## POLITICAL ACTIVITY WILL SHORTLY BE RE- SUMED IN OLD COUNTY

**Lloyd George is Still in Paris, But is Keeping in Close Touch with Members of the Cabinet—Newspapers Trying to Make Bonar Law the Scapegoat for Government Mistakes—Struggle in the Commercial Field.**

London, Sept. 2.—Political activity will evidently be resumed long before Parliament reassembles in October. Premier Lloyd George is expected to remain in France another fortnight, but he has already virtually finished his holiday and is busily engaging himself in the affairs of the nation. He is consulting members of the cabinet personally on home problems and is in constant telephonic communication with both Paris and London.

### NEWSPAPERS ARE RENEWING THE TACTICS WHICH OVERTHREW THE ASQUITH GOVERNMENT

Interest in this city centres about a new campaign by the newspapers which is reminiscent of the one which overthrew the Asquith government. It seeks to make Andrew Bonar Law, former Chancellor of the Exchequer and present government leader in the House of Commons, the scapegoat for any governmental mistakes and shortcomings and exonerate the Premier on the ground that Mr. Bonar Law was virtually acting premier in London while Mr. Lloyd George was engaged at the peace conference in Paris. The aim of the campaign seems to be to discredit the conservative section of the coalition government and to prepare for the possibility after the general election of bringing in a labor cabinet of which Mr. Lloyd George could assume leadership.

### MANUFACTURERS ARE PROTESTING AGAINST THE ADMISSION OF GERMAN MADE GOODS

A fierce struggle is also brewing in the commercial field, now that British ports have been opened to German trade. Manufacturing interests are already loudly protesting against the admission of German goods, especially against German toys and optical instruments, on the ground that the British industry is just beginning to successfully create a business in these lines, which before the war were largely monopolized by Germans.

On the other hand are heard apprehensive sentiments from free traders, who fear the government will yield to manufacturers' demands and impose fresh prohibitions under the guise of protecting "key industries," and that thus any hope of effectually bringing down prices will be frustrated.

The annual trades union congress, which will meet in Glasgow on September 8th, is expected to avoid routine discussions and concentrate its attention on questions like accelerated production and the nationalization of industries, especially coal mines.

## THE AUSTRIANS MAY BE HANDED PEACE TREATY THIS AFTERNOON

Paris, Sept. 2.—The treaty of peace will probably be handed the Austrian delegation late this afternoon, according to indications here this morning. The Supreme Council desiring at the earliest possible date to conclude a treaty with Bulgaria, has decided to hand the Bulgarian delegation the text of a treaty which will determine the boundaries of the country. The document will provide for a port on the Aegean Sea, but will not name the port. The Bulgarian delegation will be asked to renounce claim to certain territory, which will be stipulated in the peace treaty. This distribution of this territory will be made later.

## LABOR HAS A GRIEVANCE SPLENDID SHOOTING

Winnipeg, Man., Sept. 2.—In protest against refusal of bail to the eight labor leaders awaiting trial for seditious conspiracy, fully two thousand men, women and children of all ranks of labor yesterday paraded in spite of a downpour of rain just as the lines began to form.

The parade was under the auspices of the O. B. U., but it did not represent a show of O. B. U. strength, as the cause of the parade was a common grievance of labor, and all factions were invited to unite in the demonstration.

## MAY VOTE ON SATURDAY

Paris, Sept. 2.—It is expected in official circles that the Chamber of Deputies will vote on the peace treaty on Saturday, according to Marcel Hutin, of the Echo de Paris.

Seagirt, N. J. Sept. 1.—A world's record of 56 consecutive hits on a 16-inch bullseye at 500 yards was made today by Lieut. R. E. Smith, of the American Expeditionary Force, in the Swiss "Miss and out" match at the annual tournament here.

## THE CARLETON BY-ELECTION

Ottawa, Aug. 30.—Returning officers for the by-elections which will take place on October 27th have been appointed. For Quebec east Paul Samson, Quebec, has been appointed. The returning officer in Victoria-Carleton is Sheriff James Tibbitts, of Andover.

Mr. J. A. MacAlpine, of Montreal, is at the Queen.  
Mr. J. S. Neill of St. John is at the Barker House.

## E. C. ATKINSON WILL LUMBER IN SOUTHAMPTON

**Has Bought Standing Timber on Property of William Munroe—Crown Land Sale Today.**

Mr. Ewart C. Atkinson of this city has purchased the standing timber on the property of William Munroe of Southampton the price being in the vicinity of \$12,000. There are about two million feet of timber on the lands and Mr. Atkinson will cut there and saw for the American market this winter, in all expecting to get out about one million feet.

