HUNS NOT DOWNHEARTED.

Like many other intelligent observers who have recently returned from Germany, Captain Coningsby Dawson protests against the belief that Germany is a crushed nation, says the Philadelphia Enquirer. It is a belief which the Germans for obvious reasons are endeavoring to encourage. From the very beginning of the armistice cries of distress have gone up from them. The terms of the Peace Treaty have been denounced as ruinous to future prosperity. Pitiful tales of destitution among the people have been spread broadcast. Yet Captain Dawson asserts—and there is any amount of other evidence to the same effect—that Germany "has remained absolutely unharmed physically."

The Germans started the war as a business enterprise; they prepared to make a huge profit out of it; and although their ambitions largely failed of realization, they left two of their chief competitors, France and Belgium, in such a crippled condition that Germany can re-enter world trade with many advantages in her favor. There is no trick in the whole bag that the Germans do not have at their fingers' ends. Captain Dawson says that they have already put out huge quantities of goods disguised as Dutch, Spanish or Scandinavian. They must sell their wares, of course, if they are to help in repairing the vast damage they have wrought. But sympathy with them as a disheartened and impoverished people is misplaced.

More alarming than anything else, perhaps, is the persistence of the old arrogant spirit which fostered the earlier German dreams of world domination. Captain Dawson found it in full efflorescence. "There is not a German," he says, "who believes that the country has been beaten in the war." However desirable it may have been to grant an armistice when the German military machine first began to go to pieces, there are many who still feel that it was a pity the Allied armies could not have marched through the streets of Berlin.

Reviving the rumor that Sir Douglas Hazen is to resign from the Supreme Court Bench and re-enter the Federal cabinet, the Ottawa correspondent of the Montreal Star says: "He would replace Hon. F. B. Carvell in the New Brunswick representation in the cabinet. Difficulty, it is understood, has been met in securing a Unionist of the Liberal stripe with cabinet qualifications in New Brunswick, and the field of selection in either party in that province appears limited. It is therefore intimated that Sir Douglas will resign as Chief Justice and once more join the cabinet which he left in 1917 on the formation of the Union government. No development in the matter is expected before Sir Robert Borden returns.

The Unionists of Carleton-Victoria are invited to meet in the Hayden-Gibson theatre at Woodstock this evening to consider the advisability of selecting a candidate to contest the approaching by-election. The poster calling the convention, which was issued "by order of the committee," states that "the candidate selected will be asked to give the government an independent support." Hon. B. F. Smith is said to be willing to run on condition that the Liberals put up a

INDIGESTION GOES, GONE!

"Pape's Diapepsin" at once fixes Your Sour, Gassy, Acid Stomach

Stomach acidity causes indigestion! Food souring, gas, distress! Wonder what upset your stomach. Well, don't bother! The moment you eat a tablet or two of Pape's Diapepsin all the lumps of indigestion pain, the sourness, heartburn and belching of gases, due to acidity, vanish—truly wonderful! Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralize acidity and give relief at once—no waiting! Buy a box of Pape's Diapepsin now! Don't stay miserable! Try to regulate your stomach so you can eat foods without causing distress. The cost is so little. The benefits so great.

There promises to be a spectacular fight in the constituency of Quebec East, vacated by the death of Sir Wilfrid Laurier. Mr. Ernest Lapointe has resigned his seat in Kamouraska and has accepted the Liberal nomination. His opponent will likely be Mr. Armand Lavergne, a fiery Nationalist, who is anxious to get back into Parliament. When Mr. Lapointe entered Parliament some fifteen years ago he was unable to speak a word of English. Today he is recognized as one of the most eloquent bilingual speakers in the Dominion.

Mr. D. D. Mackenzie's resolution for the extension of the Intercolonial Railway to non-railway sections of the Maritime Provinces was adopted by Parliament on Monday. The expense of extending the Intercolonial to an important non-railway section of this province was carried out by the province at a cost of \$6,000,000, and it is to be hoped that the Federal government will soon take steps to acquire the line.

THROUGH OUR SIEVE

Now that fashion decrees that umbrellas and gloves must match, a fellow will have to be somewhat particular whose umbrella he lifts.

David in his haste said all men are liars and mature contemplation seems merely to have confirmed his suspicions.

Some men wait on their wives—and some wives wait on their husbands. But it takes everybody in the house to wait on the first baby.

