## MEDICAL ATTENDANCE FOR RETURNED SOLDIERS

Liberal Provision is Made for them by the Government of Canada—What the Soldier Should Do if Illness Comes to Him as the Result of His Military Service—Free Treatment for Tuberculosis.

Q. If a returned soldier or sailor suffers a relapse or recurrence of his illness some time after he has been pronounced cured by the Military Doctors, what should he do?

A. He should at once get in touch with his Local Medical Officer, who will give him the necessary treatment.

Q. Does he have to pay for such treatment?

A. No, not at any time, no matter how often he has to avail himself of it.

Q. Does this apply to all illnesses to which he may be subject?

A. No, only to injuries received in war, or contracted during, or as a result of his Military Service.

Q. What is meant by "Local Medical Officer"?

A. The Dept. of Soldiers' Civil Establishment has appointed a number of physicians in the various localities to look after the returned men in their district. The list of towns where such Medical Officers are is found in the "Returned Soldiers' Handbook", which is widely distributed among the returned men.

Q. If a man is sick for quite a while where there is no such Medical Officer, or if the latter is away, or sick himself and the man requires instant treatment, what should be done.

A. In such a case the nearest physician, civilian or military should be called in to give temporary aid.

Q. What else should be done.

A. The Civil physician should be instructed by the patient to at once communicate the facts of the case, with particulars of the ailment and treatment given, to the nearest Medical Officer of the Dept.

Q. Does the man have to pay for the services of the civilian Doctor in such cases?

A. No, provided he has the case properly reported as above, and does not make use of the services of such a doctor when a Medical Officer of the Dept. is available.

Q. Who pays the civil physician?

A. The Government, but on recommendation of the Local Medical Officer.

### Saint John and Quebec Railway Company

#### TENDER.

TENDERS will be received by the Directors of the St. John and Quebec Railway up to noon of February the 17th, for the construction of LOADING WHARVES along the Railway between Gagetown and Westfield. Plans and specifications may be seen at the Office of the Chief Engineer at the City of St. John and at the Office of the Government Inspecting Engineer, Fredericton.

Tenders should be addressed to the undersigned and marked TENDER FOR LOADING WHARVES. Each tender must be accompanied by a certified cheque for TWO HUNDRED DOLLARS payable to the order of the Railway Company.

The Directors do not bind themselves to accept the lowest or any tender.

Dated at St. John, Feb. 5, 1919.  
SAINT JOHN & QUEBEC RAILWAY COMPANY.

E. S. CARTER,  
Secretary.

#### WANTED

WANTED—Books and magazines for distribution to returned soldiers en route home, in the Military Hospitals or going overseas. Telephone Mr. A. Murray, care of A. Murray & Co. Tel. No. 159, or leave at store for Military Y. M. C. A.

**SAVE WHILE THE SAVINGS GOOD**

mentation ONLY of an authorized Medical Officer of the Dept.

Q. If a man is sick for quite a while and cannot earn anything, is any provision made for his dependents during that time?

A. Yes.

Q. How?

A. On recommendation of His Medical Officer pay and allowance are given to a man and his family during his illness.

Q. What does this sick pay and allowance amount to?

A. It differs in proportion to the extent to which the man's earning capacity is impaired by his illness. For instance, a man who could work two or three days a week, or who could do light work, whilst undergoing treatment, would not receive as much as one who could not work at all.

Q. If a returned man is too sick to be cared for in his home, or there are no facilities at his home for such care, what happens to him, when he lives in a place where there is no Military Hospital?

A. Arrangements have been made to receive such cases in the local hospitals, in all of the cities and larger towns, so that a man living in a town where there was a civil, but no military hospital, would not be obliged to go many miles to receive treatment in a strictly Military establishment.

Q. Can a soldier developing tuberculosis either before or after his discharge as a result of the rigours of Military life receive any special treatment, as such cases would not be received in the ordinary Hospitals?

A. Yes.

Q. Does it cost him anything?

A. No.

Q. Where can this treatment be obtained?

A. In special sanatoria established throughout the country, under the supervision of this Department.

Q. How can such a man obtain admission to these institutions?

A. On the recommendation of his Local Medical Officer, subject to the approval of the M. O. in charge of the institution.

Q. Where are the sanatoria located?

A. There is at least one in each Province from coast to coast.

#### THE SURVIVING VICE.

My little stick of chewing gum,  
I look on you with cheer,  
Though habits go and habits come,  
You always linger near.  
You alcoholic drink's forbid,  
Tobacco is taboo.  
But they have not put down the lid,  
My chewing gum, on you.

You never could intoxicate,  
Nor tempt to words profane.  
As placidly I ruminate  
On follies vast and vain.

I'm thankful when my choice was made  
Of vices small and few.  
I sought your solace and your aid,  
And simply chose to chew.

### Cleanses Your Hair, Makes It Beautiful, Thick, Glossy, Wavy

Try this. All dandruff disappears and hair stops coming out.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. It is exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a small bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

## REPORT ON WAR CHARITY IN NEW YORK A DISCOURAGING DISCLOSURE

New York, Feb. 10.—District Attorney Swann's report on war charities in New York city makes most depressing reading. It is asserted that millions of dollars donated for the benefit of soldiers and sailors were wasted or stolen outright and that the most reckless methods were adopted by organizations directed by "social climbers." One section of the report says:

"Of especial interest was the revelation of the character and prominence of patrons of the various individual activities, and the glib or careless ease with which persons of social prominence let their names, in many instances without either judgment or investigation, to activities conceived and promoted often by ex-convicts, confidence men, adventurers and social parasites."

