

## Stomach on Strike? Here's Relief!

### No Indigestion, Gas or Sourness

Upset stomachs feel fine.

All indigestion, gases, sourness, heartburn, brash or acidity goes instantly. No waiting!

Quickest stomach relief known.

Just as soon as Pape's Diapepsin reaches your sick, unsettled stomach all stomach misery stops.

Costs little—All druggists.

Stomach suffering is needless.

UPSET? **Pape's Diapepsin** WILL PUT YOU ON YOUR FEET

## GOOD SPEECH BY MR. MICHAUD IN DEBATE ON ADDRESS

**Young Member From Madawaska Tells of Progressive Legislation Passed by the Government—Many Needed Reforms Instituted—Opposition Members Had No Right to Complain of Delay in Getting Reports.**

Following is a synopsis report of the excellent speech delivered in the House on Tuesday by Mr. Michaud:

MR. MICHAUD congratulated the Speaker on his appointment and said he felt sure that he would do great honor to the position. He also congratulated the mover and seconder on the beautiful speeches they had made on the opening day of the session. He also wished to congratulate the hon. Premier on the statesmanlike speech he had delivered during the afternoon. He regretted that he could not tender his congratulations to the hon. leader of the Opposition on the style of oratory he had indulged in the previous evening. The hon. gentleman had criticised the govt. for not placing the reports of Royal Commissions before the House. He would no doubt recall certain reports made by other govt. when he occupied a seat on the other side of the House. He would no doubt recall the Dunlop report, and the trouble encountered by the then Opposition in getting access to it. The Chandler report had also been withheld, and he might say there was another report which his hon. colleague when Leader of the Opposition was unable to get before the public until he had moved a resolution from his place in the House. In the light of the record of the present opposition they certainly had no right to complain of delay in obtaining reports. So far as he was personally concerned he could promise the hon. gentleman opposite that his influence would be directed towards having the reports brought down as early as possible.

The hon. leader of the Opposition lodged a complaint because an expen-

diture of \$1.00 had been made in the county of Kings to straighten ditches, and it had been charged to permanent road account. He could assure the hon. member that money had been expended in former years on work which had been classed as permanent and charged to capital expenditure. The hon. member was constantly telling of the great things his govt. had done. It had certainly passed out of existence well loaded with good intentions. He had made plans for technical education, the province was to have roads as good as the sister provinces—and a lot of other reforms were to have instituted. But something happened and his policy was not carried out.

He was glad to note that the present administration although only in power a short time had instituted many needed reforms. It had first cleared the ground as left by its predecessors and although the job was a hard one, it had been able to make a good start on constructive legislation. Technical education had been dealt with, and a good working act had been placed on the Statute books. A compensation Act had been passed which was proving of great benefit to the working men of the province. A plan for road improvement had been inaugurated and was working out very successfully. Last year a public health Act had been passed, and had done much for the Province during the great epidemic which swept over the country last year.

He wished to concur in the remarks of the hon. member for Albert concerning the Canadian National Railways on removal from Moncton and New Brunswick of a portion of the

management of those railways. The Intercolonial Railway had been built for the Maritime Provinces and was one of the considerations on which New Brunswick and Nova Scotia entered confederation. He would do anything to keep in New Brunswick the head office of that railway. He also would concur in the remarks of the hon. member from Saint John City concerning the Water powers of New Brunswick. It was time that a general survey be made and Government development of hydro-electric projects begun. The hon. member when a supporter of the Government should have done what he could to prevent the alienation of water power rights. He also agreed with the hon. member in

MR. J. E. MICHAUD, M. P.

his remarks concerning party politics in the Province. He was entirely in favor of purity in political life. It was all the more necessary for the country faced the critical period of its history, with socialism showing itself everywhere. He always had stood for the principles of British Constitutionalism and justice and in that connection must refer to the death of Sir Wilfrid Laurier he did not take the reference because he was of the same race and creed, for Laurier was a National figure. It was to the dead leader that the young men of Canada must look for an example in following out the principles of British law and institutions.

### AN OPPOSITION MEMBER

Mr. Smith of Charlotte Mildly Criticizes the Government Program.

MR. SMITH (Charlotte) said that he felt like Tennyson. "He would that he could utter the thoughts that arose in him." The Government and its supporters appeared to be perfectly satisfied with the programme of constructive legislation which was offered. The speaker extended the usual courtesies to Hon. Mr. Speaker and to the Mover and Seconder of the address. There had been one reference by both of the latter which showed that the Government had not risen to its opportunities. They had referred to the heavy losses of life in the British and allied forces during the war.

But the reward obtained had shown that that sacrifice had not been too great. There was the safety of woman-kind from the German menace, the preservation of democratic forms of Government and the freedom forever from the curse of war. The Government of New Brunswick had not sup-

## HAD SEVERE COLD AND TICKLING SENSATION IN THE THROAT.

How many people have lost a good night's sleep by that nasty, tickling irritating sensation in the throat?

The dry, hard cough keeps you awake, and when you get up in the morning you feel as if you had had no rest at all.

Dr. Wood's Norway Pine Syrup, which is composed of the most soothing and healing expectorant herbs and barks, combined with the lung healing virtues of the world-famous Norway pine tree, will give almost instant relief in all cases of this nature.

Mrs. G. C. Routley, Bright, Ont., writes: "I take great pleasure in writing you of Dr. Wood's Norway Pine Syrup.

For several weeks I was troubled with a severe cold, and a tickling in the throat. I tried numerous remedies but found no relief until I used Dr. Wood's Norway Pine Syrup, which I had heard so much about, and on taking one bottle got instant relief. I highly recommend it to those who need a quick cure."

