ENGLAND PAYS TRIBUTE TO MISS EDITH CAVELL THE MARTYRED NURSE

Body Brought From Brussels and Will be Interred at Norwich—An Impressive Service in Westminster Abbey—Thousands of People Paid Reverent Homage to the Martyred Nurse—High Officials Attended the Service.

Dover, England, May 14—The body of Edith Cavell, the English nurse executed at Brussels by the Germans, arrived here today from Ostend and is resting tonight in an especially prepared chapel. It will be shipped to London tomorrow and a memorial service will be held in Westminster Abbey.

The destroyer Radiant, flagship of the Commander of the Dover Patrol brought the coffin to the Naval Pier today, it being met there by high naval and military officers. A procession was formed and it moved through crowded streets to the chapel women who had been connected with the service marching in the advanced ranks of the cortege.

London, May 15—Great Britain paid tribute to Edith Cavell, the English nurse, executed by the Germans at Brussels, October 12, 1915, here today, when her body enroute from Brussels to native city of Norwich was taken to Westminster Abbey for an impressive memorial service.

**STREETS THROUGH WHICH THE CORTEGE MOVED
WERE PACKED BY A GREAT THRONG OF PEOPLE**

It was a public funeral, in which it seemed every resident of the greatropolis endeavored to participate. The streets through which the cortege moved were congested with crowds and every inch of standing room in the neighborhood of the Abbey was occupied by a densely massed multitude, which was eager to do reverent homage to "That brave woman," as the Bishop of London described her, "who deserves a great deal from the British Empire."

**KING GEORGE WAS REPRESENTED AT THE SERVICE
BY HIS BROTHER-IN-LAW THE EARL OF ATHLONE**

The congregation at the Abbey included high officials of the government, representatives of Foreign Countries and men prominent in many walks of life. King George was represented by the Earl of Athlone, brother of Queen Mary. The service was conducted by the Dean of Westminster. No address was delivered. The opening sentences of the burial service were sung by the choir, which then sang the twenty-third psalm and a short liason from the revelations of St. John. Then came Sullivan's Athem, Yea Though I Walk Through The Valley of the Shadow of Death, and I Heard a Voice From Heaven. The Itany, the Lord's Prayer and two Collects were then recited followed by the hymn Abide With Me. The benediction was then pronounced and the last post and reveille were sounded.

The service, which began at noon, lasted half an hour. The procession left the Abbey to the strains of Chopin's Funeral March and proceeded to the station, where the coffin of plain oak was placed on a train for Norwich.

On the coffin was the simple inscription: "Edith Cavell," "Born Dec. 31 1865. "Died October 12 1915."

At Norwich it was placed on a gun carriage and was taken to Norwich Cathedral. The service, which was officially designated "for the funeral of Edith Cavell, a Nurse who gave her life for her countrymen," followed.

PEACE TERMS CARRIED BY A COURIER

Ottawa, May 15.—A copy of the peace terms which have been handed by the Allies to Germany will be officially delivered to the Canadian government by a special courier, who is now on his way to this country. The courier is expected to land on this side of the Atlantic within the next few days. He will come to Ottawa and hand the document to the proper authority here.

A PLEA FOR A SQUARE DEAL

Hamilton, May 14.—In an inspiring address before the Canadian Club here tonight on "Canadian citizenship and its future," Major General McCrea, formerly quarter-master General of the Canadian overseas forces, made a plea for a square deal both for the farmer and the manufacturer and suggested the appointment of a joint parliamentary committee on the tariff and the taking of the tariff out of politics.

S. S. CELTIC IS AT HALIFAX WITH TROOPS

Halifax, May 15.—The steamer Celtic, which arrived here late last night from England with 129 officers and 3,445 other ranks of the Canadian Expeditionary Force, docked at Pier 2 at 8 o'clock this morning. The work of disembarkation commenced shortly afterwards. There were no units on board, the lost being made up of details from Kinmel Camp. The senior officer among the military passengers was Lieut. Col. W. Cooke, D. S. O., of Caribou, B. C., otherwise known as "Whitewater Bill," from the proficiency with which he drove the rapids in the Fort George country previous to the war. He went overseas as a subaltern but later as a transport officer achieved distinction by taking mules and ammunition wagons into the front line during the Somme fighting.

