MR. D. D. MACKENZIE TAKES PART IN BUDGET DEBATE

The Opposition Leader Declares That He is in Full Accord With the Tariff Policy of Sir Wilfrid Laurier — Would Encourage Industries and Develop Natural Resources of the Country — Discrimination Against St. John.

Ottawa, June 16—In the house this afternoon J. H. Sinclair, Guysboro, called the attention of the government to the fact that the American Shipping Board has fixed a rate on raw sugar from the north side of Cuba to New York at 38½ cents per hundred-weight and to Halifax and St. John at 58½, a discrimination of twenty cents. The Canadian National Railways to meet this have agreed to carry sugar from Cuba for the Montreal refineries at the 38½ cent rate, while Halifax and St. John have to pay 58½. Mr. Sinclair asked if the government was taking any action in connection with the New York Shipping Board deciding the rates at Canadian ports, and if the government means to use government ships for the benefit of Montreal refiners to the injury of competitors in Halifax and St. John.

Favors Laurier Policy

That he is in favor of the tariff policy advocated by Sir Wilfrid Laurier was a statement made by D. D. MacKenzie, opposition leader, in continuing the debate on the budget in the commons today. He further put himself on record as being in entire accord with the principles of the Liberal party on the tariff questions and explained that in a recent speech in which he made a reference to the tariff which has been the subject of much comment he had used the word "protection" when he should have said "bounty."

Wants Industries Encouraged

He was in favor he said of encouraging industries which developed the natural resources of the country by bounty or otherwise.

Mr. MacKenzie said he stood by the McMaster amendment both in its present form, and in the more specific form in which it was moved earlier in the session. The amendment expressed in a compact way, he said the attitude of the Liberal party at present. Mr. MacKenzie criticized the government in connection with expenditures, the cost of living and labor troubles. He once more expressed the opinion that a court should be established to deal with labor troubles.

Major W. D. Cowan, Regina, who preceded Mr. MacKenzie said he would oppose the amendment because the government in response to the demands of the western members had made tariff changes that will save the people \$17,000,000 per annum.

John Harold of Brant, in opposing the amendment, predicted that Canadian makers of agricultural implements would be driven out of the field by American competitors if they do not receive some encouragement.

Mr. Kennedy, Liberal member for North Essex, did not mention the tariff, but criticized the government for its method of handling war loans.

Some Questions Asked

Major-General Mewburn, in the house this afternoon, introduced the bill to amend the militia act as to provide for a permanent force in Canada or not exceeding 10,000 instead of

5,000 as at present. The bill was read a first time.

Mr. Burnham asked if it was a fact that returned soldiers who have been given their old positions at the Trent Canal at Peterboro were paid less than those in similar positions alongside them. The answer of the government was in the negative.

Mr. Wigmore asked what representations, if any, had been made to the British government by the Canadian government respecting the return to the Sydney-St. Lawrence route of the coal ships Rose Castle, Lord Strathcona, Daghlid, Wabana and Kamouraska.

Mr. Ballantyne—"The high commissioner for Canada in London was requested by cable to urge upon the ministry of shipping in the strongest possible manner the necessity for the release from requisition of the steamers mentioned."

"Additional representations were made through the secretary for the colonies asking for the return of the Kamouraska. It is understood that none of the vessels have been returned."

Winnipeg Strike

D. D. MacKenzie said the reports regarding the strikes at Winnipeg were conflicting and he asked if the government could give any definite information.

The premier replied that at the moment he could not say any more than that he had received a telegram from Senator Robertson this morning indicating the steps that had been taken by him. Apparently matters were progressing in a satisfactory way.

William Duff of Lunenburg, inquired if any steps had been taken to release the seven sailors who were being kept in jail at Halifax. The speaker interrupted to say that this was purely a local matter and not a question of the orders of the day.

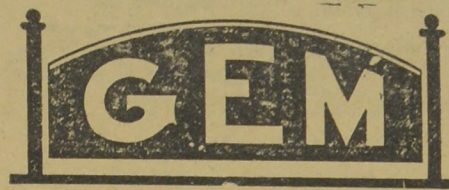

Hon. Charles Murphy was informed by the Premier that he had asked Sir James Loughheed who is the minister in charge of soldiers' civil re-establishment for a statement as to the resignations of Colonel McKelvey-Bell and Captain J. Grant Cunningham. The statement would be laid on the table of the house.

APPRECIATION OF WORTH OF LATE H. T. DOUGLASS

Stanley, June 16—The funeral service of the late Howard T. Douglass was held at the Church Sunday afternoon and was attended by the largest gathering ever witnessed in Stanley. Where the deceased was known his value was recognized and the whole county and surrounding country embraced the opportunity of being present, to give expression to esteem and love for one whose main ambition of life was to render service to others. The blow which has struck this village was a hard one and the vacancy thus caused will be hard to fill. As a church worker he was foremost in every effort. His pastor Rev. Mr. Robinson who conducted the service assisted by Rev. Mr. McPherson made reference in most appropriate terms to the great loss sustained by the removal of so useful a life. Although many times pressed to his utmost capacity by the immense business which he so successfully carried on, he could always find time for his Sunday School and other services which he considered part of his life's work. He is at rest from his labor but his works will follow him. The entire community joins in expressing sympathy for the widow and all the members of the family in their very sudden and sad bereavement.

The Bride's Surprise

Halifax Echo: A rather startling occurrence took place not long since on a train which runs out of Halifax. On board was a rather swarthy looking soldier boy with his wife—a French girl possibly from "over there." On reaching a certain station the young man was effusively welcomed by a typical African, and after returning the greeting he turned to his bride and introduced him as his father. The look of startled bewilderment which went over the young woman's face was most intense.
