OF INTEREST TO WOMEN

WOMEN IN THE NEWS.

Mrs. Sidney Drew in a Lawsuit—Cut and Dried Evidence Makes Divorce Judge Mad.

Mrs. Lucille McVey Drew, widow of Sidney, has started the fall lawsuit program among the profession by an action for \$25,000 as a matter of vindication and right against the V. B. K. Film Co., and begs the world not to confuse the company with the B. V. D. She says she and her husband starred in a wonderful film and were to receive \$1,500 each and 30 per cent. of the net profits. The picture was made, marketed at a profit of close to \$100,000, but she says the sum she demands still is due. Defence denies. That's what a defence is for. Her counsel spurns anything but the full amount asked.

Mrs. Pauline Lupin didn't get her divorce from Alexander Lupin in her New York case, but her lawyers got what Sherman said was, from the judge, Charles W. Guy, who is a real guy at that. He had just told about receiving the stereotyped telephone message from the hired "investigator" that her husband was in a flat with—when the judge banged his fist and called Horowitz and Hurwitz, her counsel, divorce specialists, to the bar and thusly relieved his ire: "These cases where every one is notified that a man is with a woman in negligence at a certain hour are getting a little raw. Don't have things too conveniently arranged or first thing you know we'll fire a bunch of you out of this court, and you'll stay out. Get your evidence in better shape or a calamity will happen to the divorce calendar." Mrs. Lupin was stunned, but hubby wasn't.

Mrs. Florence Holly has two walking sticks which she says will prove her claim that her husband, Herbert Holly, the New York insurance broker, whose income runs away up in the thousands, smashed them over her back. She is suing for separation and swears he left her and their child in Europe without a nickel. He denies her charges and says when he asked her for a kiss she kicked him. The judge drew some wrinkles on his blotter, asked each a few more questions and then decided about \$500 a month alimony would suffice. Both gasped at the size—from opposite feelings.

Miss Marguerite L. Smith was one of the few women elected to the New York Legislature, chosen by the Republicans at that. She is only 25 and had a laudable war record. She was in charge of Red Cross Auxiliary 56. Although opposed by a colored clergyman, the colored women voted for her "almost to a man" and she won handsily.

HOCKEY LEAGUE FOR PROVINCE IS BEING BOOMED

TWO SECTIONS OF FOUR TEAMS EACH SUGGESTED

Moncton and St. John Must Provide Rinks—North Shore Towns Ready—Marysville Also.

With the Arctic Rink once more in the running everything points toward a successful as well as a brisk hockey season, which Fredericton has not had for some years on account of the war. Hockey enthusiasm is reviving and it looks now as if a very successful season will materialize.

A hockey league of eight teams is proposed in New Brunswick and a team for Fredericton has been selected from many of the old players of that game that still reside here. Marysville as in past years will also take its part in the league as well as St. John Moncton, Chatham, Newcastle, Campbellton and Bathurst. It is being arranged to have the league divided into two sections, the North Shore section and the Lower Province section the winners of each section to play off at the end of the season. The teams in the Northern Section will probably comprise Chatham, Newcastle, Bathurst and Campbellton while that in the lower section will consist of Fredericton, Marysville, St. John and Moncton. Arrangements for rinks in the latter two cities must be made before they can have teams. Interest in the league is already noticeable in this vicinity and in spite of the fact that the Arctic Rink will not be open to the public for some time several of the more active of the Fredericton players are rounding up a team for practice shortly after the rink opens. It is understood that several of the foreign teams which it is proposed will enter into the league have already been communicated with by those interested. A letter from Bathurst was received yesterday expressing a willingness to enter such a proposed league.

A rumor is afloat that Marysville is to have a skating rink this year and should this materialize there is no

U. N. B. TEAM IS SOMEWHAT BATTERED

HARD GAME WITH ACADIA, WILL PRESS PROTEST

"Hump" Campbell and Other Spectators Say Better Team Did Not Win—Played Till the End.

The Rugby team of the University of New Brunswick returned home last night after playing Acadia at Wolfville on Tuesday. Some members of the team show signs of wear and tear. The protest which it was announced would be made on account of the substitution of Simms for Crandall in the Acadia forward line in the second period, will be pressed according to the information given last night. The protest is made on the ground that it gave Acadia a fresh player at a critical time

doubt but what Marysville will come back to old form. In previous years this team has been handicapped by having no rink having to play in Fredericton.

Whether the University of New Brunswick will enter the league is not yet known. U. N. B. should have plenty of material with which to build up a good strong team but probably will confine its activities to intercollegiate games. Some lively winter sport in comparison with that of last year may be expected by hockey fans.

in the game.

The match at Wolfville drew a big crowd, estimated at a couple of thousand people, with U. N. B. the favorite until near the close of the game. Bettors offered two to one on the Red and Black until the second half and could not find takers.

The U. N. B. team saw an old friend at the game in the person of "Hump" Campbell now coaching for Dalhousie who for several years handled the U. N. B. fifteens. "Hump" was not backward in expressing the opinion that the better team did not win. He was at Wolfville to get a line on the play of both the contending teams for the playoff at Truro on Saturday. Dal will meet Acadia as Fate has ordained and it is said that Dalhousie is not as nervous concerning the outcome as it would be if U. N. B. was to go up against the Yellow and Black.

King's College also had a big delegation at the game, which routed for U. N. B. The King's men before and after the game picked the local college as the better team.

The account of the game sent out from Wolfville said that the Red and Black lost heart after the one try was scored against them but the facts belie the statement as the ball was within the Acadia twenty-five yard line when time was called and U. N. B. had the other team defending. The work of the U. N. B. scrimmage was at all times up to the mark although it had been expected that the heavier Acadia team would heel the ball away from it.

Look out for your friends—the neighbors will look in for themselves. Contempt of caught is more prevalent than contempt of court.

Lower Queensbury

Lower Queensbury, Nov. 10—The weather for the past few days has been very cold and unsettled.

Mr. Alfred Rosborough has been pressing hay here for some of the farmers.

Mr. Guy Cliff just got home from Macnaquac where he has been threshing. He is through for this season.

Miss Viola Gunter is teaching the school here this term.

Miss Edith Hood has the school at Lower Line Queensbury this term.

The Ladies' Aid and Sewing Circle met at Mrs. Frank Joslin's this week on account of the storm they did not meet until Friday afternoon.

The boys of this place are in the woods, but are working near their homes as there are different operators putting in lumber near this place.

Teams were hauling potatoes last week to Kingclear. Cars were loaded there at three dollars a barrel.

Mrs. Jane Ferguson returned home last Friday. She had been visiting at Bear Island.

Hedley Moore made a flying trip to Fredericton last Wednesday in his car in spite of the storm.

The chaps, born with silver spoons in their mouths are noted chiefly for their brass.

Red Rose Coffee is as generously good as Red Rose Tea

ONLY an artist can blend colors to match the beautiful Red Rose.

Blending teas is even more difficult.

It requires expert knowledge and a highly cultivated sense of taste to select teas from many different gardens and produce a uniform blend day after day.

Only the largest companies can afford to employ men who are expert tea tasters and blenders.

Red Rose Tea is an example of the fine art of tea blending, more than a dozen varieties of choice teas being used—principally rich, strong, full-flavored ASSAMS.

Its delightful and distinctive flavor is exclusive to Red Rose, And its rich strength means economy in your tea pot.

Try a sealed package of this expert blend.

RED ROSE

TEA "is good tea"

When you buy Postum you know its price and are sure of its quality.

Market fluctuations do not influence it, and there's a standard in flavor that does not change.

There are additional reasons why so many tea and coffee drinkers are changing to
