## THE PRINCE OF WALES HAD PLEASANT CHAT WITH THE PRESIDENT

**Called at White House and Spent Twenty Minutes With Chief Executive—The President's Physician Said That He Had a Fine Old Time—Many Social Functions in Honor of the Royal Visitor—The Prince Distributed Many Decorations.**

Washington, Nov. 13.—At a brilliant reception held at the British Embassy tonight, the Prince of Wales made formal adieus to official Washington and indirectly to the city, which for three days has given expression in unobtrusive hospitality as to the friendliness of the American people. By general consent, popular demonstrations of welcome have been avoided, big crowds which were a feature of the Canadian tour have been absent, but the people of Washington have showered the warmest hospitality on the Prince wherever he has gone and there have always been small crowds who have discovered the unpublished movements of the royal visitor and assembled to second with cheer, the official welcome which has been so effectively given by officers and society leaders. The Prince has kept house for himself at the Perry Belmont residence, which was placed at his disposal. Here has been entertained a constant stream of visitors. The city's entertainment has taken the shape principally of private functions.

### THE PRINCE OF WALES HAS HONORED THE TOMBS OF THE NATIONS MIGHTY DEAD

Most popular have been the Prince's several tributes to America. He has honored the tombs of Washington and Lincoln and in sympathetic visits to hospitals he has paid high tributes to heroes recovering from the ravages of the great war.

Today he distributed, on behalf of England's King nearly 100 war decorations to soldiers of all ranks, many naval officers and several nurses. Orders bestowed on the heroes of America's fighting forces included several of highest British

orders and the impressive ceremony was significant of the unity of the English speaking peoples of the two nationalities, of the brotherhood which is symbolized in the twin flags of Great Britain and the United States set side by side on buildings in America's capitol today.

### SIR ROBERT L. BORDEN HAS ARRIVED AT THE U. S. CAPITAL TO GREET THE ROYAL VISITOR

Sir Robert Borden, Premier of Canada, who has been at White Sulphur Springs, Va., recuperating from a recent illness, arrived in Washington during the day to greet the Prince. The Premier attended the dinner at the British Embassy tonight and the reception which followed.

One of the most cheerful twenty minutes which President Wilson has spent since his illness, he thoroughly enjoyed late today, when the Prince of Wales called upon him at the White House. In describing the visit afterwards, Rear Admiral Grayson, Wilson's personal physician, said the two had a "fine old time."

Wilson sat propped up in a great old fashioned bed, in which not only Abraham Lincoln had slept, but in which the Prince's Grandfather, Edward VII, had reposed when he visited this country nearly sixty years ago. Even before Prince Edward knew of this, his attention was attracted by the great mahogany bed with its towering headboard. He kept talking about it to Wilson. The President and his boyish caller laughed and joked the entire time.

## CITY WARDS NOT YET REACHED OBJECTIVES

**12 DISTRICTS OF YORK CO. EXCEEDED MINIMUM**

**People of Prince William and Dumfries Praised for Activity Shown in the Campaign.**

The Victory Loan Campaign in York County is red hot, it looks now as if all but four or five of the districts will reach their objectives, twelve, including two City wards have exceeded their minimum, though the City Wards have not quite reached the objectives set for them, which are somewhat larger than the minimum requirements. To the patriotic people of Prince William and Dumfries, great praise is due. It appears now that the \$40,000.00 reported in yesterday's paper was only a preliminary figure and that the actual results by the time the Campaign closes will be \$25,000.00 and perhaps even \$30,000.00 more than this.

The following districts are now in the honor class: Manners Sutton, McAdam, Prince William and Dumfries, Devon, Marysville, Douglas 22-23, Queensbury and Southampton, Napudogan, Gladstone and Blissville. York County now has its objective in sight and is pressing Charlotte County hard for first place. Westmorland according to reports is running a close third, and a little determination a final push, one last good day's canvass will put York County where it belongs, first place on the map.

