Buildings and lot on King street
now occupied by the undersigned as a
carriage factory.
For further particulars apply to
FRANK L. COOPER.

Although the war has ended, the
college professors are not all spending
the vacation in the old country.

GOOD FORM

When you make a call by letter, it should get the same
care you would give to a personal call. You dress correctly
yourself, and courtesy requires the same formal correctness
in your writing paper.

CRANE'S LINEN LAWN
CRANE'S HIGHLAND LINEN
CRANE'S EARLY GEORGIAN
CRANE'S QUARTERED OAK

Either of the above Writing Papers will properly repre-
sent you on any occasion.

We invite you to come and inspect our extensive display
of these elegant papers.

The McMurray Book & Stat'y Co., Ltd.

LIGHT SOUP.

Soups in spring and summer except-
ing in cold, damp days, should be of a
lighter and more easily digested sort
than those served in winter. On the
other hand, soup is refreshing and
soothing to the body and mind fagged
by the heat of the summer, and so, in
some form, is a most appropriate part
of the summer diet.

One of the heavier soups can be
served in the summer as the main dish
at luncheon. In some warm countries
it is the habit to serve soup, rolls, a
salad—radishes and lettuce perhaps—
and fruit for luncheon, and no more
satisfactory luncheon could be thought
out.

Reception for 44th Battalion

The 44th Battalion which was chang-
ed from a Manitoba unit into a New
Brunswick Battalion by drafting of
numerous soldiers from this province
is to arrive at Quebec in a few days
having sailed from Liverpool on the
S. S. Empress of Britain May 28th. An
official reception will be tendered the
unit at St. John.

Sold by all druggists, or sent
prepaid on receipt of price.
Free pamphlet. Address:
THE COOK MEDICINE CO.,
TORONTO, ONT. (Formerly Windsor.)

HAY PRICES ARE VERY
HIGH IN CITY OF QUEBEC

As a sample of one of the most glar-
ing exposures of the manner in which
fodder prices in this city are unjusti-
fably imposed upon horse and cattle
owners in Quebec, the Telegraph, of
that city, gives the following facts
which have been substantiated on the
best of authority and which have
been forwarded to the Minister of La-
bor at Ottawa, in the hope that he
will influence the government to do
something to suppress the wholesale
speculation in the limited quantity
of foodstuffs and fodder now in this
country. On Thursday last a schooner
loaded with hay from the surrounding
district arrived at the Inner Louise
Basin and moored at one of the piers.
The owners of the hay stated to sell
their cargo at \$30 a ton, and our in-
formant purchased a ton at this figure.
Later during the day he went to pur-
chase some more and found that the
entire cargo had been sold to a local
wholesale provision house and that
the price had risen to \$38. He then
endeavored to purchase hay in several
retail stores, but in each one he was
asked from \$35 to \$40 per ton. For-
tunately, he had made his early pur-
chase from the schooner in question,
or he would never have known the

foregoing facts.

The same party informed us that a
large barge laden with hay from the
County of Portneuf arrived in port
ten days ago and the owners started
to sell the hay at \$26 per ton. A short
time afterwards—or, probably as soon
as the local speculators heard of the
arrival, the entire cargo was purchased
and was being retailed at \$35 per ton.
Our informant witnessed purchasers
of the barge cargo retailing hay at this
figure. One of our local dealers on
Saturday last jumped the price of oats
from \$1.75 a bag to \$1.95, informing his
purchasers that the raise was due to
"the strike in Winnipeg."

By the foregoing examples, is it any
wonder that we are having general
labor unrest throughout the country
with out government looking with
apathy upon the unrestricted liberty
of the food and fodder speculators?

Where are the Mayor and the City
Council in this matter? Is it not their
duty to at once come out and protect
the milkmen, cabmen and other horse
and cattle owners from this hold-up
game? If not, milk and bread will be
increased in price before very long
and then there will be a hue and cry
from all over the city.

BRIEF BUT USEFUL RECIPES.

Restore Gilt Frames.—Rub with a
sponge moistened with turpentine.

