## Premier Clemenceau Now Said to Be Out of Danger

**Attending Physicians Will Allow Him to Meet His Colleagues of the Supreme Council at His Home Today—May Resume His Political Activities on Monday—Latest Reports are Very Encouraging—Passed a Good Night.**

PARIS, Feb. 21.—Premier Clemenceau will receive his colleagues of the Supreme Council at his home this afternoon to discuss certain important matters with them. Announcement to this effect was made shortly before noon today.

His doctors consider him out of danger and therefore authorize him to receive the ministers this afternoon. The physicians believe he can resume his political activities on Monday. "M. Clemenceau is progressing as well as possible. We shall not feel altogether reassured for 48 hours, but then we will be able to pronounce him out of danger," said Georges Mandel, the Premier's chief clerk, to Marcel Hutin, editor of the Echo de Paris, over the telephone at an early hour this morning.

**THE ONLY POSSIBLE DANGER WOULD BE FROM AN APPEARANCE OF PULMONARY CONGESTION**

M. Clemenceau at that time was resting and inquirers—mostly newspaper men desirous of some late news for their last editions—were informed that his condition continued satisfactory. "The only possible danger," said a celebrated French surgeon, who was consulted by the Matin, "and it is fortunately a very problematic one, is the appearance of local pulmonary congestion caused by reaction. If by tomorrow night there is no increase of temperature, our confidence may be changed to an assurance of absolute recovery. Every day that passes without fever appearing doubles the chance."

**ATTENDING PHYSICIANS SATISFIED WITH THE MANNER IN WHICH PATIENT IS PROGRESSING**

The early forenoon apparently witnessed no change in with the premier. The report that came from his chamber at nine o'clock was that this condition was as satisfactory as possible in the circumstances.

The Premier's physicians, when they left his home after the morning examination, were apparently satisfied with the manner in which the patient was progressing. One of them said his conditions was very satisfactory. He had passed an excellent night, it was added, and he was in as good spirits as ever this morning.

M. Clemenceau had about five hours good sleep during the night, which is his normal amount.

## SAYS ROLL OF NEUTRAL IS NOT PLEASANT

Paris, Feb. 21.—(The Role of the Neutrals is at present far from an easy one," said King Alfonso of Spain in an interview which he gave Albert Lourdes, of the Petit Journal, recently and was published today by that newspaper. "It seems to me," continued the King, "that the victorious countries are more inclined to remember the actions they consider unfriendly than the help they had from us, but that is human."

"With what are we in Spain reproached? We are made responsible for the propaganda that a belligerent nation carried on here, but the constitutional guarantees were not suspended. There were people of all nationalities here and I fail to see how Spain could be made to answer for acts to which she was not a party."

## CONGRESSMAN GETS LIBERTY

Chicago, Feb. 21.—Victor L. Berger, socialist congressman—elect, of Milwaukee and his four co-defendants are at liberty today, following the granting of a writ of superes after sentence to the twenty years imprisonment for violation of the Espionage Act had been pronounced by Federal Judge Landis. This act, acts as a stay pending appeal to a higher court.

## RAID ON I. W. W. HEADQUARTERS

Chicago, Feb. 21.—Detectives raided headquarters of the I. W. W. early today in a search for persons suspected of complicity in the fatal shooting of James Patterson, whose room was invaded as the result of what the police asserts is an I. W. W. feud. Three men were arrested shortly after Patterson's wound proved fatal and in the raid three others were arrested, including Robert Nelson, said to be secretary at the headquarters.

## CLEMENCEAU'S CONDITION IS MORE SERIOUS

Paris, Feb. 20.—The bullet which wounded Premier Clemenceau penetrated his lungs, it was revealed by the official statement issued shortly after noon today.

The official statement reads: "The hemorrhage which occurred at 1 o'clock yesterday demonstrated that the bullet penetrated the lungs. An X-ray examination disclosed the precise location of the bullet."

"The general condition is satisfactory. Temperature 98.42, pulse 72. The nourishment is normal."

(Signed) "Gossett, Turlier, Lubrey, Combe."

After the X-ray examination had been completed Premier Clemenceau walked out on the balcony of his house overlooking the garden, to take a breath of fresh air. The morning was a delightful one, the first real spring day. The premier seemed vigorous, although he spat a little blood.

## CHEAP FARES FOR SOLDIERS

Ottawa, Feb. 20.—Arrangements have been made by the information and service branch of the Department of Soldiers' Civil Re-establishment, by which men seeking employment who have to go to some other place than that where they live in order to start work, will get cheap railway fares to any part of Canada.

Under the new scheme, if a man has to go to some other city or town to work he will be given a certificate at one of the returned soldiers' government employment offices, which will entitle him to cheap railway fare.

