Why Every Canadian Will Buy Victory Bonds

TRIUMPHANT, Canada
emerged from the war,
a nation great in arms and
great in trade, a nation
respected and admired by
the world.

And Canada will continue to hold
high her head.

Our obligations to the heroic dead, to
the crippled and disabled soldiers, and to
the men who were so fortunate as to
return, will all be met.

That is Canada's duty.

To fulfill it, every Canadian will do
his part.

Canadians will keep the machinery
of prosperity humming, the factory chim-
neys smoking, the sea and lake ports
bustling with activity, and the surplus
products of farm and factory going forth
to Great Britain and other lands.

But to accomplish all this more
National Working Capital is needed.

The money is here, but it is in the
hands of individuals rather than in the
hands of the nation. It is in the savings
banks, loan companies and generally
scattered throughout Canada. For in-
stance, our deposits in banks and post
offices have increased in five years from
one billion (\$1,086,013,704) to a billion
and three-quarters (\$1,740,462,509), an
increase of nearly two-thirds of a billion
(\$654,448,805).

The people will loan their individual
savings to the nation to be used as
National Working Capital in maintain-
ing our commercial prosperity.

Every man and woman from every
walk of life is interested in maintaining
this prosperity. Therefore, every man
and woman from every walk of life is
personally interested in making the
Victory Loan 1919 an overwhelming
success.

It will serve to keep Canada in its
present place, far up in the vanguard of
World Progress.

Victory Loan 1919

"Every Dollar Spent in Canada."

Issued by Canada's Victory Loan Committee
in co-operation with the Minister of Finance
of the Dominion of Canada.
