MANY FISHERMEN LOST FROM VESSELS DURING A STORM ON TUESDAY

Crews Returning to Boston Tell of Great Havoc—One Vessel Lost All Trace of Sixteen Men Who Were Cut Off While Trawling—A Sixty Mile Gale Prevailed Some Men Rescued After a Terrible Experience.

Boston, Mass., Oct. 30.—Vessel fishing out of this port lost many men when a squall swept over the fishing grounds last Tuesday. Crews returning here today told of vessel after vessel from which men were cut off while hauling trawls. The schooner Reading reported that she had lost trace of sixteen of her men in the squall and fog. Three of these men rowed eighty miles to safety at Nantucket and six others were reported picked up by another vessel.

The Ethel B. Penny came up the harbor with her flag at half mast for three of the crew who strayed away. The Athena is reported to have lost one man and the Elk two men.

HOPE EXPRESSED THAT MANY OF THE MISSING

MEN WILL BE RESCUED ALONG THE COAST

The latter was said to have abroad two men who were cut off from another vessel, and the Captains of two schooners arriving here expressed hope that many of the other missing men would be picked up.

Other members of the Reading's crew were reported to have been rescued by the schooner Waltham, but how many of the sixteen men who were cut off from their vessel were saved was still in doubt tonight.

The three men from the Reading who landed at Nantucket came here today, not entirely recovered from their 30 hours exposure in a dory which they rowed eighty miles without food or water.

HEAVY FOG SET IN AFTER THE SCHOONERS

HAD SENT OUT DORIES TO HAUL TRAWLS

They said the fog shut in over the south channel fishing grounds early Tuesday morning after the schooners had sent out their dories with two men each to haul trawls. In the fog the dory men strayed far from their vessels, and when a sixty mile gale came up they were tossed widely and lost their bearings.

Patrick Morrissey said that three dories of the Reading held together until one became unmanageable and the other two each took off a man from the damaged boat. They rowed through the night with the stars as their guide and kept in touch with each other by shouting.

Then heavier seas set in the boats separated and Morrissey and his two mates pulled for shore alone.

HEARST GOVT. WILL QUIT ON SATURDAY

Toronto Oct 30.—Sir William Hearst stated this evening that his ministry would tender their resignation to Sir John enHdrie, lieutenant-governor on Saturday. "There will be no jockeying to hold positions," declared Sir William. He made it clear that he and his colleagues were preparing to evacuate the parliament buildings immediately to make way for the incoming U.F.O. Labor government.

Hon. Dr. H. J. Cody minister of education has announced that he will not remain in the ministry of education under any circumstances. Dr. Cody, like his fellow ministers in the Hearst government is ready to quit now. He has no desire to continue as minister of education.

Government House tonight denied a story published today to the effect that a letter had been received at the U.F.O. headquarters from the secretary of the lieutenant-governor asking Mr. Drury and the United Farmers to state their positions with regard to the formation of a government.

Mr. Drury visited Sir William Hearst at the parliament buildings today but what occurred between the retiring premier and his successor was not given out. Sir William declined to make any comment upon the matter when asked about it tonight. However it is surmised that the conference between him and Mr. Drury led to the announcement of the early resignation of the Hearst government.

Dr. G. C. Melvin, Chief Health Officer is at St John today.

BIG MAJORITY FOR IMPERIAL GOVERNMENT

London, Oct. 30.—The government secured a vote of confidence in the House of Commons tonight on its financial policy by an overwhelming majority of 355.

An amendment to the government financial resolution moved by John R. Clynes, laborite and former food controller, was rejected, 45 to 50, and the government's resolution was unanimously adopted.

This resolution, which was drafted at a cabinet meeting on Monday, declared "that this house, realizing the serious effects upon the trade and industry of the nation of the enormous financial burdens resulting from the war, promises its hearty support to the government in all reasonable proposals, however drastic, for the reduction of expenditures and the diminution of debt."

