BOSTON POLICEMEN WILL NOT GO TO THE COURTS FOR REDRESS

Counsel for Police Union Gave No Indication of Any Other Course Being Determined Upon—A General Strike in Support of the Policemen is Still Possible—Looking for Men to Fill Positions of Strikers on the Force.

Boston, Mass., Sept. 19.—Abandonment of plans for court action in behalf of the striking policemen and the calling of a special meeting tonight of the committee of the central labor union delegates to receive reports of strike votes taken by the individual locals during the week, revived discussion today of a possible general strike to support the strikers in their demand for union recognition.

Reports from a majority of the affiliated unions were in the hands of the central committee and it was expected that the recommendation to be made at the meeting of the central labor union on Sunday would be considered. In announcing that a definite decision had been reached against going to the court in an effort to obtain reinstatement of the strikers, James E. Fahey, of counsel for the police union, gave no indication whether any other course had been determined upon.

POLICE COMMISSION CURTIS HAS BEGUN A STATE-WIDE CAMPAIGN TO FILL VACANCIES

A meeting called for tonight of the Boston social club, the sole organization of the Boston policemen for thirteen years previous to the formation of a union, caused considerable speculation. Included in the membership of the club are both striking and loyal policemen.

Police commission Curtis began a state-wide campaign today to fill the places of the strikers which the Attorney General has ruled are vacant. A special appeal to former service men was made through newspaper advertisements. Recruits are offered a minimum salary of \$1,400, and their first uniform free.

COMMISSION HEARING CASE OF PARK POLICEMEN WHO ARE CHARGED WITH INSUBORDINATION

Arguments on behalf of nineteen Metropolitan park policemen tried yesterday on charges of insubordination will be heard by the park commission tomorrow. The commission expected today to hear the cases of twenty-four others similarly charged with having refused to obey an order to go on duty in Boston while disorder was prevalent in the early days of the strike. Those heard pleaded not guilty claiming they misunderstood the order.

Investigation of the cases of a score of city policemen, just returned from vacation or sick leave and who have made affidavit that they are not now members of the policemen's union was begun today.

MANY HOMES AT CORPUS CHRISTI WERE CRUSHED LIKE SHELLS

Corpus Christi, Texas, Sept. 19.—Through the storm-swept area of Corpus Christi are wide stretches of sand and shell where last Saturday stood homes that had made this city of 48,000 a resort of national repute. Fifteen hundred homes stretching along the beach for twenty-three blocks were crushed and hurled away or wrecked by the tidal wave which reached a depth of 15 feet in some places. Over much of the beach section not an indication of former homes now remains except here and there a bathtub or part of a brick chimney. From Star street, where the business section of the beach terminated, to Dan Reid street, every one of the 900 beach homes has been destroyed, most of them beyond trace, while here and there a palm tree hanging low with its oil begrimed leaves marks the spot of some former show place.

QUEBEC BANDITS BELIEVED TO HAVE GOT AWAY WITH \$100,000

Two Quebec Banks Each Had \$30,000 in Stolen Packages—Insurance Companies Responsible for the Loss—No Trace of the Bandits Has Yet Been Discovered.

Quebec, Sept. 19.—According to unofficial news today, the train robbery at Harlak yesterday morning on the I. C. R. Ocean Limited train, brought the bandits close to if not more than \$100,000. Two Quebec banks alone had sent over \$30,000 in the packets which were stolen. But they lose nothing, insurance firms being responsible for the protection of such shipments.

News coming from the district surrounding the scene of the robbery indicates that no trace whatever has appeared of the bandits. According to an interview given by Mr. E. Reney, the first mail clerk of the robbed car to arrive here last night, the robbers left the train at Montmagny station.

Arthur Lamarre, night agent at Montmagny, questioned today by the Canadian Press, said he saw nothing of the supposed bandits when the looted train passed his station and said that the first news he had of the robbery was a flash sent over the wires by the operator at L'Isle.

