7th and Chestnut, St. Louis, Mo., U. S. A.

Notice of Legislation

Notice is hereby given that application will be made at the next Session of the Legislature of the Province of New Brunswick, for the passing of an Act to enable the Town of Devon to fix the valuation for assessment purposes of any Company that may establish any manufacturing industry in the Town of Devon.

Dated February 24th, 1919.
(L.S.) (Sd.) GILBERT HENRY,
Mayor.

Sd. WM. JAFFREY,
Town Clerk.

NOTICE OF LEGISLATION.

Public notice is hereby given that the City of Fredericton will apply at the next session of the Legislative Assembly for power to issue bonds to the extent of \$200,000, extending over a term of years, at interest not exceeding six per cent., for the purpose of constructing permanent streets and sidewalks in the City of Fredericton, pursuant to the provisions of a Resolution of the City Council to that effect.

Dated this 8th day of February, A. D. 1919.
GEO. R. PERKINS,
City Clerk.

LOST—A bunch of keys with chain attached. Finder will please leave at the office of The Daily Mail.

MAIL CONTRACT

SEALED TENDERS addressed to the Postmaster General will be received at Ottawa until noon on FRIDAY, the 11th April, 1919, for the conveyance of His Majesty's Mails on a proposed Contract for four years, 3 and 3 times per week on the Harvey Station Rural Route No. 4, commencing at the pleasure of the Postmaster General.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the post office of Harvey Station and route offices, and at the office of the Post Office Inspector.

St. John, N. B., March 1st, 1919.

The weather man generally tries to drown one party or the other on election day—perhaps both.

REPORT ON THE SCHOOLS
OF YORK AND SUNBURY

The Annual Report of Inspector Hanson—Immigration of Rural Teachers to Western Canada and Some Districts Have Difficulty in Securing Instructors—Soldiers of the Soil Movement was a Success—The Schools Generally Were Well Maintained.

The following is an extract from the report of School Inspector R. D. Hanson, covering the district of York and Sunbury.

"With but very few exceptions the schools of this Inspectorial District have been in operation. The work of the teachers will compare very favorably with that of other years, though there have been some difficulties which did not previously obtain in so great a degree. First I may mention the extensive emigration of rural teachers to the West, which has made it very difficult for some of the weaker districts to secure instructors. Again the call of so many young men to the colours has compelled the older pupils both boys and girls, to remain at home to assist in farm work. In many schools during the time of harvest and seeding, I did not find a single pupil present in grade five.

"The 'Soldiers of the Soil' movement which was inaugurated near the close of last year, was a success; and the indications are that a larger number of boys will, this year, volunteer to do farm work during the summer. 'Improvements to school property have been general and, in the rural sections, more numerous than in previous years.

Arbor Day was observed by a large number of teachers in the usual way. In some places, because of unfenced grounds, it is impossible to do much to beautify the school premises; but the day is of benefit in so much as it is one of general house cleaning. In some of the city schools, extensive programmes were rendered which dealt with Arbor Day subjects.

Owing to the fact that the United Institute of the Maritime Provinces was to be held in the summer holidays there was no County Institute. Next year, the United Institutes of York and Sunbury will meet at Fredericton. Below, I have reviewed the work of the different Parishes.

Sunbury County

BLISSVILLE—No. 2 has new buildings and a fair equipment. During the first term, Mr. Grant Byers was in charge; but, like the great majority of the young men in the teaching profession, he enlisted to do his part in France. Mrs. C. Nason completed the year. In No. 3, Miss Laura Mersereau has given general satisfaction. I am glad to say that the school building and grounds have been much improved and now present a pleasing appearance. No. 4 has a large enrolment, too large for the building. The standard of the work, under Miss Grace Mersereau, is good. Nos. 5 and 6 are steadily in operation; No. 7, irregularly.

BURTON—In No. 1, the enrolment is decreasing, some repairs have been made to the property. No. 2 has more pupils than usual. In both schools, the children are progressing. No. 3 has over twenty pupils. It needs equipment and attention from the ratepayers. I regret to state that the proposed consolidation of this district with Nos. 4, 5 and 10 is not likely to be consummated. Perhaps some day the people of these communities will see that their welfare and progress depend more on the education of the rising generation than on any other factor. At present they are unconvinced. No. 7 and No. 8 are large schools, steadily operated. Both are well situated. No. 9, which formerly was closed more than half the time is improving. The equipment is better; but the weak state of the district

MAIL CONTRACT

SEALED TENDERS addressed to the Postmaster General, will be received at Ottawa until noon on Friday, the 21st March, 1919, for the conveyance of His Majesty's mails on a proposed Contract for four years, 3 times per week, on the Stanley Rural Route No. 2, commencing at the pleasure of the Postmaster General.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of tender may be obtained at the post office of Stanley, and at the office of the Post Office Inspector.
H. W. WOODS,
Post Office Inspector.
Post Office Inspector's Office,
St. John, N. B., Feb. 11th, 1919.

financially prevents as much being done as desired. During the first term, No. 6 was closed.