Contracts were entered into with irresponsible solicitors, whose percentages ranged from 40 to 85 per cent., and the expenditure of the money collected was entrusted to persons without business judgment or experience. Vast sums of money were expended for overhead charges in connection with public entertainments, the real purpose of which was largely lost sight of in advertising the sponsors.

Mr. Swann makes numerous recommendations for the prevention of a repetition of this disgraceful state of things in the future, including Federal supervision of all patriotic societies and organizations engaged in relief work.

A far more effective remedy, however, and a much better protection to the public would be the adoption of the "War Chest" idea as it has been carried out in Rochester. Collections and disbursements there have been under the supervision of a responsible organization and the fact that this organization embraces all war activities serves as a guarantee against the public being imposed upon.

Of course he has led a hard life, but the kind of man who began being a prates of what to wear, "ads an at-titudaw about twenty years ago can tractive touch to the countenance." now afford \$17 shoes for his darling Ah, yes, and oftimes a thicker one helps a girl's looks.

## NEW C.P.O.S. LINERS

THE part played by the Canadian Pacific Ocean Services in the great European war will make a big chapter in Canadian history. Undoubtedly the sea supremacy of Great Britain was one of the most potent factors in the winning of the victory which was obtained, and the ships of the C. P. O. S. took a big part in making Great Britain supreme at sea. There are few branches of sea service in which they did not take a part. Mounted with guns some of them were where there was fighting to be done.

Over 4,000,000 tons of cargo and munitions of war have been carried in addition to many thousands of horses and mules.

The C. P. O. S. have carried from the outbreak of hostilities to October 31st, 1918, 1,041,000 troops and passengers all over the world, embracing ports in China and Japan, Singapore, Bombay, Mesopotamia, Suez, Gallipoli, ports in the Mediterranean, Colombo, Dares-Salaam, Delagoa Bay, Durban, and Mauritius, in addition to the west coast of North and South America, and the United States and Canadian ports. The total loss of troops carried caused by enemy action and irrespective of disease has been eight in number. On one consecutive continuous voyage one of the company's vessels steamed 23,441 miles.

Over 300 officers and engineers were found out of the company's service for the Royal Navy. Lieut. R. N. Stuart, one of these, has won the D.S.O. and the V.C., while many others have received decorations and been mentioned in despatches.

The Missanabie, a C. P. O. S. steamer, was the first vessel to sail on her maiden voyage from Great Britain to Canada after the outbreak of the war in 1914, a sister ship, the Metagoma, sailed on her maiden voyage from Liverpool, March 26th, 1915. These two splendid ships have been followed by two larger ships, the Melita, which sailed from Liverpool Jan. 20th, 1918, and her sister ship, the Minnedosa, on her maiden trip from Liverpool Dec. 5th, 1918 to St. John—the first steamer to sail since hostilities ended. The Minnedosa is a splendid acquisition to the already large fleet of C. P. O. S. vessels. She has a gross tonnage of 14,000, length 545 feet, width 67 feet, depth 45 feet and a total cargo capacity of 433,000 cubic feet.

There is accommodation for approximately 500 cabin and 1450 third class passengers. The Gymnasium on "A" Deck (or Boat Deck) is fitted with the latest mechanical devices for exercise and amusement. On "B" Deck (or Upper Promenade Deck) are located the Cabin Smoking Room, Cabin Drawing Room and Cabin Lounge.

The Entrance Hall from the extensive Promenade Deck with its paneling, mirrors and staircase is an attractive approach to the Dining Saloon.

The Spacious Lounge with its charming old English fireplace and large windows is fitted with comfortable green paneling. It is most comfortably furnished and hung with beautiful old English prints of the 18th century and some rare old red lacquer mirrors.

The Drawing Room, panelled with most beautiful Australian Black Bean Wood in the Queen Anne style, has an air of cosiness not often found on board ship. The beautiful colored prints which adorn this room are from the famous panels painted in 1780 by Fragonard for Madame du Barry and purchased by the late Pierpont Morgan. A writing recess is also to be found in this room.

The Smoking Room is panelled in old oak of the Jacobean style, its fine old chimney piece and sporting prints being noteworthy features.

A small number of two-berth staterooms are provided on this deck.

On Deck "C" (or Lower Promenade Deck) is to be found the Bureau and Ticket Office. A special feature is the spacious square and gallery round the well over the Dining Saloon. A good number of well appointed, airy and commodious staterooms are provided amidships for cabin passengers containing three and four berths. At the forward end an entrance for third class passengers is provided.

On "D" Deck is situated the Dining Room, which extends the whole breadth of the ship and has seating accommodation for 300 persons, placed at small and large tables. It is tastefully decorated in the Georgian style, a special feature being the open staircase. There is accommodation for 60 cabin passengers on this deck in four berth staterooms.

At the extreme after end of "D" Deck, the Third Class Smoking and also Third Class Ladies' Room is to be found, whilst at the forward end there is a Third Class Dining Saloon, with seating capacity for 140 persons, another Smoking Room and also a General Room. The Main Third Class Dining Saloon, seating over 400, is also on this deck.

On the starboard side of Deck "E" are a number of Cabin Staterooms containing two and four berths, whilst another Third Class Dining Saloon, with a seating capacity for 122 persons, is situated in the after end of the ship.

The Missanabie was torpedoed and sunk by a German submarine in 1918.
