

ELECTORS OF THE CITY OF  
FREDERICTON

Ladies and Gentlemen—  
Having been urged by a large number of citizens to accept nomination, and having my candidature endorsed by the Labor Council, I am offering myself as candidate for Alderman in Queens Ward in the civic contest on Monday, the 10th inst. In accepting this nomination I have given no pledge to the Labor Council, neither have I been asked for any except that if elected I will to the best of my ability oppose any effort that may be made to place the care of the roads and streets in the hands of an independent commission, who will not be directly responsible to the people.

I hereby give you my pledge that if elected I will at all times, as far as I am able, work in and for the best interests of our city. With the end in view of having greater developments in business and of making this a more desirable place of residence, I will oppose at all times anything which in my judgment would bring reproach on the good name of our city.

Soliciting your support, I am  
Very truly yours,  
HAROLD M. YOUNG.

TO THE ELECTORS OF THE  
CITY OF FREDERICTON

Ladies and Gentlemen:—  
After four years as your representative as Alderman for Wellington Ward, and at the solicitation of a large number of ratepayers I am again asking your support for a further term. My record during the past four years is before you and I think that you will agree with me that every vote I have cast at the Council Board during that time has been in the interests of the City at large.

I am strongly in favor of Roads and Streets improvement and will vote for such expenditure as may be consistent but will do so only from the standpoint that the work be performed and expenditure made under the control and direction of the City Council and not a Commission.

I respectfully ask your support next Monday, 10th inst. and will promise, should I be elected, to endeavor in every way to further the interests of the City of Fredericton at large.

Yours faithfully,  
JUDSON BARKER

## ELECTION CARD.

To the Electors of the City of  
Fredericton.

Ladies and Gentlemen:—  
At the urgent request of a large number of influential ratepayers I have consented to be a candidate for the office of Alderman for Carleton Ward, and respectfully solicit your support at the election on the tenth instant. Great problems now confront the city in matters relating to reconstruction, and much will be expected of the City Council during the next two years.

I favor progressive Civic Government, but at the same time believe that prudence, economy and moderation should be exercised in all matters pertaining to public expenditures. I pledge myself if elected to do my utmost to safeguard your interests and will labor unceasingly to promote the industrial progress of the city, and will assure you that my influence will ever be directed towards having the burden of taxation made as fair and equitable as possible.

Yours very truly,  
C. C. CAMP,  
Fredericton, March 4th, 1919.

TO THE ELECTORS OF THE  
CITY OF FREDERICTON

Ladies and Gentlemen:—  
Being a candidate for the office of Alderman in the civic election on Monday, the 10th inst., and as it will be impossible for me to call upon all the electors before that date, I take this public means of asking your support.

During the three years I have had the honor of representing your interests at the Council Board, I have at all time striven to exercise my best judgment in all matters pertaining to the welfare of the City of Fredericton and if returned I feel, with the experience I have gained I can serve your interests with greater efficiency.

I believe it necessary for the city to have a permanent road policy as the most effective means of saving thousands of dollars wasted each year under the old system. I believe in engaging an engineer who is conversant with the building and maintaining of good roads. I believe that there should be a revaluation of all properties, thereby making the taxes more equitable for all, and that advantage should be taken of the act for the better housing of the workmen.

Thanking you in advance for your support, I am  
Your obedient servant,  
D. J. SHEA.

TO THE CITIZENS OF  
FREDERICTON

Ladies and Gentlemen—  
We, the Fredericton Labor Council, wish to correct a rumor to the effect that we are against the proposed \$200,000 expenditure for permanent streets for the city.

We wish to make ourselves clear on the matter and make the following statement:

We, the Fredericton Labor Council wish to put ourselves on record as being in favor of better streets for the city, and the proposed \$200,000 expenditure for said purpose, but we are not in favor of having this expenditure placed in the hands of an independent commission. For this reason we are endorsing the candidature of Judson Barker, W. A. Walsh and Harold M. Young for Aldermen in the approaching civic elections; and would ask your support for these candidates.

HARRY RYAN, Pres.  
J. D. LEGERE, Secy.

TO THE ELECTORS OF THE  
CITY OF FREDERICTON

Ladies and Gentlemen—  
In response to a request of a delegation of representative ratepayers of this city, I have agreed to have my name placed in nomination for Alderman for Carleton Ward, at the election on Monday next to fill the vacancy caused by the retirement of Alderman Joseph Walker, and I would respectfully ask for your support, assuring you that if elected I will have at heart the interests of the city of its birth in every movement which is for its advancement and prosperity.

Respectfully yours,  
W. A. WALSH,  
Fredericton, N. B., March 5, 1919.

TO ELECTORS OF CITY OF  
FREDERICTON

Ladies and Gentlemen—  
At the request of a number of ratepayers I have allowed my name to be put in nomination for Alderman in Wellington Ward, and would respectfully solicit your support at the polls on Monday, March 10th.

Yours respectfully,  
R. B. VANDINE.

