

Canadian National Railways

NOTICE.

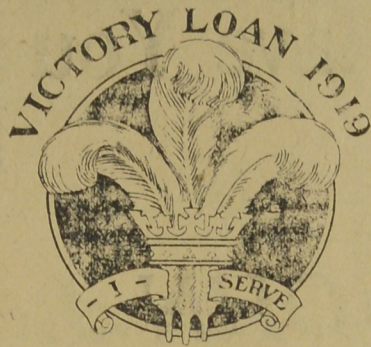

For convenience in train operation, the C. N. Trains on the VALLEY SECTION, between ST. JOHN, FREDERICTON and CENTREVILLE, are now being run on the

EASTERN STANDARD TIME

and not under the Atlantic Standard Time, as shown in Advertisements and Timetable.

Travellers are advised to keep in mind the difference between the Atlantic and Eastern Standard Time.

(Signed) A. H. LINDSAY.

WILL YOU ALSO SERVE

ALL HOT AIR, ANYWAY.

Some day, I swear, I'll take a trip;
And I won't give a doggone top.

I'll bet a quarter if you do,
You'll starve to death before you're through.

DO YOU WISH
FOR CANADA'S
PROSPERITY?

When previous Victory Loans were launched in Canada, there were not lacking those who were inclined to be sceptical regarding their success.

The remarkable over-subscription of the 1917 and 1918 Loans completely answered the sceptics. It gave a new impetus to agriculture, commerce, and prosperity. It enabled our Provincial Governments, municipal and other borrowers to finance their requirements, at home. In short, it gave a new lease of life to the manifold activities of the Dominion.

The Victory Loan of 1919 will achieve like results. The economic future of Canada depends upon the generous response of the large and small subscriber.

The continued prosperity of everybody rests upon your decision. Look your bank book over and resolve to subscribe to your utmost limit.

FREDERICTON
DID THE GRAND

Penman writing in the Telegraph of the Presbyterian Synod meeting has this to say:

"Fredericton simply 'did the grand' by the maritime synod. First of all, the whole fraternity of St. Paul's church created for the occasion an organization that for efficiency and completeness of accomplishment stands out in the history of synod gatherings. To have prepared for nearly four hundred guests and to have actually entertained well over three hundred in ever conceivable way of comfort and cordiality was a splendid task. The kindly grace with which the mayor threw open the city gates to the visitors, the fine brotherly greetings of Bishop Richardson, the cordial co-operation of sister churches in the work of entertainment, the hotels, autoists, liveries, messenger service, besides the homes far and wide and the whole working staff of St. Paul's and many others whom we cannot name, all made the synod's visit a real delight. Thanks, everybody."

FROZEN BEEF
TO FIGHT THE
HIGH PRICES

Chicago, Oct. 13—The blundering attempts of the large beef packers to impose another toll on the consumers of the United States by arbitrarily and artificially advancing the wholesale prices on beef will be frustrated by the release of 50,000,000 pounds of frozen beef which was held over as surplus from the army. This beef was offered for sale in August, but the Government deemed it expedient to hold it off the market until later in the season, until the weather became cooler.

Col. Carson, chief officer of the surplus food zone is busy working out the details of the distribution of the large amount of beef. This beef is composed of prime heavy steers, with shanks removed on a considerable quantity to reduce shipping space. It will require 2,500 freight cars loaded 20,000 pounds to the car, to carry this lot alone.

Col. Carson also said he had about 3,000,000 pounds of available pork shoulders that would be placed on sale as soon as weather conditions became more favorable.

There has been a sharp decline in pork, due to the competition of the surplus army pork loins and bacon. A few weeks ago live hogs were selling in Chicago and other primary markets at \$23.50 per 100 pounds while the prices are now down to \$15 to \$17, or \$6.50 below the recent high price. This should guarantee consumers a reduction of 7c to 8c a pound under what they were paying a few weeks ago. The finest pork chops should not cost over 38c. to 40c. and good frozen ones can be had for less.

A recent Government report gives the prices paid by the British Government for the entire 1919 output of Argentine butter at an average price of about 33 cents per pound, delivered in Buenos Ayres, yet American merchants here keep on piling up a surplus of butter at a price nearly 100 per cent greater than that paid by the British government. It is not logical to suppose that England will pay twice as much for butter in the United States as she is paying in South America, Australia or New Zealand, yet American consumers are paying artificial prices for creamery butter to make a profit for speculators, who are piling up a surplus expecting some chimerical demand to develop that will warrant their injudicious speculation. But the speculators may be badly bitten.

CAMPBELL
SAID TO COACH
DALHOUSIE

Former U. N. B. Coach—Players Well Known Here Active in Upper Canada—Football Comment.

The Sydney Record says: "Hump" Campbell, the noted football coach, has been appointed to coach the Dalhousie football team this season at a large salary."

Russell Donnelly who played with St. John High School in the New Brunswick Interscholastic League a few years ago was tried out as a substitute by McGill University in the Canadian game when the Montreal college met the Ottawa Rough Riders in an exhibition game Thanksgiving Day.

Harry Hayward who played full-back with U. N. B. some twelve years ago was referee at a Canadian Rugby match at Ottawa on Saturday last. He has been located in Ottawa for some years.

