DECLARES MEXICANS ARE STRIVING HARD TO RESTORE ORDER

Murderers of American Citizens Have Been Apprehended and Executed—Ambassador to the U. S. Returns to Washington After a Visit to Mexican City—Large Sums of Money are Being Expended in Pacification.

Washington, July 14.—Murderers of a number of American citizens in Mexico have been apprehended and executed by the Mexican Government, which through expenditures of two thirds of the republic's revenue in the work of pacification is slowly restoring order, it was said today by Ygnacio Bonillas, Mexican Ambassador to the United States who has just returned to Washington after a months visit at Mexico City.

AMBASSADOR SAYS MEXICO NEVER HAS AND NEVER WILL REPUDIATE THE NATIONS DEBTS

The statement by the Ambassador was the first announcement of any Mexican Authority that any of the perpetrators of the murders of American citizens who have been the subject of numerous representation to the Carranza government, have been captured and dealt with. The Ambassador added that bandits and rebels in all parts of the country were laying down their arms and returning to their homes to till the land.

Mexico's first duty, the Ambassador asserted, was to put down insurrections and for that reason large sums of money were being spent in Pacification. When this has been accomplished the revenue now devoted to this and would be used towards paying off the interest on the foreign debt.

Mexico has never and never will repudiate her debts, he said.

GOVERNOR OF OKLAHOMA WANTS AN INVESTIGATION OF MURDER OF AN AMERICAN CITIZEN

Request was made by Governor Robertson, of Oklahoma, in telegram received yesterday by the state department for an investigation of the murder of John W. Corral, an American citizen, the mistreatment of his wife and wounding of their son by the Mexicans by the Tampico District of Mexico. "The unprovoked and unwarranted assault" the Oklahoma Governors telegram said—"Is but one of thousands that have occurred in the republic of Mexico against American citizens during the past few years and no reparation has ever been made for same. The time for evasion on the part of Mexican officials and the failure of that government to protect citizens of other countries who are legally and peaceably pursuing satisfaction with anything but a most searching and complete investigation together with proper punishment of these murderers and rapists. As Governor of this state, I most emphatically insist that the time has come when the wrongs must be righted and the prevailing anarchy in Mexico terminated."

Copies of the telegram were sent to President Wilson and the Oklahoma members of congress.

About five thousand returned soldiers are expected to march.

New York, June 15.—Stock of the International Marine Salvage Corporation, valued at \$5,000,000, and all of the corporation's books were seized by detectives who visited its offices today under direction of Assistant District Attorney Kilroe following receipt by him of complaints concerning the firm. Mr. Kilroe stated that so far he had obtained no information warranting action against any member of the corporation.

Removing Dilapidated Building
The dilapidated wooden structure on the so-called Landry property, Queen street, recently purchased by Lemont & Sons, is being removed.

St. Swithin's Day.
Today is St. Swithin's day and up till 3 o'clock this afternoon, although no rain had fallen, the weather was cloudy. The old superstition of the forty days' rain might put off the Peace Celebration should it rain today.

Mr. F. C. Nunnick, of the Conservation Commission, Ottawa, who reached Fredericton yesterday, left last night for Boiestown from which place he went into the Miramichi woods to instruct the chiefs of survey parties in soil classification. Hallett whose term as trustee had expired was re-elected for another term. The amount of \$5,500 was fixed as the assessment for the ensuing year. The auditor's report was read and adopted and is as follows: To the ratepayers of School District No. 3.

Town of Marysville, N. B.

I beg to submit my report and audit of the accounts of Mr. H. T. Day secretary of the trustees for this district.

I have examined and found correct the books and several accounts as submitted by your secretary and must express my thanks to him for the careful, efficient, and accurate way in which the books and accounts were prepared for examination.

All expenditure was authorized, and properly vouched for.

The amount of uncollected taxes is comparatively small and I would suggest some steps be taken to authorize the secretary to erase from the list of delinquents the amounts known to be uncollectable, so that they should

URGES ADOPTION OF SYSTEM OF COMPULSORY REGISTRATION

Alien Investigation at Winnipeg Will Be Concluded This Month—Judge Myers Thinks Undesirable Aliens Should Be Deported—G. W. V. A. Wants Board Retained.

Winnipeg, Man., July 14.—It was announced today that Judge Myers has recommended to the Provincial Government that the Alien investigation Board conclude its labors at the end of this month.

The board has been in existence five months and has investigated 4,367 aliens granting cards to 3,975. The other 390 applicants were refused on various grounds, some of which were of a technical or temporary character and others because the board considered the individuals not desirable citizens. About 11 persons who presented themselves to the board, were handed over to the Northwest Mounted Police draft, deserters failing to report to the police, etc. Judge Myers said that if the Dominion Government determined to investigate the alien situation with a view to discover and deport the undesirable, it should adopt the system of compulsory registration and an examination by local tribunals in a manner similar to the procedure under the military service act, 1917.

