Fredericton Board Pressing for
Better Train Service on
St. John & Quebec
Railway.

A meeting of the executive of the Fredericton Board of Trade was held last evening to consider several items of importance. The affiliation which was proposed with the Maritime Board of Trade was considered and agreed to. Several important discussions took place.

The executive agreed to affiliate with the Maritime Board of Trade after paying the necessary fee of 15 cents per member. Three delegates J. D. Palmer, Ex-President; J. S. Neill, Ex-President and H. S. Campbell, President were appointed to attend the meeting of the Maritime Board of Trade on the 7th of the present month.

To Cooperate

A motion was introduced and passed that the Fredericton Tourist Association act in conjunction with the All New Brunswick Tourist, Game and Resources Association in interviewing the Provincial Government concerning a grant with which to carry out the work of the organization. The Fredericton Tourist Association will still act as a committee of the Board of Trade at the same time doing all in its power to further the work of the All New Brunswick Tourist, Game, and Resources Association.

A reference was made by the President to vocational work for the returned soldiers. A letter from the Secretary of the Canadian Manufacturers' Association, Maritime Branch, was read advising the members that he hoped to arrange with Mr. G. E. White house the representative of several journals in the British Isles in Canada, to include the Maritime Provinces in his itinerary.

In the matter of the Valley Railway schedule, the President was requested to make further efforts to have the C. N. R. management arrange a better passenger schedule.

Road Signs Needed

Several members of the Board who are enthusiastic motorists urged the great necessity of sign boards at the different branch roads for the benefit of New Brunswickers as well as American tourists and Canadian motorists in the province.

THREE HOUSES DAMAGED BY FIRE ON SHORE ST.

FIRE APPARATUS SLOW
IN RESPONDING

Dwellings Occupied by James
W. Gough, Geo. Bell and
W. Turvey—Outbuildings
Burned.

Fredericton had another fire in its residential district shortly after noon today, which got an excellent start, and was threatening for a time on account of slow response by the fire apparatus. The motor-truck balked at the hose-station and the run was a hard one for the horses the fire being about a mile away. The motor-truck finally got away after some minutes' delay.

Three Dwellings Damaged

Three dwellings adjoining one another were damaged. Mr. James W. Gough is the owner of two of them, one occupied by himself and the other by Mr. George Bell. The other is owned and occupied by Mr. William Turvey. The damage was confined practically to the sheds and outbuildings of the dwellings of Messrs Gough and Bell that of Mr. Turvey being merely scorched. The outbuildings were practically destroyed. The fire got into the rear of the Bell residence but did little damage.

Origin Not Known

The cause of the fire is not known. When first observed it was bursting from a barn which lies at the rear of both the houses owned by Mr. Gough. It had a great start before the first water was put on. After their arrival the firemen worked hard and kept the flames where they started.

Could Not be Avoided

It is reported that the delay of the motor-truck could not be avoided and is the first of the kind which has occurred in a long time. The reserve horse was not used to long runs and made as fast time as it could with the hose-wagon.

Needs Overhauling

That several of the fire alarm boxes as well as the whistle need an overhauling was demonstrated last night when a fire broke out at the Barker House stables. The whistle sounded several times and the alarm was finally given by telephone. The fire was caused by a match being thrown into a stove the pipe of which was unconnected. It did not cause much damage.

Bought for Local Man

St. John Telegraph: W. W. Laskey, of Fredericton, acting, it is understood for a prominent business man in that city, has recently closed a deal for a very fine Boston terrier that was well up among the winners at the recent show at Three Rivers, Quebec, and the dog will probably figure in the forthcoming local show.
