**BIG DRIVE BY SALVATION ARMY FOR A MILLION**

Army Spent Two Million in War Activities but So Far Has Made No Appeal for Help.

The Salvation Army is about to launch a campaign to raise one million dollars for war and demobilization purposes.

The Duke of Devonshire, Governor General of Canada; Sir Robert Borden, Sir William Hearst, Sir Wilfrid Laurier and many other prominent citizens, have endorsed the scheme, and strong committees have been organized for the purpose of boosting the objective.

The money-getting campaign will be from January 19 to 25.

The Salvation Army intends to use the money for three purposes:

1. To establish hostels for returned soldiers who are discharged and in need until they are absorbed into industrial life.
2. To provide emergency receiving and maternity homes for soldiers' wives, widows and dependent children in need.
3. To continue during demobilization in England and France the equipments and comforts already provided by the Salvation Army for the Canadian soldiers overseas.

The Canadian public is entitled to know what claim the Salvation Army has for monetary assistance.

In the first place, the Army has spent \$2,000,000 in war activities.

Here is a summary of some of the operations of the Army directly connected with the war:

Forty rest rooms, equipped with papers, magazines, writing materials, etc., for the use of soldiers.

Forty-five motor-ambulances in France, manned by Salvationists.

Ninety-six hotels for use of soldiers and sailors. These are located in France, England and Canada. The Army plans a wide extension of its string of hostels in Canada.

One hundred and ninety-seven huts at soldiers' camps. These are used for religious and social gatherings, and at these huts the fighting men are able to buy what extras they require in the nature of "eats" at the very lowest rates.

Seven hundred and sixty-one Salvation Army officers and members devote their whole time to work at the front.

Twenty-one hundred war widows in the care of the Army, besides two hundred and ninety-eight war orphans.

One hundred thousand wounded soldiers taken from battlefields in the Salvation Army ambulances.

These are but a few of the things that are seen and recorded. There are many other activities which count for the S. A. but which cannot be put down in printed form.

In getting the boys back to civil life the Salvation Army has much to do. A vast amount of money will be required. One million dollars will not be too much.

**CHILDREN'S AID SOCIETY ASSISTED BY THE COUNCIL**

Grant of \$250 Voted and Warden Hallett Donated the Expenses of the Warden's Dinner, Which is Dispensed With—Adjustment of Losses on Sheep Killed by Dogs Again Discussed—Coun. R. Graham Makes Statement re Printing of By-Laws in Time of Former Council.

The Children's Aid Society of Fredericton received substantial assistance from the Municipal Council of York County yesterday, a grant of \$250 being voted after an appeal by Dr. W. C. Keirstead and R. B. Wallace, and Warden Hallett donating to the Society the sum by custom devoted to the Warden's dinner which will not be held this year.

The matter of adjusting the claims for sheep killed by dogs was discussed again but no definite conclusion reached. The establishment of a modern flour-mill by the Pinder Milling Company at Pinder as a result of the provincial government's policy of bonusing flour-mills was mentioned by Coun. Stairs.

The council also discussed the publication of a new copy of the by-laws but no action was taken.

**Thursday Afternoon**

The council resumed business at 3 p. m. Thursday.

Dr. W. C. Keirstead in behalf of the Children's Aid Society, appeared before the council and delivered an address. The war, he said, had done much to develop the sense of kinship and to show the necessity of caring for the children of any community. The Children's Aid Society was incorporated under provincial enactment. The Society had taken care of children who were parentless or destitute or living in conditions of vice.

He asked for support and cooperation—not necessarily financial. The Society was not providing servant girls for pennurious people or cheap labor of any kind but it was seeking good homes for the children which came under its care. The placing of children was one of the most important duties and the recommendation of a good home was a serious undertaking. Dr. Keirstead referred to the fact that the County Solicitor Mr. C. D. Richards also was Solicitor of the Society. For his services in that connection his reward was the same as that of the other members of the Society the feeling of being a big brother of these unfortunate children. (Applause.)

**R. B. Wallace**

Mr. R. B. Wallace followed Dr. Keirstead and made a brief appeal. He outlined the work of the society and said it hardly was necessary to emphasize it as the occurrences of the past four years had shown how important the work was. He mentioned the fact that through the generosity of the Messrs Fraser a building was available as a home for the children under the care of the Society. There were expenses however, for a matron and maintenance. Grants were received from the City of Fredericton and other sources. During the year some forty children had been cared for.

On the motion of Coun. Alex. Brewer a grant of \$250 was voted the society.

**Dog Tax Fund Again**

Coun. Robert Graham again brought up the matter of appointing the third member of the parish committees for the appraisal of the losses of sheep and urged that they be classed as parish officers.

No action was taken in the matter. Coun. Inch moved a resolution that henceforth the parish committees act but that any decision be subject to revision by a committee of the whole council or by a committee appointed by it for the purpose, but that this provision do not apply to claims made in 1918.

Coun. Alex. Brewer asked if the presentation of a sworn affidavit would not be considered as equivalent to a personal appearance by a claimant.