### Major Deedes Arrived Here

Major H. G. Deedes with his wife and family arrived in this city this morning from Montreal where he had landed off the Minnedosa on Tuesday or Tuesday evening. He went overseas with the 12th Battalion and was later transferred to the 2nd Pioneer Battalion with which he served in France. He was wounded in action on the Somme but has recovered from the effects of the wound.

Mr. J. E. Gauthier of Montreal is in the city.

## Finland is to Be Admitted To the Labor Conference

### DUE DAY WAS OBSERVED BY LOCAL W.C.T.U.

**Letter of Acknowledgment Received re Gift of \$100 to the Protestant Orphanage Fund.**

Wednesday being "Due Day" in the local W. C. T. U. a large number of the members and their friends gathered in the reading room of the Y. M. C. A. The first hymn "Onward Christian Soldiers" being sung with Mrs. Forbes at the piano. Mrs. Burt read the 67th Psalm and offered prayer. The President then took the chair and the business of the union was called for.

Mrs. Lawson read two letters, one in reply to congratulations sent to the President of the Ontario Provincial Union and the other acknowledging with gratitude a donation of \$100.00 to the Protestant Orphanage St. John.

Mrs. A. E. Kilburn favored the union with a solo, "There's a Beautiful Land on High", which was much appreciated. The President read a carefully prepared paper on "Good Literature" and recommended "The White Ribbon Bulletin" the official magazine of the W. C. T. U. to every member.

It was decided that while the repairs are being made to the Y. M. C. A. building the meetings will be held at the homes of the different members. The meeting next week will be with Mrs. W. D. Wilson on George St. Refreshments were served at the close. The receipts of the afternoon were \$40.00.

Mr. and Mrs. J. A. Whalen of Boies-town are at the Queen.

**Substitute Motion by a Canadian Delegate Adopted by the Conference After Spirited Two Days' Debate — Minority Report was Presented by Hon. Mr. Rowell—Austria Unable to Send Representatives to the Conference.**

Washington, Nov. 13—Finland is to be admitted to the International Labor Conference on the same conditions "as obtain in the case of other countries which have not adhered to the covenant of the League of Nations."

The end of the two days debate on the majority and minority reports of the committee in administrations ended in a substitute motion presented by L. G. Christie, of the Canadian Delegation, on behalf of Hon. N. W. Rowell, who was unable to be in attendance at this afternoon's sitting of the conference.

Mr. Rowell had presented the minority report of the committee a report which took the stand that Finland could not be admitted to the International Labor organization without first becoming a member of the League of Nations. In its new form, Mr. Christie said, the resolution would secure the practical object on which all were agreed so far as Finland was concerned and at the same time would not prejudice the non-stitutional foundation of the International labor organization.

### SOCIALISTIC PROPOSALS BY EMPLOYMENT

#### COMMITTEE BOWLED OUT BY CONFERENCE

A telegram from the Austrian delegation at Paris was read stating that while the Austrian government would be unable to send its own representatives to the conference it submitted its best wishes for success.

Socialistic proposals submitted to the unemployment committee of the International Labor conference have been rejected. One calling for the abolition of private ownership of land and property was held to be outside the scope of the committee's deliberations. Another, which is of special interest to Canada, was submitted by Gino Baldesi, Italian Workers Delegate, and will likewise, it is understood, find no place in the committee's recommendations, although the committee's final report has not yet been prepared.

Mr. Baldesi's motion ascribed unemployment as being due to the unequal distribution of raw materials, and to the lack of control over such distribution.

### HON. W. L. MACKENZIE KING LIBERAL LEADER

#### NOW IN ATTENDANCE AT CONFERENCE

"The commission deems advisable," Mr. Baldesi's motion reads, "the formulation of a recommendation to the League of Nations in order that a permanent commission be formed for the equal distribution of raw materials between the nations according to their actual and future industrial development, this commission should be formed by government representatives of the employers and workers association."

