LLOYD GEORGE USED STRONG LANGUAGE AT THE LONDON BANQUET

Premier Surprised His Countrymen, as He Usually Does — The Recent Railway Strike Denounced as Prussianism—The Nation Means to be Master in Her Own Household, Says the Premier — Government Won Victory Over the Strikers, it is Claimed.

London, Oct. 8.—Premier Lloyd George surprised his countrymen as he frequently does, by denouncing the railway men's strike as "Prussianism" and "another effort to hold up the community and strangle into submission" at the Lord Mayor's Mansion House luncheon in honor of Field Marshal Allenby yesterday.

The occasion was an unusual one for such a topic, but the Premier has a habit of doing unusual things at unusual times. Near him sat Emil Feisal, son of the King of Hedjaz, in white robes and the Archbishop of Canterbury, with an array of other military and civilian notables such as only London can muster on ceremonial occasions. They expected nothing more sensational than compliments to the conqueror of Palestine.

THE PREMIER'S VIEW IS THAT THE GOVERNMENT WON A VICTORY OVER THE RAILWAY STRIKERS

"The nation means to be master in her own house," Mr. Lloyd George declared. "A just master, a fair master, a generous master, but always master in her own house."

This was naturally accepted as a proclamation of the Premier's view that the government won victory over the strikers.

J. H. Thomas, Secretary of the National Union of Railwaymen, and leader of the recent strike, speaking at Albert Hall on Sunday night, dwelt upon the settlement as a compromise and yesterday issued a statement appealing for reconciliation and a burial of hard feelings.

Labor papers appear to differ with Mr. Thomas as to some respects of the strike settlement.

THE PREMIER'S SPEECH TAKEN TO MEAN THAT HE HAS BROKEN WITH THE LABOR UNIONS

When Mr. Lloyd George makes an important speech newspapers try to read between the lines to discover his political purposes. The general interpretation of this speech is that the Premier has broken with labor unions and wants to draw his support from the middle classes, who apparently tended to troop away from him as a result of the recent fierce calls again upon alleged governmental extravagances.

George H. Roberts, British Food Controller, speaking last night, laid the blame for a break in the negotiations of the railwaymen, accusing them of adopting "methods of secret diplomacy" and declaring the settlement of wage matters must be taken out of the hands of political officials.

AVIATORS START FROM MINEOLA IN A FLIGHT FROM COAST TO COAST

Mineloa, N. Y., Oct. 8.—Lieut. J. B. Nachle, in a De Havilland-four machine equipped with a liberty motor, was the first to get away in the coast-to-coast air race from Mineloa to San Francisco and return at 9:15 a.m. today. Sergeant Jesse B. McClure accompanied him.

Prior to the start of the race General William Mitchell, Chief of training and operations, took a short flight and pronounced the weather conditions almost perfect. A fifteen miles wind was blowing and the aviators, he said, would meet cross winds all the way to Binghamton.

INVESTIGATION OF CHARGES WAS BEGUN TUESDAY

Dr. Morrison Gave Evidence Before Police Commission re Charges Against the Chief.

The first session of the Police Commission investigation of the charges preferred against the Chief of Police, W. H. Finley, by Harry M. Blair, was held yesterday afternoon. The chairman, Ald. William McKay, stated after the session was over, that Dr. Morrison was the only witness examined. His evidence concerned the condition of Charles E. Blair, brother of the complainant, the witness having been called in to attend him in the police cells on the morning of September 16. Chairman McKay said the gist of the doctor's evidence was that the prisoner was then in a serious condition as the result of drinking inferior liquor. The inquiry was resumed this afternoon at three o'clock.

Yesterday the complainant and his counsel, Mr. J. J. F. Winslow, appeared, Mr. Winslow conducting the inquiry.

William Sturgeon, who was on the police force temporarily, is wanted as a witness, but has gone to the lumber woods. He may be brought here to give evidence, and that will delay the inquiry considerably.

Recent Contracts Awarded.

The well known firm of D. J. Shea of this city has lately been awarded several contracts, including plumbing, heating and metal work on the Clark garage, King street. It also has the contract of heating the Bank of Montreal at Marysville. The new residence of Mr. M. E. Doohan is having the plumbing and heating installed by this firm. It recently finished the metal roof on the residence of Mr. Howard Richards. D. J. Shea also has several outside contracts under way, including the heating of four churches at Blackville, Southampton, Weaver and Bloomfield, in addition to several residences in different parts of the country. The firm of D. J. Shea is the oldest plumbing establishment in the city, and its workmanship is well known throughout the province. The large number of contracts secured is proof of first class up to date work.

