

TWO LIQUOR CASES BEFORE POLICE COURT

ONE DEPOSIT OF \$200 AND ONE FINE OF \$50

Liquor Shipped to Vendor at Blackville Stolen—Arrest—Made Here When Train Arrived.

Two prohibition cases appeared in the police court this morning before Sitting Magistrate E. Allison McKay and a deposit and fine amounting to \$250 were left behind. Both cases were violations of the Intoxicating Liquor Act of 1916.

Shipment Was Broken Into

This morning a wire was received from Blackville by the liquor inspectors in this city notifying them that a case of liquor which was received at Blackville this morning consigned to a vendor had been broken into and fourteen bottles stolen, and warning them to be on the watch for it. The inspectors awaited the arrival of the train in this city and owing to the watchfulness of Liquor Sub-Inspectors Fraser and Herbert Saunders and Frank Dickinson a man was caught as he was walking off the train with two bottles of liquor. He had one in each side pocket of his raincoat and with the raincoat slung over his arm was walking off when caught. He was arrested by Sub-Inspector Herbert Saunders and taken to the police station by Liquor Sub-Inspector Dickinson. He appeared before the Sitting Magistrate and was fined \$50 and costs.

Made a Deposit

A young man employed by the Dominion Express Company whose safe was searched on Sunday and several bottles of whiskey found in it was arrested last evening on a warrant by the liquor inspectors. He was let go on a deposit of \$200.

KENT COUNTY HUNTER HAD A NARROW ESCAPE

BULLET PASSED BEHIND BACK AND PIERCED ARM

Herbert Dunn Wounded by His Cousin, Charles Beers—Non-Resident Fined for Having No License.

Chief Game Warden L. A. Gagnon who returned last night from an official tour of the eastern section of the province including Kent and Westmorland Counties, learned while away of one of the narrowest escapes in shooting accidents that has been reported this season.

Escaped by Inches

Two residents of Beersville, first cousins, went out the Salmon River Road Saturday, October 11, after the same bull moose which had been reported in that section. Neither knew of the other's presence. One of them, Charles Beers, hearing a noise in the bushes fired twice in quick succession. To his horror he heard a cry and rushing to the spot found that he had shot his cousin Herbert Dunn. One of the bullets had passed behind the small of Dunn's back and completely pierced his left arm which happened to be slightly to the rear. His escape from death was by inches only. Beers dressed the injured man's arm as best he could and helped him home.

The Chief Warden talked with Dunn who bore his cousin no malice, saying that Beers felt so sure that the noise was made by a moose that he fired at once.

Non-Resident Had No License

An unusual instance of violation of the Game Act took place recently near Coles Island, Queen's County, where a non-resident hunter was arrested for hunting without a license. The man, an American, appeared before Magistrate Smith, and was fined fifty dollars and costs.

VICTORY LOAN PUBLICITY IS EXTENDED

J. M. ROBINSON IN THE NASHWAAK SECTION

Boy Scouts Distributing Posters—Canvass of the Country Districts Will be More Thorough.

Dr. D. W. Roberts Secretary of the Victory Loan Campaign of 1919 and his staff are very busily engaged in preparations to further the coming campaign. Canvassers are being put together in teams and as far as possible all those who worked together on last year's Victory Loan Campaign are being put on the same districts this year. A more thorough canvass of the country districts will be made this year than last as more time will be devoted to the work. Mr. J. M. Robinson of St. John organizer of the Provincial Executive of the Victory Loan Campaign was in the Nashwaak section yesterday promoting organization and reports the work there as being very successful.

Advertising Matter

Posters to interest the public in the campaign about to be launched are being sent out today by Dr. Roberts and his staff to the various parts of the surrounding country and will appear in prominent places throughout the country. The posters in this city are being distributed through the generous work of the local Boy Scouts who have come forward to take their share in the work. Even better results are looked for from the public than last year. The quota allotted to this city is \$600,000 but this does not mean that citizens of Fredericton will stop at that. The work for the canvassers promises to be no easy one so the public are asked to co-operate with them in their efforts to make a success of the campaign.

Why the Difference?

Halifax Recorder: The cost of living in Halifax and Fredericton is quite a difference. People who went looking for a turkey for Thanksgiving found a few turkeys for sale, with prices at from 58 to 62 cents per pound. There was only one turkey in the market at Fredericton, but despite that fact, it was sold at 50 cents a pound. At Halifax eggs were sold in the market at 80 and 90 cents and \$1.00, while at Fredericton the price was 60 cents. Moose meat sold at Halifax for 25 and 30 cents a pound, was offered at 8 cents a pound at Fredericton. Chickens were sold at 60 cents a pound; at Fredericton they brought 35 to 40 cents a pound.