County Solicitor Richards gave an opinion that it could not be considered equivalent of such appearance.

Coun. Inch's motion was defeated.

**Marysville Valuation**

Coun. Walker moved a resolution to the effect that the county valuers would not interfere with any fixed valuation on the pulp-mill proposed to be erected by the Nashwaak Pulp & Paper Company in Marysville.

**The resolution was passed.****Flour Mill Established**

Coun. Stairs announced that under the policy of bonusing by the provincial government a first class flour-mill had been established at Pinder. A committee of the council had waited

on the Minister of Agriculture in connection with this matter and he had acted in accordance with what he promised. The matter of a mill at Boiestown also had been taken up but he did not know what the result had been.

Coun. Pond explained that the company at Boiestown which owned the mill refused to act with the government in the matter of installing a modern flour mill.

**Publication of By-laws**

Coun. Everett referred to the pressing necessity of a revision of the by-laws and their publication in one volume.

There was considerable discussion on the question.

Coun. Robert Graham said that the existing volume of by-laws was a shame to the old council and not to the present council. He wished to let the dead rest but he felt he must make a statement as chairman of the Printing Committee he had asked the former Secretary Treasurer how many books would be required and of how many pages. The reply was 2,500 books of 230 pages, more or less. The speaker said he had come to the council determined to do his duty by his constituents without any political bias. The Mail Printing Company was given the work and when the book was printed the late Secretary Treasurer had turned in copy for a book of only 78 pages. The volume contained no extract from the Consolidated Statutes as it should have. As chairman of the Printing Committee he had been the target for attacks because the contract had not been let by the page. Those attacks were deviated because he had not permitted himself to be led by a string.

A motion of Coun. Pond that a new edition of the by-laws be presented was withdrawn for subsequent action.

Coun. Cowperthwaite asked if there was any law to prevent snowshoeing on the roads in the winter time. The matter had arisen in the Parish of St. Mary's where some persons indulged in the practise and said that there was nothing to prevent it.

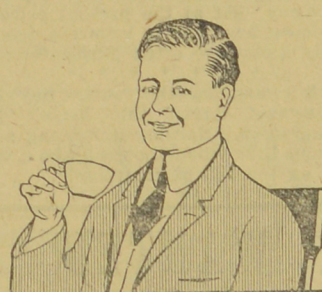

The County Solicitor replied that he knew of no law to prevent it.

**No Warden's Dinner**

Warden Hallett announced that the customary Warden's dinner would not be held and instead he proposed to donate the money which is expended on it to the Children's Aid Society. The announcement was received with three cheers.

Parish assessments were passed as follows:

**Kingsclear**  
Support of Poor ..... \$400.00  
Parish Clerk ..... 8.00

**The Truth**

is sometimes painful. For instance when the doctor says one must give up the dearly loved cup of tea or coffee.

Happiness follows however when one finds out how delicious and health making is the pure cereal drink

**INSTANT POSTUM.**

**"I HAVE PROVED"**

Zam-Buk invaluable for eczema, both in the case of my baby and myself," says Mrs. L. Bonin of West Arichat, N.S. She adds: "Baby's skin was badly broken out, but repeated applications of Zam-Buk entirely cured it."

"In my own case, I had eczema on my hands, which made it very inconvenient for me to do my housework. Particularly was this so, as it aggravated the trouble so to put my hands in water. By using Zam-Buk, however, I soon got relief, and it was not very long before every trace of the trouble had disappeared. I really think no home should be without Zam-Buk."

Zam-Buk is equally good for all skin injuries. All dealers 50c. box.

**BREAD WAS SCARCE ON NORTHLAND**

Ottawa, Ont. Jan. 9.—It was believed that the testimony of returned soldiers had all been taken in the Northland inquiry but this morning seven Toronto men, who had been sent for earlier appeared and much of the session was taken up with their evidence. Private Walter J. Hill, of Toronto, said when he told a reporter the trip was "rotten" referred to his own health and not to conditions on the steamer. He had no complaints.

Private Herbert H. Brooks, of Port Dover, said he was once refused a second helping of food on the Northland. On that one incident he made a statement to a Toronto paper that "they treated us like dogs."

Private Gordon Brown, of Toronto told a Toronto News reporter that the food and accommodations were bad. He did not say that "the food was so scarce that holders not able to buy it had to steal it." He made three complaints about the food with no result. Brown said mutton, pork chops, and eggs were all bad. His berthing accommodation was also poor.

Private James Montgomery of Toronto said he was short of bread twice and could not get more. The food generally was short. He told a Toronto News reporter his trip was "rotten" but did not make other statements attributed to him. He was sick most of the voyage.

Sapper John McLarnon, of Toronto said food was short on the Northland. The sleeping accommodation was also poor. Food on the Northland did not at all compare with what was served in the army.

About the time a man begins to feel his importance, others begin to doubt it.

**McMURRAY'S****OFFICE SUPPLIES**

This is the time to clean up the office, and order those new supplies you have been thinking of. We would like to show you our line.