Gilhooley who played here against U. N. B. with St. Francis Xavier a couple of years ago is back in the Canadian game. Before going to St. F. X. he played with Ottawa University.

The reduction of periods of play in English Rugby games as played in New Brunswick has got to be a joke. Rothesay and St. John High played two twenty-minute periods at Rothesay Saturday. The rules of English Rugby call for periods not to exceed forty-five minutes each and thirty-five minutes is the usual time. Teams which cannot play more than forty-minutes in a whole game should stay off the field.

Ignorance of the rules of the Rugby game played in the Maritime Provinces is colossal, particularly on the part of some newspaper-writers. The St. John Telegraph's account of the Rothesay-St. John High match stated that neither team went over the touch-line. What was meant was the goal-line. The touch-line is the side-boundary.

MILK PRICES
REDUCED

Halifax, N. S., Oct. 14—The Board of Commerce finding on the local milk question reducing the cost to the consumer from 15 cents to 14 cents per quart is not acceptable to the local dealers, some of whom claim that if the finding is enforced, they must get out of business. Representatives of the dealers have arranged for a conference with Mayor Parker this afternoon, with a view of placing their case before him so that he may take up the matter with the Commerce Board.

BIG LIST OF
CANDIDATES
IN THE FIELD

Toronto, Oct. 14—No less than 287 candidates are in the field for the Ontario legislature, counting only the U. F. O. candidate in Banitoului, which had not been heard from at a late hour of these, 101 are conservatives, 72 liberals, 60 United farmers, 10 labor and united farmers, 23 independents and 21 labor candidates.

Even not counting the joint U. F. O. labor candidates in ten instances, the United Farmers' showing of candidates is very large and speaks trouble for many of the old line politicians.

Ten constituencies are without government candidates.

There are six independent candidates, five soldiers, two independent conservatives, two independent liberals, two socialists, three anti-prohibitionists and Wm. Proudfoot, Sir Adam Beck and Mrs. J. C. Sears, Ottawa West, as independents.

MUSKRAT SKINS
SOLD WELL

New York, Oct. 15—Muskrat was king on the closing day of the fur sale in the Masonic Temple here. Both the brown and black skins brought the highest prices ever paid for them at a public auction in this city, and largely because of this a new high record for a single day's selling at a New York fur sale was established. The day's total was \$1,500,000. The grand total for the sale just closed was \$7,050,000, which is also a new high record for a New York auction.

The top price paid for muskrat here Saturday was \$3.90 for browns and \$2.85 for blacks. Compared with the average prices paid for these skins at the April sale of the New York fur auction sales corporation, browns showed an advance of 65 per cent, and blacks went up 30 per cent. The brown skins dyed and worn under the name of Hudson seal are especially high in fashions favor this season, and this coupled with their great scarcity at the present time, was chiefly responsible for the high prices they brought Saturday.

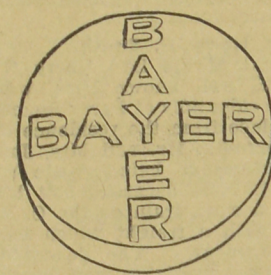

Other outstanding features as to prices included \$112.50 each for two prime grizzly bears, \$70 for the best red foxes, and \$167.50 for the finest cross foxes. The last named averaged 25 per cent above spring prices. The best squirrel skins sold up to \$1.24 each, an advance of 35 per cent over April. Northern red fox went up 20 per cent, but the eastern skins, which dropped 10 per cent from April level supplied the only decline of the day.

An optimist is one who believes in Indian summer.

NOT ASPIRIN WITHOUT
THE "BAYER CROSS"

Any Tablet Offered as Aspirin and Not Stamped with the "Bayer Cross" is Not Aspirin at All!

"Bayer" Now Made in Canada—No German Interest—All Rights Purchased from U. S. Government

There is not a penny of German money invested in "Bayer Tablets of Aspirin" nor will a German citizen profit by its sale or ever be allowed to acquire interest.

The original, world-famous "Bayer Tablets of Aspirin" is now made in Canada and can be had at your druggist's in handy packages.

Unless you see the "Bayer Cross" on package and on tablets you are not getting Aspirin at all.

During the war, acid imitations were sold as Aspirin in pill boxes and various other containers. But there is no substitute for genuine "Bayer Tablets of Aspirin" which have been proved safe by millions for Pain, Headache, Toothache, Earache, Rheumatism, Lumbago, Colds, Grippe, Joint Pains, Neuritis.

Proper and safe directions are in every "Bayer Package."

Don't accept Aspirin in a pill box. Buy a "Bayer Package"!

Boxes of 12 tablets—Bottles of 24—Bottles of 100—Also Capsules.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monopropionic acid ester of Salicylic acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Have Your Job Work
Done at Home

The Mail now has every facility for turning out High Class Job Printing Work, and there is no longer any reason why manufacturers, merchants and others should send their orders out of town.

Give Us a Trial Order and
be Convinced.

We have a new office and up-to-date machinery, all run by electric power, and can turn out work promptly and efficiently.

If You have a Job of Printing, Call Up
No. 67. We will do the Rest.

The Mail Printing Company
