

SOME AMENDMENTS TO THE INTOXICATING LIQUOR ACT

(Passed 22nd June, 1917.)

Be it enacted by the Lieutenant-Governor and Legislative Assembly, as follows:

1. Sub-section (n) of section 2 of the Act entitled "An Act for the suppression of traffic in Intoxicating Liquor, 1916," is hereby repealed, and the following enacted in lieu thereof:

(n) The expression "wholesale license" shall mean a license authorizing a chemist or druggist, duly registered as such, under and by virtue of the Act or Acts relating to the New Brunswick Pharmaceutical Society, in force in this Province, or such other person or persons as may be approved by the Chief Inspector, to sell, subject to the provisions of this Act, in the warehouse or store defined in such license, alcohol in sufficient quantities to manufacturers and to those engaged in mechanical pursuits, upon the written authorization of the Chief Inspector, and in quantities of ten gallons, at any one time, for scientific purposes, and to sell to any duly registered medical practitioner, but to no other, liquor in sufficient quantities to meet his professional requirements, and to any retail licensee liquor in sufficient quantities to meet physicians' prescriptions, and to clergymen for sacramental purposes, and to any bona fide hospital in sufficient quantities to meet the requirements of the institution.

2. Section 11 of the said Act is hereby repealed and the following enacted in lieu thereof:

11. No person other than the father, mother, guardian or physician, nurse or attendant of a minor, or retail licensee under prescription from a physician, shall sell or give liquor to any person under the age of twenty-one years, and then only for medicinal purposes.

3. Section 33 of the said Act is hereby amended by the insertion of the word "manufacturing" between the words "mechanical" and "or" in the second line thereof.

4. Section 38 of the said Act is hereby repealed and the following enacted in lieu thereof:

38. No person shall, upon any vehicle of transportation or at any public place or resort, or upon any sign or bill board, or in any newspaper, periodical or other publication printed and published in this Province, or upon any circular, poster or price lists, or otherwise, advertise liquor, or advertise the manufacture, sale, keeping for sale, or furnishing of liquor, or the person from whom, or place where, or the price of which, or the method by which liquor may be obtained. And no person shall sell or distribute any such matter, and no person, whether owner or occupant, shall permit any sign or bill board containing such advertisement to be or remain upon his premises after the coming into force of this Act, provided, however, that nothing herein contained shall prevent the publishing of the names and places of business of licensees under this Act.

5. Section 39 of the said Act is hereby repealed, and the following enacted in lieu thereof:

39. Nothing herein contained shall prevent any person engaged in mechanical business or in scientific pursuits from having in his possession alcohol for mechanical, manufacturing or scientific purposes, as the case may be, in a quantity not exceeding ten gallons at any one time, or a larger quantity when authorized, in writing by the Chief Inspector, but the alcohol used in the preservation of specimens for scientific purposes shall not be included in said ten gallons; or to prevent any person, being a clergyman, from directly importing or having in his possession any quantity of wine for sacramental purposes.

6. Section 47 of the said Act is hereby repealed and the following enacted in lieu thereof:

47. Any dentist who is a duly registered member of The New Brunswick Dental Association, and who is lawfully and regularly engaged in the practise of his profession, and who shall deem it necessary to administer to any patient being then under treatment by him, liquor, may himself administer to such patient the liquor thus needed, and for such purpose he may keep in his office a quantity of liquor not exceeding one pint at any time and one gallon of alcohol for mechanical purposes.

7. Section 145 of the said Act is hereby repealed and the following enacted in lieu thereof:

145. (1) In case any liquor seized under any of the provisions of this Act does not have clearly marked on the outside of the package or vessel containing the same the name and address of the person for whom the same is intended or if the name or address of such person is fictitious or not known, or if the person to whom the same is addressed cannot be found at such address given, or if on such package shall not be specified the fact that liquor is contained in such package, or if the bill of lading of such package shall not contain the same information, it shall be prima facie proof that such liquor is intended to be sold or kept for sale in violation of this Act, and if no claim is made to such liquor and no notice thereof given to the Inspector within thirty days after such seizure, the Inspector shall apply to a Magistrate, Justice of Justices for an order that such liquor be destroyed, and the Magistrate, Justice or Justices on receiving an affidavit of such facts, shall order that such liquor be destroyed, and the Inspector shall thereupon cause the same to be destroyed; or upon application of the Commissioners of a Public Hospital or Almshouse or Provincial Hospital by the authorization of the Chief Inspector, the Justice may order that the liquor, or any part of it, instead of being destroyed, be handed over to such hospital, almshouse or provincial hospital for medical purposes.

(2) If such liquor, or any part thereof, was shipped as other goods, or was covered or concealed in such manner as would probably render discovery of the nature of the contents of the vessel, cask or package in which the same was contained more difficult, it shall be prima facie evidence that the liquor was sold or shipped or was intended to be sold or kept for sale in contravention of the provisions of this Act. (Proposed P. E. I. Act. Sec. 41.)