Hon. W. L. MacKenzie-King, leader of the opposition in the Canadian House of Commons, has arrived in Washington to attend the conference.

## GOOD PROSPECT NOW OF SETTLING DISPUTE WITH SOFT COAL MINERS

Washington, Nov. 14.—At the conference of coal miners and operators from the bituminous coal fields beginning at 2.30 this afternoon, Secretary of Labor Wilson, acting as mediator, hoped a lasting settlement would be reached of the difficulties which led to the recent soft coal strike. The question of the time of the expiration of the Washington wage agreement of 1918 still was a subject of dispute and it was believed the views of Mr. Garfield on this point would be sought. The demands of the miners for a sixty per cent increase in pay and shorter working hours were the issues and both the miners and operators have indicated their willingness to accept a reasonable adjustment of their differences and bring harmony within their ranks.

## WOLVES AFTER CARIBOU HERDS

The Pas, Man., Nov 12—Large packs of wolves are roving throughout the north in search of the caribou herds, say incoming trappers. Though not ravensome the packs follow dog trains for a long distance without seriously menacing the teams. At Herb Lake, a pack of thirty-five was seen on the trail of moose, and trappers gave chase and got seven of them at Split Lake. The Indians report that they have killed sixty of them on the outskirts of The Pas. Small packs of eight to sixteen have been seen. The Indians and old time trappers believe that the presence of so many wolves close to the settlements indicates a long and bitter cold winter in the North for the first time since 1915. Ptarmigan are seen about The Pas and this is accepted as sign of extremely cold weather. The thermometer in 1915, went down to 54 below zero and the weather throughout that winter was severe.

## TWO AVIATORS MET DEATH

London, Nov. 13—Lieut. R. B. Douglas, of the Australian Flying Corps, and Lieut. J. S. L. Ross, his navigator who started from Hounslow this morning for a flight to Australia, were killed shortly after they began their journey, when their airplane crashed near Surlington in Surrey.

### City Hall Chimney Completed

The City Hall chimney just completed by Newton Jarvis the well known mason, reflects great credit upon his workmanship and is being much admired by those who can appreciate the expertness of the work. The outside of the chimney was completed on Wednesday and the staging was removed today.

## SOFT COAL MINERS NOW IN A HURRY TO RESUME PRODUCTION

**Are Awaiting the Outcome of the Conference at Washington—Radicals and Insurgents Inclined to Complicate the Situation—Some Operators are Pessimistic.**

Chicago, Nov. 14.—Only slight increase in the amount of bituminous coal produced throughout the country was in prospect today. The miners generally showed a disposition to await developments of the meeting today at Washington of the miners and operators, called by Secretary of Labor Wilson to negotiate a new wage scale.

In some states, notably Illinois and East Virginia, it was said that threatened trouble by radicals or insurgents among the miners had complicated the situation brought about by the lack of a desire on the part of the workers to resume production in response to the strike recall message sent out by John L. Lewis, acting President of the United Mine Workers of America, under direction of a Federal court mandate.

### Not Very Optimistic.

In the general summary of the situation, optimistic statements regarding resumption of fuel production were received over night from Colorado. A number of independent mines there were reported to have started operations yesterday for the first time since the strike was called two weeks ago.

Here and there operators were hopeful that some of the approximately 425,000 men who walked out would return to work pending settlement of the misunderstanding, but the majority apparently view the outlook with pessimism.

## SIR WILLIAM HEARST ISSUES MESSAGE ON QUITTING OFFICE

Toronto, Nov. 13.—Upon quitting the office of the Prime Minister of Ontario yesterday afternoon to make way for Premier Drury, who takes charge today, Sir William Hearst issued the following valedictory: "In retiring from office I have nothing to add to what I have already said, save that I recognize heartily and gratefully the staunch support for good measures which the government has received during its term of office from the great majority of the people of Ontario. It has been an honor and a privilege to serve this great province, particularly during the strenuous war period through which we have just passed, and the future prosperity and happiness of Ontario will be my dearest wish."
