TERRIBLE HOLOCAUST AT DOMINION PARK, MONTREAL

A Popular Amusement Resort the Victim of Flames—Many
People Believed to Have Been Burned to Death—Seven
Bodies Recovered from the Ruins—Good Work Performed
by the Fire Department.

Montréal, Aug. 10—Charred beyond
the possibility of recognition the bod-
ies of three men, three women and a
boy were recovered tonight from the
ruins of the Mystic Mill and part of
the Scenic Railway which was des-
troyed by fire at Dominion Park, an
amusement resort near this city. It is
thought that several more bodies will
be recovered tomorrow when the
wreck is searched.

The exact cause of the fire is un-
known but it is thought it may have
been started by a cigarette or a match.
The flames spread quickly and were
fanned by a westerly wind which blew
toward the river front, and it is to this
that is due the salvation of the en-
tire park.

Whole Carload in Flames

When the firemen arrived the Mys-
tic Mill was enveloped in flames. They
heard shouts for help and moans of
agony but it was impossible to aid
the victims. They broke the walls and
in this way got a few persons out.
When the Scenic Railway fell with a
crash into the roaring furnace, it is
stated that there was a carload of peo-
ple on it at the time.

The only way the firemen could tell
the sex of the bodies they recovered
was by a gold watch in one case. Two
other bodies were found closely hud-
dled together and later the body of
what is believed to have been a boy
was found. None of the bodies had any
head, arms, legs, nor was there any-
thing by which they could be identi-
fied.

Many rumors spread through the

city during the evening and immense
crowds poured into the park. Thous-
ands visited the scene of the holo-
caust. The presence of firemen and
liberal sprinkling of water throughout
the entire resort did not prevent the
people from entering the various side
shows. Sousa's band which is playing
there this week-end gave their usual
concert, and rag-time airs and opera
tunes were heard all evening. Even
when the black wagon from the mor-
gue arrived with its black flag the gay
tunes still continued. Only the section
where the firemen were still at work
pouring water on the glowing ruins
was in darkness; the remainder of the
park was in its usual gaily bedizened
form.

Two Bodies Identified

L. R. Cooper, director of the Domi-
nion Park Company, Limited, said the
loss of the two plants, the Mystic Mill
and the Scenic Railway would be be-
tween \$40,000 and \$50,000.

"I cannot understand how the vic-
tims were killed," he said, "unless
they were overcome by smoke. The
place is inspected every day and every
thing was in perfect order." Later one
of the bodies was identified from mili-
tary papers on the body. This was
Wilfrid Gravel, 813 Marie Anne street.
Another paper bore the name of Felix
Beaudry, 629 Breboeux street.

An inquest will probably be opened
into the affair tomorrow morning, but
it will likely be postponed until all the
bodies or as many as can be traced,
are obtained.

ELEVATOR WRECKED BY EXPLOSION

Port Colborne, Ont., Aug. 9—Five
persons are known to have been kil-
led, four are missing and five injured
as the result of an explosion here at
150 this afternoon which completely
wrecked the government elevator.

The barge Quebec, of the Montreal
Transportation Co., was sunk. It is
feared that the death toll will be in-
creased by at least five, as that num-
ber of workmen were at work in the
elevator when the explosion occurred.
At 5 o'clock the structure was burning
fiercely and attempts to enter the
building were abandoned.

Five bodies have been recovered and
identified, as follows: H. Latour, cap-
tain of the Quebec; Alfred Leslie, L.
Dunham, William Cook and Charles
Aston.

A. Beck, B. Dunlop, J. Hanham and
A. M. Michern are missing. With the
exception of the captain of the barge,
all the men are residents of Port Col-
borne.

Doubt exists as to the cause of the
explosion, which not only lifted the
huge reinforced concrete roof, scatter-
ing it in huge blocks into the harbor,
but carried the entire three flats with
it, including the distributing floor and
the working house machinery. Tons
of debris was hurled into the storage
space around the elevator, in which
was between 400,000 and 500,000 bush-
els of wheat. The loss is estimated
at \$1,500,000.

The barge Quebec was sunk by hun-
dreds of tons of debris.

Supt. Fawcett did not think the ex-
plosion was due to spontaneous com-
bustion, but believes that belting and
other inflammable material took fire.

ST. JOHN HAD GOOD RACES SATURDAY

Peter Farren Won From Fern
Hal—Cochato Lady Beat
Victoria in Match-
ed Race.

St. John, Aug. 11—In exciting races
at Moosepath on Saturday afternoon
Peter Farren driven by Dan Steele,
again mastered Fern Hal in a four
heat contest, the first heat being de-
clared "dead" by the Judges. In an-
other match race Cochato Lady, a Hal
ifex horse defeated Victoria while
Tommy Cotter proved a winner in a
named race of six horses.

During the course of the afternoon
three drivers were taken down from
their sulkies by the judges which ac-
tion brought cheers from the specta-
tors. In the match race between Vic-
toria, being driven by Driver Camer-
on, and Cochato Smith, two heats had
been run in this race and Victoria took
both. At the start of the third heat
which might have been the last, Smith
who was driving Cochato Lady was
called to the stand and informed by
Starter Neil that Mr. McNamara
would drive his horse. Smith got off
his sulky and handed it over to Mc-
Namara, a well known local driver.

Cochato Lady under the guidance of
McNamara, took the next three heats
and the race. The heats after the
changing of drivers were faster than
the first two, which went to Victoria.

Again in the named race with six
horses starting Burke, driving the
Singer horse, and Cameron driving
Jennie Penn, were also taken down by
the judges and replaced by A. Ryan
and A. Connors respectively with ap-
parently better results for the horses
driven. In justice to Mr. Burke he of-
fered before being removed to back
Tommy Cotter against his own horse
and give his own horse to any driver
at the park.

Paint for Protection

Lumber and all building materials have been on the increase in
price. Why let your valuable property in the form of your house,
barns, garage, outbuildings, farm machinery, wagons, sleds, fences,
go on to decay for the small initial cost of a can of paint? You can-
not invest your money in a better proposition than a can of

MAPLE LEAF PAINT

Because it will repay you larger dividends on your investment than
any other proposition. Don't delay, save decay, buy a can of paint to-
day.