INTENSE INTEREST IN TODAY'S BASEBALL GAME AT CINCINNATI

Red Sox are Fighting Today With Their Backs to the Wall and are Hopeful of Winning Out—The Contest Promises to be the Decisive One.

Cincinnati, Ohio, Oct. 8.—Good baseball weather was in prospect early today for the playing of the seventh game of the World's Series championship between the Chicago White Sox and Cincinnati Reds at Redland Field. It was fair and not so cool as yesterday morning. The government weather forecast for the day was for fair weather.

Fighting with their backs to the wall, but hopeful despite their four defeats, the White Sox will meet the Reds today in the seventh game of the world's series. The Reds and the 32,000 fans who witnessed yesterday's ten inning battle felt confident that the contest would be the decisive one and that before night the men of Moran would be proclaimed baseball champions of the world.

Before the game started it was believed that Manager Gleason of the Sox would send Eddie Cicotte, rated as the master pitcher of the American League, to the mound to face the Redlegs. Cicotte tried to stop them twice, and failed, but Gleason has every confidence that he can master the Reds if his arm is in perfect condition. It is possible, however, that "Big Bill" James may be Gleason's eleventh hour choice.

Supporters of the Reds believed that "Slim" Sallee would be Manager Moran's pitching selection. Sallee scored the Reds second victory of the series and is declared to be ready to take his turn on the pitching mound again.

Marshal Foch Issues New Note to the German Gov't

KING ALBERT TAKES A HAND AT THROTTLE

Chicago, Oct. 7.—The King of the Belgians today ran the engine of his own train for ten miles. The special train on which the King and his party are travelling westward was stopped at Wauseon, Ohio, while His Majesty climbed into the cab of the engine and took over the throttle from the grimy pilot. The King, who has a thorough knowledge of locomotive engineering, ran the heavy train for ten miles without a jolt. Then he stopped the engine and returned to his car.

The train was stopped for an hour at Toledo, the home of Brand Whitlock, American ambassador to Belgium, where the party received an enthusiastic welcome. The stop was made by the King as a personal friend of Mr. Whitlock, and not as an official visit.

The royal train arrived in Chicago late tonight. It was immediately switched to another railway and resumed its journey to California.

Moncton Rink Rumor

Moncton Transcript: A general rumor is circulated that Moncton is to have a new rink this winter, and that it is to be built by a large firm of contractors within a month after the contract commences. The rumors apparently are a little premature. The facts are so far as The Transcript can get them, that a number of local men are willing to build a rink as soon as they can secure the site. They have apparently obtained a site, but the closing of the deal depends entirely upon whether or not a small adjoining piece of property can be obtained. The owner of the adjacent piece of property is unwilling to move, and therefore, the project is held up. That is the situation at the present moment. If the adjacent property can be obtained there is no doubt that the money will be forthcoming for building the rink. Whatever action is taken must be taken at once. If the present site cannot be obtained the promoters must look around for a new one.

Inquest Not Yet Held.

Coroner George A. Perley, ex-M. P. P., of Margerville, expects to begin the inquest into the death of the late John Tibbitts, of Ripples, tomorrow. Coroner Perley stated today that he had been delayed through inability to secure a physician to make a post-mortem examination.

Sent Up for Trial.

Frank Baxter was sent up for trial on January 7th by Police Magistrate Limerick yesterday afternoon, for the theft of an automobile which was taken from in front of Lindsay's restaurant Sunday night. John O'More, who was charged with a similar offence, was discharged by the magistrate, there being no evidence against him.

Will Insist That General Von Der Goltz at Once Withdraw His Troops From the Baltic Provinces—Will Announce Measures for Dealing With Further Dilatory Tactics on the Part of the Huns—The Situation at Fiume.

Paris, Oct. 8.—Marshal Foch, who yesterday was instructed to draw up a new note to the German Government relative to the withdrawal of General Von der Goltz's troops from the Baltic provinces, will couch the document very clearly, according to newspapers here. The note, it is said, will state that in case there are further dilatory tactics from Berlin measures will be announced for dealing with the situation, and will be immediately and rigorously applied.

