OUR INFANT INDUSTRIES.

How poor, struggling Canadian industries require to be bolstered up by high tariffs is illustrated by the case of the Dominion Textile Company, which figures in the Cost of Living enquiry as last year making 310 per cent on the half million dollars paid for its common stock in 1905. General Manager Daniels, who gave evidence before the committee, was also a witness at a recent session of the newspaper enquiry, and what he said about the concern's protection on that occasion is taken from the records, as follows:

Mr. Tilley—From what to what does the protection run?

Mr. Daniels—It runs from 25 to 32½ per cent.

Mr. Tilley—And is the United States your only competitor?

Mr. Daniels—No, against Great Britain we have a protection of from 15 to 25 per cent.

The Commissioner—Does that include the 7½ per cent war tax?

Mr. Daniels—No, that is additional.

A few days ago the manager of the Paton Manufacturing Company, of Sherbrooke, when giving evidence before the High Cost of Living Committee at Ottawa, made this statement: "Our mill wasn't built for the glory of God or of anybody else. It was built for the benefit of the shareholders. Any man who couldn't make money during the war must have had something wrong with him."

And the poor downtrodden consumer goes about his work from day to day wondering why textiles and other manufactured goods are so high in price.

CONVENTION CALLED.

The Liberals of York-Sunbury will meet in convention in the Y. M. C. A. hall, this city, on the afternoon of Saturday next, to select three delegates to attend the national convention to be held at Ottawa in August. The national convention promises to be the greatest gathering of a political nature ever held in Canada, and it is important that the constituency of York-Sunbury should be represented by its full quota of delegates. Let there be a good rally of the lady and gentlemen voters of York at the Y. M. C. A. Hall on Saturday.

New Glasgow Chronicle: As usual, Nova Scotia and the sister Maritime Provinces of New Brunswick and Prince Edward Island, are not going to reap much benefit from the Canadian Trade Mission. Canadian credit to the tune of \$25,000,000 is being extended to bankrupt Roumania and a like credit to Greece. Orders have been placed in these countries for the product of Canadian manufacturers, but the people of the East are to get a slim share. Of the Roumanian orders, Quebec gets over \$6,000,000 worth, Ontario over \$8,000,000 worth, Nova Scotia \$300,000 worth, New Brunswick \$30,000 worth, and P. E. Island not a cent.

Toronto Globe: Mr. Fielding had some quite justifiable fun at the expense of Sir Thomas White and the other members of the anti-reciprocity group of Toronto Liberals who signed the 1911 manifesto. Most of the tariff changes they protested against have been carried out by the government they supported on the understanding that it would have no truck or trade with the Yankkees.

Halifax Chronicle: The question of Germany's entry into the League of Nations is made conditional strictly upon her fitness to sit in company with the civilized nations of the world. The ultimatum of the Allies in brief is, that Germany will not be allowed to come in until she brings forth fruit meet for repentance. That is to say, when she is fit to sit in decent society. The present indications are that that will not be very soon.

Mr. L. P. D. Tilley, Conservative M. P. for St. John, paid the Provincial Government a compliment yesterday when he appeared before the City Council and made the statement that the country roads were better than the streets of St. John. Mr. Tilley could not have made such a statement with any degree of truth when his own political friends were in control of the province's affairs.

New York Times: Kolchak's government is not perfect; neither is any other government; it offers, however, a great deal more hope for the people of Russia and for the world of which Russia will continue to be a large part, than does the government of Lenin and Trotsky. Its enemies are its best recommendation.

THROUGH OUR SIEVE

Self-defence is one good excuse for eating onions.

After success comes the constant struggle to keep out of the has-been class.

Lima Beane says habit either chains a man at home or leads him around by the nose.

Sawing wood is perhaps much easier for the old kaiser than changing uniforms every fifteen minutes.

Any season is a good vacation time for the fellow who has the habit of minding other people's business.

An indication of the trend of the times men who a few years ago wished for a million dollars, are now wishing for five millions.

Life is full of compensations. We know that when dust is coming in the open window it is accompanied by fresh air.

Tailors announce men's clothing will go to \$75 a suit next year. This will probably encourage barrel manufacturers to boost their prices.

Five hundred women of Tampa, Fla. have organized into a society to catch their wicked husbands. That kind of a husband isn't worth catching.

