CANADIAN TROOPS IN RIOTS AT KIMMEL PARK, WALES

Many Killed and Wounded—Number Uncertain—Report That New Brunswick Major was Trampled to Death is Denied—Foreign Element and Civilians Active in Trouble—Delay in Return to Canada Assigned as Cause of Riots.

London March 7—From eight to twenty-seven persons are estimated to have been killed and from twenty-five to seventy-three wounded in rioting during the past three days at the Kimmel military camp at Rhyll, Wales, according to a Liverpool despatch received here tonight. Great property damage was caused, the despatch adds. According to latest reports from Liverpool the riot started by about two hundred malcontents. There were 25,000 Canadians in the camp awaiting demobilization and embarkation. The men who caused the trouble were war casualties who had served for three years or more in France. They complained that their embarkation had been postponed while other men who had seen less service were sent home.

Cavalry Called Out

After the destruction of stores of all kinds on Tuesday by the discontented men, the situation took a more serious turn on Wednesday when the cavalry was called out but was forbidden to use its arms.

Troops from Chester interposed between the rioters in their march upon Abergele, near Rhyll and also prevented a threatened raid on the latter place. Five men were killed and forty injured in the course of this fighting it is reported.

There was further promiscuous shooting early Thursday morning, but at no time was there organized firing by any armed party. Most of the deaths were due to crushing it is said. An unnamed major holding the Victoria Cross and believed to be from New Brunswick, is reported to have been virtually trampled to death while attempting to defend the officers' quarters against great odds.

None But Canadians

The Daily Mail says that the Canadian authorities restored order without the assistance of British troops and declares that the matter is solely one for Canadian disciplinary action.

The Canadian officials have informed war office that they do not desire any increase in shipping facilities as a consequence of the outbreak as they do not intend to be coerced by the action of the rioters. It is stated that twenty or thirty of the ringleaders, most of foreign extraction, have been arrested by the Canadian authorities, co-operating with the civilian police. It is understood that these men will be brought to London and lodged in the Bow street station.

Wrecked Stores

Later, on Thursday, numbers of the men paraded in Rhyll. They made noisy demonstrations, but committed no damage. The outbreak began Tuesday night with the signal cry, "Come on Bolsheviki," uttered by a man said to belong to the Canadian forces. A large number of men then wrecked the stores building and thousands of loaves of bread were trampled into the mud. The women's auxiliary quarters were then rushed and the women's clothes carried off. The rioters seized stores of ammunition, fired on the officers' quarters and then began a march in the direction of Abergele, but were held up.

A staff officer flew from the war office in London by airplane and addressed the men, undertaking that their grievances regarding demobilization and pay, which caused the outbreak,

should be immediately removed. He declared that ten thousand men would be away by the week after next and that four transports would be placed at the disposal of the colonials.

Deny N. B. Major Killed

London, March 7—In the house of commons this afternoon William Tyson Wilson, M. P. for Lancashire asked Lord Edmund Talbot, representing the government, for a statement regarding the incidents reported at the Kimmel Camp at Rhyll, Wales. Lord Edmund replied that he had no further information.

The gravest view was taken on the news when it reached Canadian headquarters in London. General Turner, chief of staff, went immediately to the Kimmel Camp where he addressed the men, returning to London today.

The Evening Standard says it learns that the Canadian authorities in London this morning estimated that five persons had been killed and nineteen wounded in the rioting. The report that a major with the Victoria Cross had been killed while keeping insubordinate troops from the officers' mess was denied, the newspaper adds.

Shortage of Steamers

London, March 7—Canadian military headquarters in London today issued a statement with reference to the riot by soldiers at Kimmel Park. The statement says the disturbance was entirely due to the delay in getting the men back to Canada. It was impossible to keep the promises given the men, the statement adds, owing to the shortage of vessels to convey them home.

The authorities however, the statement adds, do not regard the rioting as justified and the offenders many of whom already are under arrest, will be vigorously dealt with.

A number of civilians took part in the disturbance, and twelve of these also have been arrested and handed over to the civil authorities.

In the course of the trouble three rioters and two sentries were killed and twenty-one persons were injured, including two officers, according to the statement.

There has been no previous report of rioting at Kimmel Park.