**PLAYER RESTORED.**

Cincinnati, Ohio, Feb. 20.—The National Baseball Commission today restored Charles A. Bender of the Philadelphia Nationals, to good standing.

## PARIS HAS A BOLSHEVIKI ORGANIZATION

Paris, Feb. 21.—The police were busy all day yesterday on the Cottin case and searched the house of some thirty members of the Communist Federation of the Department of the Seine. Enormous masses of papers, tracks, circulars and pamphlets were carried off.

Although the result of this work is not as yet known, nor the importance of the documents found understood, it is said by the newspapers that papers seized at the office of the Journal Liberaire establish the fact that a regular Bolsheviki organization is in existence in Paris and that it has important ramifications.

## SMUGGLERS OF BOOZE IN A SMASHUP

Detroit Mich., Feb. 21.—The first fatalities incident to the increased whisky smuggling as a result of the supreme court's decision invalidating the search and seizure which occurred last night when an Inter-Urban train demolished an automobile at Wyandotte near here, instantly killing the three occupants, according to the police the car was heavily laden with liquor supposed to have been brought into the State from Ohio.

## MORALE OF HUNS REPORTED LOW

Warsaw, Feb. 19.—The Germans are reported not to be observing the provisions of the armistice agreement as to fighting in Posen, and it is said that skirmishes have occurred at scattered points. The morale of the Germans is declared to be low, as is evidenced by the reported sale of a battery of artillery to a Polish Catholic priest, the price being six thousand marks.

Colonel Haller, Polish chief of staff, announces in a bulletin that there is military activity all along the Galician frontier. Attacks by Ukrainian troops have been repulsed in that region. In Lithuania bands of Bolsheviki.

## MILITARY AND NAVAL TERMS OF NEW ARMISTICE WILL BE FINAL

Will be Automatically Incorporated Into the Peace Treaty—Terms Now Being Drawn Up by Marshal Foch, Assisted by Sir Douglas Haig and Admiral Browning.

(Cable from John W. Dafoe.)

PARIS, Feb. 21.—The prediction which has gone out from here to the press on the other side of the Atlantic, that the Germans will probably be summoned to Versailles perhaps in six weeks, to sign the peace terms, is based upon a misapprehension of the policy which is being pursued by the great powers. What Germany will be called upon to sign at Treves before the middle of the next month will be the conditions of a new armistice, the military and naval terms of which will be final. When Germany signs these she will sign them for the peace treaty as well, into which they will be automatically incorporated. These terms are now being drawn up by Marshal Foch and his military and naval advisers, including Field Marshal Haig and Admiral Browning of the economic commission, advising economic restrictions in the present blockade which may be possible after acceptance of the new armistice by Germany. When the new terms are completed, the present armistice will be rescinded. The new armistice is being submitted to the Germans for prompt acceptance.

## MR. NICKLE WILL AGAIN BRING UP MATTER OF TITLES IN HOUSE

OTTAWA, Feb. 21.—Notices of motion are already piling up on the order paper of the House. W. F. Nickle, Kingston, intends during the session to bring up again the question of titles. He has given notice of motion for an address to the King, that "Your Majesty may be graciously pleased to refrain from conferring any titles upon your subjects domiciled or living in Canada, it being always understood that this humble prayer has no reference to professional or vocational appellants conferred in respect to commissions issued by Your Majesty to persons in the military or naval service of Canada, or to persons engaged in the administration of justice of the Dominion."

## FIFTY-FIFTH ANNIVERSARY OF PYTHIAN ORDER

Enjoyable Entertainment Last Night at Marysville—Address by Grand Vice-Chancellor.

Castle Hall at Marysville was the scene last evening of a very enjoyable affair the occasion being the fifty-fifth anniversary of the Pythian order and the twentieth anniversary of Marysville Lodge No. 18, both coming in the same month. This double celebration was enjoyed by the large number of Knights and friends present. Col. W. H. Gray made an ideal chairman and the following excellent programme was successfully carried out:

Address of Welcome—Mayor Stafford C. C. of Marysville Lodge. Solo—Miss Doris McConnell. Readings—W. A. Walsh. Selections—Devon Quartette. Address on the order—Grand Vice Chancellor R. B. Wallace. Solo—Miss Edith Staples. Selections—Devon Quartette. Reading and solo—Little Miss Stafford.

Address—Major C. G. Pincombe. Address—Rev. Dr. W. Harrison. Closing remarks—Chairman.

A feature of the programme was the very excellent reading by Little Miss Stafford. The address of Mr. Wallace on the progress of the Pythian order was very instructive, while all the other speeches were well received. Mr. Walsh and the Devon Quartette and all other numbers on the programme were encored.