Up to the present time we notice that the demand for shorter hours has not begun to make a dent in the average woman's day, which includes the time between sun and sun—and then some.

Man has conquered, so to speak, the earth, sea and sky. But human ingenuity has still to devise a method of keeping the bedcovers on a four-year-old child.

When you hear a person say, "Well, Bill's heart is in the right place," you know at once that Bill must have some d-d unpleasant traits.

The average socialist these days is a chap who wants everybody to divide up with him so that he may be able to retire and devote the remainder of his beautiful life to preaching socialistic doctrines.

VICTORY LOAN OBJECTIVES SET FOR DISTRICT

(Continued from page 8.)

ing at the Victory Loan offices the Canvassers' Committee was called together. The list of canvassers was gone over and those of last year's campaign who have already been asked have shown their intention to help out. The full list with the districts allotted to each are expected to be compiled by the last of the week.

Victory Loan posters are being prepared prior to their being sent around the country and the bill boards used at the last campaign are being set up afresh. All steps are being taken to further the advancement of the preliminary stages of the campaign and so far splendid progress has been reported.

DALHOUSIE WON FIRST SENIOR RUGBY MATCH

SEASON OPENED AT HALIFAX ON HOLIDAY

Final Score was Dalhousie 11, Wanderers 0—Winning Team was Heavier—Backs Fast.

(Halifax Chronicle)

Dalhousie beat the Wanderers in the opening game of the Rugby season at the Wanderers' Grounds yesterday afternoon, by the score of 11 to 0. Ideal weather brought out crowds such as have been rarely seen at a Halifax Rugby match. Dalhousie's second team defeated the Wanderers' second in a preliminary game by the score of 6 to 5 but it is understood that the losers will protest the game.

The game between the first teams was full of scrimmages and few brilliant runs or plays were made by either side. Dalhousie had apparently much the heavier scrim, and after it got working properly (which it did shortly before half time) the ball was in most instances in the possession of the Tigers when it came out of the scrimmage. The Wanderers' scrim, in spite of the fact that it was considerably lighter than that of Dalhousie got down to business at the beginning of the game and frequently cabbaged the ball for its backs. As a matter of fact the entire Dalhousie team played in a rather lackadaisical fashion until the opening of the second half. Lee Fluck's boot was not working with its usual effectiveness, and the kicking of "Doc" Campbell told heavily against the yellow and black. The playing of Grant Holmes at half for Dalhousie was a feature of the game, and toward the end of the match the other halves, White, Porter and Fluck worked some very pretty runs on passes from Holmes and Baxendale, who played his usual sterling game at quarter. For deadly tackling the palm must be awarded to Condon of the Wanderers who grabbed them low and hard and never missed his man.

The teams lined up as follows

Dalhousie	Wanderers
Full.	
Hayden	Home
Halves.	
Fluck	Campbell
White	Condon
Calhoun	Porter
Holmes	
Quarters.	
Baxendale	Monaghan
O'Brien	Holmes
Jones	Palmer
Forwards.	
MacDonald	Power
MacKenzie	Studd
MacQuarrie	Fultz
Goode	James
Ernst	Young
A. B. Campbell	Lordy

Dalhousie celebrated yesterday afternoon's football victory by parading Barrington street last night and occasionally giving the college yell. A number of students who were in the gallery of the Majestic at last night's performance, made things lively between the acts.

WERNER HORN, DYNAMITER, HERE FOR HIS TRIAL

Continued from Page One.

which he had attempted to destroy, he laughed.

Bought Clothing Here

One of Horn's first requests when he arrived here was to be allowed to buy some clothing, stating that in Jersey City when he made a similar request he was put off. His wish was granted and he was taken to a haberdasher's where he bought about fifty dollars worth of clothing. He seemed to have plenty of money.

Few people here knew that Horn was to arrive and the police court room was almost empty when he appeared for remand.

Life Imprisonment Possible

The offence with which Horn is charged is punishable with life-imprisonment. If his preliminary examination is sufficiently speedy he will go before His Honor Judge Barry of the Court of King's Bench here on the 28th inst.

Imprisoned in States

After his attempt Horn went to Vancorbore where he was arrested the next morning, unding the night while carrying the dynamite in a suitcase he froze both his face and hands. He commented on this fact today to the officers. The charge against him in the States was carrying dynamite on a railway train contrary to law and for that he received a two years' sentence.

Mr. H. L. Anderson of Bathurst is in the city today.
