

RICH, RED BLOOD RESISTS INFLUENZA

Its Victims are Largely Among Weak, Anaemic People.

In the epidemic of la grippe, or influenza, that has swept over Canada, in common with the rest of the world it has been noticeable that its earliest victims were the thin-blooded anaemic people whose power of resistance is greatly weakened because of the watery condition of their blood. When a person is strong, hearty, able to enjoy a brisk cold day, chills and infections are set at defiance. But when the system is run down, when the nerves are shaky and the blood watery, the germs of influenza are quick to seize their opportunity. It is therefore good policy to keep the blood always rich, red and strong, and the nerves well nourished by the use of such a reliable tonic as Dr. Williams' Pink Pills. People who take these pills from time to time are usually able to resist colds, influenza and other ailments, and enjoy good health while many about them are weak, ailing and miserable.

To those who have been attacked by influenza, the after effects are more dangerous than the attack itself. They are left at the mercy of relapses and complications. There is a persistent weakness of the limbs, shortness of breath at the least exertion, poor digestion and a tendency to take cold easily. This condition will persist and will grow worse unless the blood is built up and the shattered nerves strengthened. For this purpose there is no tonic can equal Dr. Williams' Pink Pills. From first to last dose these pills make new, rich, red blood, which reaches every organ and every nerve in the body. Thus the lingering germs are driven out, the appetite is improved, and weak, despondent victims of influenza are transformed into cheerful, healthy, happy men and women. If you have passed through an attack of influenza you will find Dr. Williams' Pink Pills the one thing needed to restore you to full health and strength. If the trouble has passed you, you can further strengthen yourself against its insidious advance by the use of this same tonic medicine. Medicine dealers everywhere sell Dr. Williams' Pink Pills, or you can procure them by mail at 50 cents a box or six boxes for \$2.50 by writing the Dr. Williams Medicine Co., Brockville, Ont.

SOMEWHAT INDEFINITE

Clare Duffy, the efficient foreman of our powder mill, went up Thursday, Mercyville, Ia., Banner.

It is all right for a girl in fiction to have a trusting nature, but the minute she steps out of the covers of the book she is well posted on the wiles of human nature.

WILL NOT DISCRIMINATE AGAINST THE FAIR SEX

Premier Lloyd George Makes This Announcement in a Letter Addressed to Lady Rhondda—Women will Find Ample Scope in Peace Pursuits—Opportunities of Every Sort will be Opened Up for Them.

London, Dec. 31—No discrimination is to be made against women in British industry, Premier Lloyd George declares in a letter addressed to Lady Rhondda, president of the women's Industrial League, who submitted to him a memorial setting forth the claims of women to freedom of employment.

After the pledges made by the government to the trade unions have been fulfilled, wrote Mr. Lloyd George in his reply, women will find ample scope in peace pursuits. He supports the principle of "equal pay for equal output" and promises full opportunity for women in training and education.

"In those industrial occupations in which women were engaged before the war," the Premier added, "opportunities of every sort will be opened up for every class of women worker, and I believe that the real working representatives of organized labor may be trusted when the time comes to see the necessity of utilizing, in the interests of production and to the best advantage, every class of worker available."

Unthinkable Proposal

Regarding payment, he says: "To permit women to be the catspaw for reducing the level of wages is unthinkable. It is not desired by enlightened employers, to whom good production and uniform wages are desirable; cutting of wages, with its consequent instability, is not at any time either in their interest or in that of the nation."

Lady Rhondda urged in her memorial that artificial restrictions on the employment of women in industries should be removed, not only as a measure of justice to the sex, but in the interests of national industrial efficiency.

She asserted that it was now threatened to withdraw even the "imperfect toleration" that was extended to women during the war and that in the industries into which they were invited with urgency they should now resume the condition of helots. Such restrictions on their employment, she declared were artificial, unjust and disgraceful to a civilized community.

The present conditions of women's employment, Lady Rhondda asserted prevent them from being utilized in the national interest. Women were not consulted in the arrangement for the reconstruction of industry. She pointed out that while the government was bound by its agreement with trade unions, there are many shops which had sprung up during the war in which the government's bargain with trade unions would not operate to exclude women from employment. Women, she declared are not seeking in industry a renewal of strife but a clear grant to them of their just rights.

If Strength Declines As Age Advances Follow This Suggestion

So many women grow old before their time, perhaps your wife or sister. A little while ago, buoyant, full of vigor and activity—she enjoyed life and imparted pleasure to the whole family; but now in a few short years she has faded and lost color and strength. She is just ready to develop some disease that will further weaken and debilitate. You remember how it began, failure of appetite, tired in the morning, found housework burdensome, always nervous and a little irritable. It's a shame to let her go down hill further when you can build her up so quickly with Ferrozone. The change this nourishing tonic makes in a weak woman is surprising. It gives great zest for food, increases appetite and digestion enormously. The blood gets richer and stronger and adds new life to every organ in the body. A rebuilding process works through the entire system. The first week will show an improvement, and a month or two will fatten up the thinnest, most run-down woman you can think of. Take Ferrozone for lost color, for nervousness, for weakness—use it when run-down and feeling poorly—it will do you more lasting good, keep you in better health, than anything else. Just as good for men and children, too, because Ferrozone is harmless and safe, 50c. per box or six for \$2.50, at all dealers, or direct by mail from the Catarrhzone Co., Kingston, Ont.