During the evening refreshments were served bringing to a close a pleasant evening.

## FLOUR FOR THE POLES

Warsaw, Feb. 21.—Two million lbs. of flour have arrived here from Danzig, coming through by railroad in record time without interference from the Germans. It will be distributed in this city. The odse mining district, cracow and Lemberg. American officers will supervise sales of the stout and will prevent speculators from getting.

## HUN GOVERNMENT SAME BUREAUCRATIC REGIME AS IN KAISER'S DAY

**Does Not Represent Forces Which Caused the Revolution, Says American Food Specialist—The Huns are Becoming Russianized—Grave Political Upheaval is Likely When the Peace Treaty is Signed—A Premium on Idleness.**

PARIS, Feb. 21.—The German government is the same bureaucratic regime of the Kaiser's day, with the same attitude toward labor and capital, and does not represent the forces which caused the revolution, says Dr. Alonzo E. Taylor, food specialist, who has just returned from Germany, where he made extensive investigations in behalf of the supreme food relief council.

"Count Von Bernstorff is in charge of affairs at the foreign office, and the bureaucrats of the old school are in evidence everywhere," he added. "The Germans are becoming Russianized. They are afraid to put untried men into the service, and consequently they tolerate the old order of things."

**WELL ORGANIZED BUREAUCRACY WILL BE ABLE TO RESTORE MILITARISM IF SUCH IS DESIRABLE**

German propagandists, Dr. Taylor found, favor the league of nations, and are filling the newspapers with articles saying that President Wilson's doctrines should be considered as having become effective on the day the armistice was signed, and should have been interpreted as leaving Alsace and Lorraine in German hands.

For the most part, Dr. Taylor says, he believes it will be possible for a well organized bureaucracy to restore militarism if it is deemed desirable. In his opinion a grave political upheaval is probable with the signing of the treaty of peace.

**IMMORAL PLAYS ARE NOW TOLERATED, AND THIEVING AND LOOTING ARE GETTING COMMON**

The present lull is regarded as unnatural by Dr. Taylor, who says it was possibly created by the payment of large indemnities to unemployed persons and by suspending action on all questions vital to the future of the nation. Unemployed men in Berlin are paid eight marks per day, while railway workers and street cleaners are paid only six marks daily. Consequently the men prefer to remain idle.

Plays so immoral that they would have been prohibited under the imperial regime, are now tolerated; thieving is prevalent and looting is common. The general public morale is very low, Dr. Taylor remarks. He says the food situation is critical and that in spite of the great reduction made in rations the nation cannot live until next harvest unless supplied by outside powers. The death rate has increased, especially among children between five and fifteen years of age.

## EIGHT PEOPLE BURNED TO DEATH IN HOTEL FIRE IN LAURENTIANS

MONTREAL, Feb. 21.—Eight people were burned to death when fire broke out last night in a small hotel at St. Juviel, in the Laurentian Mountains. The fire is thought to have started from an overheated stove. A. Coupat, the proprietor, succeeded in escaping from the burning building, but remembering he had left \$500 in a leather purse under his mattress, went back to get it and perished in the flames. His wife, finding all means of exit cut off from the stairs, threw her small bay from the window into a deep snow bank, and then herself jumped after it. Both of them survive. The shantymen, who managed to escape, walked six miles to the nearest station in their stocking feet. There is no fire-fighting apparatus at St. Juviel, and the fire was allowed to run its course.

## CANNOT BUY ALL THE WHEAT

London, Feb. 20.—George H. Roberts the Food Controller, in a statement made today dealing with criticisms of the amount of wheat purchased at prices in North America pointed out that tonnage could not be found to bring more than a million tons of wheat from Australia to Europe during the present cereal year. "We could not buy all the cheap wheat ourselves and leave the expensive sources of supply to our Allies," he said. "Further, it should be remembered that Canada and the United States have a claim to consideration as the wheat acreage was increased last year in order to provide during the war food-stuffs from the nearest sources of supply."

Mr. D. Lynch of Boiestown is at the Barker House.

## A MESSAGE FROM THE POPE

Paris, Feb. 20.—Pope Benedict, has through Cardinal Amette, sent a message to Premier Clemenceau congratulating him on his escape and expressing hopes for his early recovery. The Premier's home in Rue Franklin is filled with flowers, one offering being from the Midinettes, or girls employed in military establishments.

## DIET STORMED BY UNEMPLOYED

Berlin, Feb. 20.—The Brunswick Diet was stormed by unemployed persons during one of the sessions this week, and the chairman and several deputies were roughly handled. The rioters came a part of an assemblage some three thousand of the unemployed who had gathered in front of the building during a demonstration.