One death occurred on the steamer as she was approaching harbor at 1.15 this morning, that of Sergt. D. R. Orman, of Saskatoon, who died of peritonitis.

The Scotian at Quebec.
Quebec, May 15.—C. P. O. S. Scotian with returned officers and men from overseas docked at Quebec shortly before noon today. She disembarked a number of men here and then proceeded to Montreal.

C. N. R. SPUR LINE PROPOSED FOR MINTO

C. N. R. to Assume Responsibility of Fire Protection of Forests—Sale of Old Govt. House.

Hon. E. A. Smith, Minister of Lands and Mines, is in Fredericton after his return from Ottawa where he had been in connection with two items of business of importance to the province of New Brunswick. One was the proposed sale to the Federal government of the Old Government House property in Fredericton now in use as the New Brunswick Military Hospital, by the Invalid Soldiers' Commission. A price of \$75,000 has been put upon the property by the province and Hon. Dr. Smith was much encouraged by the reception given the proposal at Ottawa.

Minto N. T. R. Connection
Another matter which he took up with the Federal authorities was the building of a spur line from the N. T. Railway to Minto for the purpose of giving the coal operators there a line competing with the C. P. R. and also direct access to the Quebec market. In connection with this matter he interviewed Mr. Hanna and other members of the National Railways Board. The proposition was received most favorably and probably will be acted upon. The mine operators claim that at present they are overburdened by the freight rates charged by the C. P. R. of which the Fredericton & Grand Lake Railway is a subsidiary.

C. N. R. Fire Protection
Hon. Dr. Smith also conferred with the Railway Board concerning the matter of the Canadian National Railways assuming full responsibility in the matter of protection of the forest lands of the province from fire originating on the C. N. R. lines. A bill bearing upon this matter is now before the Senate. This measure will place the C. N. R. under the Railway Commission in this particular and will relieve the province of much responsibility and heavy expense.

ENCAENIAL PROCEEDINGS THIS AFTERNOON LARGELY ATTENDED

**University of New Brunswick Conferred Seventeen Degrees
This Afternoon—Beautiful Weather—Five of Those Receiving Degrees Have Returned from Overseas—Eloquent Address and Orations.**

Under weather conditions which could not have been better the University of New Brunswick today concluded the one hundred and nineteenth year of its existence as an institution of higher learning. Encaenial proceedings took place in the university library in the Arts building and were well attended. His Honor the Lieut. Governor presided and there was a particularly large attendance of alumni, alumnae and friends of the provincial university.

The encaenia was the first since the close of the war and four of the eleven receiving bachelor's degrees and one of those receiving masters' degrees have served in the C. E. F.

The Proceedings
The academical procession was formed in the class room of Dr. Phillip Cox at two o'clock, alumni, graduates and others entering in order of precedence. At 2.30 the chair was taken by His Honor the Lieut. Governor and the Address in Praise of the Founders was read immediately afterward by Dr. Keirstead in the absence of Prof. Adam Cameron who was called to Montreal to attend an important conference and could not deliver his address in person. The distribution of medals, prizes, honor and distinction certificates and the conferring of degrees was the next item of the proceedings. Very Rev. Scott Neales, M. A., D.D., Dean of Fredericton then delivered the address to the Graduating Class. The Alumni Oration by Prof. D. Fraser Harris, M.D., D. Sc., Dalhousie University, Halifax followed. The Valedictory Address by A. Clarence Edgcombe was the final item of the program. During the proceedings extracts were read by the winners of the Douglas Gold Medal, Miss Frances M. VanWart, and of the Alumni Gold Medal, Frederic A. Patterson, from their respective English and Latin Essays.

