CASTORIA

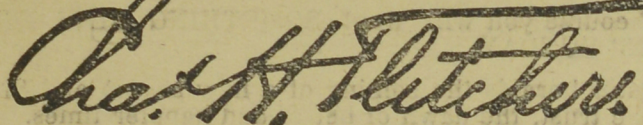

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. OF INTEREST TO WOMEN

SILK STOCKINGS.

If You Would be Economical You will First be Apparently Extravagant.

Someone must really write a book on the care of silk stockings! We've got the silk stocking habit, and it's not likely we'll ever lose it again—not in America anyway. It's our system of education over here, Europeans tell us. We've put beggars on horseback, they say, and they'll ride to hell—in silk stockings!

Now, if you would be economical, plunge when you buy silk hose. Never one pair at a time. Get a dozen or at least a half dozen. You not only save the discount, but it is not good for a silk stocking to be worn continuously. Wear one pair, wash it and lay it aside until you have used the rest of the dozen, or half dozen pairs, and come back to the first pair in turn. You can prolong the life of a pair of silk stockings 200 per cent in this way.

Get your dozen or half dozen all alike. Silk stockings do not wear evenly. One leg often goes before the leg of its mate. But if all of your stockings are alike, you can match up and have pairs worn equally at least.

A break in the instep is bad; but don't despair. Mend it daintily. Then affix a lace medallion or a lace flower cut from some lace remnant and baste on the outside; sew it down all round with tiny stitches.

HINTS TO THE HOME PRESSER.

Any housewife can do a good job of pressing woollen garments if she will take pains and heed a few simple suggestions which are made by the home economics workers at the New York State College of Agriculture. These are the main things to be borne in mind, say the college workers:

Use a moderately hot iron.

Use a pressing cloth which has been wrung as dry as possible.

Place the pressing cloth on the right side of the garment and press until the cloth is dry. When the cloth is removed, the material being pressed should look soft and fluffy, but should not be entirely dry.

The material should now be turned over and pressed on the wrong side until it is dry. If pressed on the right side the nap will be flattened down and the surface will appear shiny.

CHOCOLATE DROP COOKIES.

1 cup brown sugar,
Half cup melted oleomargarine,
Half cup milk,
1 cup chopped nuts,
One and a half cups flour,
Half teaspoon soda,
One teaspoon baking powder,
One egg,
4 tablespoons cocoa, melted.
Mix and sift dry ingredients, add egg and milk gradually, and the nuts dredged in a small amount of flour. Mix in shortening. Drop by spoonfuls on floured pan or in muffin tins.

BALTIMORE DRESSING.

One cupful of mayonnaise,
Half cup of well drained tomatoes.
Two onions, grated fine.
1 tablespoon Worcestershire sauce,
2 teaspoons salt,
1 teaspoon mustard,
1 teaspoon paprika.
Mix thoroughly and then serve ice cold.

FASHION HINTS.

The frilled lingerie blouse is gaining in popularity.

Capes and dolmans continue to gain in popularity.

Skirts for afternoon wear promise to be more full.

A revival of the real lace collar is strongly suggested.

Pineapple straw now decorates the smartest sailor hats.

Embroidery is used on many of the woolen frocks.

Attractive camisoles have tops of dainty tucked net.

Was Troubled With BOILS FOR SIX MONTHS.

From the days of Job to the present time boils have been one of the greatest afflictions of the human race. Very few people escape from having them at some time.

All the poulticing and lancing you may do won't cure them and stop more coming.

Boils are caused by bad blood bursting out, and the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters is the greatest blood purifier known. It cleanses the system, and purifies the blood by removing every particle of foul material from the system, and when this is done, never another boil comes and health and strength are permanently restored.

Mr. C. H. Bridges, 470 Barton St. E., Hamilton, Ont., writes: "I was troubled with boils for about six months and tried several remedies without any relief until I tried Burdock Blood Bitters, and the effect has been wonderful. After using two bottles, I was rid of them all. I feel like a new man; my appetite is better, and I sleep better than I have for years. I can highly recommend B. B. B. to all who are troubled as I was."

Burdock Blood Bitters has been on the market for the past 40 years, and manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

AN EXCELLENT ADDRESS.