So great has been the success of "Dr. Wood's" in curing coughs, colds, bronchitis, etc., it is only natural that many imitations have been placed on the market. The genuine is put up in a yellow wrapper, three pine trees, the trademark of the T. Milburn Co., Ltd., Toronto, Ont.

ported the men who had been fighting in Flanders. When he had come to the House in 1917 party politics, so far as he was concerned was a dead issue. He was ready to support all Government measures calculated to advance the interest of the Province as a whole. Never had a Government failed so lamentably to grasp its opportunities in caring for returned soldiers. How were conditions being met?

In all places of amusement there were receptacles for tickets purchased as an amusement tax which was generally considered to be a war tax. Where did the money thus raised go? Into the general revenue. There was another instance. Last year the Government required \$518,000, as a patriotic fund tax although the central committee of the Patriotic fund declared that only \$400,000 was needed. The difference also went to meet general expenses. He did not hesitate in saying that 75 per cent. of the people thought that these contributions were for war purposes. The Public Health Act was the only piece of progressive legislation produced by the Government. It was so progressive that it was about 25 years ahead of the times. The framers of the Act must have thought that he was providing for a population equal to that of New York or London. The people were feeling the burden under this Act. In his own county of Charlotte it had been necessary in the past to assess for only \$1,800 each year for purposes of public health. Under the new Act an annual assessment of \$3,500, was necessary. There was another case peculiar to Charlotte County. An estimable gentleman had been appointed to revise the indexes at the Registrar's office at St. Andrews. To the surprise of the Municipal Council a bill for the services of that man have been rendered. This is merely another instance of the Government making an appointment and requiring the Municipality to pay the salary. If the Government could do no better the time could not come too soon for an appeal to the people. Those in Charlotte and in every county of the province would declare against the government in no uncertain tones. Legislation on behalf of returned soldiers should have been enacted at least as early as last Session to be of benefit

to all who were returning. Already one hundred thousand men have come home. The government should be alive to the problems of the day and New Brunswick should take the place of the Dominion of Canada which New England took in the American Union. In the speech from the throne he could see little of promise. As far as New Brunswick was concerned he believed it had a great future if proper men were at the helm, but there must be originality in legislation, not mere following of what was done in other Provinces.

An important matter was Maritime union. Some were so narrow that they were opposed to it because it might entail changes in the present seats of provincial governments. So long as so narrow an idea prevailed there would be no Maritime union, and attempts to receive justice from the Dominion government would fail. He asked pardon for his rambling remarks and hoped that his speech would not be considered entirely destructive, but would produce some good results.

MR. MERSEREAU moved the ad-

journalment of the debate, which was made the order of the day for tomorrow at 3 p.m.

MR. MURRAY (Kings) asked when the Auditor General's report would come down.

HON. MR. FOSTER replied in a few days, possibly this week.

Adjourned at 10 p.m.

### POULTRY REMINDERS.

The early bird turns the worm into profit.

High egg production is half breeding and half feeding.

The ideal hen scores high, lays many eggs and lives a long time.

Hens know as well as men what and how much to eat.

Success depends half on the poultry and half on the poultryman.

Dodging rocks and sticks is not good exercise for hens.

## 4 Labor Saving Articles for the Home 4

"WITCH" Soot Destroyer, cleans the smoke pipes without taking them down.

"PORCELLA" prepared expressly for cleaning Baths, Basins, Sinks and other enamelled ware.

"SANI-FLUSH" the only satisfactory article on the market for cleaning Closet Bowls.

"DESOLVO," by using in time, will prevent the clogging of waste pipes and remove obstructions and save plumbing bills.

**D J. SHEA**

## GRAFONOLAS

YOU MUST HAVE MUSIC IN YOUR HOME CHRISTMAS. Why not call and look over our complete line of Machines, also COLUMBIA RECORDS? You will never make a mistake by buying at the earliest possible date.

**E. O. MacDonald**  
Music Store 560 Queen Street

## Cleveland Tractors For Farm Work

We have received second carload of these Tractors and have one at our show rooms here and will be glad to demonstrate same at any time DeLaval Cream Separators in all sizes.

**J. Clark & Son Ltd.**

## Custom Tailoring

The New Importations for the Coming Season are now on display. An early inspection will assure you of a large and varied selection to choose from.

We are also prepared to fill all orders entrusted to us for MILITARY CLOTHING at a reasonable price. We are sole agents for the Crown Tailoring Company, of Toronto, the largest Military Tailoring Company in Canada.

**WALKER BROS. MERCHANT TAILORS**  
QUEEN STREET, WEST END

## MIXED HEN FEED

Comprising Whole Corn, Whole Barley, Whole Buckwheat, and Oats.

One of the best Scratch Feeds on the Market.

Only \$3.65 a Bag.

**G. W. HODGE**

## Help Him to Help Himself

We owe the returned soldier every effort we can make towards securing steady employment for him.

Do not try to throw the burden entirely on employers. They have a grave responsibility, but only insofar as every man, woman and child gives willing help can Canada ensure a fair day's pay for a good day's work for all her men.

How can YOU help? By investing in War-Savings Stamps.

How will THAT help? Canada must secure foreign purchasers for the products of her forests, farms, and factories. Many nations are anxious to buy our goods, but can only do so if Canada grants credit to them.

Lend your money to Canada, so that Canada may re-lend to those who must buy on credit. The money is being raised by the sale of War-Savings Stamps, so that when you invest in a War-Savings Stamp you provide a day's pay for some returned soldier.

A War-Savings Certificate with 10 W.S.S. affixed will be redeemed by the Dominion of Canada on January 1st, 1924, for \$50.00, for at that date the W.S.S. are worth \$5.00 each.

War-Savings Stamps cost \$4.02 in March; \$4.03 in April; \$4.04 in May, and they may be purchased at any place displaying the Beaver-Triangle sign.