Huns Are Still Protesting Against Terms of Peace

PROF. MILLER HAS RESIGNED FROM U. N. B.

The annual meeting of the Senate of the University of New Brunswick was held here this morning. It was decided that no honorary degrees would be conferred at today's Encaenia. As the result of the substantial increase in the grant to the University which was given by the provincial government recently, a general increase of about 25 per cent in the salaries of members of the faculty was made by the Senate.

A regrettable feature of the meeting was the receiving of the resignation of Prof. Robert B. Miller, professor of forestry, which was tendered by telegram, Prof. Miller being on leave of absence.

The resignations of Prof. John A. Stiles and of Prof. W. L. MacDonald, who has been overseas on leave of absence, which were expected, were not received. Prof. John Stephens, who has returned from overseas, will resume his duties.

Miss Eliza Hunter took her place in the Senate at today's meeting, being the first woman to hold the office. Miss Grace H. Fleming, also elected to the Senate, was unable to be present.

Congratulations were extended to Sir Ezekiel McLeod on being fifty years a member of the Senate. Repairs to the Engineering and Arts buildings were authorized.

Died Last Evening.
Mrs. W. A. Daniel passed away last evening at her home in New Maryland after a few days' illness of pneumonia. She was 73 years of age and leaves to mourn, her husband, one son, William, of New Maryland, and one daughter, Mrs. W. H. Hodgson, of Doak. The funeral will take place tomorrow at 3 o'clock, interment being made at the Church of England cemetery, New Maryland. Service will be conducted by Rev. Mr. Bate.

Mrs. G. A. Kuhring and Paul L. Kuhring of St. John are in the city today for the Encaenial exercises at the university.

Head of Peace Mission at Versailles Hands Three Notes to Premier Clemenceau—Says Germany is No Longer an Agrarian State—The Council of Four Declines to Consider Note on Labor Legislation.

Paris, May 15—The Council of Four has declined to consider the note from Count Von Brockdorff-Rantzau, chief of the German peace mission, relative to International Labor legislation. In a note sent to the German delegation today, M. Clemenceau, President of the Peace Conference, says that the Allied and Associated Governments are "of the opinion that their decisions give satisfaction to the anxiety which the German delegates profess for social justice, and ensure the realization of reforms which the working classes have more than a right to expect, after the cruelty to which the world has been subjected during the last five years."

SAYS HEALTH OF GERMAN NATION HAS ALREADY BEEN BROKEN BY THE BLOCKADE OF THE ALLIES

Berlin, May 14—Count Von Brockdorff-Rantzau, head of the German peace mission at Versailles handed to M. Clemenceau, President of the Peace Conference, three notes, one of which deals with the economic assets of the Peace terms and the effect they will have on Germany. It is pointed out in this note that Germany is no longer an agrarian state and cannot feed more than forty million people.

The economic terms of the Peace Treaty with the restrictions of trade and other factors which are involved means, the note says, that "many millions of people in Germany will perish, all the more quickly as the nations health is already broken by the blockade." The note points out that Germany in two generations has passed from an agrarian to industrial state. As in agrarian state it could feed forty million persons, and as an industrial country it was able to provide food for sixty seven million, the note declares. Before the war, it is said, 15,000,000 Germans were dependent for their dividing up on foreign trade, shipping and trade and foreign raw materials.

PEACE TERMS WOULD DEMAND OF GERMANY SEVERAL TIMES AS MANY VICTIMS AS THE WAR

The note proceeds to indicate in detail how peace conditions would produce economic paralysis, destroy German industry and make it impossible to provide work and food for millions of people, "who would be obliged to immigrate. Relief work, however large its scale, or however long in duration, could prevent wholesale loss of life, the note says.

"The peace terms" the note continues, "would demand of Germany several times as many victims as did the war. There have been nearly a million victims of the blockade.

Count Von Brockdorff-Rantzau concludes by stating that he considers it his duty before presenting further details to bring the general remarks to the knowledge of the Allied and Associated delegates and promises to furnish statistical evidence if it is required.