A most interesting and instructive address was given at the Board of Trade rooms on Thursday evening by Sir Douglas Hazen, Honorary Chairman of the Provincial Committee of the War Savings Stamp Campaign. The speaker referred to the value of the funds raised to Canada in this reconstruction period, and pointed out that it would take some years to get the enemy indemnity, and during this time much had to be done in the way of development. During March one hundred War Savings Societies were organized and during the month of April it is hoped that these will be doubled. Public bodies and other organizations have endorsed the work of the War Savings Campaign and a campaign for further aid will be started soon. The speaker at the conclusion of his address was thanked by Dr. C. C. Jones, the chairman of the meeting, on behalf of the Canadian Club, for his kindness in accepting the invitation to speak.

It was Mr. Baxter, (the man who would compel all voters, male and female, to take the bribery oath) who fathered the prohibition act, which takes away the right of appeal to the defendant. In view of that fact, graft newspapers certainly display nerve in seeking to lay the blame at the door of the Foster government. The present administration found the law on the statute book and has administered it fearlessly and without favor. The law as the government found it will be submitted to the people at a referendum.

The man who can refrain from repeating the cute things his first baby says is a wonder.

HOUSEKEEPERS' HANDY REFERENCE

BRIEF BUT USEFUL RECIPES.

Restore Gilt Frames.—Rub with a sponge moistened with turpentine.

Drive Away Ants.—A little quicklime placed in the infested places.

Kill Insect Life.—Burn sulphur in a tightly closed room. It will kill almost all insect life and their eggs and larvae.

Make Leather Waterproof.—Saturate it with castor oil; to stop shoes squeaking, drive a peg into the middle of the sole.

Clean the Hair.—Wash well with a mixture of soft water, 1 pint; sal soda 1 ounce; cream tartar ¼ ounce.

Remove Tar from Cloth.—Rub it well with turpentine till every trace is removed.

Egg Stains on Spoons.—Rub with common salt.

Fruit Stains on Hands.—Wash the hands in clear water, dry slightly and while still moist strike a sulphur match and hold your hands around the flame.

Clean Gloves.—Pour a little benzine into a basin and wash the gloves in it, rubbing and squeezing them until clean. If much soiled, they must be washed again through clean benzine and rinsed in a fresh supply. Hang in the air to dry.

Clean Hair Brushes.—Dissolve a little soda in warm water and pour in a small amount of ammonia. Hold the brushes with the bristles downward and avoid wetting the back as far as possible; shake until the grease is removed; then rinse in cold water and put in the air to dry.

Remove Stains from Linen.—Wet the part stained and lay on it some salt of wormwood; then rub without diluting it with more water.

How to Remove a Rusty Screw.—Apply a red hot iron to the head for a short time, the screw-driver being applied immediately while the screw is hot.

Remove Mildew from Cloth.—Put a teaspoonful of chloride of lime into a quart of water, strain it twice, then dip the mildewed places in this weak solution and lay in the sun. If not effective the first time repeat.

Cure Mosquito Bites.—Put ten drops of refined carbolic acid into an ounce of rose water; shake well and apply. (If you hold your breath while a mosquito has its bill in you it cannot withdraw it until you breathe again).

NOTES FROM THE RURAL DISTRICTS

MIDDLE HAINEVILLE

Middle Hainesville, April 16th—The snow has just about disappeared and the roads are bad with mud.

Mr. Boone Jones had the misfortune to lose a valuable horse a short time ago.

Mrs. Bayard Brewer and two sons and Miss Pearl Brewer all of Burt's Corner spent the week end at Mr. Wm. C. Jones.

Wiggins' Mill is again running full blast with Mr. Cecil Wiggins as foreman.

Mr. Albert Wiggins of Keswick Ridge passed through here on Tuesday enroute to Caverhill to conduct an auction sale on the premises of Mr. Henry Hallett who on account of failing health was forced to quit farm work and is at present stopping with his sister Mrs. Albert Wiggins.

Mr. Enoch Wallace and son of Central Hainesville have been going the rounds sawing wood in this place.

Whitehead Bros. have also been doing their spring wood-sawing.

Mrs. Sterling Brewer of Lower Hainesville spent a few days with her sister Mrs. Ed. Whitehead.

Mr. Jas. Reynolds has returned from a very pleasant trip at Rumford Falls Me., visiting his aunt Mrs. Mitchell.

Messrs. William and James Reynolds have purchased a new horse.

Miss Hazel Moore is gaining nicely at last reports and hopes to be able to return to her home here the last of this week.

The mumps have all died out and the school is beginning to have its regular attendance. Every week needs some additions.

Somehow it takes all the joy out of that gift of spring rhubarb to be told it is good for the system.

Diplomacy is the art of making others believe that you really don't want something that you can't get.