CHURCH SERVICES.

St. Paul's Presbyterian.

SerVICES at 11 a. m. and 7 p. m. The minister of the church will conduct both services. Sunday school and Bible classes at 2.30 p. m. All are welcome.

Methodist Church.

Rev. G. M. Young, pastor. At 11 a. m. Rev. Mr. Loose. At 7 p. m. a memorial service in loving remembrance of Earle Moore, Charles H. Edgecombe, William Vradenburg, Stanley G. Young, Fred J. Ross, and Earle Peoples, who died in service of their country. Sunday school at 2.30. All welcome.

Advent Church.

Mrs. Wallace will occupy the pulpit at the Advent Christian Church, North Devon, tomorrow. Services at 11 a. m. and 7 p. m. Sunday school at 10 a. m., before the morning service.

THE SHOOTING OF LIEBKNECHT

London, Jan. 18—Independent Socialists at Berlin assert that Dr. Karl Liebknecht, who was shot and killed on Thursday did not attempt to escape from an escort of troops but was shot through the forehead at a few paces distant by soldiers guarding him, according to a Copenhagen despatch to the Exchange Telegraph Company. "The Freie Zeitung" of Berlin is calling upon the workers there to begin a general strike, it is reported.

A brief survey of the field convinces one that there will be a bumper crop of June brides this year.

Cook's Cotina Root Compound.

A safe, reliable regulating medicine. Sold in various degrees of strength—No. 1, \$1. No. 2, \$2. No. 3, \$3 per bottle. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (Formerly Haddock).

as human beings and freedom of employment. They recognize she added that their claim comes after the claims of the sailors and soldiers in the war.

Want Some Opportunities

"Women know that in some of the occupations in which they have served during the war they have been only a makeshift by reason of inferior strength," Lady Rhondda admitted "and in the long run women must be excluded from such by the ordinary rules of economy. With these reservations, women claim unrestricted liberty to be engaged in any industrial employment, provided only that they receive the same pay as men do for equal output. They claim the opportunity of being trained in the most efficient way and particularly the provision of women instructors on work in which women have proved more successful than men. They claim the same opportunities as men for promotion, representation on government committees and all public bodies and facilities of education in schools and universities that will enable them to qualify equally with men in all suitable trades and professions."

CANADA'S GIFT TO THE PRINCESS PAT

Ottawa, Jan. 14.—In a letter which she has addressed to the wife of the Lieutenant-Governor in each province Lady Borden suggests a national wedding gift to Princess Patricia of Connaught.

"It should, I think," Lady Borden remarks, "be distinctly Canadian, and furs have been suggested as appropriate."

The letter reads:

"The announcement of the engagement of Her Royal Highness, the Princess Patricia of Connaught, has been received with much pleasure and satisfaction throughout the Dominion. During the period of her residence in Canada Her Royal Highness, by her charm of manner and her kindly and unaffected interest in their welfare, became greatly endeared to our people, and it would seem most fitting that they should upon the occasion of her marriage, be afforded the opportunity of offering a national wedding gift as a testimonial of their esteem."

"It would seem to me that this might take the form of a silver shower made up of contributions from all who may wish to take part, in sums from the smallest up, so that the participation may be as wide-spread as possible and from all classes of the community. Donations would, of course be entirely voluntary and spontaneous."

"The arrangements for the shower would I think, be most appropriately made through the wives of the lieutenant-governor of the several provinces, who would exercise their own judgment and discretion as to the best

Like Being Hit By Rattle Snake

Says that every time you cut or pick at a corn you invite lockjaw

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts right out with the fingers, without one particle of pain.

This freezone is a sticky substance which dries the moment it is applied and just loosens the corn without inflaming or even irritating the surrounding tissue or skin. He says a quarter of an ounce will cost very little at any of the drug stores, but this is sufficient to rid one's feet of every hard or soft corn or callus.

You are positively warned that cutting or picking at a corn is a suicidal habit.

mode of drawing the matter to the attention of the public within their respective provinces. I suggest that the lists might be left open for a period longer than one month from a date to be fixed later, after definite information is at hand as to the date of the wedding.

"I shall be most grateful if you will kindly write me expressing your views as to the proposal which I have outlined, also any suggestions which you may be good enough to make as to the form which the gifts should take. It should, I think be distinctly Canadian and furs have been suggested as appropriate."
