THE GREAT CABINET MYSTERY.

The above illustration is one of the many mysterious mysteries performed by the great "Heverly," who appears in one of the seven big vaudeville acts which is accompanying the Mae Edwards Players to Fredericton, who are opening a four days' engagement at the Opera House, starting December 3rd. This company, which is well known in New Brunswick by its previous engagements, comes back bigger and better than ever, presenting a list of plays that are clean, wholesome and different from the ordinary run of shows. One of the big features of this excellent company is that they are producing high-class vaudeville between acts which is making such a tremendous hit over all parts of the Maritime Provinces. ## WHY THE EDITOR LEFT TOWN.

It was because the following items  
appeared in his paper:

"Mrs. T. W. Johnson read an article  
for the Women's Club entitled 'Person-  
al Devils.' Seventeen were present."

"Mr. J. Crouse shipped a carload  
of hogs to Kansas City one day last  
week. Three of his neighbors went in  
with him to make up the load."

When serving prepared cereals, put  
the cream and milk into the bowl first  
and then the cereal. The cereal will  
then not be mushy.

THE HACKING  
COUGH STRAINS  
THE LUNGS

The terrible, hacking, lung-wrack-  
ing cough that sticks to you in spite of  
everything you have done to get rid  
of it is a great source of danger to  
your health, and the longer it is al-  
lowed to stick the more serious the  
menace becomes.

You can easily get rid of the cough  
or cold at its inception by using Dr.  
Wood's Norway Pine Syrup, a remedy  
that has been universally used  
throughout Canada for the past 30  
years.

Mrs. Samuel Matthews, Portage, P.  
E. I., writes:—"Last winter I caught  
a heavy cold, and was laid up for  
some time. I had such a hacking cough  
I could not sleep at night, and did not  
think I could ever get over it. One  
day a friend dropped in to see me,  
and was surprised to see how bad my  
cough was. She advised me to use Dr.  
Wood's Norway Pine Syrup, so the  
next day I sent for a bottle and soon  
got relief, and by the time I had taken  
two bottles, my cough was all gone.  
I doubt there is anything to equal it."

Dr. Wood's Norway Pine Syrup is  
put up in a yellow wrapper; 3 pine  
trees the trade mark; price 25c. and  
50c. Manufactured only by The T. Mil-  
burn Co., Limited, Toronto, Ont.

## North Shore Towns Enthusiastic

Mr. Fletcher Peacock, Director of  
Vocational Education returned Satur-  
day evening from the North Shore  
where he had been on Vocational work.  
The towns of Newcastle, Loggieville,  
and Bathurst were visited and all  
seemed very enthusiastic over the  
vocational work. At Newcastle the  
sum of \$500 was volunteered for the  
work. Public meetings were held at  
various towns visited and the work will  
be soon under way.

The only effective way to convince  
a contrary man that he is wrong is to  
agree with him.

ANGLICAN CHURCH AND

Rev. R. H. A. Haslam, of Toronto, Secretary of the Upper Can-  
adian Bible Society, Writes an Interesting Article for the  
Canadian Churchman—Quotes Endorsements of the So-  
ciety by Church Dignitaries in England.

Rev. R. H. A. Haslam, M. A., Secretary  
Upper Canadian Bible Society, Toron-  
to, late missionary at Kangra, India,  
writes:

The Invocation prefacing the Collect  
for the Second Sunday in Advent re-  
flects something of the glow of love  
and appreciation in the heart of the  
worshipper for the "Blessed Lord,  
Who has caused all Holy Scriptures to  
be written for his learning." The op-

ening up of the Word itself in which  
are revealed the boundlessness of His  
Love and His gracious provision for  
man's redemption, causes the "heart  
to burn within as He speaks to us by  
the way." But not only does the Lord  
of the Word, and the Word of the Lord  
produce those results which are so  
akin to fire, but the chief instrument  
for the making known to the world  
the Holy Scriptures—that greatest of  
all Christian organizations, the Bible  
Society—has within it those poten-  
tialities which produce fire-like results.  
The study of the bare historic facts of  
the founding of the society, which sets  
itself the task of supplying the Word  
of God to every man in every land in  
his own tongue, and of the glorious  
achievements of the Society, kindle  
an unquenchable enthusiasm in the  
hearts of those who know the facts.  
During the one hundred and fifteen  
years of its existence over three hun-  
dred million copies of the Scripture  
have been circulated in all lands.  
Yearly, in five hundred and seventeen  
languages, the Word is bearing the  
message of His salvation to nearly ten  
million men who otherwise would not  
hear His voice. Through their finger-  
tips the blind are taking in the Story  
by means of raised type in thirty-five  
languages, and in our own land in  
forty languages. Diglot versions con-  
vey the message in both the mother  
tongue of the immigrant, and also in  
English, both arranged in parallel  
columns.

Thousands Testify to the Lasting

## CATARRHOZONE

CURES WITHOUT DRUGS

One of the finest discoveries in medi-  
cine was given to the public when  
"Catarrhozone" was placed on the  
market about fifteen years ago. Since  
then thousands have been cured of as-  
thma and catarrh. An interesting case  
is reported from Calgary in a letter  
from Creighton E. Thompson, who  
says:

"Nothing too strong can be said for  
Catarrhozone. I suffered four years  
from asthma in a way that would be-  
gar description. I went through every-  
thing that man could suffer. I was told  
of Catarrhozone by a clerk in Findlay's  
drug store and purchased a dollar  
package. It was worth hundreds to me  
in a week, and I place a priceless value  
on the benefit I have since derived.  
I strongly urge every sufferer to use  
Catarrhozone for Asthma, Bronchitis  
and Catarrh."

The one-dollar package lasts two  
months; small size, 50c; sample size,  
25c; all storekeepers and druggists,  
or the Catarrhozone Co., Kingston,  
Canada.

A glow of confidence in the society  
is engendered as one hears of its sup-  
porters, in succession to the founders  
still sending forth the Word, "without  
note or comment," believing that its  
moral and spiritual truths "are self-  
attesting to minds able to realize them  
and that they no more need supple-  
mentary corroboration than does the  
ultimate testimony of the senses of a  
sane person."

Faith's embers are quickened as one  
reads the experiences of the Society's  
colporteurs, over one thousand of  
whom in foreign lands, in dangers of-  
ten and persecutions sore, face every  
obstacle as they sell the Word and  
bear witness to its illuminating, pen-  
etrating and transmuting power. See-  
ing what the Bible is doing in other  
lands in other lives blows into a living  
flame our own faith.

Churchmen may ask, what is all this  
to us? Has it any bearing on our
