## TRIUMPHAL RETURN OF CINCINNATI REDS JOYOUSLY CELEBRATED

Acting Mayor of Cincinnati Proclaims a Public Holiday in Honor of the Victory—Impromptu Procession Marched Through All Sections of the City—An Official Welcome Today on the Return of the Victors from Chicago.

Cincinnati, Ohio, Oct. 10.—Hilarious Cincinnati rose this morning to celebrate to "a public holiday" the triumphal return of the Reds from Chicago, where they won the baseball championship of the world yesterday from the White Sox. A proclamation calling on all citizens to observe the day as a public holiday from eight o'clock until noon, was issued by acting Mayor Jacobs and was widely observed, many business houses remaining closed.

Joy, following news of the winning of the world's series by the Reds at flood tide last night, and while impromptu processions formed and marched through all section of the city, representative men of affairs met at the business men's club and appointed committees and made final arrangements for the "official celebration," of the home-coming of Manager Moran and his athletes this morning.

MANAGER PAT MORAN DECLARED LAST NIGHT

THAT HE WAS THE HAPPIEST MAN IN THE WORLD

Chicago, Oct. 9.—"The Reds are the champions and I am the happiest man in the world tonight," said Manager Pat Moran, of the triumphant Cincinnati club. "I cannot praise my players too highly. They played remarkable ball, fought every minute to win and there never was a time when they lost confidence.

"Eller got himself in a couple of bad holes today, but he recovered quickly and had the Sox at his mercy. I want to say that the Sox are not quitters. They are a game lot of players. They fought to win, but were outclassed in my opinion. The series ended as I thought it would, but I must admit that the Sox gave us a scare."

MANAGER OF WHITE SOX SAYS THEY WERE BEATEN

IN ONE OF THE GREATEST SERIES EVER STAGED

"If Williams had shown some 'stuff' in the first inning, it would have been a different story to tell tonight," said Manager Gleason, of the Sox. "But he did not have a thing except a desire to beat the Reds. That first inning, when the Reds scored four runs was enough to take the heart out of any ball club, but the Sox came back fighting.

"We were handicapped at the start of the series in pitching, but I was confident that we could come through. The Reds were lucky to win those early games. However, they beat us in one of the greatest series ever staged, and my hat is off to them. But I still believe the Sox is the better ball club."

## MAY MAKE ANOTHER ATTEMPT TO DISPOSE OF THE IRISH PROBLEM

Dublin, Oct. 9.—Political circles here are awaiting with interest, but it is said without much hope, the reported renewed attempt by the British Government to accomplish a settlement of the Irish question at the forthcoming session of parliament. That movement now is virtually confined to Westminster, as, according to high Irish authorities, the various section all have had their say.

Persons in authority here declare that the government idea is that although no plan it could propose would be acceptable to Ireland, yet a program is possible and workable which would throw upon the Irishmen themselves the responsibility for an Irish Government and relieve the British Ministers of that task.

## CANADA'S DEBT IS PILING UP

Ottawa, Oct. 10.—A disappointing situation in regard to the Dominion's finances is revealed in the money balance sheet of the Finance Department. During last month the net debt of the Dominion increased by nearly sixty-five million dollars as compared with an increase of a little under twenty-eight millions for the month of September last year. The net debt now stands at \$1,750,000,000. Before the war the net debt was \$33,000,000.

Held Dance Last Evening

A very enjoyable dance was held last evening in the gymnasium of the University of New Brunswick for the students and their many friends. A program of some twenty dances was run through and delightful refreshments were served.

## THE NEW YORK STOCK MARKET

New York, Oct. 10.—The market paused, briefly after the opening, profit taking being induced by many gains in specialties. Prices soon moved forward again, however, on the greater activity of steels. U. S. rose 1 1/2 to 11 1/2, its best quotation since the beginning of the strike. Associated issues, notably Bethlehem, Lackawanna, Republic and Pressed Steel Car were one to four points higher.

Elected for Northfield

In the municipal elections in Sunbury County Wednesday the successful candidates for councillors for the Parish of Northfield were Henry M. Trift and Dell Walton. Unsuccessful candidates were James Kennedy, W.A. Dykeman and Charles Evans.

## CINCINNATI REDS WINNERS OF THE SERIES

Score 10 to 5 in Joke Game Yesterday—Chicago Rallyed Only When Hopelessly Beaten.

Chicago, Oct. 9.—The world series baseball championship pennant for 1919 will fly from Redland Field, Cincinnati, next season.

Pat Moran's athletes invaded the hostile territory today and annexed the eighth and deciding game against the Chicago White Sox by a score of ten to five.

As expert baseball it was as funny as a sackrace. Nearly everything possible happened, including a comic four run rally by the athletes in the pale hosiery. It never would have happened just as it did if the sun had not entered the lists and blinded the visiting fielders. It was all the funnier for the reason that the Sox were nine runs behind at the time.

The remarkably good weather of the series was again in evidence and 32,930 paid to see the massacre of the local idols.

Score by innings:  
Cincinnati . . . 4 1 0 0 1 3 0 1 0—10 16 2  
Chicago . . . . . 0 0 1 0 0 0 0 4 0—5 10 1

## GIANT HANDLEY-PAGE MACHINE FORCED TO LAND AT GREENPORT

Made a Perfect Landing in a Driving Rain at 11.45 o'clock Last Night—Had Run Short of Gasoline in Flight from Parrsboro, Nova Scotia.

Mineola, N. Y., Oct. 10.—Aviators and mechanics, massed on Mitchell Field to welcome the Handley-Page flying here from Nova Scotia, sighed with relief when they received word that the machine had landed safely at Greenport after battling with heavy winds on the down coast flight.

