People who have no faults are not good company.
Now that the furnace fire is out we can purchase ice with the coal money, if any.

OF INTEREST TO WOMEN

BRILLIANT COLORS

Apple Green and Lemon Yellow Hold the Centre of the Stage and are Gaining in Favor.

When an importer speaks of the prevailing shades of green and yellow, they are called jade and citron.

With us, even after our brief adventure in France, the colors are called apple green and lemon yellow. This signifies much more to the Anglo-Saxon mind.

Whatever the names, however, these two colors are exploited wherever a dressmaker and a patron foregather.

There are women who shrink at the thought of yellow or bright green coming near their skin but the dressmaker assures them that this need not be. Only those with faultless facial coloration can bring either of these shades to the neck. When that is possible the very daring of it creates unlimited attention and makes for success.

But only the gifted run the risk of making themselves hideous. The majority of women who accept lemon yellow or apple green spend their time in seeing to it that the colors are well placed and out of harm's way.

No one can do wrong with even the most dangerous color if it isn't permitted to come near the face. This seems a simple creed. No woman should find reason to feel that it is difficult.

The dressmakers manipulate these two colors very well in combination with white, cream and black.

Black lace gowns are built over either one of these colors or if black chiffon is preferred as a foundation the colored sash is a symbol of fashion.

It is always a happy moment in the life of the conservative woman when black lace comes back into the limelight. One can wear it throughout a season and look well without creating comment. It is the minority who wish to be noticed, while the majority want to look well and be inconspicuous.

The entire world is divided into these two groups or women. It is the majority, therefore, who like the black lace frock with its brilliant sash, although the minority also accept it as part of their wardrobe, but invariably add some eccentric or capricious touch to swirl it into the centre of the limelight and keep it from becoming inconspicuous.

HOMELIKE ATMOSPHERE.

The burglar entered the house quietly, but his shoes were not padded and he made some noise. He heard someone move in a bedroom and then the sound of a woman's voice floated to his ears: "If you don't take off your boots when you come into this house there's going to be trouble, and a lot of it. How dare you walk over the carpets with your muddy boots. Go down stairs and take them off this minute."

He went downstairs but he didn't take off his boots. Instead he went straight out into the night again and the pal who was waiting for him saw a tear glisten in his eye.

"I can't rob that house," he said; "it reminds me of home."

Shaping one's head to fit a new straw hat is one of the bitter ordeals of the season.

COUGHS, COLDS, FARM WAGONS AND SLOVENS

If there is an ailment in the throat of chest, it is surely essential that the remedy be conveyed direct to the affected part. It's because the healing vapor of Catarrhzone is breathed into the sore, irritated throat and bronchial tubes that its balsamic fumes kill the germs and destroy the cause of the trouble. These are the reasons why Catarrhzone never yet failed to cure a genuine case of Catarrh, Asthma, Bronchitis or Throat Trouble.

The wonderfully-soothing vapor of Catarrhzone instantly reaches the furthest recesses of the lungs, produces a healing curative effect that is impossible with a tablet or liquid, which goes merely to the stomach, and fails entirely to help the throat or lungs.

CATARRHOZONE

Just Breathe It.

To permanently cure your winter ills your coughs sneezing and Catarrh, by all means use a tried and proven remedy like Catarrhzone. But beware of the substitutor. Large outfit lasts two months, costs \$1.00, small size 50c trial size 25c, at dealers everywhere.

Fear that an effort will be made to reform them is the ghost that forever haunts some men.

There will be many objections to the millennium because there is no money in it.

BRIEF BUT USEFUL RECIPES.

Restore Gilt Frames.—Rub with a sponge moistened with turpentine.

Drive Away Aars.—A little quick lime placed in the infested places.

Remove Tar from Cloth.—Rub it with turpentine till every trace is removed.

Make Leather Waterproof.—Saturate it with castor oil; to stop shoes squeaking, drive a peg into the middle of the sole.

Clean the Hair.—Wash well with a mixture of soft water, 1 pint; sal soda 1 ounce; cream tartar 1/4 ounce.

Egg Stains on Spoons.—Rub with common salt.

Clean Gloves.—Pour a little benzine into a basin and wash the gloves in it, rubbing and squeezing them until clean. If much soiled, they must be washed again through clean benzine and rinsed in a fresh supply. Hang in the air to dry.

Clean Hair Brushes.—Dissolve a little soda in warm water and pour in a small amount of ammonia. Hold the brushes with the bristles downward and avoid wetting the back as far as possible; shake until the grease is removed; then rinse in cold water and put in the air to dry.

Remove Mildew from Cloth.—Put a teaspoonful of chloride of lime into a quart of water, strain it twice, then dip the mildewed places in this weak solution and lay in the sun. If not effective the first time repeat.

How to Remove a Rusty Screw.—Apply a red hot iron to the head for a short time, the screw-driver being applied immediately while the screw is hot.

Cure Mosquito Bites.—Put ten drops of refined carbolic acid into an ounce of rose water; shake well and apply. (If you hold your breath while a mosquito has its bill in you it cannot withdraw it until you breathe again.)

Wood's Phosphorine.

The Great English Remedy. Tones and invigorates the whole nervous system, makes new blood in old veins, cures Nervous Debility, Mental and Brain Weakness, Loss of Energy, Palpitation of the Heart, Failing Memory.
