**Mollie Malone's High Boots—Movie  
"Vamp Leaves Small Estate—  
Marjorie Post's Divorce.**

Mrs. Godfrey Tearle, better known as Mollie Malone, the actress, gave New York another thrill the other day. Some of the girls have been returning from Yurup with all sorts of new gear, and some with very little. When Mrs. Tearle came down the gangplank of the Carmania, however, she wasn't tripping along. She came grandly, grandiosely, grandiferously. Why? Well, she had on a pair of Russian boots. The real thing. 'Member those old-fashioned high leggers, with red tops and copper toes? Well, these Russky affairs exaggerate the ones of our youth. Mrs. Tearle's were almost limitless in skywardness. Soft and almost silky, the leather was wonderful and shiny as could be. They reach beyond two joints and are a composite garment.

Miss Annette Seelos, better known to the movie world as Blanch Wallace, who died a few weeks ago only 27 years old, left just \$4032. She played opposite Charlie Chaplin, later was a leading "vamp" and had been with the Word-Brady concern. Folks who supposed her earnings very high were surprised at the real size of the estate—and she was a thrifty little woman at that.

Mrs. Marjorie Post Close, daughter of the late "there's a reason" plutocrat, got her divorce from Edward B. Close, the New York lawyer, last week. She gets her two children and as her father left her several millions and big incomes for the little girls, will be able to worry along. The divorce suit came as a great surprise to their closest friends, who supposed that the couple, married fourteen years, were happy.

Mrs. Dorothy Ives, formerly Miss Redfield, daughter of the New York banker, married a Hun in 1913, and when the war broke out in 1914 he skipped to Germany. She got a divorce from him only last week for desertion. He, son of a Yankee mother and German father, and born in Germany, is back in this country and declares he did no fighting.

Mrs. Emma Goldman Kersner who for 25 years has been touring America and denouncing its institutions, inciting violence and unrest, comparing it unfavorably to her beloved Russia, and who has just emerged from prison for obstructing the draft, doesn't want to leave us to our fate. She has been ordered deported, and everybody supposed she would be charmed to embrace the opportunity of a free sea trip. But Emma now has decided to fight to remain. At the hearing of her protest at Ellis Island she defied the government's tribunal, refused to answer questions and yelled out that she was an American citizen and would stay in America.

Mrs. Peter Cooper Hewitt—the new one—made 'em gasp when she tripped down the gangplank at New York yesterday. She also tripped into the appraiser's office and had to take it off until its value is established. It was a diamond anklet glistening on her champagne-hued hosiery just where the starboard pillar dwindles. It has 80 solitaires in it, and it 'most put out the eyes of the beholders. She says it creates an impression when the lights strike it.

### A VAMP

"Where are you going?"  
"To get my shoes vamped."  
"Is there a lady cobbler in town?"

ONLY PARTLY RESPONSIBLE.

Reggie—Love for you has driven me half crazy.  
Miss Bright—Too bad, Reggie, but who completed the job?

### THE GLAD HEREAFTER.

"What do you know of the hereafter?" asked the Sunday School teacher.

"We're going to be very rich then" spoke up one boy.

"What makes you think so?"  
"I overheard pa telling ma last night that hereafter they were going to cut out all foolish expenses and start in saving money."

## INDUSTRIAL WORKERS ARE ROUNDED UP

San Francisco, Cal., Nov. 15—Raids on Industrial Workers of the World and other radical organizations begun as the result of the killing of four former service men at Centralis, Washington last Tuesday, continued during the night up and down the Pacific Coast and as a result scores of additional prisoners were in custody today.

Some of them face charges of criminal syndicalism, some of inciting to riot and others of vagrancy. Three persons, alleged members of the radical order, sustained injuries in one raid which necessitated their removal to hospital.

At Los Angeles a number of former service men said to be mainly members of the American legion, broke into I. W. W. headquarters cut and bruised with clubs 3 men and wrecked the place before the police could respond to a riot call. In San Francisco, "the people's institute" and I. W. W. headquarters were raided by the police and nine men held in default of \$1,000 bond on charges of vagrancy.

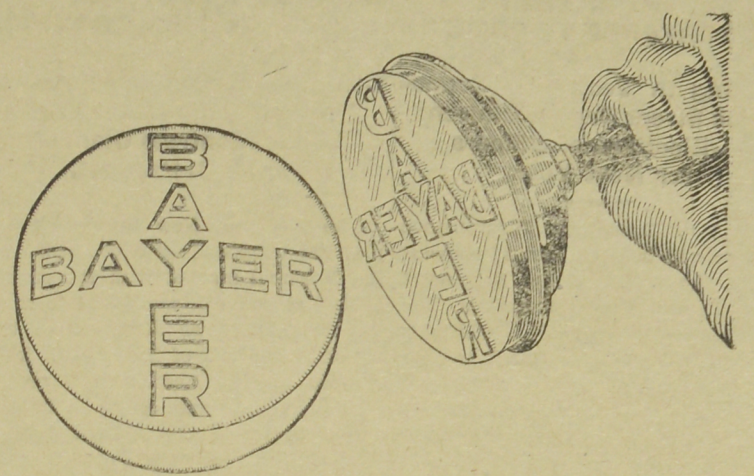

The oftener a man is sold the cheaper he feels.

## ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

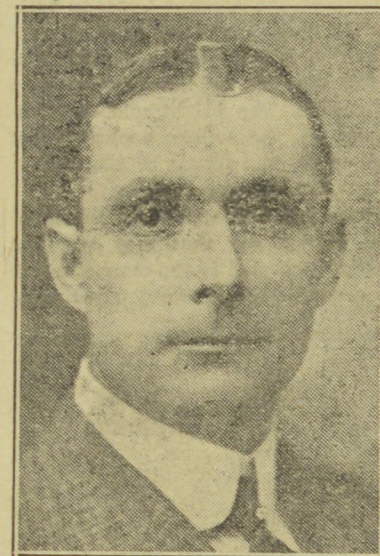

The name "Bayer" stamped on tablets positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Always buy an unbroken package of "Bayer Tablets of Aspirin" which also contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. Handy tin boxes containing 12 tablets cost but a few cents. Druggists let's cost but a few cents. Druggists of "Bayer Tablets of Aspirin" which also sell larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer". Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocarbonylchloride of Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

## HOUSES SCARCE IN MONTREAL

Montreal, Nov. 14—Montreal is short of houses and Montreal is doing nothing to get them. While Toronto, Ottawa and other cities of Ontario are displaying the greatest energy in housing the Old Capital is preparing "bec" as certain people delight in calling the Old Capital it is preparing plans for the laying out of a model garden suburb at the cost of a million and a half; while Sherbrooke, St. Anne de Bellevue, Three Rivers, Hull and other cities have put the work in hand and have already made appreciable progress the metropolis stands with its arms folded and waits. The City Administration doesn't appear to have done all it should have done to assure the building of houses. For several weeks past the Administrative Commission dined for this purpose has had no president and only three members instead of five think that it can leave entirely to others the responsibility of supplying the houses that the workers stand in need of. That is the sort of inaction that becomes more and more dangerous as it is prolonged. We have already reached the winter months, let us take advantage of this fact to devise a plan so that we will be ready to make an early start in the coming spring.
