

## DEFENCE BEGAN ITS CASE BEFORE JUDGE CROCKET

FITZRANDOLPH CASE WILL  
BE RESUMED TUESDAY

**Golf Clubhouse Incident Dealt With Friday—Evidence the Same Practically as Given Before.**

The FitzRandolph divorce case was adjourned Friday afternoon until Tuesday afternoon. The case for the defense has been opened and will be continued on Tuesday. In the meantime the evidence of Miss Flora Grant will be taken at McAdam by commission and read in court probably on Tuesday.

Address by Mr. Hughes.

Yesterday afternoon Mr. P. J. Hughes for the defense presented the case of his side, pointing out that the charges of misconduct with various men on part of the defendant Mrs. Elizabeth FitzRandolph, were merely allegations. Among the co-respondents had been mentioned Dr. Hugh Bruce, W. J. Irvine, Frank Worrell, E. H. Fairweather. The latter and another alleged co-respondent it was pointed out were well along in years.

**Golf Clubhouse Incident**

The evidence yesterday afternoon dealt entirely with the golf clubhouse incident, and differed very little from what was given at the previous trial. It was to the effect that W. J. Irvine, Frank Worrell and the defendant went driving in a car and went to the clubhouse of the Fredericton Golf Club for the purpose of getting water to mix with whisky. Any improper conduct there was denied absolutely also that the witness would or was shielding Mrs. FitzRandolph by perjury. It came out in the evidence that Worrell struck Mrs. FitzRandolph knocking her down and Irvine had remonstrated with him for the act. This was referred to as a "moving picture stunt."

The witness examined yesterday was W. J. Irvine. The evidence of Frank Worrell which was taken by commission in Ontario will be presented next week. It consists of nineteen closely typewritten pages.

**Stone for City.**

Parties having a chance to get trap rock would do well to look up the advertisement in this issue for stone wanted for the city streets.

**Death at Fredericton Junction**

The death occurred at Fredericton Junction early this morning of Howard Bailey aged 68 years. The deceased was a well known resident of that locality.

**Settlement Reached**

As a settlement had been reached with his wife by the Norwegian, who was accused by his wife of beating her, when the case came before Police Magistrate Limerick yesterday it was withdrawn by the woman.

**Examinations Closed**

The Departmental Examinations closed yesterday afternoon at the Provincial Normal School and the students who have been in attendance at the examinations are returning to their homes today.

**Died Last Evening**

The sympathy of the community is extended to Major R. M. Lutton, M. C. and Mrs. Lutton on the loss of their infant son Robert Marsden Lutton, last evening. The funeral took place this morning, interment being made at Forest Hill Cemetery. Very Rev. Dean Neales conducted the service.

**Will Locate in Marysville**

Coun. Charles W. Pond of Bloomfield Ridge, representing Stanley Parish in the Municipal Council of York County, has announced that he will not be a candidate for election in that parish at the next municipal election in September as he intends to remove to Marysville and make his home there.

**High School Won Game**

The High School defeated the Indians at baseball last evening by a score of 12 to 6. The game was loosely played, the High School getting away early with a four run start. The batteries were High School, Hagerman and Donovan; Industrials, Williams and Ryan. Hagerman and Williams were hit fairly hard but the former received poor support.

**Stricken With Paralysis**

Mr. Alex. W. Baird of St. John who frequently visited Fredericton and was well known here, was stricken with paralysis while visiting a friend at Newtonville, Mass., while on a business trip to Boston and vicinity. His daughters Miss P. E. Baird and Mrs. F. B. Ellis are now with him. There is no improvement in his condition which is serious.

**Arrived Home This Morning**

Pte. E. M. Lyons, son of Mrs. Archie Pond of Marysville arrived home from overseas this morning. Pte. Lyons enlisted and went overseas with the Army Medical Corps and was transferred to various different parts of the service, finally being attached to a Hospital staff in England. Pte. George Markey of Marysville also arrived home this morning. He went overseas with the 104th Battalion and saw lengthy service with the infantry in France.

