant German-Austria the necessary credits to obtain raw materials and foodstuffs."

The note urges amendment with a view to investing a commission with plenary powers, regarding all economic and financial peace conditions. It then argues at length regarding "the unjust and unequal division of old Austria's debts among the states which succeeded it, and the injustice of stipulations regarding war loans."

TWO-THIRDS OF AUSTRIAN DEBT IS PLACED

ON ONE-FIFTH OF THE FORMER POPULATION

"It seems self-evident," the note continues, "that all states in what formerly was Austria-Hungary, should divide the debts of the old monarchy. Apart from the bank note debt, clauses in the peace treaty show a burden of debt for German-Austria of some forty billion marks. Thus two-thirds of the entire debt of the Austrian States, without the note debt, is placed on the shoulders of one-fifth of the former population."

The note proposes, as in the case of pre-war debts, that all debts shall be divided by the reparations commission according to the ability of individual states to meet them. A similar proposal is made regarding Austro-Hungarian bank notes held abroad.

WINNIPEG AGITATOR ADVOCATED KILLING OFF THE CAPITALISTS

Winnipeg, Aug. 9.—"It is impossible for workers to co-operate with capitalism and it is up to the workers to kill them off as fast as we can get hold of them."

This is one of the alleged statements made by Solomon Almazoff, according to the evidence tendered by Harry Dasha-luk, who until recently was connected with the criminal investigation department of the Royal Northwest Mounted Police, at the resumed Immigration Board inquiry into the deportation of the alien leaders arrested in Winnipeg during the recent strike trouble. Almazoff made these remarks at a meeting held in Liberty Hall on May 2, held under the auspices of the Young Jews Labor League, at which William Ivens had spoken.

NEW LEADER MAY SIT FOR GLENGARRY

Ottawa, Aug. 9.—Hon. W. L. Mackenzie King, leader of the Liberals, took the first opportunity this morning to visit Premier Borden and to discuss with him questions of the coming session and the holding of bye-elections. Just prior to his visit to Sir Robert he, accompanied by Hon. Sydney Fisher, chairman of the Laurier memorial committee, betook himself to the grave of Sir Wilfrid Laurier and thereon laid a wreath.

Mr. King must now seek election. It is believed that he will run in Glengarry and Stormont, which has been left vacant by the death of John McMartin. There has never been a contest in the double constituency, but Glengarry has always been Liberal, while Stormont has always been first class fighting ground. Inasmuch, however, as lists must be prepared and as notice must be given of the nomination and polling days, neither Mr.

HE WAS SIR WILFRID'S FAIR HAired BOY

Halifax, Aug. 8.—The Acadian Recorder says: "The elevation of Hon. W. L. Mackenzie King to the leadership of the Liberal party is another evidence of the foresight and character reading power of the late Sir Wilfrid Laurier, for it is understood that from the first he frequently spoke of this brilliant young man as the future leader of the party. Nova Scotians as Nova Scotians had a natural feeling that they would like to see Hon. W. S. Fielding occupy the high position, but it was not to be, and nothing was nobler than his speech of congratulation to the successful candidate."

King nor Premier Borden's new ministers, Sir Henry Drayton and Dr. Tolmie will be able to take their seats when the House opens in September. No doubt Mr. Mackenzie will continue to lead the opposition temporarily until the new leader comes in.

NEW LEADER CONFERS WITH THE PREMIER

Liberal Chieftain will be Able to Take His Seat When the Next Session of Parliament Opens.

Ottawa, Aug. 8.—Hon. W. L. Mackenzie King, leader of the opposition, was in conference with Sir Robert Borden for some considerable time this morning. It is understood that the conference took place on the issue of the Prime Minister who extended his congratulations. Arrangements for the coming session were under consideration with the question of issuing writs for by-elections in vacant seats. Endeavor, it is stated will be made to provide for both Sir Henry Drayton Minister of Finance and the leader of the opposition, before the opening of the session on September first.

In this connection a delegation from Glengarry county to wait on Mr. King with a request that he should run in Glengarry-Stormont. Mr. John McMartin was returned for his constituency as a Liberal-unionist last election but died shortly after the opening of the session. The suggestion is made also that Mr. King might run in Sir Wilfrid Laurier's old seat in Quebec east. It was further stated today that Mr. King might secure the nomination in Assiniboia, Sask., for the remainder of the present parliamentary term, if he wished to accept it. This seat was vacated by the appointment of Mr. Turfitt to the Senate. Within a few days, Mr. King will take over the opposition leader's offices at the house.

N. Y. THEATRES ARE CLOSED BY A STRIKE

New York, Aug. 9.—Only four of thirteen New York theatres which closed Thursday night after a strike called by the actors association went into effect, were able to open their doors last night. In these cases numerous substitutions in the cast were noted.

The calling out of the player followed a strike meeting of the Actors' Equity Association, 1,400 strong, in the afternoon, and was the reply of the association to the refusal of the managers to treat with it.

HUNGARIANS HAD HARD SEARCH FOR SOMEONE TO ACCEPT THE CROWN

Former Emperor of Austria-Hungary Refused to Come Down in the Social Scale and be a Mere King—Allied Conference More Interested in the Attitude of Roumania — Rumors That All is Not Well in Budapest.

Paris, Aug. 9.—Former Emperor Charles of Austria-Hungary was begged by Magyar patriots to mount the Hungarian throne when the fall of the Peidl ministry was determined upon, according to a despatch from Zurich. The former monarch refused on the ground that, having been King and Emperor, he could not go down the social scale and be content with a simple king's crown. The Duke of Hohenberg, son of Archduke Franz Ferdinand, whose assassination at Sarajevo in 1914 was the immediate cause of the great war, also refused the crown, and the Hungarians ended their quest by choosing Archduke Joseph as a last resort.