LAND CASE BEFORE COURT KING'S BENCH

Fitzpatrick vs. McSorley Began Today—Lines of Number of Lots May be Affected.

The Kings Bench Division of the Supreme Court for York County opened this morning before Chief Justice McKeown. The only case on the docket was that of John FitzPatrick vs. John McSorley a Fredericton action. Three witnesses were called this morning for the plaintiff, Gilbert G. Murdoch of St. John, surveyor; William L. Belyea of this city, who assisted him in the survey; and John FitzPatrick, brother of the plaintiff. The plaintiff himself was too ill to attend. Mr. J. Fraser Winslow acted for the plaintiff while Mr. P. J. Hughes appeared for John McSorley. This afternoon Mr. McSorley himself and his surveyor A. E. Hanson will be called as witnesses.

The dispute is over the line between properties and has been a source of contention for some time between the parties. The dispute affects the lines of all the lots in the area bounded by Church, Union and Aberdeen Streets and the C. N. R. track. Mr. Murdoch was on the stand and swore that the angle at the Wandless corner of the land was one and one-half degrees out which left a long narrow strip about three feet wide as the subject of dispute. The land in question was bought about thirty years ago from the late James Odeil.

Repairing Queen Street
Queen street between St. John and Church streets is now being repaired. It will be given a tarvia surface on the original water-bound macadam surface.

Held White Rose Meeting
Islington Lodge S. O. E. B. S. held a White Rose meeting last evening with a large number of members present. Four advancements were made to the second degree.

TRAPROCK QUARRIES WERE INSPECTED

Distance from City One Draw-back to Acquiring Quarry—Quality of Rock is Good.

City Engineer McDowell and the Roads and Streets Committee of the City Council consisting of Ald. McKay, Ald. Cooper and Ald. Coung visited the Currie's Mountain section yesterday to look into the possibility of opening a traprock quarry in that section of the country. The committee will report to the City Council in the very near future.

When asked about the conditions for the hauling of the traprock, Ald. McKay chairman of the Roads and Streets Committee stated this morning that the traprock itself was of excellent quality and was plentiful. Several places were inspected and in all the stone was found to be of good quality. Traprock has been hauled from the neighborhood of Currie's Mountain for some years. A place about half a mile on this side of the mountain was inspected and while traprock there was plentiful it was not as good a quality as that nearer the mountain. The only difficulty in connection with the quarrying of the traprock and its transportation to the city is the distance.

WHERE STYLE COUNTS

Fredericton, 22nd, June, '19.
Editor Mail, City,
Dear Sir:

Now that "bean-bouncers" or "bowlers" or "hard hats", are coming into style once more in our little town very many of the young males must become immediate possessors of such articles of headgear in order to be "in the swim", for in Fredericton STYLE is one of the main considerations, regardless of one's circumstances. Do you not think that this foolish notion of discarding good clothes, good hats, etc., in order to adopt the "latest style", is accountable for some of the discomforts being experienced by us folks in our humble efforts to "make both ends meet?"

Yours truthfully
HY COSTA LIVING.

Opening Branch Bank
Mr. G. A. Taylor, Manager of the Royal Bank of Canada, in this city, is at Harvey Station today to open up a branch of the Royal Bank of Canada. No appointment has been made yet for the bank but it is understood that it is open for business today.

Property Purchase
Mr. F. A. Good has purchased the double dwelling at the corner of Church and George streets from the Hon. A. G. Blair Estate. It is understood that he intends to reside in part of it. The price is said to be in the neighborhood of \$6,500.

Visiting Motorists
Several parties of visiting motorists arrived here yesterday afternoon and last night. Mr. and Mrs. J. L. McAvity of St. John were enroute from the New England States where they had been for some time. Another party consisted of Mr. and Mrs. J. Fraser Gregory, Miss Gregory, G. F. Gregory and Miss Murray who came from St. John. Both were at the Queen Hotel. A party from Maine which registered at the Barker House last night was composed of Mr. and Mrs. S. R. Crabtree and daughter, R. W. Emerson and Lea E. Crabtree of Island Falls, Maine.

Messrs. R. R. Ross and Arthur W. M. Ross, of Newcastle, are at the Queen Hotel.
Mr. William Richards of the Dominion Employment Service Bureau left for St. John this morning.
