# CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

## OF INTEREST TO WOMEN

THE YOUNG GIRL'S ROOM

With a Little Careful Thought She May Have a Pretty Yet Inexpensive Bedroom.

"How can I give my daughter a pretty room without incurring great expense?" is a question which mothers of moderate means find themselves puzzling over.

Let us see how it can be achieved, suggests a writer in the Christian Herald.

White furniture is the daintiest for young people, and the cheapest kind of furniture may be bought and painted white at home. The necessary articles will be bed, bureau, combination bookcase, small table, small rocking chair, straight desk chair.

The room can also be prepared by the novice. Striped pink-and-white wall paper would be a pretty choice, although either blue or pink forms an appropriate color scheme for the young girl's room.

The floor carpet or rug should be of some dark, unnoticeable color—gray looks well with pink and blue.

If a large rug is the choice the borders of the floor should be painted or stained in harmony with the rug.

Cretonne valances at the windows will give a touch of daintiness to the room. These should be made with a short ruffle extending across the top of the window, over the white scrim curtains and falling down on either side of the window. Valances and white curtains should be of even length and may reach either to the sill or to the floor.

### FOR THE SUMMER GIRL.

The heroine of old who in the summer time wore her white, clear starched muslin frock flounced from the waist to the hem, has her counterpart this summer. But we talk of voile instead of muslin and like to add a dash of color to our blanchette toilettes. Copenhagen blue is an admirable foil or contrast to the white frock.

Voile flounces, hemmed with a device in this pale yet very effective color, have all the charm of femininity, with the distinction demanded by the modern girl. There is nothing insipid about the damsel of 1919. When she consents to garb herself in something adorably girlish she never permits her own individuality to be sunk.

### FASHION'S FANCIES.

Pin tucks are much favored for sheer dresses.

The new linen frocks are particularly attractive with square necks.

Buttons travel up the front of a dress and down the back in a continuous line.

The silk poplin skirt should be in every summer wardrobe.

Children wear their socks rolled over at the top this summer and with the cool, childish socks are worn buttoned boots of white buckskin or black kid.

Lovely little frocks for morning wear at a summer hotel or afternoon wear at home, are of tinted dotted Swiss with cuffs, collar and hemmed sash of white lawn or Swiss embroidery.

## Lemons Beautify! Make Quarter Pint of Lotion, Cheap

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the neck, face, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.