## CITY ELECTION

The annual Election for Mayor and Aldermen for the City of Fredericton will be held on

MONDAY, MARCH 10, 1919

Polling Places—At the City Hall for Division No. 1, and at the County Court House for Division No. 2—will open at 9 o'clock a. m. and close at 4 o'clock p. m. the said day.

## HOW TO VOTE.

The voter shall use the official ballot paper and shall strike out or mark through with a pencil of black lead, or a pen with black or blue-black ink, the names of all except the name of the candidate or the names of the candidates for whom he wishes to vote, and a ballot so marked, if otherwise good, shall be counted.

Not more than one elector shall at any one time enter the polling place, and such elector, upon entering, shall declare his name, surname and addition, and if the name of such elector is found on the list of voters, he shall receive from the presiding officer an unopened envelope, on the back of which the presiding officer shall write with a pencil of black lead or with pen and ink, his initials, in the presence of the voter.

The elector, on receiving the envelope, shall forthwith proceed within the screened compartment, and shall there, having marked his ballot, or, having previously done so, replace his ballot within the envelope handed to him by the presiding officer, and shall, without any delay, hand the envelope containing his ballot, unsealed, to the presiding officer, who shall ascertain by examining his initials that it is the same with which he has furnished the voter, and if so satisfied shall immediately and in the presence of the voter, place the envelope containing the ballot in the ballot box, and the voter shall immediately leave the polling place. No such ballot shall be received by the presiding officer until the voter has proceeded to the screened compartment within the polling place, and while there placed his ballot in the envelope furnished him by the presiding officer.

The poll clerk shall, under the direction of the presiding officer, then enter the name of the voter on the check list.

MAMMA! DON'T YOU  
SEE YOUR CHILD IS  
SICK, CONSTIPATED

Look at tongue! Move poisons from liver and bowels at once.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a small bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Co."

The bachelor members of the Legislature were all successful in dodging Cupid during recess.

Dip old gloves into hot linseed oil, then wear them to do housework. The oil renders them waterproof and makes them a good substitute for rubber gloves.

When mixing a cake measure the flour after sifting it, then take out a heaping teaspoonful and substitute corn starch. You will then not require so much shortening and your cake will be tender and light. It is especially good in a "sponge" cake.

AN EXCELLENT SPEECH BY  
SECONDER OF THE ADDRESS

Mr. J. G. Robichaud Refers to the Stirring Events of the Past

Year—Many Useful Lives Snuffed Out by Spanish Influenza—Graceful Tribute to Sir Wilfrid Laurier—The Railway Situation in Gloucester Discussed—Attractions of the North Shore Pictured.

The following is the official report of the admirable speech delivered in the House on Thursday by Mr. John G. Robichaud of Gloucester, who seconded the address.

MR. ROBICHAUD in seconding the address said:

It affords me much pleasure, Mr. Speaker, to second from my place on the floors of this House the motion my hon. friend from the County of Kent, I believe it is my duty to offer the hon. member my most sincere congratulations on the very able manner in which he has acquitted himself. I am more than thankful to the Premier and to the Government of this Province for the honor they have conferred upon me and the County which I have the honor to represent, but I am only sorry that my inability and inexperience as a parliamentarian render it almost impossible to fulfill this delicate duty in a manner fit for the occasion.

We are meeting today to transact the business of this Province, after a year's recess, filled with events more significant with changes, more radical and with more intermingling of joys and sorrows than can be attributed to any one year in the history of this Province.

Twelve months since, everyone within reach of my voice, every faithful citizen of Canada, every loyal subject of the allied powers was receiving with sorrowful anxiety tidings of what seemed to be the success of German arms. But, Sir, at the time of that great crisis, we rightly and justly entertained the best of hopes, we had full faith in the collective and highly patriotic efforts of the Allied Forces, we had faith in the passionate mettle of the French Politi and the steadfast valour of our Tommies. We had everything to hope from our fresh and vigorous ally to the South and above all we had the fullest confidence in the hero of so many victories—Marshal Foch. Our hopes have been realized, our confidence has been justified and today, Sir, we meet with hearts rejoiced at the thought that the world's greatest conflict has come to an end and that for us the end has been a glorious one. But, Sir, in the midst of these rejoicings the Province mourns many useful lives. Hardly a home within the precinct of this province, but one vacant chair is there. Besides the toll of the bloody fields drain was made on the population of this province by the dread disease known as "Spanish Influenza". Numer-

ous mothers and fathers, devoted wives and husbands have disappeared men engaged in useful occupations have been removed from the scene of life. The medical fraternity has lost some of its distinguished members. The pulpit has also lost some of its brightest ornaments, including a former Chaplain of this Legislature, the late Rev. J. E. Wilson, and many other young and vigorous ministers of the church, who have fallen martyrs to their sacred calling. It is really pathetic to note how our people have borne those afflictions with an unlimited degree of fortitude.

## Congratulates Speaker

It is with great pleasure Mr. Speaker, that I take this my first opportunity to tender to you my heartiest congratulations on your elevation to the Speaker's chair. It is certainly a pleasure to me to see you in your new sphere of action. Knowing as I do your integrity as a public man, your sturdy independence, your keen vision and broadness of mind, I am convinced that your selection for the honourable and dignified position has been a judicious one and will meet with the cordial approval of all classes. I sincerely express the hopes that your duties as our Chief Commoner will be most agreeable to you.