GLADSTONE—No. 1 contains the Grammar School, which has three departments. The Grammar Department was in charge of Mr. Jas. McMonagle B.A., who at the close of the year resigned to take the St. Andrews school. The work of the Principal and Intermediate teacher was satisfactory. In the Primary Department, the number work was not up to standard.

For years, this school has been carefully looked after by Mr. Leonard Mersereau, who was a most efficient Secretary. His death was a great loss to the community. Owing to the fact that the trustees were unable to secure a teacher, No. 3 was closed during part of the year.

For three years, No. 4 has been in charge of Miss Jenny Wood. Her skill and attention to duty have been manifest in the progress made by her pupils. The enrolment is large and an assistant is usually employed. No. 5 is small. The property is in only fair condition. During the first term, No. 6 employed a teacher with local license. During the second term, it was closed.

LINCOLN—No. 1, taught by Miss Zelda Wood, has been satisfactory. It needs a little more equipment which the district is well able to provide. No. 1A, with good equipment employed a second-class teacher, with good results. No. 3 has employed Mr. J. West Smith for three terms. His good work has been appreciated by the trustees in a substantial way. No. 4 and No. 5 are large schools. The property of the latter is being improved.

The school in the Wisely District, which lies partly in the limits of the City of Fredericton, has for some years presented a problem. The school buildings have served their purpose and are now out-of-date and useless. Apparently their is objection on the part of some of the rate-payers to provide adequate school accommodation, but in spite of all difficulties I hope to see a new up-to-date building erected before another year passes.

MAUGERVILLE—The three organized districts in this Parish are steadily operated. No. 1 is well equipped, and the work done is of a good standard. No. 2 is equally well managed. The trustees have provided a good library, a new clock and single desks. District No. 3 contains but little educational spirit. The school equipment is only moderate, and, though this district has had some very good teachers, lack of co-operation on the part of the parents has seriously lessened the instructor's efficiency.

NORTHFIELD—This Parish, with its coal industry, which furnishes abundant employment at high wages, should be among the foremost in its educational work. Unfortunately it is not. District No. 1 maintains school irregularly, but does the best with its

LEMONS BRING OUT
THE HIDDEN BEAUTY

Make this lotion for very little cost and just see for yourself.

An attractive skin wins admiration. In social life and in business the girl or woman whose face and hands show evidence of constant care enjoys a tremendous advantage over those who do not realize the value of a healthy skin and a spotless complexion.

At the cost of a small jar of ordinary cold cream one can prepare a full quart pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothen and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin.

INDIGESTION AND
CONSTIPATION

Quickly Relieved By
"Fruit-a-tives"

ROCHON, P. Q.

"I suffered for many years with terrible Indigestion and Constipation. A neighbor advised me to try 'Fruit-a-tives'. I did so and to the surprise of my doctor, I began to improve and he advised me to go on with 'Fruit-a-tives'.

I consider that I owe my life to 'Fruit-a-tives' and I want to say to those who suffer from Indigestion, Constipation or Headaches—try 'Fruit-a-tives' and you will get well."

CORINE GAUDREAU.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

low valuation. No. 3 has a large enrolment. Its equipment is fair. No. 5 has but few pupils and is usually operated during one term of the year.

Minto, No. 9 has over seventy pupils enrolled, but employs only one teacher. The community is prosperous in everything but education. Owing to the neglect of the trustees to provide the necessary school accommodation the district has been divided and that portion in Queen's County now constitutes a separate district.

SHEFFIELD—Districts Nos. 1 and 2 maintain one school between them. The school house has been recently repaired, and is well equipped. The trustees always offer a good salary and thus secure a capable teacher. The present incumbent is Miss Chase No. 3 is a small district but maintains a well equipped building, and is always in operation. No. 4 cannot always be considered successful. Poor equipment and interference with the teacher by the parents has lowered the tone of the work. The school in No. 6 has greatly improved under Miss Grace Steeves, who has been in charge for several years. No. 7 is operated irregularly. No. 8, a newly formed district, maintains a good school. The establishment of this school has supplied a long-felt want in the community.

York County

BRIGHT—District No. 1 contains the Superior School with two departments. For years, this school has been doing an excellent work, gathering students from the neighboring rural sections and preparing them for Normal School and for the University. Under the direction of Miss Ella Thurtell, B. A., this work is being satisfactorily continued. No. 2 is a small school, but good. No. 4 is now well supplied with apparatus and modern furniture. At the last inspection it made a good showing. No. 5 will rank as fair. No. 6 is a large school, so large that a class-room is being built. Next term an assistant teacher will be employed. Nos. 7, 7½ and 8 are not steadily operated. At the time of my last visit, they were closed but the trustees expected to have teachers engaged before spring. No. 9 is quite well equipped, but I found the standard of work below par in Reading and History. On account of the road being blocked, I was unable to reach District No. 10.

DOUGLAS—The school at Nashwaakisis is graded, with two departments. Its standard is good, and the requirements are well looked after by the efficient Secretary Mr. W. L. McFarlane. Nos. 2, 3, and 4, lying along the rivers St. John and Keswick, are all strong financially and with large enrolments. Next term, No. 3 must make the same provision.