The members of the council also had for their consideration a message from Archduke Joseph, head of the new Hungarian government, announcing the policy of his regime.

While the Supreme Council of the Peace Conference held no meeting today, the members of the council discussed the Hungarian situation informally. The conversations bore more upon the question of Roumania's attitude than upon the status of the new Hungarian government, as that phase is interesting to the conference more than any other.

Despatches from American relief officers who have been co-operating with British and Italian representatives in Hungary, report that Budapest is quiet but that all transportation on the Danube is being held up.

A despatch from Vienna via Berne says that a state of siege has been proclaimed in Budapest.

MONCTON CITY CLERK VISITOR HERE TODAY

Mr. Magee Says Railway City is Going in for Bitulithic Pavement on Large Scale.

Mr. J. E. Magee, City Clerk of Moncton accompanied by his wife and son passed through the city today on his way to Moncton via St. John. While in Fredericton Mr. Magee had a lengthy discussion with City Clerk Perkins and discussed many things of interest to this city as well as Moncton.

Mr. Magee spoke of the bitulithic pavement and stated that the City of Moncton has just undertaken a big contract for \$110,000 for the pavement which is the same as that used in Truro. Mr. Magee was very enthusiastic over the pavement and stated briefly that in Moncton "they swear by it." Asked concerning current police matters he stated that Chief Rideout was doing well. He went through the country market this morning and was much surprised by both the prices and the size of the market. He also was somewhat surprised that this city did not adopt the toll-system for the market but was informed that it had been tried here but had caused trouble and had been allowed to become a thing of the past.

Allied Mission in Conference With the Archduke Joseph and Premier Frederick — In Full Accord With New Government—Report That a Union Between Roumania and Hungary is Being Planned Has Been Denied.

Geneva, Aug. 9.—The inter-allied mission at Budapest, after a conference with Archduke Joseph and Premier Friedrich, has forwarded to M. Clemenceau, President of the Peace Conference, a report to the effect that the Entente representatives are in full accord with the new Hungarian government, according to a Vienna despatch received here. It is reported that in view of pogroms which had been threatened in Hungary menacing the Jews, the commander of the Roumanian troops has issued an order that any crime against Jews will be punished immediately by death.

ROUMANIANS ALLOW HUNGARIANS ONLY 600

GENDARMES TO PATROL CITY OF BUDAPEST

Paris, Aug. 9.—A report that a union between Hungary and Roumania in the form of a dual kingdom was being planned has been formally denied, a Berne despatch says. A Roumanian bureau is maintained at Berne and it is thought here that the denial may come from this source.

The Roumanians in Budapest are allowing the Hungarians only 600 gendarmes to patrol the city, according to news from American officers there. These officers declare that a greater force is necessary if the new government is to be enabled to effect an organization and operate properly. The government must have sufficient forces to preserve order outside the city as well as within it. If the relief measures planned are to be carried out effectively, the officers give it as their opinion that the new government will be able to perfect its organization.

ARCHDUKE JOSEPH SAYS HIS REGIME WILL

CARRY OUT THE TERMS OF THE ARMISTICE

At today's session of the Supreme Council of the Peace Conference, consideration was given a message from Archduke Joseph, head of the new Hungarian government, announcing the intention of his regime to execute the terms of the armistice and asking recognition and authorization to send delegates to Paris. The message from the Archduke outlines the policy of the new government and says that it will call a properly selected and constituted assembly to reorganize labor with a view to increasing production.

CLOUDBURST DOES DAMAGE OVER NORTH

Bathurst, Aug. 9.—Terrific damage is reported today with the known loss of one life, as the result of a disastrous cloudburst which occurred here early Friday afternoon. Vincent Power, a returned soldier, was killed when he neared a barn in which to take shelter, by the collapse of the structure and the falling of heavy beams upon him. His companion, Albert T. Carter, a well known farmer, aged about 70 years, was seriously injured at the same time.

Houses in East Bathurst and several barns were lifted bodily from their foundations and carried varying distances all being more or less damaged. In one of these houses a woman named Chamberlain and several of her children were slightly injured.

Throughout the town of Bathurst many trees were blown down. A little girl named Bertin, who was crossing the Nepisiguit bridge at the time of the storm, is missing, and it is feared she was blown over the bridge into the river.

Reports of serious damage to crops are being received and there is an unconfirmed report that at Stonehaven several lives were lost.

The barque Bessfield, loading at the East Bathurst dock, broke away and went aground near the Eddy mill.

The storm was the wildest for the few minutes it lasted that has been seen here in many years.

DEATH TOLL FROM COLLISION NUMBERS 19

Sydney, N. S., Aug. 9.—The steam-er War Witch, which was in collision with the tern schooner Gallia near St. Pierre the night before last, arrived at North Sydney early this afternoon, and was immediately visited by representatives of the Furness Withy Co. and insurance firms.

From statements of the officers of the War Witch, it appears that the collision occurred about 1.30 Thursday morning in the vicinity of St. Pierre. In a dense fog. The Gallia was bound for St. Pierre from Conception, France, carrying a crew of nine and thirteen passengers. The War Witch cruised around in the vicinity of the collision for an hour, but after the first crash nothing more was seen of the ill-fated schooner. She must have sunk immediately, taking with her six of the crew and thirteen passengers. The remainder were picked up by the War Witch and landed at North Sydney.

The damage to the War Witch is slight.