## Governor General's Visit

Reference has been made to the visit to our Province of His Excellency the Governor General and Prince Arthur of Connaught, son of a former honored Governor-General, the visit of a member of the Royal Family of a descendant of this dynasty of Kings which has seen the magic growth of the greatest empire that has ever existed, an empire greater

MR. J. G. ROBICHAUD,  
Secunder of the Address.

than that of Alexander, greater than Imperial Rome. It is with greatest pride that all races today under the British flag, from the balmy shores of India to the ice-bound coast of Alaska, proclaim themselves as true British subjects. The Romans of old were no prouder than we, when they so boasted, "Ego sum civis Romanus!"—I am a Roman Citizen.

The visit of the Governor-General was certainly a great honor to New Brunswick,—it came to us at a time when every heart rejoiced at the great victories of the Allies over our enemy more dreaded for its propaganda and culture of power against righteousness than for its strength of arms. This visit has given us a splendid opportunity to manifest our loyalty to the Crown and it remains to be hoped that our most distinguished visitors have carried with them favourable impressions of the reception they have received from the Province and its people.

## Tribute to Sir Wilfrid

Of the great events occurring since the prorogation of this Legislature last year is one which certainly deserves special mention,—it is, Sir, with unanimous expressions of affection and admiration that all Canada mourns today the death of its most illustrious son,—the Right Hon. Sir Wilfrid Laurier. Few deaths have occurred in Canada which have caused regret more general and more sincere. Admired by his political opponents and idolized by his followers, he was invariably spoken of by all parties in terms of respect. His love for Canada was the strongest motive operating in his career. His death removes from the scene of life a figure standing high in the history of our country, and his name will go down to posterity coupled with that of Sir John Macdonald.

The Women's Franchise Bill as proposed by the Government, shall, I hope, meet with the approval of the citizens of this Province. The great part played by women during the war has more than once proven that women's energy and wisdom, if taken in the right light, can be of great help to British institutions. Great care, how-

"For three years, I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist, who carefully examined me and gave me several tonics to take, which did not help me. Then he told me I must undergo an operation. This, I refused to permit.

I heard about 'Fruit-a-tives' and the wonderful results it was giving because this medicine is made from fruit juices, so decided to try it.

The first box gave great relief; and I continued the treatment, taking six boxes more. Now, my health is excellent—I am free of pain and swelling—and I give 'Fruit-a-tives' my warmest thanks'.

ever will be exercised in the enactment of a law providing for such a radical change in our Franchise Act and I have the fullest confidence in the Government of this Province in this respect.

I was very much pleased, Mr. Speaker, to note that a commission, appointed last year to co-operate with the Conservation Commission of Canada to investigate the Water Powers of this Province, will report the result of their inquiries and that legislation looking into the development of this important natural resource will be introduced during the present session. New Brunswick is richly blessed in water power and in this respect the County of Gloucester, which I have the honor to represent, takes second place to none. I hope the day is not far distant when the Great Falls of the Nepisiquit River will be harnessed and furnish power and light for the betterment of our industries and life in the northern section of the Province.

## Greater Production

I also take it as a duty to congratulate the Government, and more particularly the Honorable Minister of Agriculture and his Staff, on the wonderful showing made in New Brunswick last year in the campaign of Greater Production. The organization for the purchase and distribution of seed was an excellent one and brought very satisfactory results. In the matter of wheat production, a record was established for the Province in an output of one million bushels. In my own country of Gloucester, farmers responded most nobly to the call. So great was the yield that all grist mills in the County, (many of which had been idle for years) have been kept busy turning the high priced product into flour.

## The Caraque Railway

I share the regret expressed in His Honor's speech that owners of the Caraque & Gulf Shore and Kent Northern Railways have failed to come to an agreement with the Federal Government for the taking over and operating of their line as part of the Canadian National System.

In the County which I have the honor to represent, a branch line has been in operation for over thirty years. The service rendered has attained a point where it has become a peril to

A SLUGGISH LIVER  
Severe Headaches  
CAUSED

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

Healthy bile in sufficient quantity is Nature's provision to secure regular action of the bowels and when the liver is sluggish it is not working properly, and does not manufacture enough bile to thoroughly act on the bowels and carry off the waste products from the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in, followed by sick and bilious headaches coated tongue, bad breath, heartburn, water brash, bad taste in the mouth in the morning, jaundice, floating specks before the eyes, etc.

Miss Dian Clark, Myer's Cave, Ont. writes:—"I take pleasure in writing you concerning the good I have received by using Milburn's Laxa-Liver Pills for a sluggish liver. When my liver got bad I would have severe headaches, but I got better after I had used a couple of vials of your pills."

Milburn's Laxa-Liver Pills gently unlock the secretion, clear away all waste and effete matter by acting directly on the liver and make the bile pass through the bowels instead of allowing it to get into the blood.

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