Drive Away Anns.—A little quick
lime placed in the infested places.

Remove Tar from Cloth.—Rub it
well with turpentine till every trace
is removed.

Make Leather Waterproof.—Satur-
ate it with castor oil; to stop shoes
squaking, drive a peg into the middle
of the sole.

Clean the Hair.—Wash well with a
mixture of soft water, 1 pint; sal soda
1 ounce; cream tartar ¼ ounce.

Egg Stains on Spoons.—Rub with
common salt.

Clean Gloves.—Pour a little ben-
zine into a basin and wash the gloves
in it, rubbing and squeezing them un-
til clean. If much soiled, they must
be washed again through clean ben-
zine and rinsed in a fresh supply.
Hang in the air to dry.

Clean Hair Brushes.—Dissolve a lit-
tle soda in warm water and pour in a
small amount of ammonia. Hold the
brushes with the bristles downward
and avoid wetting the back as far as
possible; shake until the grease is
removed; then rinse in cold water and
put in the air to dry.

Remove Mildew from Cloth.—Put a
teaspoonful of chloride of lime into a
quart of water, strain it twice, then
dip the mildewed places in this weak
solution and lay in the sun. If not ef-
fective the first time repeat.

How to Remove a Rusty Screw.—
Apply a red hot iron to the head for a
short time, the screw-driver being
applied immediately while the screw
is hot.

Cure Mosquito Bites.—Put ten drops
of refined carbolio acid into an ounce
of rose water; shake well and apply.
(If you hold your breath while a mos-
quito has its bill in you it cannot
withdraw it until you breathe again.)

HEART PALPITATED
COULD COUNT EVERY BEAT.

When the heart begins to palpitate
it will beat fast for several seconds,
over your whole system, accompanied
by a feeling of oppression. When the
heart gets into this condi-
tion, you become weak, worn and mis-
erable, and are unable to attend to
either social, business or household
then slow, then start to flutter, and a
feeling of utter depression will come
dualities.

Milburn's Heart and Nerve Pills
will give prompt and permanent relief
to all sufferers from any heart weak-
ness or nerve derangements.

Mrs. Walter Grieves, Apsley, Ont.,
writes:—"I had been run down, and
doctors told me I was anemic, but
did not help me with their medicines.
I could not sleep nights, my heart
palpitated so, and I could count every
beat."

I used to have such dizzy spells I
would have to go to bed. I was not
able to do any work for eight months.
A cousin of mine had taken Milburn's
Heart and Nerve Pills and told me
what they had done for her. I took
eight boxes of them, and now I am
able to help every day with the work
I am so thankful to tell others what
they have done for me, so that they
may try this great and wonderful
remedy. I hope this may prove good
to some one who is suffering the way
I did."

Milburn's Heart and Nerve Pills, are
50c. a box at all dealers, or mailed
direct on receipt of price by The T.
Milburn Co., Limited, Toronto, Ont.

NO LONGER ANY
4-FOOTED CURS

In the Paleolithic period of man,
some ten or fifteen thousand years ago
dogs were domesticated for the first
time. They made their entrance into
human affairs in the region of western
Europe. It was in this same region
that thousands of these faithful friends
of man served with a fidelity and
bravery unexcelled by man himself in
the last great struggle of nations.

They carried thousands of messages
through danger zones where men
could not pass. They dragged thou-
sands of machine guns to position, and
brought up ammunition and food to
hard pressed gunners. They literally
saved the lives of thousands of
wounded men whom they located for
the hospital corps. And through all the
battles, and the hours between, the
companionship of these wonderful
creatures was an inexpressible boon
to men groping and fighting their way
through long nights while death raced
with the dawn.

The dog has proved himself so true
and valuable a friend of man, and of
such heroic faithfulness, that there
are no longer any four-footed "curs."

THIS STRIKE SETTLED.

Hull, Que., June 1—The strike of
the Hull city firemen, came to an end
on Sunday at noon, after a duration of
thirty hours, in which the city was left
without fire protection, except for the
assistance of the police force, which
was taken off the streets to man the
three fire stations.
