TRAFFIC IN CALIFORNIA PARALYZED BY A STRIKE

Trainmen Quit Work in Sympathy With Platform Men of the Pacific Electric Company—Traffic to Texas and Arizona Points is Blocked—Railway Shopmen Want Wage Increase of 75 Per Cent.

Los Angeles, Calif., Aug. 25.—Traffic on the four railroads entering Los Angeles was virtually paralyzed today by the strike of trainmen who quit their posts last week in sympathy with the platform men of the Pacific Electric Company, which operates interurban systems in Southern California.

The strike situation was further complicated early today by the switchmen and brakemen of the Southern Pacific Railroad at Indio, Calif., walking out in sympathy with the members of the Brotherhoods in the other Southern California cities. This action effectually blocks all traffic to Texas and Arizona points.

Must Obey Contracts
Instructions to carry out their contracts were sent to members of the Firemen's, Trainmen's and Engineers' Brotherhoods on the Pacific coast late today, according to Warren S. Stone, head of the Locomotive Engineers.

"We have instructed our members to perform their usual duties and carry out their contracts," said Mr. Stone, "but, under no circumstances, to do the work or take the place of strikers. Neither will they be required to work if their life is endangered through mob violence."

Wilson Explains Situation
Washington, Aug. 25.—Pointing to the shopmen's argument that an in-

crease of wages was necessary in order to meet the high cost of living, the President said the workers' demands, in effect, that we make an increase in wages, which were likely to be permanent, in order to meet a temporary situation, which will last nobody can tell how long, but, in all probability, only for a limited time.

The President's statement said, "it was neither wise or feasible to care for increases of wages of railroad employees at this time by increases in freight rates."

25 Per Cent Increase
The shopmen ask for a 25 per cent. increase on their basic pay of 68 cents an hour. This increase would have amounted to 17 cents per hour, where as the proposal of the President would give them four cents an hour, or forty cents a day more than the workers now receive.

The President, coincident with his statement to the shopmen's representatives, addressed a statement to the public advising the nation of the situation and the basis of his action. The four cent an hour increase proposed in the President's statement represents a readjustment of shopmen's wages to their pay on the same basis as other railroad workers, that is on the ten hour pay and eight hour work basis, and accordingly is not in the strict sense an increase in wages.

THE NOVITIATE ENQUIRY IS POSTPONED

Ottawa, Aug. 25.—After a brief sitting occupied largely in the discussion of preliminaries, the royal commission constituted to investigate the charges of Rev. Kennedy H. Palmer and Sir Sam Hughes, relating to the Guelph Novitiate, adjourned to meet again in Ottawa on September 8th.

Mr. T. R. Ferguson, the Toronto lawyer representing Rev. Mr. Palmer, was unable to proceed at once with the inquiry because the witnesses he proposed to call were not present.

It was suggested that future sittings might be held in London or Guelph, but it was finally decided to meet again in Ottawa.

There were but few people in the supreme court room when the inquiry opened. Sir Sam Hughes was present in his own behalf, he said.

FOUR FIREMEN WERE INJURED

Montreal, Aug. 26.—Four firemen were injured and one of them, A. Charameda, 27 years of age, is in a critical condition from severe internal injuries in a fire which occurred early this morning in the lumber yards of J. P. Belladeau at the corner of Ontario and Parthenais streets.

A ladder was placed on one of the piles of lumber and as the four men mounted with their hose the wood began to slide, and fell with a crash. The ladder fell on top of the lumber and the men were thrown in all directions. The yards were partially destroyed, causing damage roughly estimated at \$25,000.

FOREIGNERS START RIOT AT BRIDGEPORT

Bridgeport, Conn., Aug. 26.—Police and Firemen late last night dispersed a mob which they estimated at 4,000 persons following two hours of disorder and rioting in which bricks and stones were the chief weapons. Three firemen were injured and Police reported four arrests.

The trouble began when three Policemen ordered a meeting of about 1,000 persons, for which no permit had been issued, to leave a hall in a Hungarian section in the west end of the city. According to the police I. W. W. and Socialist agitators were directing the meeting. The crowd left the hall, but gathered on a street nearby and listened to more speeches, most of which were made in foreign tongues. The three policemen again broke up the meeting. A few minutes later, the crowd marched yelling and singing back toward the hall. When the mob started to smash in the doors of hall a call for police reserves and firemen was sent in.

Taking Down Signs
Shopkeepers and others with projecting signs have been very busily engaged during the last few days in taking down their signs as ordered by the City Council through the local police at their last meeting. A good deal of indignation is being expressed by those taking down the signs but they are conforming to the law at the same time.