These trained airmen grew anxious as the minutes slipped by and the plane did not appear, for they knew that soon her gasoline supply would be exhausted. Three searchlights were kept sweeping the skies to guide the terial travellers to the hangar awaiting them.

When Major Herbert Brackley, of the R. A. F. brought the plane down to a perfect landing on an unknown field in a driving rain and in pitch darkness at 11.45 o'clock last night, there was but twenty gallons of gasoline in the tank.

Used Much Gasoline.

The machine started out from Parrsboro with 900 gallons aboard, which was considered ample for the run to Mineola. An hour before Long Island was reached, however, the main tank had become exhausted and all that was left to keep the engines running was that contained in the four tanks which had a capacity of twenty gallons each.

When over Greenport the overflow from these tanks stopped and a landing was imperative. Swooping down to earth, a close inspection of the ground was made. Automobile lights were flashed on various fields and along the main road, and flares were sent up in an endeavor to assist the landing. But Major Brackley decided to give the roads a wide berth, and circling about again far out over the Sound, again approached the fifty foot cliffs lining the shore. Finding he had descended too low, he gave the engines everything he had in the way of gasoline and succeeded in clearing the cliffs by a narrow shave.

CONFERENCE ADJOURNS.

Washington, Oct. 10.—After an hour recess today the National Industrial Conference decided to adjourn until next Tuesday. Meantime the general committee of fifteen will consider the proposals presented by the three different interests, capital, labor and the public.

Lloyd George Tells Miners' Delegation That the Government is Not Prepared to Accept the Recommendations of the Coal Commission—Unable to Frame Policies on the Line Suggested by the Miners.

London, Oct. 9.—Premier Lloyd George, answering demands made by British Miners at today's conference admitted that many advantages could be secured from joint control of mines by Capital and labor but declared the government was unable to frame its policies on the lines of the miners' suggestions.

The Premier spoke for one hour and made it clear the government was not prepared to accept the recommendations of the coal commission headed by Sir John Sankey to acquire and run the mines as state property. He expressed the hope the miners federation and the trade union movement as a whole would co-operate to obtain the largest possible measure of agreement for the government's scheme as already outlined by himself in the House of Commons, according to unofficial reports.

DEPUTATION WILL REPORT THE RESULT OF

INTERVIEW TO VARIOUS MINERS ON OCTOBER 22

Mr. Lloyd George conceded that the demand for nationalization had been a plank in the labor platform for years and that the deputation which called upon him today was acting, not from any selfish interest, but with a desire to benefit society as a whole. The government, however, felt, he said, that nationalization was not a step which was in the interest of the state.

At the close of the conference the deputation promised to report it's result to members of the various unions on October 22, and that subsequent action would be left to the parliamentary committee which was appointed at the trades' union congress recently held at Glasgow.

It is understood that, in the view of the deputation, the Premier's statement was most unsatisfactory, one, delegate characterizing it as "positively disheartening."

An official statement was issued late today that Mr. Lloyd George had agreed to the deputations request for payment of wages to miners made idle by the railway strike, instead of giving them an unemployment allowance.

ADDRESSES OF DELEGATES TO THE PREMIER WERE

MARKED BY A COMPLETE ABSENCE OF BLUSTER

A feature of the addresses made by members of the deputation to Mr. Lloyd George was, according to unofficial reports, a complete absence of bluster or violent language. Their statements were intended to show by reasoned arguments that nationalization of the mines was entirely in the interests of the community, and also that the miners were supported in their demand by the whole body of trade unionists throughout the country. From quoted statements of prominent labor leaders it is apparent they not only believe nationalization desirable, but are convinced there will be a constant unrest in the labor world until it is granted. It appears to be their impression that if extreme action is necessary to enforce the demand it will not only be the miners who will strike, but trade unionists generally.

It is becoming increasingly evident that, apart from arguments claiming that nationalization would be a benefit to the community, there is a strong feeling among workers that the present system of private ownership carries with it indefensible injustice to the miners.

## DEVON MAN FACES CHARGES AT PRESQUE ISLE

Presque Isle, Oct. 8.—Earl G. Hall, formerly of Devon, N. B., a former freight agent of the Aroostook Valley Railway, arrested yesterday, was arraigned before Judge Welch on the charge of embezzling \$1,400 in funds of the company.

Hall pleaded not guilty, waived examination and was held for the November term of court, going to jail in default of bail. Hall came here to substitute for W. B. Tetley, the regular agent, who was in the Canadian military service. Since Tetley returned Hall has not been employed. It is understood the shortages occurred since Jan. 1st. Hall has been popular and moved in good society here. His arrest was a surprise.

Mr. A. A. Dysart, M. P. P. of Buctouche, is at the Queen Hotel today. Mrs. Douglass Carten nee Miss Hatfield Brown is here from Muskoka, Ont. on a visit to her mother, Northumberland Street.

## MURDER TRIAL OF GEORGE LONG AT MONTPELIER

Montpelier, Vt., Oct. 10.—States Attorney Davis, outlining the state's case in the trial of George A. Long for the murder of Mrs. Lucinda C. Broadwell, said that evidence would be introduced to show Long's whereabouts on the night the woman was killed. His association with Mrs. Broadwell would be brought out, and witnesses would testify regarding the manner in which Mrs. Isabel J. Parker conducted the lodging house which Mrs. Broadwell is alleged to have visited a few hours before her death. Mrs. Parker was jointly indicted with Long, and will be tried later.

Mr. David W. Rankine of Woodstock Wednesday night announced himself as a candidate in the approaching federal bye-elections in the Constituency of Carleton-Victoria. He will run as an Independent Conservative in opposition to T. W. Caldwell, candidate of the United Farmers' Association.