The robbers, according to Reney, jumped off the car on the side opposite the station so that they could easily take to the bush close by and disappear even before the train pulled out of the station. Newspaper men and detectives who have been all over the ground report raising not the slightest clue; no trace of the men in the neighborhood.

REMARKABLE STOVE EXHIBIT

Hall Zryd Foundry Co. Has Interesting Booth—Stove Will Work Wonders.

All the ladies who attend the exhibition should not fail to visit the booth on the ground floor of the main building where the Hall Zryd Foundry Company Ltd, manufacturers of Pilot and Fi-Re-Co Stoves and Ranges of Hespeler, Ont., are showing one of their famous stoves which they claim saves 50 per cent in fuel, has 60 per cent less ashes, 50 per cent more cooking surface, 50 per cent less labor to operate. When coal is so high as at present, the saving of 50 per cent is a big feature in favor of this celebrated stove. They claim by using this stove there will be no fires to kindle, no more black-bottom kettles, with warm er kitchens in the winter and cooler kitchens in summer, with quicker service in the morning, hot water day and night. When burning wood the fire holds over night and with coal for ninety hours.

Mr. W. H. Gross who is the hustling representative of his company and who is in charge of the exhibit claims for his stove perfect baking without damper operation. It burns any kind of fuel. No dusty ashes to sift! No more black-leading to be done! Mr. Gross also claims that you can bake bread, two hours after the fire has gone out. If the ladies get interested in this stove they will get their husbands interested. After the exhibition the stove will be on sale at the hardware store of R. Chestnut & Son, Queen Street.

Interesting Ceremony at the French Foreign Office This Morning—Premier Clemenceau of France Delivers a Brief Address—Head of Bulgarian Delegation Places the Responsibility for the War Upon the Government—The Terms of the Treaty.

Paris, Sept. 19.—The treaty of peace between the Allied and Associated Powers and Bulgaria was presented to the Bulgarian mission at the French foreign office this morning at 10:40 o'clock.

After the delegates has assembled Georges Clemenceau, president of the peace conference, spoke briefly in opening the session. He was followed by General Theodoroff, head of the Bulgarian mission.

M. Theodoroff spoke for fifteen minutes pleading that the people were not responsible for the war, but that the Bulgarian government had thrown the country into the struggle. He realized, however, he said that the people must share the responsibility.

"They are willing to do so", he said, "but feel that in no way have they committed such a crime as will compel them to accept servitude."

Twenty five days are allowed Bulgaria to present observations on the treaty terms. The ceremony ended at eleven o'clock.

MANY CLAUSES OF THE BULGARIAN TREATY ARE IDENTICAL WITH THE AUSTRIAN TREATY

Washington, Sept. 18.—Summary of the Bulgarian treaty of peace, cabled to the State Department by the American Mission at Paris, shows the pact to follow the same general plan as the Austrian treaty. "Many clauses are identical with the Austrian treaty" says the summary except for the substitution of names, such as the league of nations, labor, aerial navigation, penalties, prisoners of war, and graves.

"Regarding the change in the Bulgarian frontiers, the important changes are to the south where Bulgaria cedes western Thrace to the principle allied and associated powers and agrees to accept whatever disposition of this territory the powers ultimately decide, but it is stipulated that in any event Bulgaria's western frontier shall be modified slightly in four places to Serbia's advantage.

Bulgaria is required to pay as reparations two and a quarter billions of francs in gold within thirty seven years. Provisions are made for the creation of an inter-allied commission, on which Bulgaria is represented but to have no votes, and the sums remitted for reparation coming through this commission to reparation commission are to be established by the German peace treaty."

NEW YORK STOCK MARKET

New York, Sept. 19.—The decision of the labor unions to inaugurate the steel strike next Monday caused very slight unsettlement at the opening of today's stock market, such action having evidently been discounted.

United States Steel declined the smallest fraction at the outset, later yielding half a point, and kindred shares moved in sympathy. The one exception was Crucible Steel, which made an early gain of one and a half points. Texas Co. featured the oils, advancing almost two points. Tobacco were firm to strong. Trading was light and reflected an undercurrent of caution.