8. Section 165 of the said Act is hereby amended by the insertion of the word "wilful" between the words "every" and "default" in the first line thereof.

9. Section 180 of the said Act is hereby repealed and the following enacted in lieu thereof:

180. Upon application to the Chief Inspector by any per-

RHEUMATISM FOR OVER 16 YEARS

No Return Of The Trouble Since Taking "Fruit-a-tives"

103 CHURCH ST., MONTREAL.
"I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used lotions; but nothing did me good.

Then I began to use "Fruit-a-tives", and in 15 days the pain was easier and the Rheumatism much better. Gradually, "Fruit-a-tives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

"Who says the country is dry?" asks an exchange. H'm, what's the extent of your information, brother?

The known varieties of cheese, we are told, number 245; but in addition to these there are not a few things going around unlabelled.

Three women attended the opposition convention, but they had positively nothing to do with starting the row. strike and demand Sundays off.

NOVA SCOTIA HAS GREAT APPLE CROP

Halifax, N. S., Nov. 24—Nova Scotia has made a splendid record this year with its apple crop.

The Government estimate to date is a million and a quarter barrels.

The greatest difficulty is in getting the fruit picked and packed in time for shipment as this year the tonnage is ample.

The continued wet weather, lack of pickers and packers and shortage of barrels have all held up the picking and hence the shipping.

Early apples, which were plentiful did not prove a great success, as many spoiled in the barrels of local dealers.

Fall fruit is of better quality, although there was some frost damages.

About 300,000 barrels of the crop have been moved for export or sold for domestic consumption to date.

Twenty-five per cent of the crop remains to be picked.

The growers are netting \$4.00 per barrel.

S. B. Chutt, of Berwick, one of the Nova Scotia apple kings has 18,000 barrels for shipment.

son, the Chief Inspector may, upon payment of such fee as may be fixed by the Lieutenant-Governor-in-Council, issue a license to such person for the sale of such drinkable liquids as are non-intoxicating, that is, having less percentage of alcohol than 2 per centum of proof spirits such as hop-beer, root-beer and similar liquids or beverages that contain alcohol, and are classed under sub-section (a) of section 2 hereof as non-intoxicating, such license to be known as a beer license, and shall be in force until the first day of May next succeeding the issue thereof. Such license shall be as in Form No. 37 in Appendix to this Act.

10. Section 181 of the said Act is hereby repealed and the following enacted in lieu thereof:

181. A "beer license" shall be construed to mean a license for selling, bartering or trafficking by retail in such drinkable liquids as are classed by this Act as non-intoxicating, but no such license shall authorize the sale or keeping for sale of any beverages which are in fact intoxicating, malt or spirituous. But no license shall be required for the sale of soda-waters of other beverages containing no alcohol.

(a) If any person without a license shall sell or keep or offer for sale any of the temperance drinks mentioned in sections 180 and 181 of this Act, he shall be liable to the penalties provided by section 94 of this Act.

11. Section 184 is hereby amended by striking out the word "ten" in the 6th line thereof and inserting in lieu thereof the words "eleven-thirty."

12. Section 185 of said Act is hereby repealed and the following enacted in lieu thereof:

185. No person holding a beer license shall sell on Sunday any of the drinks or beverages for sale of which a license is required under this Act, nor shall the premises licensed be kept open after the hour of eleven-thirty at night, nor be opened before seven o'clock in the morning; provided that this section shall not apply to the sale of such drinkable liquids as are classed under sub-section (1) of section 2 hereof, as non-intoxicating, to guests in hotels; and provided also, that nothing herein shall prevent druggists from keeping their premises open during such prohibited hours for the carrying on of their ordinary business; but they shall not, during such prohibited hours, sell any of the beverages mentioned in sections 180 and 181.

13. Section 192 of the said Act is hereby repealed and the following enacted in lieu thereof:

192. The Chief Inspector shall have such liquors analyzed by the Provincial Analyst, whose certificate of analysis shall be received in all courts as evidence.

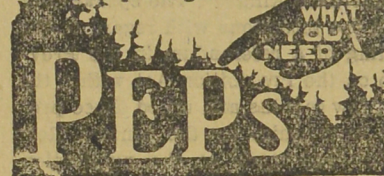

IF you had a sore place, and had to choose between two remedies, one of which went to the sore spot direct, and the other by a round-about way, which would you prefer? Undoubtedly, the one that gets there direct!

That is just the reason for people's preference for Peps for ailments of the throat, bronchial tubes and lungs. Peps get there direct, because they are breathable, while remedies which are swallowed only go to the stomach.

Dissolve Peps in the mouth, and the vapor which is liberated is carried by the breath direct to the breathing passages and minute air cells of the lungs, destroying all germs, and soothing, healing, and strengthening the delicate membranes.

