## SAYS NEW YORK WAS VERITABLE FAIRYLAND OF TWINKLING LIGHTS

Log of the Dirigible R-34 Tells Interesting Story—The Air Two Thousand Feet Above New York was Disturbed by Heat and an Approaching Cyclone—Dirigible Made Seventy-four Knots an Hour at Times.

Fulham, England, July 14—The log of the R—34 on its eastern trip, as on its voyage westward, was kept by Brig. General Edward E. Maitland, representative of the British Air Ministry on the dirigible.

The log says that after an extremely good "getaway" New York looked wonderful at midnight and was a veritable fairyland of twinkling lights. The search lights at first made a very unsuccessful search, "but finally got us fair and square."

The great electrical signs of New York, the log says, illustrate the great importance of aerial advertisements. At a distance of two thousand feet above New York the air was disturbed partly because of the heat rising from the city and partly because of an approaching cyclone from the Great Lakes. The airship was very steady under the circumstances.

### MAIL MATTER CARRIED INCLUDED LETTERS FOR

#### KING GEORGE AND BRITISH FOREIGN OFFICE

At 1:10 a. m. Thursday the R—34 headed for her Scottish base at an estimated speed of 74 miles an hour, getting the full benefit of a 35 knot wind from the southwest. At 2:17 o'clock the dirigible crossed the American coast line. Four engines were running at that time while a fifth was being rested. By 9:15 o'clock Thursday morning the dirigible had covered 480 miles from New York. The mail was then sorted. It included letters for King George, the British Foreign Office, other Governmental Departments and a number of newspapers, the Log adding:

"We hope this journey will prove the fastest newspaper delivery between New York and London yet accomplished and will be the forerunner of a regular interchange of mail between the east and west—the old world and the new."

### RATION OF RUM WAS MUCH APPRECIATED BY THE

#### CREW AS THE WEATHER HAD TURNED COLD

At 10:45 o'clock the R—34 was making 72 knots an hour on four engines, the forward engine having been stopped.

"If all goes well," the log continues, "Scott, commander of the R—34, will go straight to London to see how long it takes to cross from Broadway to Piccadilly Circus, from the heart of one capital to the heart of another. At noon we had lunch with a ration of rum. The latter was much appreciated as the weather had turned cold. Much secondary meteorological information in the Atlantic. It was agreed, could be obtained cheaply by equipping cable repair ships with observer kites and instruments."

## PLAIN TALK FROM QUEBEC ORANGEMEN

Huntingdon, Que., July 14—An arraignment of confessional schools as the cause of all racial friction in Canada, and an unreserved demand for national schools throughout the Dominion were the keynotes of the addresses delivered here on Saturday at the celebration of the 12th of July by the Orange Lodges of the Province of Quebec.

"Let clerics of every description keep their noses out of public education," said William Galbraith, of Montreal, a past deputy Grand Master of the Grand Lodge of British America, "and we will have peace and harmony in this country."

"If standing for equal rights as the Orangemen are bigotry, I am a bigot and I want to be named a bigot," said J. Morris, former member of parliament for Chateauguay, and added: "I do not belong to the order, but I think I am going to join."

## WILL LEVY ON PROPERTY

Copenhagen, July 13—Mathias Forabarger, German Minister of Finance has issued a statement according to a Berlin despatch that the proposed levy on property in Germany will begin at 500 marks and will be graduated up to ten per cent, for property valued at 50,000 marks. The rate will become higher with property, the valuation of which is above this figure, until it reaches 65 per cent, on property above three million marks. The levy will be payable by instalments extending over thirty years, beginning with January.

## DEMPSEY IS GETTING MANY OFFERS

Chicago, July 14—Jack Dempsey, heavyweight champion, left for Los Angeles last night after spending a day in Chicago and announcing that this city would be made his headquarters after the western trip. His manager, Jack Kearns, occupied virtually all day talking with promoters and agents of theatrical and circus concerns, anxious to have Dempsey sign contracts for exhibitions. But Dempsey said theatrical work was tiresome and he would much prefer to fight. As to meeting Georges Carpentier, the French champion, or Joe Beckett, of England, Dempsey said: "I am the champion and I am an American. If any of these foreigners want a crack at the title, they will have to come to America." Both Dempsey and Kearns insisted the fight with Willard ended with the third round.

## TO TRAVEL ON A WARSHIP

## INCREASED TEACHERS' PAY AT MARYSVILLE

### ANNUAL SCHOOL MEETING THIS WEEK RE MATTER

Public Opinion Said to Support Action of School Board—Ball Team Beaten at Milltown.

Marysville, July 14.—Mr. and Mrs. George P. Cole and son and Mr. C. H. Brewer came from Minto by auto yesterday and returned last evening.

Miss Albina Sloat, of Lowell, Mass., is visiting relatives here.

The work of installing the new sewerage system on Water street is progressing quite rapidly and more than half of the digging has now been done.

The local baseball team received quite a trimming in their match with the Milltown team in the Canadian Cottons League on Saturday. The game, which took place at Milltown, resulted in a score of 16 to 6 in favor of Milltown. The general playing of the local nine was far below the standard and to this they attribute their defeat. The next game in the league series will take place on Saturday next.

Miss Pearl Simpson, of Waterville, Me., is visiting relatives here.

The Marysville brass band attended the celebration held by the Orangemen at Durham on Saturday. A large number from this place also attended the celebration.

Rev. J. B. Daggett, pastor of Main Street Baptist Church, addressed a gathering of Orangemen at Woodlands yesterday.