GERMAN TROOPS SAY THEY WILL REMAIN ON

THE FRONTIER TO PROTECT IT FROM BOLSHEVIKI

Berlin, Oct. 7.—German troops in Courland, which are under the command of General Von der Goltz, insist they will remain there in a proclamation which has just been issued to the "German fatherland and all civilized people. The proclamation says:

"Notwithstanding the German Government's order, made under pressure from the entente, we will remain on this front to protect the German frontier against Bolsheviki hordes and maintain real socialist ideals."

A semi-official news agency says the proclamation was issued prior to the latest order to return, and adds:

"It remains to be seen whether the last order from Berlin will have the effect of changing the minds of the soldiers."

ITALIAN NEWSPAPERS MADE COMMENT ON THE

WARNING ISSUED BY GREAT BRITAIN AND U. S.

Rome, Oct. 7.—Newspapers here comment at some length on warnings to Italy from Great Britain and the United States relative to the situation at Fiume. The Tribuna prints a violent article stigmatizing the warnings, and saying that the British and American warnings should not be addressed to Italy but to Captain Gabriele D'Annunzio, as "Finme is not Italy; in fact Fiume is fighting against the Italian Government, which together with the other allies, is unable to solve the Adriatic problem after the disavowal of the pact of London."

REPORT THAT NIKOLAI LENINE HAS BEEN PLACED UNDER ARREST

London, Oct. 8.—Advices to Helsingfors, Finland, report that Nikolai Lenine, the Russian Bolsheviki Premier, has been placed under arrest in Moscow, according to the Exchange Telegraph Correspondent at Copenhagen. Lenine is said to have ordered the arrest of Leon Trotsky, the Soviet Minister of War, but failed to secure this and instead was himself taken into custody.

A Reval message forwarded by the same correspondent reports a reign of terror against the Bolsheviki in Moscow has been begun by a revolutionary party. In this movement the Bolsheviki leader, Jacob Peters, is reported to have been killed.

TRUE BILL IN MURDER CASE

Gagetown, Oct. 7.—The Supreme Court opened here today with Judge Crockett presiding. There was one criminal case and also one civil case on the docket. The criminal case is that against Michael Petrofitch, an Austrian, who is charged with the murder of Frank Kaschitz, a German. The crime is alleged to have been committed at Minto some time ago. The case will likely last until Friday.

Several witnesses are to be examined, among whom will be the murdered man's widow. The grand jury was out three hours and returned a true bill against the prisoner.

The petit jury was then chosen and consists of H. W. Scovill, C. A. McKeague, J. H. McDermott, G. Brown, Miles Merritt, Fred Carger, C. Fraser, E. E. Mayes, A. E. Vradenburg, A. Vanwart, J. Vanwart and A. J. Vanwart.

As the prisoner and several of the witnesses cannot speak English, it was necessary to have two interpreters. Attorney General Byrne is appearing for the crown and C. D. Richards, of Fredericton, for the prisoner.

Petrofitch entered a plea of not guilty.

Sub-Inspectors Appointed

Upon the recommendation of Chief Inspector W. D. Wilson the following sub-inspectors have been appointed. D. Austin Kane of Campbellton for Restigouche County; Avin Nevins of Hartland for the Parishes of Northampton and Wakefield, Carleton County; Adam Dickinson for Northumberland County.

IN FAVOR OF DANCING

London, Oct. 8.—London girls are graceful and generally walk better than their brothers, because they are fond of dancing, according to the medical officer of the London County Council.

"Teaching of dancing in the public schools has no doubt greatly helped, if it has not saved the situation in regard to the physical development of London girls," said the medical officer. "The relative absence of flat foot thus brought about is the foundation of that grace of carriage which the typical London girl of the elementary schools exhibits. In the country schools no dancing is taught, nor do the children there enjoy those outside encouragements to an interest in dancing which are characteristic of London life."

The Late F. B. Meagher

Telegraph: Dr. W. S. Carter, superintendent of education for New Brunswick referring to the late F. B. Meagher, school inspector who was buried in Fredericton on Monday, paid a tribute to the excellent work carried out by him during his life time in the interests of education. Dr. Carter said: "He was one of the most experienced school inspectors and progressive educationalists in the province. He was a gentleman always in the best sense of the word and was always popular with the teachers in his district and everyone who was associated with him in his work. His death is greatly regretted and his place will be difficult to fill."