CHILD KILLED BY AN AUTO

Halifax, N. S., Oct. 29.—The six year old son of A. S. Barnstead, Deputy Provincial Secretary, was killed on Spring Garden Road this afternoon an automobile striking and knocking him down. The car passed over the little fellow's body. Chief Justice Harris was passing at the time and ran out on the street, picking the child up. He took him to the Victoria General Hospital where he died a few minutes afterwards. The chauffeur was arrested and afterwards was released on bail.

SUB-DISTRICTS DOING WELL FOR VICTORY LOAN

SOUTHAMPTON AND QUEENSBURY HAVE QUOTA

Napadogan Already Has Won Prince of Wales' Flag With Three Crests—The Returns.

Only twelve days are left for the public to invest in the Victory bonds and a strong effort is required to place this city in the place where it ought to be. York County is doing well and assuming its burden cheerfully. A competition between York and Westmorland Counties is imminent but up to the present York County has only been able to send into Provincial headquarters sixty per cent of the returns made by Westmorland County.

Napadogan District Well Up

The district of Napadogan with center at McGivney when last heard from was within \$50 of its quota. The year before last this district gave nothing to the campaign and last year only fifty dollars was subscribed. This year the requirement for the district was placed at \$1,500 with its objective \$3,000. Owing to the earnest work of Aubrey Hetherington of McGivney, canvasser for that district \$2950 has already been subscribed and the district is entitled to one honor flag and three crests.

It has been learned at the central office in this city that the district including Queensbury and Southampton has subscribed nearly fifty per cent over its objective. The objective was \$20,000 and according to a report received from John Lounsbury the canvasser, about \$28,000 has been subscribed. The Parish of Douglas as well as the town of Marysville shows every indication of coming up to the allotment. Gladstone and Blissville are doing remarkably well in their subscriptions. This city is also doing better work than was expected and a \$15,000 subscription has been made recently.

The returns for the County of York for the first three days of the campaign show that 129 applications have been recorded as well as the following subscriptions: Monday, \$31,700; Tuesday, \$47,650; Wednesday \$28,950. Total, \$108,300.

CARDINAL MERCIER THANKS THE PEOPLE FOR CANADA'S HELP IN WAR

Heroic Belgian Prelate Accorded a Great Welcome at Ottawa—Big Greeting Extended to Him Under the Auspices of the Canadian Club.

Ottawa, Oct. 30.—The Russell Theatre was filled to overflowing this afternoon when Cardinal Mercier gave his simple and impressive address, in which he offered the thanks of his people for Canada's help. The tall figure in the scarlet robe, with the firm, though careworn face, dominated the scene from the moment that the audience, spontaneously and as one, rose to its feet and greeted the Cardinal with three cheers and more as he strode to the centre of the stage.

The gathering was under the auspices of the Canadian Club. His Eminence, with natural ease, spoke in both French and English.

Sir George Foster was called upon to present His Eminence by Mr. J. E. MacPherson, President of the Canadian Club, who was in the Chair. Sir George made a characteristically brief, but effective speech.

GREAT BOND OF SYMPATHY.

"There is a great bond of sympathy between Canada and Belgium," said His Eminence. "It was so that we first knew you, and during the war your name became more and more splendidly known. I came to pay you our tribute of admiration and respect."

The Cardinal went on to say how on September 14, 1914, he had returned from the election of the Pope in Rome by way of England, rather than cross Germany and Switzerland under the protection of the sacred college of Germany and Austria.

Nation-Wide Miners' Strike Scheduled to Start Tonight

THREE BOYS BROKE INTO BOWLING ALLEY

Appeared in Court This Morning and Pleaded Guilty—Threw Stolen Articles Into River.

Three boys were before Police Magistrate Limerick this morning charged with breaking and entering the Arctic Bowling Alleys on Sunday evening and stealing several articles. They pleaded guilty and were remanded until Monday afternoon at 2.30 o'clock.

