WANT TRADE CONGRESS TO CALL A DOMINION-WIDE STRIKE IN PROTEST

Calgary Trades Council Forwards Request to President Moore — Would Protest Against the Arrest of Strike Leaders in Winnipeg—Prominent Winnipeg Socialist Gathered in by the Police—Bolshevist Money was Sent to Strike Leaders in Winnipeg.

Winnipeg, Man., June 18.—The latest addition to the list of arrested labor leaders is Sam Blumenberg, who has been for years a prominent figure in advanced socialist circles in Winnipeg, and who was named among those against whom proceedings were to be taken.

It was this that led to his apprehension. Walking into the police station he inquired for Acting Chief of Police Newton. When we saw him he wanted to know what was against him. The answer was that he was placed under arrest and is now being held awaiting the instructions of the special crown prosecutor.

COMMITTEE WAS INVESTIGATING POSSIBILITY OF CUTTING OFF ELECTRIC POWER IN WINNIPEG

Records of the strike committee which were seized when the labor temple was raided early yesterday morning indicate that a special committee was selected on June 10, to investigate and report on the possibility of cutting off the electric power from the city.

Correspondence also shows that the receipt of "Bolshevik" money was acknowledged by strike leaders. Information to the effect was given last night by Hon. Gideon Robertson, Minister of Labor, in the course of an interview explaining why the strike leaders had been arrested yesterday and not before that date as being suspected of taking part in a seditious conspiracy.

THE BUSINESS LIFE OF VANCOUVER B. C., HAS BEEN BUT LITTLE AFFECTED BY THE STRIKE

Vancouver, B. C., June 18.—The fifteenth day of the Vancouver strike finds the city undisturbed in its domestic life and very little affected in its business life. The strike is marking time.

The strike committee has "nothing to announce" merely remarking when asked that the strike would now spread to unorganized labor. Some of the strikers in different industries are going back to work. Some of the Longshoremen have gone back, and are working along side of volunteer longshoremen, who are unloading an occasional boat in the harbor.

There has not been the smallest approach to rioting anywhere.

Chicago, June 18.—Officials of the Commercial Telegraphers' Union, the members of which entered upon a nation-wide strike one week ago, expect a decision today on the attitude the American Federation of Labor is to take toward their trouble with the commercial telegraph companies.

President S. J. Koenekamp, who is conducting the strike from headquarters here, said Percy Thomas, vice-president of the union, who is attending the convention of the Federation at Atlantic City, N. J., had wired him a decision would be forthcoming in a few hours as to the attitude of Samuel Gompers and other Federation officials on the issue.

Mr. Koenekamp said additions to the ranks of the strikers were being reported to him from various parts and he estimated that 2,000 of the members were out.

Officials of the Western Union and Postal companies said their business was being conducted without any appreciable trouble and that they regarded the strike as practically at an end.

A SPIRIT OF UNREST AMONG THE CANADIAN SOLDIERS IN ENGLAND

A Party of 400 of Them Make an Attack on the Epsom Police Station—Postponement of Steamship Sailings Because of Strikes is the Prime Cause of the Trouble.

London, June 18.—Unrest among Canadian soldiers in England because of continued postponement of homeward sailings culminated last night by an attack by four hundred Canadians on the Epsom Police Station. Several Police men were wounded, one seriously. The purpose of the attack was to release a Canadian soldier who had been arrested.

To avoid further trouble, the Police released another Canadian in whom the mob was not interested.

SYMPATHY FOR CANADIANS

There is much sympathy here for the Canadians, who repeatedly have been given dates for homeward sailings, only to be told that further postponement was necessary owing to strikes of dockworkers at Liverpool and other ports or to lack of transports. The unrest has not been confined to the Canadians. There have also been protests by Australians and New Zealanders. Some Scottish units, composed of veterans, recently held a demonstration against being sent back to France while men who had not seen active service remained in England or are demobilized.

Allies Will Arrange for Working Capital So That Germany Can Resume Her Industries and Pay Her Reparations—Will be Permitted to Use Thirty per cent of Her Shipping for Two Years —To Have Facilities for Obtaining Ores.

Paris, June 18.—The plan of the Allied and Associated powers to make concessions to Germany with regard to ships and financial and economic measures, if she signed the terms, was deemed advisable to assure Germany a certain amount of financial and economic "working capital" without which it would be impossible for her to resume her industries or pay reparations. Among the concessions, it was learned today, was to permit Germany the use for two years of thirty per cent of her merchant shipping and facilities for obtaining certain ores and other raw materials as well as the retention of her gold reserve in order to maintain the German currency system and foreign credits. It was originally contemplated to include in the reply given the Germans Monday a definite and detailed statement on those concessions.

HUNS TO HAVE THE RIGHT TO PURCHASE MINETTE ORES FROM FRENCH AND GERMAN LORRAINE

There was considerable discussion between British and other experts as to the amount of general tonnage we should and could place at the disposal of Germany during the period immediately after the war to supply the urgent need of raw materials before new ships could be built.

The estimates range between 25 and 30 per cent of the vessels above 1,600 tons. It is understood that it was agreed ultimately to permit the Germans to defer delivery of a higher percentage until two years after ratification of the treaty. All vessels in this category in existence at present are to be surrendered ultimately. The French also agreed to concessions giving the Germans the right to purchase on favorable terms minette ores obtained before the war from French and German Lorraine, and which must be mixed with German low grade ores to obtain a good quality of iron or steel.

BERLIN PAPER SAYS HUNS MUST BOW TO THE INEVITABLE AND SIGN THE PEACE TREATY

Berlin, June 18.—Commenting on the Allied reply to the German counter proposals to the terms of peace, the Frankfort Gazette says: "Whatever we do will be terrible. Germany is in no position to refuse to sign the treaty when the signature is forced by an ultimatum. Let us resign ourselves to the inevitable and hope for a better future."

In concluding a violent denunciation of the treatment given Germany by the Allies, the Vorwaerts says: "If the entente's covering note describes the war as the greatest crime against humanity, it is certain there is yet another and greater crime against humanity. That is this so-called peace."

THE GRAND VIZIER TELLS WHY TURKEY ENTERED THE GREAT WAR

Paris June 17.—The Young Turks, the former German Emperor and Russian greed for Constantinople were responsible for Turkey's entrance into the war, according to a statement of the Grand Vizier to the Council of Ten today, when he pleaded for the withdrawal of Greeks from Smyrna and the preservation of Turkey intact to insure peace among Mohammedans throughout the world.

The Grand Vizier said that a German Admiral on a German warship actually declared Turkey in a state of war, after a secret agreement with the committee of union and progress, for whose action the Turkish people were not responsible.

Windsor, Ont., June 18.—"There is absolutely nothing in it and I say so without verbal or mental reservation," stated Hon. George P. Graham, when questioned here yesterday by the Canadian Press regarding a rumor coupling his name with the leadership of the provincial Liberal party in Ontario. "Whatever part I am persuaded to take in politics will be in the federal arena," added Mr. Graham. "The Liberals of South Essex have honored me with their federal nomination and if I am spared you will find me bearing the standard of Liberalism in that good old Liberal riding in the next federal general election.