**Crown Land Sale Today**  
Several lots of Crown Lands were sold at the Department of Lands and Mines at noon today. With one exception the lots went to the applicants at the upset price although there was a large attendance. The exception was a lot of 118 acres in Howard Settlement, Centerbury Parish, York County, for which Clarence A. Grant was the applicant. There was lively bidding Charles F. Keefe of Vanceboro being the successful bidder the sale price being \$2.70 per acre. The cost of the survey amounting to \$108 must be paid by the purchaser.

## N. S. TRAWLER SENT DOWN BY FRENCH LINER

Halifax, Sept. 2.—In the vicinity of the spot where the Yarmouth fishing schooner Francis A. met her fate nine days previously, the La Have owned trawler promotion was in collision with the French transatlantic passenger liner La Lorraine yesterday morning, and now lies at the bottom of the Atlantic. Her crew of twenty-four are safe on board the steamer, bound for France. The disaster occurred in a dense fog.

The Promotion was a new trawler, in commission only a month, and was on her second trip on the banks. As on her first trip, she called at this port for ice and supplies for the second trip, arriving last Tuesday and sailing the next day. She was in command of Captain Lee Corkum, who was formerly master of the fishing schooner Irene Corkum.

**On Vacation Trip.**  
Mr. R. W. L. Tibbitts, Deputy Provincial Secretary, left last night on a vacation trip which will include Montreal, Ottawa, Quebec City and Joliet, Que. Mrs. Tibbitts intended to accompany him, but on account of ill-health remained here. During the absence of Mr. Tibbitts she will be the guest of her daughter, Mrs. H. G. Chestnut.

Rev. G. M. Young, pastor of the Fredericton Methodist Church who returned recently after a lengthy vacation during which he visited the Pacific Coast and the larger Canadian cities, preached to his congregation Sunday for the first time since his return. Large congregations heard the sermons.

## THE G. T. P. IS LIKELY TO DEFAULT ON ITS DEBENTURE INTEREST

**No Funds to Meet the Four Per Cents Which Fell Due Yesterday—London Papers Say the Attitude of Dominion Authorities Has Been Ungenerous.**

London, Sept. 2.—An announcement was made by the London committee of the Grand Trunk Pacific Railway that they were without funds to meet the four per cent debenture interest which was due on the 1st.

The announcement calls forth a variety of comment from the newspapers here. The financial editor of the Telegraph declares that it is unthinkable that the government, as the receiver should leave the bondholders in the lurch, although the attitude of the Dominion authorities to Canada's pioneer railroad has been so ungenerous that one cannot avoid the suspicion that it intended to use the Grand Trunk Pacific as a lever to enforce confiscatory terms on the parent company.

### One Paper Counsels Patience.

The Daily Chronicle counsels holders to be patient pending definite news from the other side, and advises them not to sacrifice their holdings.

The Financial News declares that since Sir Alfred Smithers arrived in Canada, it has been a case of hope deferred and much sickness of heart.

The Star says a more sympathetic policy will have to be adopted by the Dominion if British investors are not to lose faith in the Canadian administration, although it admits that these debentures have now reached a price which gives bargain hunters opportunity to indulge in a little risky speculation which might easily yield a handsome profit in the long run.

## Prince of Wales Visits The Canadian Metropolis

### QUIET WEDDING AT ST. DUNSTAN'S THIS MORNING

**Miss M. Marguerite Shea the Bride of Joseph P. Gallagher, of St. John.**

This morning at 6.30 Mr. Joseph P. Gallagher of St. John and Mary Marguerite Shea, daughter of Mr. and Mrs. D. J. Shea, of this city were united in marriage at St. Dunstan's Church with nuptial mass celebrated by Rev. Father Carney. The bride was becomingly attired in navy blue taffeta with a large picture hat and carried a bridal bouquet of cream roses. She was attended by her sister Miss Kathleen Shea who wore a brown suit with mink furs and a bouquet of pink roses. The groom was attended by Mr. William J. Doherty of Montreal. Only the immediate relatives of the bride and groom were present.

The bride was the recipient of many beautiful and useful gifts from her friends and relatives, including furniture, silver, cut glass and china and a substantial cheque from her father. The groom's present to the bride was a gold wrist watch and a diamond cluster ring; to the bridesmaid a pearl ring; to the bride's brother William, who acted as usher a pearl tie-pin and to the groomsmen a pearl tie-pin.

After the ceremony the happy couple went to the home of the bride which was very prettily decorated to partake of a short bridal breakfast. The dining room was decorated with ferns and sweet peas and the drawing room with roses. The couple left this morning by motor for St. John whence they will proceed to Boston, New York and other American cities on their honeymoon.