On March 14th a public meeting was held at Burit's Corner, which was addressed by the Chief Supt. of Education, and by the Inspector. The object was to explain to the ratepayers the plan of consolidation, which could be most advantageously employed in this community. Though many were in favour of this plan, nothing has yet been done. I still hope, however that the project will be accomplished.

No. 6 maintains school more regularly than it formerly did. The trustees are adding to the apparatus. No. 7 has made extensive repairs; a new floor for the school house, new single desks and some excellent maps. A new woodshed has also been erected. No. 8 keeps the school properly up to the desired standard. The trustees always aim at securing a good teacher. No. 9 has also repaired its school buildings; among other improvements a new hardwood floor has been laid in the school house. The property in No. 10 is always satisfactory; the work of the school is good. The enrolment in No. 11 has increased until the school room is full. Satisfactory work has been done by the teacher Miss Cora Jewett. No. 12 is operated only part of the time. The schools in Nos. 31 and 15 can be classed as good. No. 16 must soon have a new building. No. 14 has a very small enrolment, and

will likely be closed indefinitely. No. 17 is a heavy school with moderate equipment. The standard of the work done is only mediocre. Currieburg, No. 19, though remote, keeps its school property in excellent condition, thanks to the careful Secretary, Mr. S. McNutt. The school at Napudogan is steadily operated with a enrolment increasing.

DUMFRIES—This Parish contains but five organized districts, of which only four are in steady operation. Alendale, No. 5 is usually open during one term in the year. In No. 1, the property is in fair condition. The enrolment is small and attendance irregular. No. 2 also suffers from the same trouble. With an enrolment of twenty-four, there was an average of only twelve. In No. 3 the attendance is better. The school is in charge of Miss Blanch Ebbett, a teacher of experience and skill. No. 4, Pokok, is improving its property, but more remains to be done. This is an important school, and is well taught by Miss Hilda Allen. This is another locality where consolidation could be profitably employed. Such a scheme would serve the school just mentioned as well as three others: Nos. 1 and 3 Southampton, and No. 6 Queensbury, all large schools.

KINGSCLEAR—The majority of the districts in Kingsclear lie along the St. John River and are able financially to provide everything required for the education of the pupils. No. 1 is a small school, but well equipped. No. 2 is the best in the Parish. No. 3 can also be rated good, but in Nos. 4 and 5 the parents, or a majority of them, take but little interest in educational work and the schools consequently suffer. No. 6 is better but could be improved.

The other districts lie back from the river, have a much smaller assessment but in some instances maintain better schools than their more wealthy neighbors. Among them may be mentioned Nos. 7 and 8. Nos. 9 and 12 are operated irregularly; Nos. 10 and 11, usually have teachers.

NEW MARYLAND—The three organized districts in this Parish were all in operation during the year. The house in No. 1 has been repaired and enlarged, and is fairly well equipped. No. 2 has good buildings but needs more equipment. No. 3 is a remote, weak district with few pupils.

MANNERS-SUTTON—This large, prosperous Parish contains twelve organized schools. No. 1 has been lately supplied with new hardwood floor and modern furniture. I am sorry to say that the attendance is dwindling. The house in No. 2 has been repaired and painted. The equipment is very good. No. 2½ is probably the best school in the Parish. The trustees always try to secure a first-class or superior teacher. During the past year, Miss McCallum has been in charge and has done excellent work. No. 3 is not so satisfactory. The buildings are good, but the trustees are careless about securing a teacher and rarely retain one more than one term. Nos. 4 and 5 are good. No. 6 is very small, and is not always in operation. No. 7 is in charge of Miss Viva Wood. I understand the trustees are retaining this capable teacher. No. 8 has a splendid situation and is well supplied with apparatus. When I last visited the school, the teacher was not, in my opinion, employing the blackboard often enough to illustrate the principles taught. No. 9, in equipment and work is fair. No. 10 has never been satisfactory and No. 11 will persist in employing a third-class teacher when it can afford better.

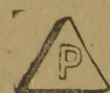

PRINCE WILLIAM—Improvements have been made in No. 1, till now the property and equipment are in very good condition. For several terms, the school has been in charge of Miss Ethel Jewett, who has done excellent work in all subjects, but especially in Nature Work. No. 2 has also been well managed by Miss Dorothy Wilson. Improvements, including new furniture have been made. No. 3 is not so fortunate. Parsimony on the part of the ratepayers have caused the property

Continued on page six.

INDIGESTION, GAS OR
SOUR, UPSET STOMACH

Eat one Tablet! Put your stomach in order with
Pape's Diapiesin.

No waiting! When meals don't fit and you belch gas, acids and undigested food. When you feel indigestion, lumps of distress in stomach, heartburn or headache. Here is instant relief.

Just as soon as you eat a tablet or two of Pape's Diapiesin all the dyspepsia, indigestion and stomach distress ends. These pleasant, harmless tablets of Pape's Diapiesin never fail to make upset stomachs feel fine at once, and they cost very little at drug stores.
