FOREIGN MISSIONS THE FEATURE OF WEDNESDAY NIGHT'S SESSION MARITIME PRESBYTERIAN SYNOD

Pine Hill Alumni Held Annual Dinner Last Night—Rev. F. H. Thompson, President, and Rev. R. B. Layton Secretary—Native Korean Missionaries Heard—Problems of British Guiana and Trinidad Fields Presented—Special Information Concerning War Work of Chinese Coolies.

Following the conclusion of Wednesday afternoon's session of the synod, the annual banquet for the alumni of Pine Hill College was held in the gymnasium of the Fraser Memorial Hall with about three hundred members in attendance. The officers elected were as follows: President, Rev. F. H. Thompson, Secretary Treasurer R. B. Layton. Rev. A. D. Campbell of Sydney, presided at the evening meeting and the financial report showed the balance on hand to be \$1200 of which the members voted \$300 for the purchase of Victory Bonds. Addresses were heard from The Moderator Rev. James Ross, Principal McKinnon, Rev. Dr. H. A. Kent of Pine Hill College, Halifax, President A. S. McKenzie of Dalhousie University, Rev. E. A. Armstrong representing Knox College, Toronto, Dr. G. C. Robertson of Mon-G. M. Ross of Honan.

The Wednesday evening session was featured by special attention to missions. The program was mostly addresses and appeals for help from the various different branches of the church. Addresses were given by Mr. Kang and by Dr. Cho touching on the foreign missions in Korea. The former who is unable to speak English gave his address in the Korean tongue and this was translated by Dr. Cho into English. Addresses were also heard from Mr. Charles Pugsley on the mission work in British Guiana. Dr. Coffyn on the work in Trinidad, Dr. A. E. Armstrong on Korea and Rev. George M. Ross on Chinese Labor and the work in the Chinese Mission.

Foreign Missions

The Wednesday evening session of the Maritime Presbyterian Synod opened with the usual religious exercises following which Rev. A. H. Campbell of Sydney offered prayer. This was followed by a trio by three members of the synod. Rev. G. E. Forbes of Pictou delivered the Foreign Missions Report in a short address. The motion to adopt was seconded by Rev. J. A. McGlachen of Dartmouth and carried. Rev. Mr. Forbes then proceeded with a short explanation calling upon Mr. Kang and Mr. Cho to tell of the Korean life. Both these young gentlemen are natives of Korea, the former told his story in his native tongue while the latter, who is an assistant to Rev. M. J. McPherson of Stanley, translated. Mr. Cho then gave a short address as an explanation making a splendid appeal for the Korean people.

British Guiana

Mr. Chester Pugsley who has been for some time a missionary to the tropics delivered a splendid appeal for the tropical country of British Guiana. He said the country is to a certain extent unhealthy. Three races are represented by negroes, native Indians and Asiatic Indians of whom about 150,000 are inhabitants. Their religions are Hinduism and Mohammedanism. The Government maintains a system of schools but the system is mainly in the hands of the blacks and is therefore very poor, the government having but one secondary school in its direct charge.

"We began our duties" said the speaker "with eighteen pupils. Children gathered and with \$800 we built a suitable school which soon became too small. As a result of this a voluntary public subscription amounting to \$1,000 was raised for a new school.

There are many problems to be solved and we call your attention to this fact asking for your voluntary cooperation in adding us to establish Christianity as the supreme religion in that country. We need men! We need money. Will you help us overcome many of the challenges that have been thrown at us?"

Trinidad Field

Rev. Dr. Coffyn missionary to Trinidad was next heard from delivering a brief address on the educational work of the mission in Trinidad which he said had been less influenced in its operations by the Great War than any other mission field but still presented new conditions and new problems to conquer. Dr. Coffyn referred to the advanced cost of living in that mission field and stated that the majority of the people of the land were suffering cruel hardships. Expenses in the mission fields have increased and how would it be possible to meet the advance of the times and keep up our splendid past history. Another problem is the confederation of about one dozen colonies. Another problem is that regarding closer economic and

political relations to Canada. The churches of the Old Country are almost through with their operations in this hemisphere and the duty of the Presbyterian Church in Canada is pointed out plainly. The most pressing problem is the cessation of Indian Immigration to these countries. Missions must adapt themselves rapidly to changed conditions and need help in men and women and in money and supplies. The educational work is characterized by the religious element and people at home are apt to forget that. With the missions education is religion. Five sevenths of the total number of young people in Presbyterian missions in the world are at Trinidad. A general improvement due to the educational system is easily observable among the mass of the people out of which it can be hoped to build a self-governing church of which the Church in Canada will be exceedingly proud. Today in Trinidad the mission has 70 schools with 300 teachers who will compare well with even the teachers of Canada. Dr. Coffyn closed with a stirring plea for teachers, helpers and funds for the work.

Far Eastern Field

Dr. A. E. Armstrong who has spent some nine months among the mission fields of China then gave a description of the work carried on there by the teachers and ministers. The speaker emphasized the high quality of the Christians in Formosa, Korea and other fields and closed with an appeal for young men and women to give their lives in the guidance of these people to Christ. Korea has the Theological Seminary possessing the greatest attendance in the world. For some idea of the enormity of the work in the foreign fields one might consider the fact that in Honan there are eight millions of people who will hear from no other missionaries than Presbyterian because no other denomination has missionaries in that field. The speaker referred much to the state in general of the country and the conditions met with. Illustrations observed by himself and the missionaries show that the Chinese people are anxious to learn. Their generosity can not be judged as the Chinese give money and then ask what it is for. They do everything backward as is customary with the Chinese people. The country is gradually awakening to the good results of Christianity and merchants and others offer to attend the Bible classes if they could be taught the teachings of the Bible in Chinese only. Miss Bonnar of this city is under appointment to Chakee and will leave shortly to labor there.

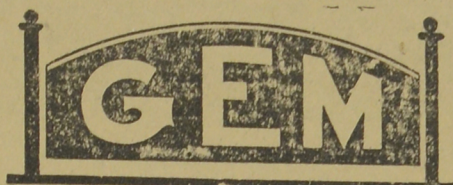

Chinese Labor in France

Rev. George M. Ross whom the British Government brought from Honan China to France to help handle over one hundred thousand coolies next was heard. These men were volunteers who went to France on a three years' contract being recruited by Missionaries. The Chinese government was chary concerning the coolies' departure for the "barbaric West". Some hundreds of thousands of them volunteered but only one hundred thousand were accepted as A. Class men. It proved absolutely necessary that many missionaries should accompany them in their trip as they understood the Korean tongue and could keep the morals of the men from being destroyed. Justice was another reason for which the missionaries accompanied the natives. The preservation of these men from the perils of Western civilization was another motive that inspired the missionaries. The speaker referred to the trials and many troubles that he and his brother missionaries had met with in their work of preaching the gospel. General French remarked of the Chinese labor that its results could be observed anywhere. They will die for any one who will treat them with proper respect and lead them in their duties. Chinese coolies have become known for the many brave actions which they have performed. After this address the meeting adjourned.

Reappointed to School Board

Dr. G. C. VanWart has been reappointed chairman of the Fredericton School Board term to expire June 30, 1923; Dr. W. C. Crockett, M. P. P. has been reappointed a member, term to expire June 30, 1921; Mrs. Mary Cox has been reappointed a member, term to expire June 30, 1922.

It is often difficult to get an amateur to the piano; but once there something desperate must be done to get her to leave it.
