## Bulgarian Peace Envoys Reached Lyons Today

**Were Received by a Representative of the Allied Powers and Escorted to Neuilly—Will Likely be Handed Peace Terms Next Week—Poles and Czechs Granted an Extension of Ten Days in Which to Reach an Agreement—Sections of Bulgarian Treaty are Agreed Upon.**

Paris, July 26.—The Bulgarian peace delegation arrived at the Lyons station at eight o'clock this morning.

The delegates were received by Col. Henry on behalf of the Allies and were escorted in automobiles to the Chateau Madrid at Neuilly.

The Supreme Council at today's meeting decided to grant the Poles and Czechs ten days more in which to reach an agreement on their differences concerning the Tehnack region. If at the end of this time no agreement has been arrived at, the Council will settle the difficulty.

### AUSTRIANS WILL BE ASKED TO TESTIFY ABOUT MERCHANT SHIPS SUNK BY THEIR SUBMARINES

The Council also considered the Bulgarian treaty and agreed upon the sections concerning responsibility and naval, air and military prisoners of war, which are essentially the same as are embraced in the German treaty. Approval was given to the British suggestion that the Austrians should be asked to testify about merchant ships sunk by their submarines.

Regulations for the inter-allied commission which is going to Smyrna were drawn up, whereby the commission is to investigate charges of atrocities against Greeks.

A request for the German government that a commission of Poles and Germans be permitted to meet in Berlin immediately to discuss questions arising from the adjournment of boundaries, was considered by the Council. A reply was sent to Germany that the great powers also will participate in this conference, which will be arranged as soon as practical.

## ELEVEN BOYS MET WATERY GRAVE AT BOYS' CAMP AT EAST OTIS MASS.

Springfield, Mass., July 26.—Eleven boys, all members of the Springfield Boys' Club, were drowned yesterday afternoon in Big Pond, East Otis, when a flat bottomed boat and several canoes in which they were being towed, were tipped over by high waves. The boys, who were in camp with forty-two other boys on the island, had been on the mainland for athletic sports and were being taken back to dinner. About half-way across a high wind came up, causing a wave to partly fill the flat boat with water. When the launch towing them turned to go back to the mainland, other waves quickly filled the boat and it soon sank. Some of the boys held on to the boat, but when one of the youngsters lost his hold all of the others on that side of the boat started to rescue him. This caused the boat to turn over and all lost their holds. Other boys following in canoes paddled into the struggling mass of humanity and some of the canoes were capsized also, accounting for other drownings.

## PRESIDENT OF FINNISH DIET

Helsingfors, July 26.—The Finnish diet today elected Professor K. Stahlberg, President of the republic. Prof. Stahlberg received 143 votes, while General Justus Mannerheim, who has been acting as regent, was given but 50 votes.

## TO PREVENT PROFITEERING IN WHEAT

Montreal, July 26.—An Ottawa despatch to the Gazette says:

Sir George Foster, Minister of Trade and Commerce, has called a conference for Monday of those interested in the grain trade to discuss the problems of handling this year's wheat crop. Many view with alarm the apparent tendency to force Canadian wheat above the American fixed price. It is reported that the bidding on the Winnipeg exchange, which is behind this movement, is engineered from Minneapolis.

The effect of a higher price in Canada than in the United States would give the United States the European market, and during the next few months would deprive Canada of the full benefit of the St. Lawrence.

Some of the cabinet ministers, while favoring a minimum price, believe that there should be a director appointed to supervise the marketing and to prevent profiteering or any policy that would retard the marketing of the wheat crop.

## OFFENSIVE IS CEASING

Vienna, July 26.—The Poles appear to be ceasing their offensive against the Ukrainians. The latter are using all their strength against Kiev, intending if successful against the Bolsheviks there, to return and contest Polish pacification of eastern Galicia.

## FRESH FISH ARE CHEAPER

Boston, July 26.—Thanks to liberal supplies from Nova Scotia, and incidentally to supplies from the Cape, Gloucester and Maine, fresh fish are quoted by the dealers at lower prices this week. This statement has a few exceptions as, for instance, mackerel, which are 1 to 2 cents a pound higher. Mackerel are scarce even in Nova Scotia. Swordfish also are higher. On the other hand, cod is about 33 per cent cheaper and haddock almost as much, while hake and cusk are decidedly lower than they were a week ago. Halibut remains the same, but Eastern salmon are now 32 to 35 cents, against last week's price of 38c. to 40c.

### RIOTING AT TRIESTE.

Vienna, July 24.—Reports have been received here of rioting at Trieste between Jugo-Slavs and Italians, in which a few persons were injured.

## HAS NINETY-SIX DESCENDENTS

**Fredericton Teacher Returns From a Holiday Trip to Westmorland Co.**

Mr. and Mrs. W. M. Burns returned last evening from a trip to Botsford, Westmorland County. Mr. Burns reports crops to be excellent in that part of the country. The hay crop is better than it has been for some years and the grain and root crop are very promising. There has been sufficient rain and warmth to make growing conditions ideal. The outlook is very encouraging and the farmers are happy.

While Mr. Burns was away he visited his grandmother Mrs. William Murray, who is 98 years of age. Mrs. Murray in spite of her great age is hale and hearty and is still able to enjoy life in a way that others who are many years her junior are unable to do. Mrs. Murray has the proud distinction which comes to a very limited number. She has 96 living descendants viz. 7 children, 33 grand children, 53 great grand children and 3 great great grand children. Many of her great grand sons served in the great war just closed but only one failed to come back. He gave his life in the battle of the Somme.

