FARMER'S GOVERNMENT WAS SWORN IN TODAY

First Cabinet Council Held in U. F. O. Headquarters Over the Cooperative Store—Many Important Matters to Engage the Attention of the New Administration—Premier Drury Confident That His Government Can Carry On.

Toronto, Nov. 14.—According to schedule, the government to the Province of Ontario passed into the hands of the farmers' coalition cabinet, headed by Hon. Ernest Charles Drury, shortly before noon today, when the new Premier and his colleagues were sworn in at Government House by the Lieutenant Governor, Sir John Hendrie. Then then proceeded to the legislative buildings, where they were introduced to the staffs of their respective departments to whom in every case each new head was practically a stranger. Only one member of the new cabinet, Hon. Mr. Bowman, M. P. P. for Manitoulin, Minister of Lands, Forests and Mines, was a member of the last Legislature and none of the others had ever had seats in the Ontario House.

Toronto, Nov. 13.—Premier E. C. Drury and his ministers will be sworn in at Government House at 11 o'clock tomorrow morning and will enter upon their new duties in the parliament building tomorrow afternoon by holding a cabinet meeting. This is the programme arranged today at a conference of the majority of the members of the government and next week will see the Drury government fully established as an administration. The only absentee from today's conference was Walter R. Rollo of West Hamilton, the minister of health and labor.

The conference was virtually a cabinet meeting though the ministers are minus the halo that will be theirs when sworn in by the lieutenant-governor. It is of interest to note that this first cabinet council of farmers in Ontario was held in the simple, undecorated quarters of the U. F. O., over the Farmers' Co-operative store in King street east, where all the preliminary gatherings were held when the farmer and labor representatives were arranging the joint party for the legislature.

It is thought that amongst the first matters given attention by the government will be the question of investigating the Board of License Commissioners as asked by Chairman J. D. Flavelle. The appointment of the government representative on the provincial Hydro-Electric Commission probably will be made an easy period and it is expected that Lieut. Colonel Carmichael minister without portfolio will be the appointee. Another question which will have to be dealt with before long is the fixing of the date for the meeting of the legislature, which will not likely be called until next February. One of the things to be done at the first sitting of the legislature will be to create the portfolio of minister of mines, pending which Mr. Mills will be without portfolio.

Mr. Drury professes to be confident that his government will be strong enough to carry on. He said tonight that half a dozen members of the two old parties had assured him that they would stand by the government on any want of confidence action.

The question of by-elections has not been dealt with yet by the premier. He and Mr. Doherty and Mr. Raney will have to find seats.

The Hearst cabinet bade farewell to office today, when Sir William and his late colleagues held their final cabinet council.