**Soldier in Fit**  
Some excitement was caused last night near the corner of Carleton and Queen Streets by a returned soldier who is a patient at the N. B. Military Hospital taking a fit. The man was very violent. The civil police and others cared for him. An attempt to place him in a car and take him to the hospital failed and those caring for the man were forced to wait until the violence of the attack subsided. The man had been a victim of shell-shock.

**Planning to Spend a Few Hours There Before Proceeding on His Western Trip—Was Given a Very Hearty Reception on His Arrival—An Auto Trip and Civic Luncheon—Addresses of Welcome Extended.**

Montreal, Sept. 2.—The church bells ringing and hundreds of factory whistles blowing, the special train with the Prince of Wales on board steamed into Windsor Street station this morning from Ottawa. The Prince will pass a few hours in this city today, before departing on his western trip. Most of his time here will be spent in an automobile tour of the city and this will conclude on Mount Royal, where his Royal Highness will be entertained to lunch by the Corporation. The tour was broken, for a few moments at the home of Medrie Martin, the mayor, where a little nephew of his worship presented the Prince with a bouquet of flowers, and at the Cartier memorial, to be unveiled by cable by the King next Saturday, where His Royal Highness was given a medal. The streets through which the Prince passed were crowded with people, who gave him a cordial reception.

### A LOVING AND HEARTY WELCOME EXTENDED

#### B Y MAYOR MARTIN ON BEHALF OF THE CITY

At the civic luncheon Mayor Martin delivered the following greeting to Prince Edward:

May it Please Your Royal Highness:

I respectfully beg leave to extend to Your Royal Highness a loyal hearty and loving welcome to Montreal. I do this with a full appreciation of the graciousness implied by your visit to our fair city. Actuated by a sincere affection for our King, we beg Your Royal Highness to assure His Majesty of our devotion. We earnestly hope that the visit amongst us of Your Royal Highness will be one of unalloyed pleasure and gratification, our only regret being that the time of your Royal Highness is so limited. With the kind permission of Your Royal Highness, I beg to request Honorable Charles Marcil, member of the administrative commission of Montreal, to extend to Your Royal Highness on behalf of our population, their kindly feelings of devotion to your person.

### THE HEALTH OF THE ROYAL VISITOR PROPOSED BY

#### HON. CHARLES MARCIL AT CIVIC LUNCHEON

The toast to the Prince was proposed by Hon. Charles Marcil. He said in part:

"I wish to thank His Worship the Mayor for the very great honor which he has conferred upon me, as a member of the administrative commission of this city in asking me to propose a toast to Your Royal Highness. Pleasing as this task is to me, it could have been very much better fulfilled by many present at this memorable event. This is the third time in the history of this city that it has been honored by the visit of an heir to the British throne. There are many still living in Montreal who participate in the receptions tendered your beloved grandfather, Edward the peacemaker, to your father, our gracious sovereign, and your mother, Her Majesty the Queen, who were glad of the opportunity offered them today to join the entire population in testifying to their loyalty to the British throne and their high esteem to your person and your illustrious family.

#### Warmly Greeted Everywhere.

Your reception by the people since you landed on Canadian soil at St. John, then at Halifax, Charlottetown, Quebec, Toronto, Ottawa, and wherever else you have gone, must have left no doubt in the mind of Your Royal Highness as to the spirit which animates the men, women and children of this country, regardless of their origin, creed or language.

We appreciate more than we can tell the gracious act which you have accomplished in interrupting your progress towards western Canada to pay the commercial metropolis a brief visit—all too brief—in anticipation of the longer stay which you have reserved for us at a later period, prior to your departure for your home land.

"Today you have captured the heart of the city.

"Canada has made gigantic strides since the first Prince of Wales came here in 1860, but in no period has it attracted more attention abroad than during the last five years through its voluntary participation in the great war in the cause of humanity and civilization. The part you have taken in the great war was an inspiration to young and old the empire over.

#### Working in Harmony.

"Canadians all, regardless of the lands from which our forefathers came—proud of being British subjects—are all working in harmony to make of this Dominion the greatest of the sister

nations of the empire—a worthy daughter of the two great mother countries from which the founders of the country came.

"We join with the rest of Canada, and the Empire at large, in praying divine providence to bestow upon your Royal Highness, health, happiness and a long and useful life to enable you to carry out to its full fruition the great mission which has been entrusted to you. I now invite my fellow citizens to fill their glasses and drink the toast of His Royal Highness the Prince of Wales."