## EFFRONTERY OF THE HUNS

Berlin, July 24.—The Vorwaerts, the Socialist organ, in an article under the heading "New Provocations," says: "Troops led by lance riders, officers with drawn swords, and artillery, carrying the red, white and black flag, appeared before the government building this morning and crowned the incident by playing 'Die Wacht am Rhein' with a band. The newspaper says that this probably was the same body that on the previous day marched past Bismarck's monument with its band playing an imperial anthem, and asks what the officials have to say to such effrontery."

**Fire Was Put Out**  
The fire at Big Magaguadavic Lake reported Thursday night was extinguished yesterday. Assistant Chief Scaler G. W. Burden and Ranger C. V. Pickard returned last night from the scene of the fire. They obtained a crew of fire-fighters at Harvey and also were ably assisted by the crew from one of the camps of the Fraser Companies Limited. The fire was not on timber land but on what had been burned over some years ago. Some ten acres were covered by the fire. The fire was about half a mile from the head of the lake.

## SOLDIERS HELPED TO OUST TORIES

Charlottetown, P. E. I., July 25.—The Examiner, independent Conservative, attributes the fall of the government in yesterday's election in a measure to the soldiers' votes.  
Revised returns show another seat for the Conservatives, H. D. McLean, of Souris, son of Senator McLean, having been elected in place of Acorn, Liberal. His majority is seventeen. This leaves 25 Liberals and five Conservatives in a house of thirty.

## MICE IN WAR BRIDE'S ROOM

New York, July 25.—One French war bride, pretty, petite and apologetic, was still trying to square herself with 69 other doughboy brides, her sister passengers on the transport Manchuria, when that ship tied up in Hoboken late on Friday. The now penitent girl several days ago accidentally turned loose a cage of white mice.

The liberation occurred in the sleeping quarters of the 70 young women—sixty-nine inhabitants of the bridal quarters made a dive for the boat's deck.

Clarence, the ship's cat, was coddled to distraction after the mouse affair, for it was Clarence who hove on the scene when the commotion was at its height, and not only slew, but devoured the miscreant rodents.

Mr. A. R. Myles of Campbellton is registered at the Queen Hotel.

Mr. F. C. Nunnick of Ottawa is at the Barker House.

## NEW YORK NEWSPAPER PAYS WARM TRIBUTE TO THE CANADIAN PEOPLE

**Urges Americans to Patronize the Canadian War Memorial Exhibition—Owe Debt of Gratitude to Their Northern Neighbor—Should With Heartiness Take Off Their Hats to the Men of the Land of the Maple Leaf.**

New York, July 26.—The New York Herald prints the following under the caption of "Our willing duty to Canada."

Residents of New York and visitors here who have not visited the Canadian War Memorial Exhibition at the Anderson Galleries, ought to make a point of seeing it before it closes on the last day of the month.

In the first place, it is a unique record of an American nation's part in the war. In the second, it should supply us with valuable hints as to how we, in turn, ought to go about the work of acquainting future generations with the personalities of the men who distinguished themselves in our army and navy. In the third place, it was brought here mainly as a compliment to the United States, by the authorities of the Great Dominion, which for many and obvious reasons stands to this country in a closer relation than any other.

### SAYS CANADIANS STAND FOR THE SAME NORTH

#### AMERICAN FREEDOM THAT AMERICANS ENJOY

From the time when she came into the war, Canada sent her most distinguished veterans, scarred and maimed on Vimy Ridge and other glorious fields, to help the various "drives" that helped to fill our military chest. So here, again, we owe a debt of gratitude to our great neighbor.

But most of all should we support the Canadian memorial because it is an expression of the democratic self-consciousness of a nation which, though daughter in her mother's house, is mistress of her own; which, though with a difference in ceremonial form, stands for the same sort of North American freedom that we enjoy.

So, in all heartiness we take off our hats to the men of the Maple Leaf, and hope that the friendship of a hundred years, increased by glories won by Canada and Americans on the same battle front, may never diminish.

## BOSTON FISH STRIKERS TRYING TO WORK UP A SYMPATHETIC STRIKE

Yarmouth, N. S., July 26.—A delegation of four of the Boston fish strikers are in Yarmouth for the purpose of arousing a sympathetic feeling among the fisherman manning the local fleet, and if possible induce them to quit work, and in that way cut off the fresh fish supply going from the provinces to Boston and other points. In one or two instances they found union men fishing on vessels operating out of Yarmouth, and informed them they would have to quit or their membership in the union would cease. The delegates also endeavored to create an agitation among the many non-union men on the vessels and told them that just as soon as the strike now on in Boston was settled, they would come to Yarmouth to organize a union, and every man who would not comply with the union at the present time and cease work would not later on be permitted to become a member of that promised organization.

## IMPORTANT DISCOVERY

Port Arthur, Ont., July 25.—One of the most important discoveries of hematite ore ever made in the northern Ontario district was reported today by the Mackenzie-Rawn interests at Steep Rock Lake, near Atikokan. A seam of ore-bearing quartz foot in thickness has been discovered by diamond drilling process. The discovery of this seam is said to mark the beginning of active development or iron ore in this district.