Once you try Peps you will never use any other remedy for coughs, colds, sore throat, bronchitis, tightness across the chest, night cough, laryngitis or asthma. All dealers 50c. box.

FREE TRIAL Send this advertisement and 1c. stamp (for return postage) to Peps Co., Toronto, and receive free trial package.

The Dominion Railway Board will probably make an order this week to cut off every passenger train on the railways of Canada which can be dispensed with, in order to save coal.

tories have been established in several parts of the province and are apparently making good and bid fair to become established institutions.

One at Dentville started by R. J. Graham and Co. of Toronto, is being run on a large scale, while smaller ones have opened at Auburn and Wolfville. The latter owned by Mr. Jodrey of that town was destroyed by fire in the early fall.

Potatoes and Vegetables

Frost and blight caused by the wet weather, have wrought havoc with vegetables of the province, especially potatoes.

In many instances part of the crop has had to be discarded and farmers have to sort their potatoes two and three times.

The situation at present looks rather bad, as blight will cause rot before the winter is over. Prices are high and quality poor.

The estimated crop in the Annapolis Valley along the Dominion Atlantic Railway is 200,000 barrels, of which 75,000 have been shipped to Havana, Cuba, and the balance to the West Indies and Bermuda.

Eggs and butter are bringing top prices at present. Dairy butter sells in Halifax for 75 cents per pound and eggs go anywhere from 80 to \$1.00.

Milk has been lowered to 14 cents per quart from 15.

THROUGH NOON TRAIN, ST. JOHN TO HALIFAX

Nos. 13 and 14 Trains to Run Between St. John and Halifax—To Make Boston Connections.

Time Table changes effective on Canadian National Lines November 30 will affect St. John in one important particular. Trains Nos. 13 and No. 14, now running between St. John and Moncton, will run (daily except Sunday) between St. John and Halifax as through trains, and not connecting with the Ocean Limited at Moncton.

No. 14 will leave St. John at 1.40 p.m. after the arrival of the Boston train, carrying the through oston sleeper for Halifax, arriving there at 11.40 p.m. No. 13 will leave Halifax at 7.40 a.m. (except Sundays) and carry the through Boston sleeper to St. John, arriving at 5.35 p.m. This service should prove most satisfactory to the travelling public. A Standard C. N. R. Diner will run between Halifax and Moncton on these trains.

C. N. R. trains in and out of Fredericton are not affected by these train changes.

Parties whose subscription to THE MAIL is in arrears will confer a favor by forwarding the amount due without further delay. Remit by Postal note or registered letter to The Mail, 327 Queen Street, Fredericton, N. B.

CARDINAL MERCIER.

Beginning Saturday, Dec. 6th, the New York Evening Telegram will publish "The Story of Cardinal Mercier," the Martyr of Belgium.

In his preface to this Greatest Human Document of the World War, he writes:

"Here are my war experiences in their most tense and vivid reality; all the issues I fought with the occupying powers, their methods and mine clearly defined, undeniably fixed in black and white."

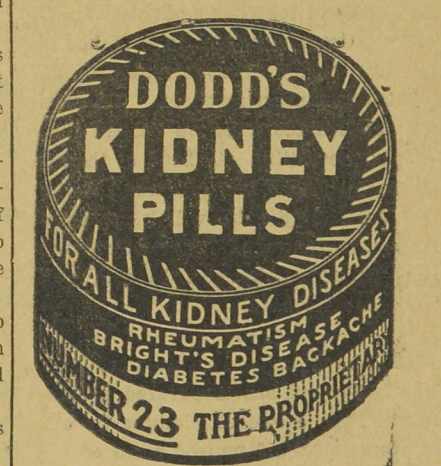

Insist on the New York Evening Telegram. Send \$1.50 for two months' subscription with story.

Cold weather may be hard on the human race, but it enables the oyster to come out strong.

Sweethearts make up after a quarrel because they enjoy it, and married folks because they have to.

We'd hate to be so rich that every time a man called on us we'd be afraid he was going to ask us for money.

To the average man a vacation does not mean much unless he comes back in need of a rest.

Economy of Ford Service

WEAR is unavoidable even in the best car, but certain parts wear out more quickly than others. There is no need of scrapping your car because the piston rings have seen their day, because the platinum points of the vibrators are worn out. Probably the rest of the car is as good as new.

Medical men agree that the human body is renewed, cell by cell, every seven years. You can do the same with your Ford Car and prolong its life at minimum cost by replacing worn parts from time to time.

Ford service has been the means of doubling the lives of hundreds of Ford Cars, and cutting down the cost of motoring. The fact that a Ford Touring Car, which costs \$690, f. o. b. Ford, Ont., can be purchased part by part separately for \$917 is ample proof of the economy of driving a Ford Car.

It will pay you to have your car overhauled during the winter months. 700 Canadian Dealers and over 2,000 Service Garages supply genuine Ford parts and prompt repair service.

When buying, choose a Ford, and take advantage of the economy of Ford service.