## REVISION OF BY-LAWS WAS CONTINUED

MUNICIPAL COUNCIL  
SITS THIS MORNING

**It is Proposed to Tax Traveling Picture Shows in the County—Junk License Fees Increased.**

The Municipal Council devoted the greater part of Friday afternoon's session to continuation of revision of the bylaws and adjourned to complete the session this morning.

The council resumed business at 2.15 p. m. Friday.

The revision of the bylaws again was considered.

**Racing on Highways**

Comment was made by Coun. Pond upon the fact that there is a bylaw imposing a penalty upon any person who rides or drives a horse race on a public highway or the owner of any horse allowed to take part in such a race.

On the motion of Coun. Pat. Graham the penalty was increased from four to ten dollars.

Coun. D. W. Clarkson suggested that motorists, also should be penalized for racing on the highways.

Coun. Cowperthwaite said he believed that two neighbors with two good horses should have the right to try one against the other on a public highway if there was no danger to the public.

A new bylaw was passed providing a penalty of twenty dollars for reckless driving of any vehicle on the highway.

The penalty for the driver of a vehicle refusing to permit another a chance to pass, was increased to twenty dollars.

**Junk Licenses**

Coun. Pat. Graham asked how much was collected in junk licenses. He knew the country was covered by junk dealers, the majority of them without license. The bylaw was a dead letter.

Coun. Cowperthwaite claimed the junk dealers were an advantage to the country paying money for otherwise waste material.

Coun. Pat. Graham objected also that junk dealers had been buying wool at low prices and underweight.

On motion the license fee for junk dealers was placed at ten dollars with a penalty of twenty-five dollars for failure to take out a license.

**Picture Shows**

Coun. T. M. Brewer advocated a license fee of one hundred dollars for travelling picture shows. Picture shows were a curse to the rural districts for they took money which should be spent otherwise.

Coun. Grant said a five dollar li-

## N. B. LUMBER LANDS ARE UP IN PRICE

FARM PROPERTIES ALONG  
RIVER ARE OF VALUE

**Farmers Who Have Conserved Their Wild Lands are Certainly in Luck These Days.**

The high price of lumber now prevailing has greatly enhanced the value of farm properties in the Counties of York and Carleton, especially in the sections bordering on the St. John River. The man who is fortunate enough nowadays to have attached to his farm a wood lot containing a million feet or so of standing timber is envied by the man who allowed his farm to be stripped of logs fifteen or twenty years ago when the price was much lower than it is today. While quite a number of farmers living along the river have disposed of their standing timber within the past year or two at a price greater than that which they would have at one time readily accepted for the entire farm, there are others who seem to be in no hurry to sell. They reason that the land costs them nothing apart from the taxes which they pay on it and that every year adds to its value.

**Some Instances**

One man living in Kingsclear is said to estimate that he has two million feet of standing timber on his farm in addition to a large quantity of pulp wood and thousands of cords of hardwood suitable for fuel. He has received several tempting offers for the lumber but is in no hurry to dispose of it. A resident of Douglas estimates that he has a million feet on marchantable logs on his land and he plans to cut it next winter and haul it to the river. A number of other farmers have carefully conserved their lumber lands and stand to make a good thing out of it. A million feet of standing timber on a St. John River farm these days is estimated to be worth anywhere from \$12,000 to \$15,000.

**Made Money at Home**

Strange to say the wealthiest farmers in this section of New Brunswick today are those who have carefully conserved their wild lands. The enhanced value of timber lands in New Brunswick makes it quite clear that those who contracted the western fever a few years ago and invested their surplus cash in so called town lots somewhere on the boundless prairie could have done much better had they invested in farm and wood lands right here at home.

cense fee was too small.

Coun. White disagreed with Coun. (Continued on page 4)

## FACTORY QUOTED PRICES

The price of all Waltham and Elgin Watches are now made by the Factory. A Baby could buy either a Waltham or an Elgin Watch with confidence, as there is no chance of overcharging by the dealer. The Public is protected from any chance of overcharging by this new system of selling at the Factory Quoted Prices.

We want to be your headquarters when you consider the purchase of a Waltham or an Elgin Watch.