The three youths are all below fifteen years of age and belong to this city. On Sunday evening last knowing that the Arctic Bowling Alleys would be untenanted for the evening they gained entrance by breaking and removing the glass in one of the windows. On getting inside they rifled one of the punch boards taking a revolver, a camera, a ten-dollar gold piece, which they mistook for a cent, and several boxes of cigarettes and chocolates. Proceeding to the A. & B. Club House landing they threw the revolver and camera away and gambled with the gold piece finally losing it through a crack in the planking.

One of the youths was sent to the reformatory some three years ago and put in two years there. He will probably be sent there again while the other two will probably be sent to the Children's Aid Home for some time.

EXPORT OF SUGAR HAS BEEN STOPPED

Ottawa, Oct. 31.—The sugar shortage in Canada promises to become more acute, owing to non-arrival of raw sugar, consequent upon the long-shoremen's strike at New York.

The Canadian Trade Commission has taken a firm stand against further export of sugar and also advise that as a temporary measure the demand for sugar for domestic use should be met by the refiners before manufacturers of products containing sugar are supplied.

Four Hundred Thousand Bituminous Coal Miners are Ready to Quit Work—The U. S. Government is Expected to Take Action With a View of Averting the Calamity—Union Leaders Might be Placed Under Arrest.

Indianapolis, Ind., Oct. 31.—With more than four hundred thousand bituminous coal miners prepared to go on strike at 12 o'clock tonight, Federal Court action by the government in Indianapolis to prevent the effectiveness of the intended tie-up loomed big as a probability today. C. B. Ames, Assistant Attorney General of the United States, arrived in Indianapolis this morning as a representative of Attorney General Palmer.

A conference that lasted until after midnight was held by Federal officials last night but at its close participants declined to discuss the proceedings. Neither would they even hint as to what course would be followed in an effort to counteract the efficiency of the strike.

MINERS READY TO WALK OUT AND CHANCES

ARE THE SOFT COAL INDUSTRY WILL BE TIED UP

Either of two plans of action by the government present themselves. Under the Lever Act, which makes it a crime for two or more persons to agree to limit the production of necessities of life, union leaders might be arrested in an effort to prevent them from carrying out strike plans, or an injunction to restrain the miners' officials from conducting the strike might be asked.

Early today messages began pouring into International headquarters of the United Mine Workers of America here from bituminous coal mining districts throughout the country, declaring that the miners were prepared for the walkout tonight and expressing confidence that the industry would be effectively tied up before tomorrow morning. Union heads stated that in many districts it really would become effective late this afternoon as a large percentage of the mines do not employ night shifts.

THE PRINCE OF WALES REGRETS THAT HE HAS ONLY TWO HANDS

Montreal, Oct. 31.—Last night the Prince of Wales rounded off another strenuous day here by attending two balls, one given by the Grand Army of Canada and the other the Citizens ball at the Windsor Hotel. At the first, he was rushed by people, mostly civilians eager to secure autographs on their dance programmes and was forced to make his way to a gallery where he stated his regret that he had only two hands and remarked that he should have half a dozen to do all that was asked of him. His Royal Highness did, however, manage with some difficulty to have four dances.

The citizens ball was excellently planned and efficiently carried out to the satisfaction of everyone and was in every way successful.

NEW YORK STOCK MARKET TODAY

New York, Oct. 31.—An unusual variety of issues participated in the further substantial advance of prices at the active opening of today's stock market. Shipments, equipments, and steels and sugars were in special demand at extreme gains of 1 to almost 5 points. Oils, motor specialties and paper shares also were exceptionally strong. U. S. Steel lost a fraction at the outset but soon improved with independent issues of that group. Rails and coppers were the only stocks to lag, the general list extending its advance within the first half hour.

TRY IT ON A DOG.

Farm and Home: We need scarcely state that the following incident took place in the Western States: Prosecuting Attorney—Your honor, that bull-pup of yours has chawed up the court bible. Magistrate—Well, make the witness kiss the bull-pup then. We can't adjourn the court for a week just to hunt up a new bible.