ORGANIZATION IS NECESSARY

One general Canadian-wide organization is absolutely necessary if the alien question is to be efficiently and effectively handled, said the Judge.

The born in Russia should be dealt with the same as all alien enemies he added.

The great war veterans association will insist that the alien investigation board be retained and not abolished, W. G. Angus General Secretary of the Provincial command, said today. The Association will also petition the Federal Government to make the registration of alien compulsory through this board and similar boards in other provinces, he said; a resolution to this effect having been adopted at the Dominion Convention held in Vancouver.

not appear as an asset.

All of our citizens who have enlisted have been relieved of their town taxes by resolution of the town council, and I would suggest that a like courtesy be extended by this meeting in relation to the school taxes.

In view of the fact that for this and for the previous year, payments have exceeded collections although almost every available asset has been collected, your auditor would respectfully suggest that in making provisions for the present year's requirements allowance be made for unforeseen expenses to provide against the secretary being called upon to pay school debts from his own personal funds.

Respectfully submitted,
A. D. MacPHERSON,
Auditor.

The Spirit of Exultation was Manifested on All Sides—Demonstrations of Patriotic Fervor in Alsace-Lorraine—Celebration in Gay Paree was Kept Up Well Into the Wee Sma' Hours of the Morning.

Paris, July 15.—Despatches from the various cities and provinces of France on the observance of Victory Day report that everywhere the same spirit of exultation was manifested as in the national capital. The military reviews brought forth demonstrations of patriotic fervor in Alsace-Lorraine, at Metz and Strasbourg, where the celebrations took on an especially solemn character and evoked indescribable enthusiasm with the people of the redeemed provinces.

Despatches from various European capitals such as London, Madrid, Lisbon (Rome and Brussels, as well as from other foreign cities, describe demonstrations there in honor of the day and in friendship towards France.

THE "GIRANDALE" SHOWING PORTRAITS OF ALLIED CELEBRITIES MADE A GREAT HIT

Weary, but still bent upon continuing its festivities until the last ounce of celebration energy has been spent, Paris kept up its Victory Day celebration well into the small hours of this morning. Each of the traditional attractions of 15th of July, illuminations, fireworks, and free performances in the national theatres and street dancing found its particular crowd.

The climax of the night's proceedings, however, was the appearance of the "Girandale," especially brought from Florence, where it was made for the occasion. It consisted of a series of connected panels, brilliantly illuminated by 25,000 lamps and adorned with the portraits of Allied rulers and celebrities, together with inscriptions recalling the principal events of the war. The whole contrivance was more than 3,000 feet long. Eight hundred horses dragged the immense machine through the principal streets on both sides of Seine.

CLEMENCEAU ASKED TO CONVEY TO THE ARMIES

THE GRATITUDE OF THE FRENCH REPUBLIC

The densest crowds were in the Champs Elysee, where the illuminations were particularly beautiful. A real carnival spirit was in evidence among the people and confetti battles were numerous, notwithstanding the ban that had been put upon them by the prefect of police.

As a sequel to the Victory Day celebration President Poincare has written to Premier Clemenceau asking him in the name of the country to "convey to French armies in this divine moment the passionate admiration and gratitude of the Republic."

The Premier has sent congratulations to Marshal Petain and to the Allied commanders through Marshal Foch. He concluded his letter to Petain by the reminder, "From the victory of war there remains the victory of peace to be achieved."

New York, July 14.—Thomas Nelson Page, United States Ambassador to Italy, arriving here tonight from Liverpool on the steamer Carmania, announced that he had returned for the purpose of resigning his post.

Mr. Page cleared up conflicting reports concerning his resignation by stating that he had not yet resigned, but that he had written to Washington several months ago asking permission to come home and tender his resignation in person. Mr. Page declined to discuss Italy's stand on the Flume incident and other peace conference matters. He said he would discuss them in detail later.

Act of Vandalism Last Night.

Some midnight drunks attempted to remove the steps of the Salvation Army Citadel last evening, and while doing so were scared away, leaving one side of the steps torn down. This is not the first act of vandalism that has been reported in this city and steps ought to be taken to prevent further acts of the kind.

WILL CONTINUE THE DAYLIGHT SAVING PLAN

Washington, July 14.—The daylight saving plan, under which the clocks of the country are turned forward in March and moved backward in October, will be continued indefinitely.

This was assured today, when, following President Wilson's veto of the \$33,000,000 agricultural appropriation bill because of its rider repealing the daylight saving act, the House refused by a vote of 247 to 136 to pass the measure over the President's veto.
