Port Arthur, May 11.—The inroads

in this district are revealed in a
statement by Indian Agent Broun,
showing a recent decrease of two
hundred in a former total population
of 1600. While the epidemic was rag-

all taken sick and starved to death, as
no one was available to summon aid.

own one.

HONEYMOON PASSED UNDER SOME SERIOUS DIFFICULTIES

Halifax, May 10.—Nova Scotia mari-
ners are always to be found some-
where in the seven seas, but it is not
often one of them goes on a honey-
moon trip in an open boat in the
South Atlantic, 800 miles off the coast
of Rio.

Captain Burbidge hails from Wind-
sor, he was in command of one of the
largest four masters afloat, the Chas-
ka, an American vessel of 1,449 tons.
She hails from New York. So does
Capt. Burbidge's wife. When Captain
Burbidge received orders to go to Dur-
ban, South Africa, he decided to take
his wife along, for they had just been
married. The Chaska sailed from Dur-
ban for Buenos Ayres on Feb. 11th
with a cargo of coal and succeeded
in getting within 900 miles of the Bra-
zilian coast when the cargo caught fire.
The adventure which overtook the cap-
tain and his young bride is best told
in his own words:

"We continued to sail for 28 hours
on the Chaska after she had caught
fire and only took to our boats after
the sails had nearly all been consum-
ed and the ship one mass of flames.

BRIEF BUT USEFUL RECIPES.

Restore Gilt Frames.—Rub with a
sponge moistened with turpentine.

Drive Away Ants.—A little quick
lime placed in the infested places.

Remove Tar from Cloth.—Rub it
well with turpentine till every trace
is removed.

Make Leather Waterproof.—Satur-
ate it with castor oil; to stop shoes
squaking, drive a peg into the middle
of the sole.

Clean the Hair.—Wash well with a
mixture of soft water, 1 pint; sal soda
1 ounce; cream tartar ¼ ounce.

Egg Stains on Spoons.—Rub with
common salt.

Fruit Stains on Hands.—Wash the
hands in clear water, dry slightly and
while still moist strike a sulphur
match and hold your hands around the
flame.

Clean Gloves.—Pour a little ben-
zine into a basin and wash the gloves
in it, rubbing and squeezing them un-
til clean. If much soiled, they must
be washed again through clean ben-
zine and rinsed in a fresh supply.
Hang in the air to dry.

Clean Hair Brushes.—Dissolve a lit-
tle soda in warm water and pour in a
small amount of ammonia. Hold the
brushes with the bristles downward
and avoid wetting the back as far as
possible; shake until the grease is
removed; then rinse in cold water and
put in the air to dry.

Remove Stains from Linen.—Wet
the part stained and lay on it some
salt of wormwood; then rub without
diluting it with more water.

How to Remove a Rusty Screw.—
Apply a red hot iron to the head for
a short time, the screw-driver being
applied immediately while the screw
is hot.

Remove Mildew from Cloth.—Put a
teaspoonful of chloride of lime into a
quart of water, strain it twice, then
dip the mildewed places in this weak
solution and lay in the sun. If not ef-
fective the first time repeat.

Cure Mosquito Bites.—Put ten drops
of refined carbolic acid into an ounce
of rose water; shake well and apply.
(If you hold your breath while a mos-
quito has its bill in you it cannot
withdraw it until you breathe again).

Making a list of the matters to be
attended to during the day usually re-
veals that most of them involve spend-
ing money.

Married women seem to vote practi-
cally the same as their husbands. But
this leaves the unmarried ones unac-
counted for. Presumably they vote
about as the bachelors do.
