UNITED GRAIN GROWERS COMPANY UNDER PROBE

Witnesses Give Evidence Before the High Cost of Living Committee—Hon. T. A. Crerar Drew No Salary as President While Holding the Portfolio of Minister of Agriculture—Was Entitled to the Sum of \$15,000 a Year.

Ottawa, June 27—Rice Jones, general manager of the United Grain Growers' Company of Winnipeg was the chief witness this morning before the Cost of Living Commission of the House of Commons. He stated that the company was organized in 1906, with an authorized capital of \$5,000,000. Up to August, 1918, \$2,891,050 stock was issued of which \$2,159,763 was paid up. He said the directors were all farmers. Each member of the company was only allowed to own one hundred shares at \$25 each.

Witness said that Hon. T. A. Crerar was president. His salary was \$15,000 but he had not drawn this while at Ottawa and was Minister of Agriculture. When he returns to the company his salary would resume.

R. A. Pringle, K. C., remarked that this was very creditable yet Mr. Crerar was drawing a much smaller salary as a cabinet minister.

Mr. Jones said that Mr. Crerar had thought it was not entirely fair that he should draw his salary as president of the company while he was acting as a minister. He said that Mr. Crerar for a short time at first when he became minister had drawn his salary, but he thought that he would be only a short time at Ottawa. When he found that he would be some time he took the action he did.

Mr. Pringle expressed admiration for Mr. Crerar's attitude.

Mr. Jones stated that the company in 1917 had a turnover of \$2,416,776 on coal, flour and apples and made a profit of \$170,495 or 7.05 per cent gross. On other supplies the turnover was \$1,631,044 and the gross profit 11.05 per cent. On machinery the turnover

was \$1,292,359 the gross profits were 21.06 per cent; and on lumber the turnover was \$747,540, while the gross profits was 11.49 per cent.

The higher salaries paid were: General Manager Rice Jones, \$13,000; G. S. Murray, \$11,000; E. S. McRori, \$5,200, and the secretary \$5,000.

Ten Per Cent Last Year

Mr. Jones stated that the company had paid a dividend of ten per cent last year. On averages in grain they had made two-fifths of one per cent in five years. Occasionally a car came in with nothing off but there was a dockage on practically every car, usually one per cent up.

On elevator value and working capital they had made from twelve per cent to fifteen per cent over a number of years.

Big Boot Profits

Ottawa boot and shoe retailers were examined by the Cost of Living Commission of the House of Commons yesterday.

E. Letellier said that a month ago a shoe costing \$5.75 was now \$6.50. He sold it for \$9.50. He started business in 1914 and last year his turnover was \$51,802. His overhead expenses were \$10,852. He and his brother-in-law received salaries of \$2,400 each and they had left a profit of \$2,619.

Witness said that on one line of shoes he paid the manufacturer \$8.10 and sold them for \$12; on another line he bought them for \$6.75 and sold them for \$11.

Remarking that he kept a large staff for such a small turnover, Mr. Pringle said Mr. Letellier was making an average of sixty per cent. On the shoes he bought from Wright for instance.

BABY'S OWN TABLETS OF GREAT HELP

Mothers, if your baby or growing child is sickly; if he does not sleep well at night; if he cries a great deal is constipated and his little bowels and stomach are not working right, give him Baby's Own Tablets—they have proved of great help to thousands of mothers. Concerning the Tablets Mrs. W. H. Deater, Corson's Sliding, Ont., says: "I have used Baby's Own Tablets and have found them excellent for the little ones and would not be without them." The Tablets are a mild but thorough laxative and are guaranteed to contain no harmful drug—that is why they always do good and never harm. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

HIS LIFE'S FOND AMBITION IS REALIZED

John Robinson's Mighty Circus and Menagerie is What Its Founder Determined It Should be.

With the biggest and best circus in the world, John Robinson, the King of all tented show men, will bring his wonderful attraction to Fredericton, July 8th.

Almost a century ago John Robinson conceived the idea of a traveling show for the amusement of the people, something out of the ordinary, something that would cause them to talk and wish for the same aggregation to return the next year. In those days the entire outfit was moved from town to town on wagons and as they rattled along the rough country roads the little communities were awakened to the fact that the great John Robinson show was on its way to the next show town.

From the start the enterprise was a success and the organization has never diverged from its original purpose of presenting an entertainment that would meet the approval of a particular public. The now great John Robinson railroad circus has a two hour program in which is shown a bewildering series of wonderful acts special stage shows, animal acts galore, death defying stunts and the odd antics of a score or more of clowns, wonderful horsemanship and a Wild West Annex.

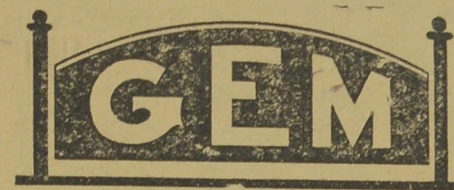

The circus shows what it advertises and there are no disappointments. It is a grand entertainment organization with three big rings, two stages, a wide hippodrome racing track and an extensive aerial enclave. Unlike many of the big shows those who do not occupy the reserved seats section are treated fully as well as the holders of the coupon seats as in front of the general admission sections are presented equally sensational acts as those in any other part of the show.

If John Robinson, the First, long since passed to his reward, could see the present John Robinson circus, he could do nothing else but approve it, as it is as near what he announced as his life's ambition as any organization in its class can be.

Making.

Recitation—Robert Harris, The Old Forsaken School.

Closing Chorus—Flag of Britain.