The annual school meeting will take place in the course of a few days. One of the important matters to be dealt with is the request of the teaching staff for an increase in salaries. This increase has been promised by the present Board of Trustees and it remains to be seen whether the meeting will ratify their action. There is absolutely no question that the teachers are now underpaid and the citizens will likely take the stand that those who are engaged in a work of such importance should receive increased remuneration.

Mrs. F. Herbert was seized with convulsions Saturday evening. Medical aid was summoned and she is now resting quite comfortably.

### THE TUNISIAN AT QUEBEC

## HON. MR. ROWELL GIVES HIS VIEWS ON NATIONAL LIBERAL CONVENTION

Says That Liberal Unionists in the House of Commons Had Nothing to Do With Calling It—Letter to a Constituent is Made Public.

Ottawa, July 14.—In answer to inquiries from his constituents in Durham county with reference to his views on the Liberal convention to be held in Ottawa in August, Hon. N. W. Rowell, President of the Privy Council, has made public a letter he has written to Mr. W. J. B. Davison, one of the leading Liberals of Port Hope. The letter reads in part as follows:

"Ottawa, July 11, 1919.—Dear Mr. Davison, as you are aware, the Ottawa convention was not called by the Liberal members of the House of Commons, but by Mr. McKenzie, as leader of that section of Liberals opposed to Union government. The Liberals in the House of Commons who supported Union government were not and are not parties to the calling of the proposed convention. You will, therefore, see that the convention is not a convention of the Liberal party, but a convention called by a section of the party that was hostile to the war policy of the Union Government and to the government itself. While no doubt some Liberals who supported the Union Government will attend, the convention will not be in a position to represent or speak for the Liberals who supported Union Government. The Liberal Unionists must decide for themselves, irrespective of the action of the August convention, the course they should pursue in the light of the same high considerations of national duty which guided them when they joined in forming and supporting a union government."

## Paris En Fete Today in Honor of Allied Victory

### MR. FIELDING FOR LIBERAL LEADERSHIP

Montreal, July 14—An Ottawa despatch to the Gazette says: The Fielding boom for the Liberal leadership has been launched, and is making considerable headway. Alarmed at the effect of the attitude of the Ontario Liberal Convention toward Liberal Unionists, the more moderate Liberals are seeking to prevent a similar occurrence at the federal meeting. They are supporting Hon. H. S. Fielding for the leadership. He was a very moderate unionist and in parliament has preserved his independence. Of all the aspirants, he alone has a national reputation, and except probably to the Nationalist wing of the Liberal party in Quebec, is more generally acceptable throughout Canada. If nominated as Liberal leader, he will be shouldering a burden at an age when other public men are beginning to write their political reminiscences.

The Quebec vote will be a big factor in naming the new leader. Hon. W. S. Fielding has never been a popular figure among French-Canadian Liberals, but time may have lessened this opposition. It is also quite possible that the Quebec delegation to the National Convention may not be a unit.

## SHIPPING AT MELBOURNE IS TIED UP

Melbourne, Australia, July 13—Virtually all shipping in the harbors of Melbourne and Sydney has been tied up in consequence of the seamen's strike which began several months ago in Queensland and has extended to Victoria and New South Wales. The resultant shortage of coal will be the most disastrous feature of the strike, and the cessation of interstate trade is already being felt in Queensland, the supply of wheat and flour having been cut off.

The New South Wales Government has ordered a secret ballot to test the feeling of seamen regarding a continuation of the strike. The Union is said to be entirely in favor of settling the dispute by arbitration.

Capt. Burpee Black son of Dr. J. B. Black ex-M.P. for Hants, N. S., has been here visiting his uncle Mr. M. W. Black, before proceeding to his home in Vancouver.

Allied Troops in Triumphant March Through the French Capital—Procession Led by a Thousand Wounded Soldiers—Marshal Joffre, Marshal Foch and General Pershing—Roof of a House Collapsed, Injuring Eighteen Persons.

Paris, July 14—The triumphal march of Allied troops through Paris began at eight o'clock this morning. The weather was brilliant, being more like October than midsummer.

A thousand wounded soldiers with crutches or in wheel chairs and clad for the most part in civilian clothes, led the parade, being preceded by a drum corps.

Guns began firing at minute intervals, as President Poincaré placed a wreath at the foot of the Cenotaph at the Arc de Triomphe this morning. This empty casket, placed there in memory of the allied dead, was also decorated by other wreaths these being placed by Premier Clemenceau, a French Soldier, a French Sailor, an Alsatian girl, a girl from Lorraine, and Colonel Edmund Grod's. This last wreath was in memory of seventy two members of the Lafayette escadrille, who lost their lives during the war.

## U.S. AMBASSADOR PAGE PRAISES WORK OF THE CANADIAN TROOPS

Halifax, July 14.—Among the passengers on the steamer Carmania, bound to New York, is Thomas Nelson Page, American Ambassador to Rome. He is accompanied by Mrs. Page, their daughter and son-in-law and grandson. When interviewed on board the steamer Saturday night the Ambassador highly praised the work done by the Canadians in Europe. They had "made a great record and Canada need well be proud of them," he said. He was glad to have the opportunity of coming across with some of the Canadian boys, and took a deep interest in the disembarkation of the troops. When the troops were passing down to the gangway, the ambassador took up a position at the head of one of the stairways and bid many of the boys good-bye. He was particularly interested in the artillerymen who were returning from Russia. "They do not know how glad I am to see them get home," he said, "it is the greatest event in their lives."
